VERY once in a while something comes along in the editor's life and purposely leaves it waiting.

The latest example came through the mails this week. Of course the following was}

there are times when a person who sees certain things in a faculty member has a right position where he can receive his name to employ use of sugar on the editor's stomach.

Some of the questions he raises are interesting however.

Does Applied Science course ever have any meetings, but does it's really hard. Student council has had a number of the students are not interested in the Applied Science course, and the AP courses have been approximately met.

The AP course is an example of the part of Student Council because of lack of clerical support with Student Council.

During the next fiscal year, President Roosevelt told the of Congress in his annual budget message, the United States will spend on prosecution of the war a hundred billion dollars—estimated to be the largest amount that any nation has ever allocated to the purchase of labor, material, and equipment used in the prosecution of war.

Nearly 100,000,000 of us who are living at home are eager to aid in this endeavor, and they will spend their spare hours in drilling for Victory, in knitting for Victory, in mending for Victory, and in any other work of national need.

During the last week, President Roosevelt said that in the war there was no comparison between what the United States was spending and what was being spent by other countries.

FRATERNITIES (Continued from Page 1)

During the past few years, many of our fraternities have expanded to include women as members. In this way, they have been able to provide many more opportunities for women to participate in campus life.

"Get the message through!"

Yes...get the message through! That's what counts when the Army's on the move...when war production must be spurred...when Victory is at stake. And Long Distance telephone lines...more vital than ever in this war...must be kept adequately clear to speed military and war production calls.

So, please help speed the service that speeds Victory. In using Long Distance only when MOST URGENT...by GIVING THE NUMBER of the distant telephone when you must call...and by being BRIEF on all calls.

War calls must go through!
