Japanese Planes Caught by Allies in Surprise Raid

ALLIED HQ IN THE SW PACIFIC, Saturday, Feb. 5 (AP) - Lighted Japanese planes were discovered by allied screens in a heavy raid on the Japanese base at Weeek, New Guinea, Gen. Douglas MacArthur announced today.

Apparently the Japanese at Weeek were caught completely by surprise.

Seven two-engined planes were caught unloading and attacked.

Wrecked in the mists are reportedly bases for the entire Japanese fighter fleet in the southwestern New Guinea area.

A total of 20,000 tons of vital rubber destined for the Japanese is reported to have been sunk.

State Coeds Continue Bowling Tournament

Another round of women's bowling tournament was played off last night, bringing the total number of teams to seven. The four-week long season was started by Marion Fox, Donet senior, with a high score of 183, and the Sigma Kappa team to a 609-214 victory over North William.

Alpha Gamma Delta defeated Delphine 306 to 168, while the independents, won over West May, 489 to 356.

Blockade Runners Sink in Atlantic by U.S. Ships

WASHINGTON, Feb. 4 (AP) - Scouring through the north Atlantic, U.S. warships wiped vital to the Axis war machine, three tiny blockade runners were sunk by American warships en route to the battlefield.

All had started their voyages in Japanese-held ports, the story revealed today, and their holds were loaded with tons of rubber, timber, oil and shipping

Many of the stolen cargoes were valued, particularly hundreds of barrels of vital rubber floating in the debris after the runners were sunk.

Many prisoners were taken from the three ships, whose crews attempted to scuttle their vessels to save the cargoes, but they were unable to destroy the ships in time to prevent capture of the valuable cargoes.

Violent explosions knocked the enemy ships ashore, but they remained afloat until sunk by shells from our cruiser, Ramapo and the destroyers Jefferson, Grumman and Sewall. Largest of the intercepted blockade runners was the Hongkong, 372 ton Hamburg America Co. ship built in Hamburg, Germany, in 1895. The ship was the largest of her kind in the world, she had a cargo of 500 tons of the 425-ton Liberty Maru, built in Germany.
