## Regional Frat Convo at MSC This Weekend

### Banquet, Dance Highlight Program; Six States Represented

Michigan State college will assume a role of prominence within fraternity circles Friday and Saturday when it acts as host to the Third annual regional Interfraternity Conference. The regional meet, which previously has been held at Ohio State and Purdue universities,

Men responsible for the sale of Interfraternity conference banquet tickets in their respective fraternity houses are to turn in their money to Bob Ryskamp at the dean of men's office by 5 p. m. today, according to Ron Heath, graduate chairman of the conference.

will include representatives of nearly 48 institutions of higher education from six states.

Ron Heath, men's housing director, is graduate chairman of the conference, and Larry Hardy, Hesperian fraternity, will act as undergraduate chairman. The meet is sponsored by the Michigan State college Interfraternity council, and the entire program will take place in the Union building.

Four national officers from an equal number of fraternities, and a galaxy of other speakers

## Seniors to Choose Between Kitchen, Bush for Prexy

The much delayed senior class presidential election will reach its climax today with a record percentage of the class of '43 expected to cast ballots from 9 a. m. to 6 p. m. in the lower lounge of the Union.

Elections Chairman Frank Izzo said that the same type ballot used in last week's primaries will be cast today. The candidates, Edison W. Kitchen of Delta Sigma Phi, and Jack A. Bush, Sigma Alpha Epsilon, survived last week's primaries in which 392 seniors eliminated four other nominees.

## Spartan Calendar on Sale Thursday

The long-awaited Spartan calendar will be on sale Thursday afternoon, according to Sid Salsburg, president of the advertising club.

The calendar includes all events and dates of importance on the campus. There also is room for personal memos.

## Publications Row Spectators View Stages of Putting Out State News

By BARBARA DENNISON

A visitor at the Publications Row open house last night might have seen many stages in the production of the State News. From obtaining the facts of the story to the actual printing of it, the job depends on many people.

The person sitting at the typewriter banging away at a ferocious rate might have been Al Berglund writing "Spartans at War"—if so, it was late copy; or perhaps Bill Maddox was reading wire copy.

The fellow at the desk making pencil marks all over some reporter's story was Bill Johnston, assistant editor, reading copy before giving it to some of the-

## Jap's Solomon Offensive Still Brewing

### American Fliers Try to Disorganize Enemy Forces

WASHINGTON, Oct. 20 (AP)—In a strenuous effort to disorganize Japan's big Solomons island offensive before it can get really started, American fliers are showering enemy troops and supply dumps with bombs in a non-stop series of raids, it was revealed tonight.

Throughout Oct. 18 and 19, a navy communique said, army, navy and marine corps aircraft hammered at the enemy on Guadalcanal, and the great Japanese thrust which has been expected for days has yet to get started.

### Enemy Plans Unknown

However, there was no means of telling on the basis of the communique whether the air raids had altered Japanese plans, or whether the enemy was following a prearranged schedule of getting set and fully prepared before launching a land offensive designed to wrest the vital Guadalcanal airfield from the American marines and army men.

Hovering in nearby waters was a large enemy fleet of warships and auxiliaries, although the navy communique said there had been no further landings on Guadalcanal.

### Says Main Force Unused

Concerning the struggle in the Solomons, Secretary of the Navy Knox told reporters that "in my judgment, the Japanese have by no means exercised their main force."

Knox did not elaborate, but he said "it is still a good stiff fight" and news from the battle area is being made public as quickly as received in Washington.

## Nazis Losing Effectiveness

MOSCOW, Wednesday, Oct. 21 (AP)—The Russians announced Wednesday that their Stalingrad garrison had repulsed two furious German attacks supported by 70 tanks inside the city yesterday, and quoted Nazi captives as saying their divisions had lost 70 per cent of their effectiveness in the last few days.

A midnight communique told of the continuing successful Russian defense, now in its ninth week, after front dispatches disclosed that the Red army was strengthened by reinforcements ferried across the Volga river and intermittently relieved by cold autumnal storms sweeping the area.

Soviet troops above Stalingrad were said to have strengthened their positions in local fighting on the Nazi flank.

## ROTC Students Will March at Saturday's Game

The military might of Michigan State college will be shown to alumni and other spectators at the M. S. C.-Great Lakes football game Saturday when its 2,400 R. O. T. C. students march onto the field for a demonstration just before the game.

