

# First Test Blackout of County Is Slated Sunday

## MICHIGAN STATE NEWS

Summer Student Publication of Michigan State College

VOL. 33Z.331 EAST LANSING, MICHIGAN, THURSDAY, JULY 9, 1942 NO. 3

### Every Light To Go Out For 15 Minutes

Dean R. C. Huston Heads Plans For Ingham County

Michigan State college students, in conjunction with East Lansing and all of Ingham county, will take part in the first test blackout in the college city for 15 minutes Sunday from 10:15 to 10:30 p. m., according to Lansing's Mayor Sam Street Hughes, chairman of the Ingham county defense council.

#### Houston Leads County

All artificial illumination in the county will be blacked out for the period, according to Dean R. C. Huston, head of the Applied Science division of the college, and commander of the Citizens' Defense corps of Ingham county. Huston will serve by virtue of his latter office, as county head in plans of the blackout.

"Signal for the blackout in East Lansing will probably be given by police cars with sirens, but everyone should comply voluntarily with the rules, at the appointed time without being given the signal," Harry Lott, commander of the OCD in East Lansing, states.

#### To Be Strictly Enforced

Both air raid wardens and auxiliary policemen have the power to warn people to turn out their lights, but only regularly authorized police officers may make arrests in such cases, according to Hughes.

"The blackout will be strictly enforced," Lott said. Complaints of citizens against violators may be turned in to Lott at the East Lansing city hall. They will be investigated, and violators will be prosecuted.

"The only traffic to be permitted on streets and highways during the period of the blackout test are those of the army, ambulances, physicians' cars, public works vehicles, postal cars, fire and police cars, cars operated by state troops and civilian defense vehicles which must be plainly marked with a large white letter "E," Hughes states.

Mayor Hughes announced that the public will be asked to cooperate in the test and persons desiring to use their radios during the blackout.

#### See BLACKOUT—Page 2

### Enlisted Reserve Corps Accepting Applications

#### Army to Close Reserve Ranks On Saturday

Urgent Cases to Be Considered First, Sergeant Says

Applications for the Army Enlisted Reserve corps will be accepted at Dem hall, beginning this morning at 8 a. m. until Saturday, July 11, at noon, according to an announcement by Tech. Sgt. Frank Sowers, in charge of A.E.R. enlistments on this campus.

Applicants are being handled in the ballroom from 8 to 11:30 a. m. and 1 to 4 p. m. daily, except for Saturday, when noon will be the closing time, Sergeant Sowers said.

Accepted students will be enlisted according to the urgency of their individual cases, with those in the induction age bracket receiving first priority. Others will be enlisted during intervals not devoted to accommodating urgent cases.

Sowers warned that provisions for the corps provide that a student must remain in school (unless obtaining permission to temporarily withdraw) and must keep his marks up to a standard deemed satisfactory by the school authorities, because a violation of either of these rules will result in the student's immediate discharge.

#### He'll Sing, Explain Songs of America

REINALD WERRENRATH ... To Tell U. S. Music Story ...

Reinald Werrenrath, singer and commentator of American songs, will appear on the summer lecture series at 8:30 p. m. on Wednesday in College auditorium.

Werrenrath will give a combination program of singing and lecturing. His lecturing will accompany his regular concert. Besides being an authority in music, he will enliven his program by telling interesting stories about American music and ...

#### State Converts Poultry Plant For Defense

The State Defense council has already taken over most of the former poultry building on Harrison road, next to the State Police post, for use as a central headquarters for state civilian defense work, according to college Secretary Karl McDonel.

Most of the equipment from the vacated building has been removed to the basement of the judging pavilion, with the college retaining the use of one room and the outdoor incubators.

#### College Donation Aids Rubber Drive

Scrap rubber totaling an estimated 600 to 700 pounds is part of the college's reclamation of vital war materials, C. A. Rosenbrook, purchasing agent, announced yesterday.

Old tires, hose, and discarded laboratory equipment furnished the bulk of the scrap, which was collected by faculty agents delegated by the heads of each department.

