

Spartans Lose to Michigan in Overtime, 36-31

Big Fred Stone Is 'S' Standout In Close Tilt

State Quintet Blows Lead to Wolverines During Last 30 Seconds

ANN ARBOR, Dec. 7 (AP)—A fighting Michigan basketball team tied Michigan State in the last 30 seconds of the second half and roared back in overtime tonight to win its non-conference opener, 36-31. A free throw by Capt. Jim Mandler threw the contest into a deadlock at 29-29 just before the second-half gun sounded.

The game was literally plucked from the Spartans' hands at a moment when it seemed safely theirs, and it perpetuated the jinx of five years running that Michigan has held over State on the Yost fieldhouse floor.

At halftime, Coach Ben Van Alstyne's quintet was protecting a 15-6 lead. With 10 minutes to go it was 26-16 for the Spartans. Then the Wolverines slowly pulled up, and Mandler's successful charity toss split the nets just under the wire.

"M" Takes Over

The five-minute overtime was entirely a Michigan affair, with Bob Wiese, Ralph Gibert and Bill Strack slipping through the crumbling Spartan defenses for easy field goals.

Sophomore Bob Wiese, better known for his football exploits, poked five left-handed shots in the basket and added a free throw to tally 11 points for high.

UNDER THE WIRE

NEW YORK, Dec. 7 (AP)—Allied navies will use the strategic French West African port of Dakar and Allied planes will use the airfields there as a transit point under an agreement reached between Admiral Jean Darlan's regime and Gen. Dwight D. Eisenhower, Allied commander-in-chief, NBC and CBS reported in broadcasts tonight from Algiers.

ALLIED HDQ. IN AUSTRALIA, Tuesday, Dec. 8 (AP)—Allied airmen destroyed 20 Japanese planes in New Guinea yesterday and continued their relentless dive-bombing of enemy troops pecked in the Buna-Gona coastal strip, a communique said today.

Eighteen Japanese pilots who tried to relieve their ground troops by attacking Allied rear lines crashed in New Guinea jungles.

ST. LOUIS, Dec. 7 (AP)—The Republican national committee ended a bitter battle over the party chairmanship today by electing Harrison E. Spangler, veteran Iowa party leader, as a compromise choice after supporters of Wendell Willkie had succeeded in two ballots in stopping the election of Werner S. Schroeder, Chicago lawyer.

Hannah Says Enlistment Halt 'No Cause for Alarm'

Coed Convo Called for Wednesday

In an attempt to remedy the problems of a lack of labor in the war industries, a convocation will be held for all upperclass women Wednesday at 5 p. m. to discuss the possibility of preparing M.S.C. women to take positions in industry, according to Dean L. C. Emmons.

The deans of the several divisions will meet with the various groups and explain the need of women who have some degree of training or specialization.

As this problem will be discussed with freshmen also, all freshman women are to report for orientation in the Fairchild theater instead of their scheduled group meetings, Tuesday at 5 p. m.

Upperclass women are to meet at the following schedule of places, according to Dean Emmons: Home Economics students will meet in the Union ballroom; Applied Science students in room 222 Kedzie building; Liberal Arts, elementary education, and general college students are to meet in the Music auditorium. All women students are urged to be present, Emmons stated.

Today's Campus

Something Fishy

A carp dinner at Michigan State college Dec. 11 sounds uneventful, but if it is a success it may mean new profits for Michigan's commercial fishermen.

The carp will be served by state home economists who have been seeking methods of preparing Great Lakes "coarse" fish so that the average housewife will serve it to her family.

The experiment is being conducted jointly by the college and the state conservation department.

Attending the dinner will be college and department officials, and representatives of the federal fish and wild life division.

What's New

A few of the more attentive students at chemistry lecture are wondering about an unheard-of name of a gas mentioned yesterday by Prof. Arthur Clark. Learning on some of the rarer gases of the atmosphere, Clark named them as "Krypton, Argon, Xenon, Neon, and so on."

Consider Women for Jobs as Forest Fire Fighters

LANSING, Dec. 7 (AP)—Women will be recruited in an army of forest fire fighters in Michigan, the State Defense council announced today, declaring the war's absorption of available manpower has made this step necessary.

Duward Robson, chief of the fire-fighting force, said the women would be employed principally as headquarters clerks, drivers of light trucks, first aid attendants and somewhat similar capacities.