All members of the M. S. C.-R. O. T. C. unit, less those whose names will be posted on a bulletin board in Demonstration hall today (Wednesday) are ordered to report in complete military uniform Saturday, Oct. 24, at 1:15 p. m. on the field in front of Dem Hall," by order of Capt. George Branch, adjutant.

From the field, the men will march through Macklin field's concrete runway onto the football green for a military demonstration. Only men exempted, Branch said, will be members of the football team, band, program sellers, and campus police extras also taking military.

Further details as to the formation and proper uniform will be released later, he said.

## President to Sign Tax Bill Despite Treasury Frown

WASHINGTON, Oct. 20 (AP)—Congress sent its biggest tax bill in history to the White House today and President Roosevelt said he would sign it Wednesday to make higher excise levies on a long list of items effective Nov. 1.

Unprecedented individual income taxes will be levied on this year's incomes and payments will start Jan. 1 with payroll deductions for the "victory tax."

Drafted to increase federal revenues by \$6,881,000,000 at a minimum but disputed estimate, the measure nevertheless went to the White House labelled "inadequate" by the treasury.

## B&G Department Builds Bike Racks

For the convenience of bike riders and to protect pedestrians from the hazard of bike-strewn sidewalks, B and G is building two bike racks, 20 to 25 "bike capacity," which will be in place at Morrill hall and Jenison fieldhouse within a few weeks.

B and G's bike rack building has been undertaken to solve the parking problem of the bike-riding faculty and student body. If the two racks prove useful, more probably will be placed at other campus buildings, according to Sec. Karl H. McDonel.

Other projects are also under way for the improvement of the campus. Those who drive to basketball games will find a new cement approach to the parking lot south of Jenison fieldhouse.

## Union Dance Slated for Friday Night

Union board and the Interfraternity council jointly will sponsor a dance this Friday at 9 p. m. in the Union Ballroom. The dance will be held in connection with the third annual Regional Interfraternity conference that will take place this week-end. Dick Charles and his band will furnish the music for the dance.

## College Now Will Issue All Releases for Immediate Duty

Although freshman and sophomore students are able to enter the service of their own choice, the administrative group of Michigan State college has adopted a recommendation of the college committee on military affairs, advising students enlisted in the naval or marine reserves to avail themselves of basic R. O. T. C. training, it was announced yesterday by Dean R. C. Huston, chairman of the committee.

According to the announcement from Dean Huston, all freshman and sophomore students are entitled to choose between:

(1) Obtaining a temporary discharge from the navy or marine corps and enlisting in the army reserve until they acquire a junior status.

(2) Remaining in the naval or marine reserve, and dropping basic R. O. T. C.; another course will be prescribed to take its place.

In view of the fact that the college has personnel and facilities for continuous R. O. T. C. training, which is not true in case of naval training, Dean Huston urged that students avail themselves of the R. O. T. C. training as outlined in the first choice.

Meanwhile, President John A. Hannah revealed that he had received a clarification on the same matter from Major General J. A. Ulio, adjutant general, in Washington.

## Production Setup Rapped by House

WASHINGTON, Oct. 20 (AP)—A house committee warned today that "this war can be lost in Washington" unless "patchwork" methods, errors and confusion in the production program are halted.

The committee, a special house group set up to study defense migration under the chairmanship of Rep. Tolan (D-Calif.), urged the creation of a super-agency with broad policy-making powers over tasks now performed by the War Production Administration, Selective Service board, the Office of Price Control and the War Manpower Commission.

In advocating the establishment of this new "Office of War Mobilization," the report said that "Our materials distribution system is breaking down," and blamed top war agencies generally for "the absence of a national production program."

## Fast Workers

Working that "gals" are made patriotic stuff, too, Michigan college women donned green Monday afternoon, worked in the sugar beet on Cook farm for a grueling five-hour stretch. Tired, dirty, but feeling very proud of themselves, they staunchly defended that "We worked so hard the boys had a hard time keeping up with us." On sugar beet, of course.

## The Characters

The same bunch of Mason hall boys who last week were making explosive "applejack," this week have rigged up an automatic "pipe smoker" with which they intend to break in their pipes. The contraption, which consists of empty cider cans and a few feet of rubber tubing arranged in a siphon-like manner, isn't so foolproof, so if you see smoke pouring out of the hall don't be alarmed. It's the "boys" at it again.

## Come on Girls

It seems that there is a scrap in progress, but according to East Lansing matron who at the State News office last week some sorority houses have decided to heed the nationwide "The kind lady revealed as she drove through an unidentified house. She noticed a pile of tin cans and other scrap metal. How about you busy, sisters, and doing your part in the national drive?"

