Students!—this is Mrs. Snodgrass who will lecture a week on the joys of keeping house!—just lay the groundwork for postwar years, of course!

DEAREST Johnny:

The sun has been beating down with torrid rays the last part of this week, with the result that many campus culrets are taking on a bolted beet look. Seniors, in a frantic mood now that they're on the last lap, started their activities off Wednesday with a student-faculty mixer.

We've been anticipating this week with a Home Ec banquet and a choral festival. Thirty Michigan high schools sent their best decorated choirs and we yesterday competed in this festival.

Junior men got another treat this week when the entertainment show hit the road again for its last performance of the season. From all reports, the girls enjoyed it more than the scenery, which I think is as much as the men appreciated the music. The event was a huge success, although this would not necessarily be the case had Mr. Miller been there.

The baseball team is clicking right along these days with fight still left to go. The Beavers have been in the lead for 1-0 last Saturday in an easy win, but bogged down with the Inns from noon Tuesday afternoon to warmer weather.

Yesterday they set out again for the city for a scuffle in the Mayors' Cup. In the afternoon they'll meet the 2 of D. at Northwestern field.

Agony at noon, all in a dither over the Polinaczek prize, will have their prey queen crowned tonight by an olive branch, no less. I don't get the connection unless they want to pour oil on troubled waters.

Summer school students have a fine summer entertainment program lined up for them as a panacea for heat, sunburn, and study. Alice Templeton will make a long awaited appearance at State July 15. Besides movies, Slim Williams, a famous Alaskan dog shotter, is listed. Sounds entertaining, doesn't it?

The canoe business is thriving as usual when spring fever hits the campus. I like to go canoeing, of course, but I find it's a little different when you have to paddle yourself. The scenery is wonderful, but so is the activity in some of the more isolated parts.

So glad you got out of quarantines. Next time you get sick, try to be a man-sized illness, will you? Chicken pox doesn't sound so juvenile.

Materially yours, PRO

U.S. Sky-Fleets Blast Leipzig, Czecho-Slovak Factories

LONDON, May 13 (AP)—Smashing through swarms of German fighters in one of the war’s fiercest aerial battles, an American sky-fleet of 2,000 bombers and fighters struck today at five big Nazi synthetic oil plants and shot down 160 enemy planes at a cost of 30 bombers and 10 fighters. A total of more than 3,000 Allied planes based in Britain bombarded targets from the first time in the war and blasted another Gestapo oil plant at Brux.

Thus the RAF’s night shift apparently was carrying the war’s greatest aerial campaign into the fifth week of intensive assault.

Leipzig by Flak

The main blow was delivered in the Leipzig area, where the Germans had concentrated four important refineries furnishing a lifetime for Hitler’s armies of the western and southern fronts. In addition two formations of Fourtunian bombers crossed the English Channel and blasted the all-important Anzio oil plant on the coast near Rome.

The Americans—tactically skillful, as an aircraft repair plant and rail yard near Wurzburg. American heavy bombers, it probably their longest haul over an unknown area, excepted the Regensburg raid. Fried. 13.
