**ONE MAN'S OPINION**

By ELLIS BEAUMED

A certain school with more than its share of interesting students is said to be more interesting to passersby than inside. For at the Michigan State College, this is not the case.

The only real reason why there are so many women at Michigan State is that women are as much a part of the educational life of the school as men. This is shown by the fact that women's organizations are as active as men's organizations, and that women are just as interested in the school as men.

Wider Range of Sizes

Today, many Long Distance telephone lines are congested. New ones cannot be built because of material scarcities. Yet vital war calls must be through promptly.

You can help keep lines clear for war calls by following these suggestions:

1. Make NO Long Distance call unless it is extremely urgent.

2. When you MUST use Long Distance, give the operator the number of the distant telephone, if you can.

3. Keep all your Long Distance calls as brief as possible.