## Main Launches Battleships Restore Fleet

LONDON, Wednesday, Oct. 21 (AP)—Two new 35,000-ton battleships, the Anson and the Blandford, are now at sea with the rest of the admiralty fleet today, and the Anson already has been in action with high-angle guns against German aircraft in the Arctic en route to Russia.

Britain has thus finally reconstituted her fleet to its original war strength of 15 battleships and battle cruisers with completion of the five great battleships of the King George V class. The first, the Hood, was launched in 1918. The second, the Hood, was launched in 1918. The third, the Hood, was launched in 1918. The fourth, the Hood, was launched in 1918. ## Unpatriotic Bit of Rationalization

SOME students who own cars don't have too much regard for the idea expressed in the State News by other students and also by editors that driving cars on campus has not been curtailed sufficiently.

They say that gas rationing will effectively block driving, so why shouldn't we get some enjoyment out of our cars till then? The fact is that the three and a half or four gallons of gas to be given every week to all drivers will take them on an average of 50 miles. Dividing that by seven days in the week leaves seven miles per day that everyone will still be able to drive, which for most students is seven miles too many. They are wasting gas and rubber, both badly needed by the government today.

These same students say they'll be in the army soon anyway, and why shouldn't they use their cars for pleasure until then? It is admitted that certain students need cars for their jobs. But others apparently forget what kind of a war we are in and against whom we are fighting. Certain it is that any colleges open in Germany today do not permit students to waste gas and tires in driving for pleasure.

No informed person doubts that most students in colleges of America today are there for one basic purpose—to fit themselves for doing the best possible job of fighting. But many times we've doubted whether we and our classmates are doing all we possibly can, and in the quickest way possible, for victory.

Sniveling about being asked not to drive cars to class would indicate that all students aren't wholeheartedly striving for victory, even if to all outward intents we are. The privilege of driving cars on campus is a small thing, and to outsiders probably even arguing about it seems ridiculous. But those students who seem to think if they don't wear out their tires and cars, someone else in the family will, should think again.

They couldn't go far wrong by heeding the plea of Washington officials and selling cars, tires, gasoline privileges, and all to the U. S. government, which could put them to a manifestly better use. And besides, walking to class is healthier than riding, anyway.

## In Campus Quarters

By Helen Schmidt and Helen McAfee

Good news for our Spartan members is the fact that Dick Kieppe is out of the hospital—here's to a great Homecoming week-end... with many social plans in store. We'll give you a hint or two... the Phi Taus are sitting in a block at the game, including parents and dates... a radio party for pledges, activities, and raffles, one and all, is being thrown by the ATOs Friday night... tube in Saturday for more.

Flannings include one by Jim Huff, Kappa Sig, to Betty Procter, Chi O... the FarmHouse pin of Walt Weber's rests with Marnie Holland... Phi Troxell has a Delta Sig pin from Fred Wilson... "Black Art" Manager, ATO, lost his pin last week-end to Vera Fuller... and at the AGR house, George Stuewer has pinned Marg Graves... Frank Klackie has pinned Betty Stucker... Len Gardner is engaged to Mathe Jean Benton of East Lansing... and Phil Hitch-kiss is engaged to Eva Rix.

Jeanne Whaley, Alpha Phi, was married last Saturday afternoon to Neil Van Halteren, Phi Delta, in the Plymouth Congregational church in Lansing. After the reception at the Hotel Parter, Mr. and Mrs. Van Halteren traveled to Akron, Ohio, where they will live.

Ruth Mary Watkins Pew, former KKG pledge, and her husband, Fred Pew, graduate of '41, were visiting here Tuesday on their way to Colorado Springs. They were married Oct. 3.

Maurice Van Lonkhuyzen, graduate of last year, and one of two selected in the state to join the army signal corps in Chicago, is here on a three-day leave. Maurice was very prominent on the Speakers' bureau while he was in school... "Granny" Sharpe, Kappa Sig '40 graduate, is also visiting this week.

Two State graduates, Miss Betty Lou Maloney and Lieut. Donald Sipple, will marry Oct. 29; Lieutenant Sipple is now stationed at Fort Benning.