But the rubber collection has no effect on tire priorities. The college fleet of trucks, busses, and machinery has been allowed only five new tires since rationing began.

#### Observe These Rules Sunday at 10:15 P. M.

1. If you are driving your car when the blackout time comes, drive to the curb, extinguish all lights and lock the ignition. Do not lock the car doors. Then seek shelter in the nearest building.
2. If you are a pedestrian, seek shelter in the nearest building.
3. If you are in your home or office, extinguish every light that is visible from the street. If you turn on your radio, be sure that the illuminated dial is draped so that it gives forth no light. Do not light flashlights.
4. Do not smoke or light matches.

### Air Actress Presents Varied Roles for Summer Audience

Versatile is the word for Elsie Mae Gordon, the actress who came to be known in radio as the girl with the freak voice. Miss Gordon proved this last evening to the audience of summer school students and townspeople when she took them behind the scenes of radio and demonstrated how a grown woman looks when she cries like a two-day-old baby.

Miss Gordon sketched her radio career from the beginning when she did chiefly Negro roles until her present roles in which she portrays the young wife, the great grandmother, the stuttering adolescent and even the gun moll.

Working entirely without loud speakers, Miss Gordon entertained her audience with several humorous sketches including the monologue of the outraged first-born child at the advent of the second-born.

She discussed the rapid growth of radio and told her listeners, "To get into radio you don't have to be extraordinarily good but you do have to be a specialist."

#### APO To Make Drive On Campus Smoking

Alpha Phi Omega, national service fraternity, will inaugurate a summer anti-smoking-on-campus campaign in the near future, it was announced yesterday by Vice-President Ellis Brandt.

"Incoming freshmen apparently do not know about the tradition and a large percentage of the upperclassmen on campus appear to have forgotten it," he said.

With Brandt on the committee in charge of the campaign are Tom Waber, L. A. '42; Frank Overton, Eng. '45; and Elliot Fritz, Eng. '45. Posters and signs will make up the bulk of the drive, Brandt stated.

#### AG TEACHERS TO MEET ON CAMPUS NEXT WEEK

The annual summer conference for teachers of vocational agriculture will be held on campus next Monday through Friday. State and national leaders will be speakers and the conference will be divided into conference groups. The meetings will be held in Abbot hall, the auditorium and the music building.

#### Blackout

R. C. HUSTON ... Directs Dark Venture ...

#### Lott, Davenport Head Raid Staffs

A seven-man air raid warden staff will function in Sunday night's blackout at 10:15, under Harry Lott, who is commander of the OCD in East Lansing. It will be composed of Richard Rogers, chief of police; Murle Croy, fire chief; John Patriarche, in charge of public works; Leo Childs, plotting officer; Mary Ballard, control panel operator; and Marrietta Taylor, communications office.

The sub-control on the campus will be headed by W. A. Davenport, chief of the B and G department. Assisting Davenport will be Bert Daniels, campus police chief; Ed Shipley, fire chief; Kermit Smith, air raid warden; Ralph Bremer, fire watcher; and O. E. Morgan and Frank Mitchell as power plant maintainers.

#### Grange Youth Convo To Begin Tomorrow

The annual Michigan Grange Youth conference is to be held on the campus from Friday through Sunday.

An educational and recreational program is planned for the two-day conference, including as speakers the Hon. Eugene Elliott, superintendent of public instruction; Hon. Dora H. Stockman, state representative; Dean Dye of the Home Economics division, and Pres. John Hannah of Michigan State college.

### TODAY'S CAMPUS

#### Arkansas Traveler

If while loping around the campus beautiful this week-end you observe a character which seems to be a reasonably accurate facsimile of Bob Burns, the famous movie and radio entertainer, do not be alarmed. It might be because Burns is appearing at a special educational conference sponsored by the U.A.W.-C.I.O. at the Hotel Olds in Lansing tomorrow and Saturday.

#### Find Your Friends

"How the Masses Get Acquainted" will be demonstrated tomorrow night preceding the Friday all-college dance when presidents of Mary Mayo throw their doors open to men from Mason hall promptly at 8:30 p. m. with the idea of encouraging dancing in the Union ballroom later.