McLeod Explains Reserve Corps Termination

In compliance with telegraphic instructions from the war department, enlistments in the Enlisted Reserve Corps have been suspended, except as explained below, Col. Stuart McLeod revealed yesterday.

Any person who, on or before Dec. 5, obtained an application card for enlistment in the ERC from President Hannah may complete his enlistment, providing it is accomplished by Dec. 15, 1942.

Any person covered by the provisions of the preceding paragraph must make an appointment with Miss Osgood at the ERC office in Dem hall immediately, and effect the completion of all necessary papers.

On Saturday, Dec. 12, at 2 p. m. in the ballroom in Dem hall, all applicants for enlistment who have not been sworn in, will have their enlistments completed.

The same provisions will apply to the navy and marine corps reserve programs.

The navy recruiting board will be in Dem hall on Friday to swear in navy applicants.

Allied Tank Forces Meet Nazi Counter-attack at Tebourba

By LEWIS E. HAWKINS

LONDON, Dec. 7 (AP)—An intense tank battle was being fought today in the rugged hills around Tebourba where British and American forces clung stubbornly to heights dominating the Bizerte-Tunis defense arc in northern Tunisia.

Both sides were drawing up reinforcements through gauntlets of air attacks and the enemy was throwing his best planes into the battle. The Allied air position is aggravated by the lack of forward air fields in the tortuous mountain terrain.

Long range P-38 Lightnings of the U. S. and twin-engined fighters from Malta have borne the brunt of fending off dive bomber attacks.

Tebourba, 35 miles below Bizerte and 20 miles west of Tunis, is a rail junction from which the Allies had been ejected largely by superior German air power, after four days of bitter counter-attacks last week in which both sides lost heavily in men and material.

Some 700 miles to the east, the British eighth army mustered strength for perhaps a decisive smash at the Axis Africa corps drawn up in the stout and narrow El Agheila defile in Libya. The Germans spoke of bombing "British troops in readiness for attack."

Work, Not Talk

U. S. Launches 15 Warships to Mark Pearl Harbor Day

WASHINGTON, Dec. 7 (AP)—America remembered Pearl Harbor today with work. Officials made no speeches, but shipbuilders launched 15 warships.

Japan remembered too. Amid announcements that an unspecified number of new warships had been commissioned, Tokyo got around to admitting the loss of one battleship and three aircraft carriers, just half the number Washington knows were sunk.

The true score of a year of war in the Pacific, by official United States and Allied count, stood at 394 Japanese ships sunk to 86 American, although Tokyo admitted the loss of only 40 warships.

Symbolic of America's growing might since the war started was the launching of the 45,000-ton battleship New Jersey at Philadelphia. Among other fighting ships which entered the water during the day was the aircraft carrier Bunker Hill at Quincy, Mass.

Martial Law Ends Jap Riot

MANZANAR, Calif., Dec. 7 (AP)—The Japanese relocation center here was under martial law today after a pro-Axis anniversary celebration of the Pearl Harbor attack precipitated a riot in which one Japanese was killed and nine wounded.

Director Ralph P. Merritt said military police fired into a milling crowd of 4,000 in which Japanese-born or Japanese-educated shouted "Pearl Harbor, Banzai! Banzai!" and jeered other Japanese of pro-American sympathies who were endeavoring to assist camp authorities in restoring order.

Reds Overcome Growing Nazi Resistance in Rzhev Area

MOSCOW, Dec. 8 (AP)—Russian troops attacking German "hedgehog" positions west of Rzhev on the central front drove the Nazis from two fortified positions yesterday, but the Soviets made it clear today that enemy resistance was growing both in that area and in the Stalingrad sector.

Sustained Nazi counter-attacks were mentioned in both the noon and midnight communiques. At Rzhev the Germans also were hitting hard in an effort to retrieve lost ground, but the Rus-

sians said they knocked out seven of 20 enemy tanks and killed 200 more Nazis in all-day fighting there.

The Germans also were counter-attacking northwest and southwest of Stalingrad where an 18-day-old Soviet offensive has endangered their big army anchored between the Volga and Don rivers. The communique said all of these attempts were repulsed and that the Russians continued to consolidate their hard-won positions.

Green Helmet Meeting Today
There will be a meeting of all officers and executive committee representatives of Green Helmet at 3:30 p. m. today in room 11 of the Union annex.