The alumni of the Kappa Alpha Thetas gave a potluck last night with activities and pledges. New initiates on Sunday, Oct. 18, for the Zeta Tau Alphas were Jane Jarvela and Gerry Schubel... Alpha Phi, on the same day, initiated Marion Crawford, Jean Harris, Ava Jean Humphrey, Jean Krugh and Scottie McNeal.

YOU CAN tell that Michigan State college students aren't used to harvesting beets, especially when they come back at the end of the day all "beat out."

Add this to your memo book: Christmas presents for service men stationed outside the United States must be mailed by midnight, Oct. 30. Any packages mailed after this date will not be guaranteed for delivery by Dec. 25. Also remember to keep the size of your package down to conserve shipping space. No 11 pounds, or have a combined 11 pounds, or have a combined length and girth of more than 42 inches. A shoebox fits these specifications.

A Purdue university student pulled the prize publicity stunt of the year when he sat Yogi style with his legs around his neck for eight hours. The "deal" was that he would receive a dollar an hour.

hours of manpower was the war effort.

Shadiest story of the week: The freshman waiting list of a women's dormitory campus beiles to peel.

A recent survey in the rating of different occupations by the University of Illinois and the National Association of Finance Companies didn't speak too well for students.

While office clerks—4 people—were 92 per cent dependable, school teachers near the top—86 per cent dependable. Painters and actors were at the bottom—cent—not too far below students who were reported to be only 56 per cent dependable.

# Gingrass Moves to Halfback Spartan Backfield Shift

By The Associated Press  
 Coach Charley Bachman has moved his Michigan State backfield in an effort to work up the bull-carrying steam against the burly Great Lakes Naval Station team here Saturday.

State's best offensive showing in the Marquette defeat last Saturday came from a pair of fullbacks. So one of them, fleet Morgan Gingrass, has been shifted to right halfback leaving Ed Ripmaster the No. 1 runner-smasher.

Up until the Marquette game, Ripmaster and Gingrass had been feuding for the starting back berth, with Gingrass holding a slight edge. The 200-pound Ripmaster, however, shifted into high gear against the choppers and was bullying through tacklers with explosive force.

**Pawlowski Alternates**  
 Bachman said the change did not lessen the status of tiny Pally Pawlowski, regular right halfback, who will be expected to alternate with Dick Kieppe in trying to circle the huge sailor.

Possessing a knack of sliding over a pair of tacklers with a burst of speed and drive, the 180-pound Gingrass and Ripmaster may give state a good one-two punch, Bachman hopes. "It's only an experiment," he asserted. "We may have to worry more about defense than offense Saturday."

**Not in Earnest**  
 Scout Joe Holsinger's grim description of the hulk and strength of the Sailor defenses, however, set the Spartans to serious work on their passing. With Kieppe recovered from a serious cold, State's aerial strength has climbed substantially. Sophomore Elbert Stark was the only tosser against Marquette.

Another practice switch moved Ken Balge, Dearborn sophomore, from tackle back to his original end position as coaches sought to offset the loss of injured Roy Fraleigh. Balge won all-state laurels at end at Fordham high school last fall.

**Correvont May Start**  
 GREAT LAKES, Ill., Oct. 20 (AP)—Great Lakes' football team scrimmaged again today and Coach Tony Hinkle continued to juggle his lineup for Saturday's game at Michigan State. Among the new likely starters were two former Western Conference backs—Paul Anderson of Purdue and Bill DeCorrevont of Northwestern. Both gave impressive ball carrying performances, and in the only pass play attempted by the No. 1 team, DeCorrevont threw to Howard Key for a 15-yard gain.

## Milne Announces Varsity Party Date Change

Doubly-designed to coincide with the existing war conditions, the Varsity Ball, the annual party sponsored by Michigan State's lettermen, will take place Friday, Dec. 4, in the Auditorium, according to Al Milne, general chairman for the affair.

Up until this year the party has been held during spring term, but because a large percentage of the club-members will be in the armed services by the first of the year, Pres. Howard Ladue has had the date changed to this fall.

Milne appointed the following committees: finance, Howard Ladue and Frank Pellerin; band, Frank Beeman and George Busch; tickets, Mike Schelb and Bob Sherman; invitations, Bob and Cut Jennings; publicity, Bob McCarthy and Dale Kaulitz; decorations, Chuck Bigelow and Mel Buschman; reception, Walt Beardslee and Jerry Page; programs, William Scott and Earl Cady.

## Jean Lumsden Leads Thetas to Volley Win

Jean Lumsden, Kappa Alpha Theta, scored 20 points for her team to lead the high scorers in Monday evening's game with Robinson House in the Women's Volleyball tournament. The Thetas won, 32-10.

