

Spartan Gridders Bank on Kieppe for Offensive

Injuries Keep Manpower Low on State and Purdue Teams

The Michigan State football team will be battling to get back into the victory column when it meets Purdue university on Macklin field at 2 p. m. today. The Spartans haven't tasted from the cup of victory for three weeks, the last time they won being their latest appearance on the home gridiron.

Traditionally a home town club, State will be favored against the Boilermakers who have only one win to their credit so far this fall. According to these two clubs' performance against Great Lakes, the Spartans should win by an easy margin, but no such rosy views are held by Coach Charley Bachman, who has drilled his club for a tough job.

If the weather man is good to Bachman and his gridders, the Spartans will probably turn on a grand passing attack with Dick Kieppe doing most of the throwing. The little Lansing triple-

... If Y'Gotta Go

People walking on the sidewalk along Grand River avenue, near the East Lansing bank last evening about 10 o'clock saw something that looked like pre-tire-rationing days. Cars traveling east were lined up four deep for almost a block, giving the street the appearance of Chicago's outer drive on a Sunday afternoon. People weren't being unpatriotic though. The red light on the corner failed to turn green, and the cars accumulated. The exasperated motorists finally "ran the red light."

... Coincidence

The musical numbers played by the M.S.C. band Thursday night at the corps sponsors installation proved to be quite appropriate, for while the R.O.T.C. cadets marched in, the band played "Hosts of Freedom," swinging into the strains of "American Sweethearts" as the corps sponsors entered. "American Sweethearts" was written by J. S. Taylor of East Lansing, who is rapidly becoming a noted composer of band marches.

Recruiting Board

The joint Army-Navy-Marine recruiting board will be in demonstration hall Monday, Tuesday, and Wednesday, Nov. 16, 17, and 18, to arrange the enlistment of those students who so desire in the army, navy, and marine corps reserve programs.

Axis Watches French Fleet at Toulon

Will Bomb Fleet if It Tries to Help Allies; Southern France Occupied

By BLAKE SULLIVAN
LONDON, Nov. 13 (AP)—The main French fleet, object of a vital tug-of-war between the Allied Nations and the Axis, still rode at anchor in Toulon harbor today, wreathed in mystery and watched intently from the skies by the German Luftwaffe lest it make a break into the Mediterranean.

The Germans went ahead with their swift occupation of Southern France but they stayed pointedly away from the immediate area of Toulon. There was no doubt among naval men, however, that Nazi bombers would attack the instant it became clear the fleet was attempting to escape.

Wild Animal Film Scheduled Tonight

"Animals at Night" will be featured on the World Adventure series today at 8 p. m. when Howard Cleaves, explorer, will show and act as narrator for his movies which depict wild animal life from the Cascades to the Everglades.

He has traveled more than 50,000 miles to obtain these pictures

and his activities include photographing diving ducks from a water-tight tank to crouching in a steel barrel awaiting a marauding bear.

In order to obtain these night movies, Cleaves devised a portable gasoline generator weighing less than 100 pounds, which illuminates a space of 50 yards.

Halftime Entertainment to Be Snappy, Band Says

A novel program has been worked out by the M. S. C. band for half-time entertainment at the Purdue game today, according to Band Director Ed Cooley. The band will try something new by spelling out the score in formation. Then they will salute Purdue with a block "P" and play "For Honor of Old Purdue," ending the half-time program with M. S. C. block formation, followed by Alma mater. Preceding the band will be the

Germans Flee Tobruk to Escape Pincer Movement

LONDON, Nov. 13—The combined Allied force from West Africa and the British eighth army from the east were driving head-on tonight toward probable union in Tripoli.

In the 1,000-mile vise thus created, German air-transported fighters were flying out of French Tunisia and Marshal Rommel's beaten army abandoned Tobruk in head-long flight westward across the Libyan desert.

Unconfirmed reports said also that Axis ships were setting sail from Bengasi, port on the Libyan coastal hump which lies 400 miles across the gulf of Sirte from Tripoli itself.