Jean Jackson and Ginny Snapp are representing East and West Mayo respectively in the venture, with Clifford Bennett and Herbert Sibilsky as delegates from Mason hall. A week later, on July 17, it is reported, the Mason men will reciprocate and entertain Mayo women at a similar function.

### Movie, Dance Are Planned

The second all-college dance to Ed Berry's music tomorrow and the movie, "Mr. Deeds Goes to Town," on Saturday highlight the week-end's entertainment program, according to announcement from the summer session office.

Summer fee receipts will provide admission to both events. The dance is scheduled for 8 p. m. tomorrow in Union ballroom, while the movie will be shown at 7 and 9 p. m. Saturday in Fairchild theater.

Subsequent movies on the series include "A Yank in the R.A.F.," to be shown July 18, and "The Great Dictator," July 25. Non-student holders of season entertainment tickets may also attend the movies, it was stated.

## Note to Visitors—Observe Traditions

Traditions are things which grow up around a place for a reason.

Just so with those of Michigan State's campus, one of the most beautiful in the United States. The tradition that none shall smoke tobacco in any form north of the Red Cedar, or in any campus building with the exception of the Union, has an all too evident reason behind it.

The same thing applies to the unwritten rule that those who walk on the Spartan campus shall use the sidewalk, and not cut across the grass. B and G men have laid out a set of concrete walks scientifically, to provide for every possible path. A tradition has grown up at State that the student body and faculty never litter the campus with paper, also with an obvious reason.

Non-adherence to these traditions can come from only two things—ignorance, or willful violation. With the many visitors at conventions on campus, and the large number of new students in summer school, it is felt that just dropping a hint to those who violate these traditions will be enough.

Students and faculty members can do the permanent reputation of the college a lot of good by exercising their prerogative of pointing out these things to strangers in a friendly way. Nothing more will be necessary.

## WHAT'S COOKIN' - - By the Chef

The speech department again jumped into the news last week when William Shea, the former director of the college speech clinic, became engaged to Kathleen Campbell. Miss Campbell was affiliated with the Alpha Phi sorority while on campus and she graduated from State.

Shea got his degree from Parsons college, Iowa, and received his master's degree at State. He is now in the naval reserve and studying at Columbia university. The wedding will take place as soon as he receives his commission as an ensign in the navy.

**Sigma Kappa Honored**  
Mrs. I. F. Schneider, East Lansing Sigma Kappa alumna, was named national secretary of the sorority at the national convention held last week at Cleveland.

Members of the State chapter presented a musical program. Betty Jo Driver of Midland played piano numbers and led group singing. She also wrote a sorority song that was sung by a Cleveland alumna.

Lieuts. Ervin Larson and Art Land just can't seem to leave their alma mater. The men just graduated in June but they are back visiting their fraternity house, Alpha Tau Omega, for the week.

**Delta Chi Fin Passes**  
Delta Chi also has two June graduates who can't stay away from school. Lieut. Robert Hawkes and Lieut. Alexander Grant are back visiting this week while on furlough.

Delta Chi president, Bill Monroe, went to Three Rivers over the holiday. A certain Jane Tritchard resides there and the fellows claim one fraternity pin owned by Bill is absent from the roost.

## BLACKOUT

(Continued from Page 1)

ing the blackout should drape them so that no light is shown.

All neon signs and other illuminated signs must be turned out before the blackout, or must be provided with outside switches so police may turn them off or with automatic switches set to turn off at the blackout hour, according to the rules.

No airplanes have been provided officially to make overhead inspection of the blackout in progress, Huston says, although persons owning private planes may volunteer.

All college buildings will be blacked-out to comply with regulations, with the exception of one class room in the Engineering building, where a class in defense will be allowed to proceed, Huston added.