The tournament, entering its third week, finds six teams undefeated. The teams are South Williams, Ewing House, Alpha Chi Omega, Chi Omega, Kappa Kappa Gamma, and Alpha Xi Delta.

Other Monday night scores are: Sigma Kappa 42, Concord House 12; Alpha Phi over Benson House by default; Alpha Chi Omega 55, Alice Cowles House, 16; West Mayo 18, Alpha Xi Delta 42; Kappa Kappa Gamma 43, Sanford House 13.

## MSC Won't Defend Title

Michigan State college's cross-country team won't defend its national junior A. A. U. championship this fall. Coach Lauren P. Brown has learned that junior championships can't be defended for the reason that once a championship has been won, the individual or members of a team, automatically become senior athletes. The meet was to have been held at Miami university, Oxford, Ohio, on Oct. 31.

## Sailor Halfback

BRUCE SMITH, Great Lakes left halfback, won an award as collegiate football's "Player of the Year" chiefly for his offensive exploits at Minnesota last season.

At Great Lakes, he is regarded as the best defensive halfback on Lt. Paul D. (Tony) Hinkle's squad.

Smith knocked down one goal line pass against Michigan, prevented another touchdown by tackling Michigan's Paul White on the Bluejackets' nine yard line after a gain of 42 yards, and against Pittsburgh was inserted each time Pitt gained possession of the ball in the fourth period as the navy protected its 7 to 6 lead.

## Hermie Says —

WHEN MICHIGAN State's football team took a 19 to 0 beating from "T" formation minded Missouri last fall, Spartan grid fans got a look at an outstanding halfback, Bob Steuber. Steuber got away for 60 yards and one of the scores, along with plenty of long gains. Comments like, "That Steuber really is good," were a dime a dozen around the stadium after the Spartan-Tiger affair.

The statistics show us that Bob packs 200 pounds on his six-foot frame. On top of this he can cover 100 yards in 10 seconds, which is a decided asset to any footballer. "This is one of the reasons why Missouri uses the "T" with its quick openings, calling for fast starters.

This fall Steuber is justifying the claims spoken of him last year. At present he leads the nation's collegiate scorers with 53 points in four games. In one contest, the hefty back crossed the goal line four times.

Steuber played end in his sophomore year and in holding down the flank he learned much about blocking and tackling. The following season the coaching staff moved him to right half, and inaugurated the "T" at Missouri, after using a single wing when All-American passer Paul Christman was the Tigers' leading player. The combination of Steuber's speed and the new formation now is paying high victory dividends.

### Ohio State Still Rates No. 1 in Weekly Poll of Grid Teams

NEW YORK, Oct. 20 (AP)—One of the strangest sights in this topsy-turvy football season is a set of seven college gridiron greats remaining on top in the Associated Press poll two weeks in succession.

It happened today when 119 sports writers from coast to coast again acclaimed Ohio State the outstanding college eleven in the land and also supported the same half dozen standouts who trailed the Buckeyes for top honors in the season's first balloting a week ago.

With points figured on a 10-9-8-7, etc., basis, the 10 leading teams were ranked this way (first place votes in parentheses):

Ohio State (58)	1,030
Georgia (38)	973
Alabama (8)	822
Michigan (2)	606
Illinois (1)	516

### Buy War Bonds and Stamps.

Mason 5, last year's dormitory touch football champion, defeated Abbot 10 14-0, last night on the practice field under the lights. The passing combination of John Babula to Ed Lord produced the first Mason touchdown and another pass by Lord to Roger Cartney converted. A lateral by Babula to Bob Huston accounted for the second score with Huston successful for the extra point try.

Connie Gunnell accounted for both Abbot 18 touchdowns as Precinct 18 defeated Mason 4, 13-0. A reverse from Gunnell to Bob Clark tallied the first six points and an end run by Gunnell produced the second score. Gunnell also converted.

Although Mason 1 tied Abbot 15, 6-6, the Abbot's were given the victory because of a Mason 1 penalty and more first downs for 15. A pass from Bruce Whangen to Philip McElwie scored the only touchdown in the Mason 3-Abbot 17 contest. Mason 3 was the winner, 6-0.

By virtue of two penalties against Abbot 13, Mason 8 won its game, 0-0. Mason 6 won by default from Abbot 14.