The amphibious American-British armies under British General K. A. N. Anderson and American Major General Charles W. Ryder presumably were straddling the Algerian-Tunisian frontier when the first Nazi

Bruna Castagna Will Appear in Concert Tuesday

Bruna Castagna, Metropolitan Opera contralto, who will appear in the College auditorium Tuesday at 8 p. m., is a woman of many hobbies. Foremost is her collection of oil paintings including the 18th century masterpieces of Corrodi, Corcos, Gelli, Sala, Delcampo, Muzzioli, Pardini, Pagliano and many French and Flemish painters.

Mme. Castagna is a native of Bari, Italy, where she taught French in her father's private school. She has been interested in singing throughout her childhood, however, and abandoned teaching for a musical career. Her first role came when she was 17, appearing as Marina in "Boris Godounoff."

She is best known for her singing of "Carmen" and for this role she uses the same castanets given her by a veteran mistress of the ballet—Paoletta.

Mme. Castagna appears annually with the Metropolitan Opera, the Teatro Municipal of Rio de Janeiro and the Teatro Colon, Buenos Aires. Besides singing on opera, concert, and recital stage she is probably most familiar to the American public through her radio appearances.

Late War Bulletins

ALLIED FORCE HDQ. IN NORTH AFRICA, Nov. 13 (AP)—French garrisons in Tunisia are fighting the Germans in Tunis and other sections for control of the country as the Allied forces advance from the west, field reports indicated today.

LONDON, Nov. 14 (AP)—Reuters said today that the Vichy radio had broadcast a report that a big naval battle is in progress off Algiers.

MOSCOW, Saturday, Nov. 14 (AP)—Joseph Stalin asserted today that the American and British campaign in Africa had turned the military and political position in Europe radically in favor of the Allies, opening the way for the early collapse of the German and Italian Axis.

WASHINGTON, Nov. 13 (AP)—In a far-reaching move designed to add new legions of fighting men to the armies battling the Axis, President Roosevelt today ordered arms, food and clothing sent to the people of French North Africa and promised the same aid to any other territory occupied by the United Nations. The president's statement was not limited to French North Africa, and thus it conjured up pictures of great new armies of liberation springing up as the United Nations push their offensives into territory in Europe and Asia now under the heel of the Axis.

MOSCOW, Saturday, Nov. 14 (AP)—Russian defenders of Stalingrad beat off new German drives which in limited sectors developed into fighting of great intensity yesterday, the Russians announced today.

WASHINGTON, Nov. 13 (AP)—Lashing out at the Japanese on Guadalcanal in the Solomons, a powerful United States sea-air force has annihilated 30 enemy planes, destroyed 30 large landing boats, silenced a number of shore batteries and started large fires on the island, a navy communiqué revealed today.

BUENOS AIRES, Argentina, Nov. 13 (AP)—The Argentine government announced tonight that the United States had presented to it three memoranda charging the existence of Nazi espionage in Argentina.

CAIRO, Nov. 13 (AP)—The swiftly advancing British eighth army occupied the stronghold of Tobruk without a struggle today and sped over the Libyan desert to destroy every Axis soldier left in North Africa. Gen. B. L. Montgomery, British commander, in an order of the day said Marshal Rommel's army was "completely smashed" with the capture of 30,000 prisoners and the destruction of 12 Axis divisions.

GENERAL MAC ARTHUR'S HDQ., Nov. 13 (AP)—A battered Japanese army on New Guinea was fleeing down the Buna trail today, running from pursuing Australian forces and toward an American position, strategically placed southeast of Buna.

Signs 'Teen-Age Draft Bill; Best May Have Special Training

WASHINGTON, Nov. 13 (AP)—President Roosevelt tonight signed the 'teen age draft bill, and in a statement said he had ordered a study with a view to enabling the 18- and 19-year olds called to service to resume their schooling and training after the war.

The President also promised to announce in the near future a plan to utilize during the war the facilities of certain colleges and universities for the training of a limited number of men for "highly specialized duties" in the armed forces.

Ability Will Aid
"These men," the President said, "will be selected solely on the basis of their ability and without regard to whether or not they are now in college or whether they could otherwise afford to go to college."

"The civilian careers of these men will be interrupted, as have the careers of most of their seniors." Large numbers about to enter the armed services will come from schools and colleges. The vocational and technical training which the armed services now offer to many will stand them in good stead.