## ALONG THE WINDING CEDAR

By Len Barnes

### DD Notes from the Spindle

—The often displayed flag of the original 13 states of the Union, with 13 stars in a circle, wasn't the first Union flag. A friend turned one up the other day with the 13 stars arranged in horizontal rows, three rows of three separated by two rows of two. The flag was authorized by an early congress as an official navy flag. This placement formed the crosses of two saints. Does any reader know who these saints were?

The ultimate in patriotism for restaurateurs is seen in Chicago, where numerous eating places serve their butter on plain plates, sliced in squares in the conventional way, but with designed indentations made with moulds. So morning, noon, and night you are greeted with the mottoes "V for Victory," and "Keep 'Em Flying" every time you raise a knife to butter your bread.

While we're on patriotism, there is the story we picked up while thumbing home recently. A kind motorist began to explain as soon as we got in the car that he didn't often pick up hitch-hikers—which is what most of them say. He was emphatic about seldom giving a lift to a man and woman together, and said he never stopped the car for a lone woman.

This seemed odd, but he had a reason, besides just being a traveling salesman. I naturally

thought the same thing everyone would think—that it's too bad some must have unfortunate experiences.

He based his reticence on a case he'd heard of in Philadelphia, where a policewoman in plainclothes searched the streets looking for mashers with autos.

Her attitude toward the prospective suckers was always friendly, along the Mae West type, he said. But as soon as motorists offered her a lift, she revealed her identity, and gave them two alternatives. Either she took them to court for "mashing," or they bought her a \$100 war bond.

At the latest count she had \$37,500 in bonds. So my roadside benefactor had good reason for fearing lone women.

## Forestry Camp Draws 18 Men; Rest Go West

The summer camp of the forestry department is being held in Sault Ste. Marie at the Dunbar Forest Experiment station, Prof. P. A. Herbert, department head says. There are only 18 men there this summer as compared with the usual 50.

The drop in enrollment is due both to the war and to the shortage of labor in the West, he states. Many forestry men have gone west to work for the United States Forest service for the summer. "The boys do work in fire protection and look-out work. The look-out men also serve as airplane spotters," he explains.

THE 8 A.M. FINAL

By HOPIE

"These are the times that try men's souls" and although Tommy P. said that some 150 years ago, it works every now and then. Sorrowful Summer School, where the men outnumber the women in total but not in the number that flock around in collective groups... thus making wolfing not good; where you leave your car on campus all day for revenge on regulations only to find the paint badly scorched after the third; where you spend afternoons arguing about relativity, evolution and other sundry stuff you know nothing about, and where teachers never sleep through an 8 o'clock.

Got a letter from a friend of ours who gave the appearance of a "sharp apple" up here... found out he lost himself on the Brooklyn subways. All very depressing... even the following stories:

**Big Crowd on the Hero Bench**  
When she said, "Let's think this over," I didn't say, "No, let's do something you can do, too."  
—Kayo from Mayo

**Jeese, Kid!**  
The boys at Custer are getting so polite that the army is thinking of renaming the place "Emily Post."  
—Jo Jo

**Neatest Trick of the Week Dept.**  
"The story of the duel in the Atlantic, off our coast, was told by 99 survivors of the 36-man crew when they landed at the Clipper base at LaGuardia field, the first survivors to be landed there."  
—AP Wire

## THE WOMEN'S WORLD

By BARBARA DENNISON

### Judiciary Meeting—

The Judiciary board, only women's governing body which is functioning during the summer, had a dinner Tuesday at 6 p. m. at Hunt's, according to Vera Deaner, president.

Miss Elisabeth Conrad, dean of women, and Miss Mabel Petersen, housing supervisor for women, along with the eight members of the board, were present. The regular Tuesday meeting of the board was held at 4 p. m.

### Air Raid Drill—

East and West Mary Mayo dormitories will hold their first practice air raid drill for the summer tonight. H. J. Stafsoth, campus air raid warden, will be present to direct the proceedings. Student warden for the dormitory is Avis Stauffer.

# State News Guide for 'Finding Your Friends' at Summer School

## For Who's Where at MSC, Clip These Lists and Save Them for Future Reference

Add these names to the list published under the same caption in last week's State News and save the two lists as a directory for the two sessions of summer school.

