Today's campus

Eager Bears

It seems everyone is anxious to receive a glimpse of the new Science building that is scheduled to be completed by the end of the semester. The building will be dedicated to the memory of the late Professor John Brown, who made many contributions to the field of education.

RAF, AAH Hit Nazi Airfield in France

LONDON, April 14 (AP) - RAF Mosquitoes bombarded Berlin last night probably with threecterize and American Thunderbolt fighter-bombers to target the third step of the visitors at a major airport in the Rhineland. The bomber attack came a day after a similar attack by Allied air forces on an airport in the Rhineland.

The Mosquito and Thunderbolt raids from Britain last night were made against relatively minor targets, participating in a vast Allied invasion from the east.

Final Marriage Lecture Scheduled

Last of the series of post-military service lectures for the first semester this annual marriage lecture program, sponsored by the Division of Religion and Christian Education, will be given on Sunday, May 5th, by Dr. Robert Foster of the Merrill-Palmer school in Detroit, according to Chairman Marge Jehle, Detroit.

Foster, who addressed the first group on wartime marriages last Thursday, will lecture on the adjustments of the first year of marriage service.

LETTERS

TO THE EDITOR:

T he new policy of this paper will be to allow letters to the Editor signed by teachers and students of the school. This policy is being put into effect as a result of the recent storm of criticism that has been directed at the school. The policy will be enforced, and any letters that are not signed will be returned to the author.

Dr. Harold L. Brown, superintendent of the school, gave a statement on the matter, saying that the policy is a necessary step in the running of the school. He further stated that the letters will be read by the editor before they are printed, and that he will not print any letters that are not in accordance with the school's policy.

The weekly letters column will be opened on Tuesday, and the letters will be due by Thursday.

The letters column will be a place for students and teachers to express their opinions on various matters, and it will be a way for them to communicate with the school and the community.

Sincerely yours,

D. L. WILSON

THE EDITOR.
Spartans at War

BY JOHN HICKET

Vernon (Bad) Fairbanks, Detroit, who left State last spring with the ERG, is now stationed with the industry unit at Ft. Leonard Wood, Mo.

James Steneker, 42, is a newly commissioned warrant officer in the coast artillery. He was commissioned last week-end at El Paso, Texas.

Mayo Canteen, Union Board Dance Head Party List

State Service Section

Franky Dance, Tea Also Scheduled

Mayo Manuevers, the open house to be held at East Mary, Friday night, from 9 to 12, will carry out a South American theme, Chairman Virginia Ede, Detroit freshman, has announced. Everyone on campus is invited to this dance.

Entertainment will include folklore telling and pig pong. The main features of the evening will be a floor show which includes dances by Jacki Bullen, Jackson sophomore, and Four Flats, a quartet of students. Group Singing, led by Virginia Ede, will also be present, and Joyce Searcy, Detroit freshman, will open the dance.

The Union board dance in the Union ballroom tonight is also on the list of social activities for the weekend. Rosemary Holland and her all-girls orchestra will furnish music for the dance from 8 to 12. Tickets are on sale at the Union desk and at the public relations office in Abbott hall. The dance is open to all students and will be held in the Auditorium.

Athletic Director Books Missouri for Fall Football

M.B.C.'s first gridiron contest has been scheduled for next fall with the looking of Missouri at Columbia, Mo., on Saturday, Nov. 4. Ralph Bessey, athletic director, has reported.

This is the first definite action taken for next fall's football season last week voted to resume intercollegiate sports on July 1. The intercollegiate program was dropped last August when any induction depleted books of Spartan athletes.

State is at a disadvantage since most other colleges had schedules completed, but Bessey is confident that his options with a number of schools will produce a fall football program in State in its intercollegiate competition next fall.

No games, however, will be against a college having a navy or marine personnel for the head coach, a violation of the faculty action approving the regulations.

Charlie Bachman, head football coach, will be working with strict dietary material, since there are no varsity men left on campus. But he is optimistic about his door. He said: "We hope to have as good a civilian team as our opponents."

LETTERS

(Continued from Page 3) Fonsion of scientific terms in "goop" in Thursday's "Today's Campus" column, which began: "Novel genus of the species Homo sapiens..."

Furthermore, even if the statement were correct to read "Novel genus of the species Homo sapiens" it still would be in error. In identifying an animal or animal group there are three headings under which it may be classified, beginning with "knight" and "pliny" and ending with "species". "Genus" is a larger group than "species". "Species" is separate, and then divisions and sub-divisions between "species" in the classification. In other words, the animal may belong to genus "Homo" and not be species sapiens. To be scientifically identified the statement should read: "Novel genus of the species Homo sapiens..."