Only small-scale fighting continued inside besieged Stalingrad with the Russians claiming the destruction of another German infantry company, six blockhouses, three pillboxes and numerous machine-gun and mortar emplacements.

Dispatches from that front said the battle had entered a "comparative lull," though the Nazis were acknowledged to be counter-attacking violently at points both northwest and southwest of Stalingrad in a desperate effort to retrieve some of their losses.

Status of College Men Will Soon Be Disclosed

Men who have not made any move preliminary to enlistment should not become alarmed. "Status of college men will be cleared up in a few days," Pres. John A. Hannah stated yesterday.

According to the Lansing navy recruiting office, there is a possibility that men who are not yet 18 years old will be allowed to enlist in Navy V-1s. Further notice on this will be available in a couple of days, President Hannah said.

Men who have made preliminary moves to enlistment, such as physical or mental examinations, whether here or out of town, and who have a record of the examination, should go through with the enlistment, Hannah urged.

National Student Meet Scheduled

About 160 delegates from all colleges and universities in the United States will meet on the Michigan State campus for the annual convention of the National Student Federation of America, Dec. 28 to Jan. 1.

Although program arrangements haven't yet been completed, the general theme will be the part of students in the war, and different phases of student government, according to Phil Althen, general chairman.

Entertainment co-chairmen are Betty Gibson, L.A. '43, and Shirley Sawyer, H.E. '43.

Housing arrangements will be handled by Jack Bush, Eng. '43, and Peg Burhans, L.A. '43. Treasurer, Max Dillingham, L.A. '43. Art Underwood, L.A. '43, will have charge of printing, and Len Barnes, L.A. '43, will handle publicity.

Maj. Gen. Ulio Finds 'No Complacent Spirit' in Middle West

Michigan State college saw its biggest gathering of celebrities since Pres. Theodore Roosevelt spoke here in 1907 yesterday when Maj. Gen. J. A. Ulio, adjutant general of the United States, told an assemblage of 300 persons in the Union that he had found "no spirit of complacency" in Michigan and the midwest.

"My visits to the Willow Run bomber plant and other war materials centers have fired me with the spirit our home front is showing," the general said.

Gen. Ulio's advice to R.O.T.C. seniors stressed pride in one's organization and assumption of initiative. "Have a spirit of 'can do,' and don't be afraid of making mistakes," he said.

Memory of Dec. 7 from One Who Knows

BITTER but true, we have been engaged in our mighty struggle for a year to preserve our rights and privileges with which God has blessed the United States. Now we take our year of inventory on our spirit, effort, determination, sacrifice and self-initiative.

The nation depends on the individual. Every one of us, regardless of who we are, is a great factor in the life of the nation. America stands unique with democracy for its heart, freedom for its lung, and liberty for its brain. Those vital organs are threatened; without these we are dead.

Have you ever pitied or felt sorry for yourself? Did you, as young men who are draft age, feel, "What's the use—I don't know or can't plan any future?" Did you feel at all that you would rather take it easy than to work harder no matter what you may be doing? The future and life seem hard to you, but it will be harder if we lose, and there is a big chance of losing, if we take the attitude of "enjoy while we can."

Love your country while you still have a chance, and work hard for it, so that Victory will be yours. Life is short compared with this great universe. Is it not better to give our fullest and die for a worthwhile cause than to exist just for our mortal life of dust? Let us check thoroughly on our own life inventory and make one better for the coming year and on, until we are sure of the ray of light of IMMORTAL VICTORY AND PEACE.

—Dr. Grace Song Line.

ALONG THE WINDING CEDAR

By Len Barnes

DECEMBER 1 at Michigan State has always been synonymous with the hibernation of two things—the football team and our fine R.O.T.C. band. There isn't much we can do about the former, once the season is closed.

But we'd venture to say there are a lot of students who would enjoy hearing an occasional concert in winter by the band. Few members of the band would object. Musicians always like to get together and beat out a tune or two, especially when popular music is concerned.

Music Could Be Semi-Popular

There is every reason to believe that students would attend a series of concerts, modelled on the "pop" concerts of other music centers. The band wouldn't have to let its collective hair down entirely, but could mix popular, semi-classics and serious music.

The 3 a. m. serenading that sororities have been complaining about recently would indicate that students really like to sing.

So community songfests of popular and familiar melodies should go over well in combination with the concert.

