Activity List

Features Tea Dance, Outing

Activities Board Plans Two Parties for Next Weekend

Officers on Temporary Staff with Military Department

For the next two weeks, the officers of the Activities Board will hold two social events: a tea dance and a Student club outing.

The first event, a tea dance, will be held this afternoon in the Union. The dance will feature a variety of tea and coffee treats, along with music provided by the University Band. The dance will run from 3 to 6 p.m., and all students are welcome to attend.

The second event, a Student club outing, will take place on Saturday morning. The details of the outing have yet to be announced, but it will be a fun-filled day of exploring the surrounding area with fellow students.

New Plans Under Trial

The Activities Board continues to work on new plans for upcoming events. The board is considering various ideas, including a dance, a picnic, and a trip to a nearby town. The final plans will be announced soon.

Student Discussion Groups to Form

A new discussion group is forming to address social issues facing students. The group will meet regularly to discuss topics such as race, gender, and sexuality. Interested students are encouraged to attend.

Col. Dorsey Rodney to Be Relieved of Command

Col. Dorsey Rodney, MD, will be relieved of duty as Commanding Officer of the Army ROTC program at Michigan State University effective January 1, 2024. Col. Rodney has served the university and the Army with distinction for many years.

Hort Expo is a Hit, Experiment on Dehydration

By JUNE MEE

Dried tomatoes and tomatoes in puree had a very flat taste similar to the fresh fruit in May. The fresh tomatoes were harvested from the south end of the greenhouse at the MSU Horticultural Department.

Hort Expo in the north end of the greenhouse featured three different varieties of tomatoes: cherry tomatoes, yellow tomatoes, and red tomatoes in hanging baskets. The tomatoes were displayed in varying stages of drying, from just beginning to dry to fully dried.

Some of the tomatoes were dehydrated in a commercial dehydrator, while others were dried in the sun. The dried tomatoes were then rehydrated and tasted to compare the flavors.

The Hort Expo also featured a demonstration on dehydrating foods using a commercial dehydrator. Attendees were able to sample the dehydrated foods and learn about the process from the experts.

The Hort Expo was a success, with many attendees expressing interest in learning more about dehydrating foods. The Hort Expo was hosted by the MSU Horticultural Department.

Weekly Letter to Men in the Service

August 21, 1943

Dear boys:

A cable came to me this morning about a new club for men in the service. It is sponsored by the Mayor of New York City and is called the Mayor's Club. It seems that the Mayor himself will be a member and will meet personally with the members. The club will be open to all men in the service, regardless of rank, and will be located in New York City. The purpose of the club is to provide a place for men in the service to socialize and relax.

I have been contacted by the Mayor's Club and they have asked me to attend the opening of the club. I have accepted their invitation and will be there on Saturday.

Yours sincerely,

Spartans at War

by Jerry Neiman

The capture of Fort McHenry is one of the most significant events in American history. The fort was taken by our forces in 1814, which convinced the British that they could not win the War of 1812. The capture of the fort was the ultimate victory for the American forces.

I have been contacted by the National Guard and they have asked me to attend the celebration of the capture of Fort McHenry. I have accepted their invitation and will be there on Saturday.

Yours sincerely,