All lists that were turned in at the State News office have been printed. If your name isn't on either list, it wasn't given to the State News. Additional lists will be printed as turned in, if space warrants it. Address lists to "Finding Your Friends," State News office, Union annex.

The list follows:

### Women Students

**WEST MARY MAYO, Ext. 87**

- Alcock, Noreen
- Allen, Eloise
- Angrove, Marie
- Arms, Nancy Ann
- Austin, Julia
- Babcock, Virginia M.
- Bennett, Amy
- Beet, Helen
- Boehm, Polly
- Bower, Barbara
- Brookes, Emily W.
- Brown, Frances
- Burton, Mae
- Cameron, Thelma
- Caldwell, June
- Carrier, Margaret
- Chrobak, Ceslawa
- Clark, Marjory
- Cowan, Mary Helen
- Deinzer, Loraine
- Dick, Roberta
- Dickinson, Jewell

### MSC Dorms Asked To Aid in Collection Of Fats and Oils

"Out of the frying pan into the fire" fits the campaign for the collection of household fats which began nationally July 6, according to a letter received by Dean Elisabeth Conrad from the War Production board.

A special effort is being made in the dormitories and other student dining rooms to save waste fats for the preparation of glycerine to be used in the manufacture of explosives.

The campaign is directed by a general salvage committee in each state, headed by a chairman appointed by the governor and an executive secretary. To date the state committees have organized 12,000 county and local committees throughout the country, making a total of over 116,000 members working on a voluntary basis.

### Baker to Train Men For Aircraft Work

Prof. William Baker of the forestry department reported for work today at the Madison Forest Products Laboratory in Madison, Wis., where he will initiate a course in training foremen and inspectors in airplane factories.

The men will be subjected to two weeks of intensive training. They will learn how to distinguish between the different kinds of wood and how to evaluate their properties for use in airplane construction.

### SINGER

(Continued from Page 1)

musicians. Some of the musicians he will talk of are Deems Taylor, Charles Wakefield Cadman, Oley Speaks, Victor Herbert, Walter Damrosch, and Sidney Homer, all of whom are or have been his friends.

The "All-American" program makes an audience proud of the United States' accomplishments in music. In telling the history of American music from the earliest Indian and Negro folk songs, through the first colonial settlers, the era of the great hymn writers, the days of minstrel shows to Stephen Foster, and music of the present day; he makes a romantic story of American music.

Werrenrath maintains that United States composers are advancing rapidly in comparison to the Europeans, who have an older and broader background.

Critics say, "Werrenrath is better qualified to discuss American music, especially songs, than any other personality before the American public."

Much of his success is attributed to his natural affection and the desire to bring the human side of a subject to his audience.

### RESERVE

(Continued from Page 1)  
mediate call to active duty. He said absence from summer school would not be considered a withdrawal.

The physical examination for enlistment in the reserves is along the lines set forth for induction in the army. Several students who were rejected in the last examination for poor vision are invited to apply again for enlistment as a decision has been requested concerning their eligibility under a limited classification, Sowers stated. If this decision is favorable to them immediate enlistments will be accomplished on the basis of their former physical examinations.

Students enlisted in the Reserve are removed from control of the Selective Service act immediately upon taking the oath of enlistment.

When applying for enlistment, students are advised by officials to follow carefully the following instructions, all forms of which are available at the Dem hall ballroom:

1. Obtain an application card and fill in the information called for on front of card. Be careful to give their mailing address so they may be promptly contacted.

2. Obtain a copy of the Enlisted Reserve information pamphlet and fill in all required data at time of application. Leave prepared pamphlet with military department representatives.

3. Obtain copies of Selective Service statement which they are required to have duly accomplished in duplicate before reporting for enlistment. (All eligible students from 18 to 45 years of age must now have this form.)

4. If the student is under 21 years of age he must also have a duly notarized copy of parents' consent form.

5. If an applicant has dependents he must make a statement on a prescribed form that his dependents can support themselves.