Underwood Leads Band

Genial music department head Prof. Roy Underwood took over the band at conclusion of the grid season. A series of winter concerts would pile a lot more work on his already overburdened shoulders, but if students would attend, and the band liked the idea, he'd go a long way to cooperate. Underwood is that kind of a guy. If the setup appeals to you, let us know and we'll forward it to him.

Plant Again to Head Math Department

Professor L. C. Plant, who for 25 years was head of the mathematics department, again took charge upon the recent resignation of Professor V. G. Grove. Since 1939, when he resigned his position to Grove, Plant has been chairman of the scholarship committee at M. S. C.

At his own request Grove resigned from his recent post, having acted as head of the department since Sept. 1, 1939.

The retired department head is one of the best research men in mathematics in the United States, particularly in the field of geometry. Dean of Liberal Arts L. C. Emmons said.

BASKETBALL

(Continued from Page 1)

scoring honors. Mandler and Oliver White each netted nine.

Fred Stone, a junior from Chicago, was the backbone of the Spartan attack and it was actually after he left the game with four personal fouls that the Michigan rally gathered steam. **Slew First Half**

The first half was as mild as a daisy-chain party, with Michigan not even collecting a field goal until 16 minutes elapsed. The Spartans were caught in the same doldrums, but managed to gain an early lead, which they protected until just before the all-too-bitter end.

After intermission the rough-and-ready atmosphere that usually follows these two rivals was in evidence, and then it was that Stone was sent to the showers.

Roy Deihl opened the overtime with a jump-shot field goal for State, but that was the end. This and a successful rebound by Nick Hashu were the only field goals the Spartans enjoyed from the moment the Michigan recovery began.

STATE	G	F	MICH.	G	F
White	3	3	Gibert	1	0
Deihl	2	1	Anderson	1	1
Pengler	0	0	Comin	0	1
Stone	4	0	Wiese	5	1
Petrocki	0	0	Mandler	3	3
Hashu	2	0	Doyle	2	1
Kowalk	1	3	Strack	1	1
			Bikoff	1	0

Totals 12 7 31 Totals 14 9 36

Half-time score, Michigan State 15; Michigan 6.

Free throws missed: Michigan State—White 2, Stone; Michigan—Gibert, Wiese 2, Mandler 2, Doyle 2, Strack.

Officials: Dick Harlow and Rudy Miller.

Williams Men Take Mary Mayo Keglers

Paced by Howard Stuever, the Williams dorm kitchen-help bowlers outrolled the Mayo keglers last night on the Rainbow alleys. Stuever's three-game average of 174 was tops for both teams.

Individual game honors went to Hugh Marshall of Mayo, who hit the maples for a 188 count.

BASKETBALL SCORE

Evanston, Ill.—Western Michigan 52, Northwestern 42.

There will be a meeting of the Ski club Tuesday evening at 7 in 111 Union annex. All members and others interested are invited to attend.

DZV, ATO and Mason 8 Sevens Win Intramural Crowns

By PAT MCCARTHY

Three intramural touch-football championships were decided last night on the frozen turf of the practice football field. In the opening tilt the Alpha Tau Omega club held onto its fraternity title, edging out a fighting Sigma Nu seven, three first downs to two.

The dormitory crown went to Mason 8, which pushed over a touchdown in the second period and dropped Mason 5 by a 6 to 0 count.

In the evening's final, the DZVs, paced by Walt Klewicki, took top independent honors with a 3 first down to 0 win over the Lansing All-Stars.

It was the Sigma Nus that struck first and at the half they led, two first downs to one, by virtue of Walsh aerials, first to Bill Loomis and then to Jim Valerence.

In the last play of the second period the ATO offense swung into action with VonEberstein pitching the ball 40 yards to Art Maischos. The game was tied in the third quarter when Von hit Howie Ladue for a 15-yard gain and George Bush ran for the remaining yardage. The winning toss came on another pass, Von Eberstein to Ladue, with only a few minutes to go in the last period.

A second-stanza pass from Bob Swett to Bob Valliere for six points was all that Mason 8 needed in grabbing the title from Mason 5. Up until that time the losers had been rolling down the field with Ed Lord connecting first with Bob Huston and then with Bob Nordstrom.

"Eight's" scoring play was set up when Swett faded to his right, turned and threw the opposite direction into the waiting arms of Bob Van Andle, who was in the clear. Van Andle sprinted down to within 10 yards of the double stripe before he was tagged by John Babula.