Educators to Plan
"I am causing a study to be made by a committee of educators, under the auspices of the war and navy departments, for the taking of steps to enable the young men whose education has been interrupted to resume their schooling and afford equal opportunity for the training and education of other young men of ability after their service in the armed services has come to an end."

Military Uniforms Are 'Order of Evening' at Sponsors' Dance

Approximately 250 couples are expected to attend the annual cadet corps sponsors' installation formal dance tonight at from 9 to 12 in Demonstration hall, Henry Hipp, president of the Officers' club, said yesterday.

Only students in advanced military science, junior and senior members of the band, and their dates are eligible to attend. Men must be in military uniform, Hipp said.

In Campus Quarters

By Helen Schmidt and Helen McAfee

FATHERS are swarming over the campus this week-end, for many sororities and fraternities are entertaining their "pops" at the game, coffees, luncheons, and suppers. The AOP's add to the festivities by throwing in a little gift to the mothers and alums. Lunch at Hunt's and then the game.

The SAEs had Brother Herbie Kay, orchestra leader, at the chapter house for dinner Thursday night. Wednesday night the Phi Deltas entertained the local alumni at the chapter house with the smoker and buffet lunch served by the Mother's club.

There were many a batch of records needed over last night at the SAE, Phi Tau, and Sigma Nu houses. The Sigma Nus preceded their party by combining roller skating and a steak roast.

Dick Goodale, popular ladies' man from South Campbell hall was finally drawn out of circulation after the FarmHouse fall term party when he deposited his pin with Jane Maginn for safekeeping. To celebrate the occasion, FarmHouse serenaded South Campbell. Fran Fuller, Sigma Kappa, is pinned to Bob Gehlker, U. of Miami Delta Tau Delta. Fran's sorority sister, Betty Bourdon, has Jim Lyman's Delta Chi pin. Hal Sessions, Delta Sig, pinned Pat Tucker, a Kappa pledge.

Sigma Nu Rod Wasmuth, pinned Mary Fredrickson, North Campbell. The SAE's announce that Bud McGlone pinned Anné Wagenvoort, Bob

Weyland slipped his pin to Lorraine Huebsch, a Sigma Kappa pledge, and Bill Rupp pinned Marg Kellogg, Robinson House.

The Delta Sigs had their fall term party at the house last night with dancing to Bud Bell's music. Guests for the affair were Mr. and Mrs. Don Buell, and Mr. and Mrs. Robert Linton. Tonight the Kappas will have their term party, dancing informally to the tunes of records at the house. The Sigma Kappa pledges will entertain the actives with a radio party tonight at the house. Tomorrow the Kappas will present a tea for their new housemother, Mrs. Virginia Williams.

One of the three rings of the week was presented to June Turek, South Campbell, Wednesday, by Scottie McKay, a resident of Cozy cottage. They will be married December 23. Barbara Webb, Zeta Tau Alpha, received a diamond from Phi Delt Louis Loree. And Alice Berger, Sigma Kappa, is toting a ring from Clayton Bennett, U. of Michigan.

The Kappa Deltas will have seven new actives Sunday. They are Peg Wilcox, Margaret Skaggs, Neryl Mogensen, Phyllis Licht, Lois Walker, Alice Stevens, and Alice Farnworth. Two newly active Alpha Gams are Virginia Eddy and Joy Randall.

Any men seen wandering around-campus sporting summer-like sunburns are sunburned. Frank Northway, Sigma Nu, is giving the boys their vitamin D with his new sunlamp.

World Students' Day Is Tuesday; Honors Murdered Czechs

Observance of International Students day will be climaxed next Tuesday in the mixed lounge of the Union at 3 p. m. Ted Ross, chairman of the Student council committee on Students day, said yesterday.

Nov. 17 has been set as the day for international honor of the 160 Czechoslovakian students who were executed on that day three years ago for resisting Nazi attempts to destroy free education in Czechoslovakia.

Dean F. T. Mitchell will deliver a short address, and two minutes of silence will be followed by the playing of taps.

The Union building will be decorated with international flags of the United Nations for the occasion, Ross said.

came apparent the powerful flotilla of 62 ships meant to join the Allied side.

Fighting French headquarters here said it had no information whether the fleet had picked its side, but pointed out that its commanding officer, Admiral de la Bord, was believed to be loyal to Chief of State Petain, who ordered the ships to remain in port.