6. Wait for publication of the list of successful applicants in the State News. Don't make unnecessary inquiries.

7. After students have been accepted as eligible, they will be notified by card when to report for the physical examination and, if physically qualified, they will be notified by card

when to report for enlistment. Do not write for this information.

8. Remember applications for enlistment will continue only for three days during summer school and wide publicity will be given to assure that interested students are notified.

9. The government of the United States (of which each eligible student is a unit) and its representatives have no axes to grind in this instance. Everything concerning enlistment in the Reserve is to the advantage of desirable students.

10. Please cooperate with the college and the military representatives.

Finally, the quota for the rest of 1942 authorizes a limited number of sophomores (which has been mostly absorbed by the advanced corps), juniors and seniors, but the allotment beginning Jan. 1, 1943, is contemplated to authorize only enlistment of freshmen.

## State Football Player Signs Pro Contract with Lions

### Fifth Spartan Gridder to Play With Detroit

Tony Arena, varsity center on Michigan State's football team last fall and discus hurler on the Spartan track team, has signed a professional contract with the Detroit Lions of the National Football league, it was announced by the club recently.

Arena has been a varsity center on the gridiron squad for three years and won his major letter as a first year member of the track team. He was also presented with the Most Valuable Player award at the annual Grid Bust held in December. He received the "Croix de Guerre" from the hands of Michigan's governor, Murray D. Van Wag-

ARENA

## Dorm League Formed For Summer Term; Schedules Listed

Because the contending teams did not receive their schedules in time, the two games listed for Tuesday evening in the newly-formed dormitory baseball league have been postponed until the regular season of competition is over.

The Mason 2 vs. Mason 3 and Mason 4 vs. Mason 8 contests will be played Thursday, July 25, and Friday, July 26. Two more games took place last night and the State News carries the schedule for the coming week. Each game starts at 6:30 p. m.

An independent league has also been considered but as yet not enough teams have been organized.

This week's games:

Date	Game	Score
July 9	Mason 6 vs. Mason 7	1
July 9	Mason 5 vs. Mason 8	2
July 13	Mason 2 vs. Mason 5	1
July 13	Mason 3 vs. Mason 5	2
July 14	Mason 6 vs. Mason 8	1
July 14	Mason 2 vs. Mason 6	2
July 15	Mason 3 vs. Mason 5	1
July 15	Mason 7 vs. Mason 8	2

Arena is not the first Spartan footballer to sign with the Lions. Ed Klewick, Johnny Pingel, Sid Wagner, and Dave Diehl, none of whom is now with the club, all became professional players. Diehl now aids Charley Bachman in tutoring future football greats.

Diamond

Team	W	L	Pct.
Mason 5	1	0	1.000
Mason 2	1	0	1.000
Mason 3	0	0	.000
Mason 6	0	0	.000
Mason 8	0	0	.000
Mason 4	0	1	.000
Mason 7	0	1	.000

Score by innings:

Team	R	H	E
Mason 2	2	4	0
Mason 4	0	2	3
Mason 5	1	4	3
Mason 7	0	2	2

Don't be a tradition breaker. No smoking on campus.

## Dorm League Games Start

By BRUCE MONKS  
Mason 2 and Mason 5 took the lead in the newly-organized dormitory baseball league last night when they defeated Mason 4 and Mason 7 respectively, 7-5 and 15-7.

Mason 2 and Mason 4 each collected seven hits, but the former grouped its extra base hits successfully. First Baseman Jack McClain was the leading hitter for Mason 2 with a double in the first inning, accounting for both runs, and a home run in the second with one on.

Ed Vidro, pitching for Mason 4, attempted to win his own game by poking a home run in the big fourth inning rally. He also doubled in the fifth but he was stranded on base.

Mason 5 batters found Mason 7's pitcher, Ed Waugh, very lenient. They collected 15 blows. Ed Strang was especially tough for Waugh, for he singled in the first, doubled in the fourth, and hit a four-bagger in the last inning with one man on base. Mason 5's hurler, Ed Lord, aided his cause with two doubles and a single. Mason 7 committed seven errors in the contest.
