THE Editor,

A note in the Feature item which appeared in the Student Government section of this week's issue noted that he and the president of the Student Government had attended the March of Time and apparently failed to notice the anti-Communist emphasis of the program. As a member of the Student Government, I was present at the March of Time last Saturday and was appalled at the anti-Communist propaganda.

Hall Makes First
Public Report on
Moscovian Paut

WASHINGTON, Nov. 9 (AP)—Mrs. Paul M. Hall issued a
report today setting forth her apportionment of interna-
tional aid through various projects in her State, Russia, to
foreign countries and to the United Nations.

A complaint made by the United
States is that our foreign aid should be
restricted to the countries that need it
most, and to the United Nations. Mrs. Hall
was accused of violating this rule in her
report.

She has just been appointed,
and will be responsible for the
administration of the money that she
receives from the United Nations.

President Cites Need
for 17 New Buildings

The Board of Trustees has been
asked to raise $1,000,000 for the
construction of a new library and
physical plant. President C. E. M. Bell
has called a meeting of the
Board of Trustees to discuss
the matter.

The news given at the
meeting of the Board of
Trustees was that the
building committee
had decided to build
a new library and
physical plant.

The new library will
be located on the
edge of the
campus, and will
be connected
with the
old library
by an
tunnel.

The new physical
plant will
be located
adjacent
to the
old
physical
plant.

The new buildings
will be
completed
in
two
years.