The mystery was tied in another knot tonight when the Vichy radio broadcast that Gen. Auguste Nogues, erstwhile Vichy commander in Morocco, had placed himself under orders of Admiral Darlan, who has asked the fleet to come over to the Allies.

Teamwork begins when two or more people find one mind.

New Fuel May Ease Oil Burners' Plight

Professor L. G. Miller, head of the department of mechanical engineering, announced yesterday that if present experiments involving fuel oil are successful, the difficulties that owners heating their homes with oil will probably undergo this winter will be lessened.

A mixture of pulverized coal, tar, and fuel oil which the department is developing in its laboratories, and putting through a series of tests in actual home oil-burners, may help home owners this winter when rationing cuts fuel oil consumption to 60 per cent of normal, Miller said.

State Freshmen Hold Wolverines to Scoreless Tie

By JOHN ALBERT
Special to The State News

ANN ARBOR, Nov. 13—On a wind and snow swept Ferry field gridiron, the Michigan State and Michigan freshman football teams battled to a scoreless tie here today. The powerful Spartan forward wall led by Tackle John Plets stopped the hard-running "M" backs time after time to keep its goal line uncrossed.

It was Coach John Kobel's strong line that took all the honors. Four times it held the Wolverines when the latter was inside the State 10. On one occasion the Wolves managed to drive to the 3-inch line, but a

fumble stilled this scoring attempt.

Main Spartan offensive threat came late in the second quarter when Olin Evans, who played an outstanding game at end, grabbed a Michigan pass and raced 60 yards down the sideline before he was brought down. However, this time it was the Wolverine line that tightened and State lost the ball on downs.

Backfield standout for State was Halfback Phil Durant, who proved the most troublesome Spartan to Michigan, while the Wolves' big gun was Dick Waterhouse, who did just about everything when Michigan had the ball.

Flanker Frank Brogger, who handles the punting for the Spartan frosh eleven, helped his club out several times with long kicks that kept the Wolverines back in their own territory.

Weekly Letter to Men in the Service

(This open letter to men in the service is a weekly feature of the Michigan State News, describing the outstanding events on campus. Clip it out and mail it to a friend in the service.)

Dearest Johnny:

With plenty of Pomp and Ceremony, the 600 advanced military students of M.S.C. formally installed nine coeds as corps sponsors Thursday night. Majel Wheeler is now cadet colonel. The installation ball will be held tonight.

And last week there was a whole bunch of talk about throwing out the women; even the profs helped spread the rumor. Pres. John A. Hannah killed it quick-like upon his return from Washington State college. He was there, incidentally, watching our boys get beat after a trip to the coast, unbroken by stops.

Advanced R.O.T.C. students got some more promotions this week. James Pingel will head the infantry unit and Bob Dock the quartermaster unit. Other top men are not yet announced.

Prof. Paul Herbert of the forestry department will soon be reading this with you all. He will be a captain in the army ordnance branch.

The faculty has been busy planning to handle more women in the Engineering division. They will be given fundamentals of engineering. The faculty also made plans for a continuous 11-week summer session for '43 with a six weeks' parallel course to go along with it.

Since we aren't having any Thanksgiving vacation, Student council decided to hold a hop the night before. Week-end permission for women, too!

Twenty-one of our campus big-shots got their names put in Who's Who among Students in American Universities and Colleges this week. This time there are some independents listed.

Gotta stop now and go out to see our fellas take over Purdue this afternoon. Speaking of football, our frosh griders played the Michigan ditto Friday for the first time in over a quarter of a century.

Ypsilanti and New York Contests Fill Schedule for 'X' Country Men

By BILL ADAMS

A full schedule is lined up for Michigan State's cross country team during the next few days. It is entered in the 20th annual Michigan A.A.U. meet at Ypsilanti Saturday morning, and Monday the Spartans will compete in the 34th annual IC-4A run at New York city's Van Cortlandt park.

Coach Lauren Brown will take two of his reserves, Bill Fritz and Ed Harris, and five freshmen to the Ypsilanti meet. The Spartan yearlings are Wardell Lake, Jim Kuhn, Elmer Pantli, Chuck Wyman, and former champion state class B high school half miler, Bob Price, of Bejding.