Fewer major crimes are committed in China than in other countries, asserts Frank Ki Chun Yee, graduate of the University of California.

## WAR CALLS COME FIRST

Long distance telephone service plays an important part in America's war efforts. The wires today are carrying a heavier traffic load than ever. You can help keep them clear for vital war messages if you:

1. Make only the most essential long distance calls.
2. Place those calls by number whenever possible.
3. Keep all your telephone conversations short.

### Greeks Will Stress Originality in Homecoming Decorations.

Originality is expected to run rampant when the Greeks decorate their houses for the annual homecoming event this week, end.

"More than likely, a patriotic note will be prevalent, following the influence of the opposing Great Lakes team," Gloria Bell, Sigma Kappa, and chairman of homecoming decorations for sororities, said yesterday.

As yet, the judges who will view the decorations Saturday morning have not been announced. Six members from the faculty will be chosen, three to judge sorority decorations and three for fraternities.

Decorations will be judged on a point system, with the theme, which must contain the homecoming atmosphere and something about each team, rating the majority of points. Ted Ross, FarmHouse and fraternity decorations head, announced yesterday. Originality will come next, followed by continuity.

The \$10 limit for materials, which was set up last year, will again be in effect. All decorations must be completed by 10 a. m. Saturday for the fraternities to be eligible. Sorority judging will begin at 11.

Winners will be announced between halves of the game Saturday afternoon, and a trophy will be awarded each of the winning Greeks, at a banquet later in the year. The Interfraternity trophy will be on display at Hurd's this week. For the past two years, Theta Chi and Sigma Kappa have carried off the honors and if they are the winners again this year they will retain the trophy.

### Cider Stand Has Greater Demand Than Supply

The cider business is booming at the Hort building, according to Olin Brown, sales department head. Over 200 gallons are sold every day and if more apples could be washed and graded, an additional 200 gallons could be sold, he added.

### Enlisted Reserve Prospects Must Declare Intent

Although many male students indicated their desire to join the Army Enlisted Reserve during spring and summer, a large number of them have gone no further than that indication. The following people are to notify the Enlisted Reserve office in the Military department today, tomorrow, or Friday whether or not they still intend to enlist.

choice listed above, General Ulio said the army will issue a discharge upon completion of the basic R. O. T. C. course, provided at the time of enlistment in the army reserve, they indicate in writing a preference for the navy, marines or coast guard.

In the event the Secretary of War calls army reserve students to active duty prior to the completion of the basic R. O. T. C. course, those who indicated a preference for one of the other services will be discharged to enlist in their indicated choice.

A second recommendation by the committee on military affairs, as approved by the college administrative group, stipulates that students now enlisted in the army or naval reserve who ask immediate active duty must have their request forwarded by the military department, and then only after a proper release of the student through college channels.

Such releases will be refused to minors by the academic dean unless the parent or guardian gives his written consent, Dean Huston said.

### Over-age Soldiers to Be Switched to Munitions Jobs

WASHINGTON, Oct. 20 (AP)—President Roosevelt disclosed today that a number of soldiers 35 to 40 years old would probably be furloughed to take jobs in munitions factories and that production of luxury goods might be cut more drastically to help solve vital manpower problems.

He added that he imagined some of them who would be useful in war production and have the necessary training for it would be furloughed instead of retained in combat units.

Gen. George C. Marshall, chief of staff of the army, previously had said the army was studying such a plan.

### Hose Price Slashed

WASHINGTON, Oct. 20 (AP)—Price Administrator Leon Henderson today slashed prices of women's nylon hose, which he said had been selling at inflated levels "in almost every store in the country."

Effective Thursday the maximum price for the most commonly sold full-fashioned hose of first quality construction will be \$1.65.

### CONFERENCE

(Continued from Page 1) will give lectures on various ternity problems. The speaker at the banquet, which to take place Friday evening 6, will be F. H. Nymeyer, educational director and adviser of Zeta Psi fraternity, and chairman of the National Interfraternity council. Following banquet, a dance, sponsored Interfraternity council Union Board, will be given in Union Ballroom.

Paul Beam, executive secretary of Phi Delta Theta fraternity, Dr. W. H. McLean, grand tribune of Sigma Chi fraternity, and John McCann, executive secretary of Pi Kappa fraternity, all will participate in various lectures throughout two day conference.

Chairman Heath declined estimate the total attendance "since the tire situation will doubtably lessen the number delegates," but indicated 500 tickets already had been to local fraternity men for banquet Friday evening.