After three passes fell incomplete, Swett bulleted the pigskin

to Valliere, an unheralded blocking back, who dove into the end zone under three Mason 5 men.

Klewicki, State News all-independent selection, ran, kicked and passed the DZV seven to its victory over the All-Stars. The winners started early with Klewicki tossing to Dale Kaulitz for the initial counter in the first quarter.

It wasn't until the third frame that the DZVs were able to put the title game on ice. Klewicki passed twice to Kaulitz for the second tally and a few minutes later Roy Chlopan grabbed a Klewicki aerial for the final first down.

Sigma Chi Weekend Installation Concluded With 'Open House'

More than 500 persons attended the open house held Sunday from 3 to 6 p. m. by the Gamma Psi chapter of Sigma Chi, Dean F. T. Mitchell, grand tribune of the Michigan province, said yesterday.

Sponsored by wives of old and new Sigma Chi alumni, the tea followed a week-end of installation for the new chapter. Thirty-seven undergraduates were installed Friday night, while 56 alumni were initiated Saturday afternoon. Gifts, flowers and telegrams showered the house all week-end to congratulate the neophyte fraternity, Mitchell said.

Dr. W. Henry McLean, past grand tribune, stated that the installation of the Michigan State college chapter was one of the finest he had ever attended, and that congratulations were in order to the University of Michigan and Albion groups for carrying it out so well. Dr. McLean has attended every Sigma Chi installation in the past five years.

Falk Takes Appointment

R. P. Falk, English instructor, recently received an appointment to the Language School of the Navy at Boulder, Colo. Entering the navy as yeoman, 2nd class, he will leave Michigan State at the end of this term.

'Watch on the Rhine' Scheduled for Friday

The original cast of the Broadway play, "Watch on the Rhine," will give Lansing theater-goers their first and perhaps only taste of the legitimate theater for the duration when the well-known drama is enacted at the Michigan theater Friday at 8 p. m., according to theater officials.

The production, written by Lillian Hellman, was a Pulitzer prize winner, and is now on tour, after a year's successful run on Broadway. Only one performance is scheduled on the Lansing stopover.

Several NYA Jobs Available

Because of the number of persons dropping out of school next term, there will be several positions open for students desiring NYA work, according to Glen O. Stewart, director.

Applicants should see Stewart in the office of the dean of men before finals start, he said, so that positions may be secured before that time. There is a special need for stenographers, Stewart added.

Christmas Festival Slated for Sunday in Auditorium

The "Festival for Christmas," to be presented by the departments of music, art and speech, and Orchesis, honorary dance organization, will be held in the College auditorium Sunday at 4 p. m., according to Prof. Roy Underwood, music department head.

The festival will be composed of three parts: "The Divine Mystery," a parable for modern times; the traditional community singing of Christmas carols, which will form the central part of the festival, and "Children at Bethlehem," a cantata for a children's chorus and orchestra composed by Gabriel Pierre.

Spartans to Be Repaid With Free Movie

Michigan State college students will be admitted free all day Thursday to see "Kid Glove Killer" starring Marsha Hunt and Van Heflin, State Theater Manager Verne Sicotte said yesterday.

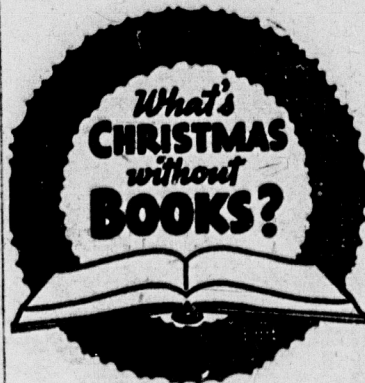

This is the 10th year that the State theater has sponsored the "good will" show in gratitude to students for not rushing the movie house after football games and pep rallies, Sicotte said.

Buy War Bonds and Stamps—keep 'em on the run.

Home Ec Board to Sponsor Student-Faculty Tea

Freshman Home Economics board will sponsor a student-faculty tea from 4 to 5:30 p. m. today in the little apartment of the Home Ec building, according to Pres. Betty Brown. The tea, second student-faculty get-together of the term, is open to all Home Economics students whose last names begin with "A" through "Bru."

Invest in Victory—Buy War Bonds and Stamps.