Entrants are expected from Michigan Normal and Western Michigan college, as well as unattached runners from the University of Michigan and various high schools.

Michigan Normal is the defending champion in the Michigan A.A.U. meet, and the Spartans will be out to repeat their victories of 1939 and 1940.

Upon returning from Ypsilanti Saturday, Coach Brown will board the train for New York with a seven-man team composed of Capt. Ralph Monroe, Bill Scott, Jerry Page, Bill Hershiser, Maurice Horskil, Roy Niemeyer and Bill Fraser.

The majority of teams running in the IC-4A meet will be representing eastern schools. Rhode Island State, this year's defending champion, lost two valuable men by graduation, and is expected to be dethroned by the powerful Penn State aggregation which defeated the Spartans here earlier this year.

Leslie MacMitchell, NYU's great distance man, and since graduated, won the IC-4A meet last year, turning in the time of 26:40.1 over the five-mile Van Cortlandt park course. He was

followed by Bob Nichols of Rhode Island State, who is again running this year.

PURDUE

(Continued from Page 1)
Russ Gilpin, Morgan Gingrass at full, and Edo Mencotti at right. This will be Mencotti's first appearance in the starting lineup.

Fenton, Fornari Ready
Jack Fenton, who has been groomed to handle left as well as his regular right halfback position, and Pete Fornari, another wingback, will be ready to step into the halfback slots.

The Spartan forward wall will have a big job on its hands in stopping Purdue backs, Ken Smoek, running, passing and kicking left half: John Andretch, hard-galloping right half, and line-bustin' Bob Bachman, Boiler-maker fullback.

However, if the Green and White line can stop the Purdue ball carriers like it did Great Lakes backs, there isn't too much to worry about. Only doubtful starter in the front line is Howie Beyer, rugged center, who will be replaced by Bill Monroe if he is unable to open.

Remainder of the line will be made up of Balge and Roskopp; Al Conner and Dick Mangrum, tackles; and George Radulescu and Don LeClair, guards.

North western university's homecoming features a competitive pajama race in which each fraternity participating must purchase a war bond as an entry fee.

Hermie Says —

INTRAMURAL touch football participants are finding it extremely difficult to put in their best performances because of the extremely cold, wet, muddy, and just lately snowy weather. However, intramuralists, don't despair. Your gridiron future will be taken care of very soon.

Assistant Intramural Director Jake Danbert promises that he and Head Director Lyman Friedman along with league officials are soon to have the fieldhouse fixed and prepared for indoor contests. It is being planned to stage the block playoffs and championship games of the different divisions inside.

In case the two teams that are scheduled to meet for the all-college crown desire to play the final game on Macklin field as was done last fall, the tilt will move outside and be made a day-time affair.

One Spartan grid fan wonders when the green and white are going to become the green and white? He contends that he can't remember ever having seen the State eleven outfitted in school colors and as far as that goes neither can we.

A Woman's

Right of Choice

IN TEN SHORT MONTHS we have been hurled into a strange new world—a world battling to determine whether *freedom of choice* shall survive. As a people, we have cheerfully chosen to restrict our freedoms *now* that freedom itself might live.

ENTHUSIASTICALLY, we are investing our savings in the greatest cause in history. Eagerly, we have entered into various war works. Willingly, we have chosen to share our riches with those who share our hopes. For ours is a land of plenty in a very empty world.

IN MAKING SUCH A CHOICE, we have deliberately limited the quantity of many items essential to the war effort. This is as it should be. But, there are other goods and many workers which cannot be absorbed into war industries. These industries must be kept earning that they, too, can contribute their share to the war economy in taxes and bonds.

TYPICAL IS THE FASHION INDUSTRY employing hundreds of thousands of people who know only the fine art of the needle... craftsmen and women who due to their special training and limitation of time, are not yet useful to war production... whose products contain no essential materials of war. By choosing their creations instead of goods that are scarce, you are not only keeping these worthy people employed but you are serving another urgent need of your government.

SO BUY YOUR FULL QUOTA OF WAR BONDS—more if you can. Then, erase every doubt that you are being unpatriotic when you choose fashions to keep you lovely.
