American Naval Air Arm Forces Duck Warships From Philippines

U.S. PACIFIC FLEET—(AP)—Japan's naval and air forces were met by devastating raids by American submarines, destroyers and patrol craft, plus air attacks from coast, land and sea. The Japanese have been pouring men, material and planes into the Philippines ever since the first American landings in the area.

In a three-lightning strike over a period of two weeks, the American naval air arm has forced the enemy warships from anchorages in the front, and is now on the way to the defending forces.

Deliveries Curtailed

No deliveries of the State University of Michigan were made this term to the headquarters of the U.S. and Allied forces in the Philippines due to the enemy's heavy shelling of the area.

ON THE JAPANESE HOME FRONT

Japanese scientists warned that the country's economy was being seriously disrupted by the war. The scientists said that the country's factories were being hit severely by the enemy's air raids. The scientists also warned that the country's food supplies were being depleted due to the war.

Germans Throw in Three Divisions Against Stubborn British Band West of Arnhem; Allies Appeal to Foreigners in Reich

SHAPE, Sept. 25 (AP)—A great battle raged on eastern Holland last night, a battle the enemy hurling elements of three to four divisions against a valiant British band clinging to the isthmus of Arnhem.

A British ship, the Arnhem, was sunk north of the broad Nether-Rhine just west of Arnhem.

The British second army, pouring a broadhead across the river barrier, also was under violent attack as it strove to drive up to the besieged airborne force which has fought alone for nine days. Its supply lines have been cut off.

The British are fighting against three pressed German divisions. The chief, and eastern air raid, have been continuous on the eastern front.

Director Announces

Time Schedule for Play Tryouts

Tryouts will be held for the fall term play "Plunk Lady," according to Edward Washburn, chairman of the department of drama at the University of Michigan. The tryouts will be held on Tuesday, Thursday from 7 to 10 p.m., according to Day Book, play director. Up to 70 performers are expected to audition for the play, which opens on October 10.

The play is a psychological thriller much like last winter's "Guest in the House," and concerns a kind of philanthropist who becomes involved with a gang of crooks.

Gridiron Faces Deadlines

As Third Annual "The Scarlet Skirt" faces deadlines, playwrights, editors, and photographers work around the clock to produce the magazine.

An annual event, "The Scarlet Skirt" is a collection of short stories, poems, and photographs that are written, edited, and photographed by students. The magazine is published by the Gridiron, the student newspaper of the university, and is distributed to students and alumni.

The work is done by members of the Gridiron, who are responsible for the content and layout of the magazine. The Gridiron is a student-run organization that is dedicated to producing a quality product for the students.

The magazine's popularity has been growing steadily over the past few years, and the Gridiron is working hard to keep up with the demand. The Gridiron is currently working on the fall issue of "The Scarlet Skirt," which will be released in November.

The Gridiron thanks all of its contributors for their hard work and dedication to producing a quality product.

DETROIT, Sept. 22 (AP) - James Christopher,linky Philadelphia rightfielder, fanned the Detroit Tigers on 11 hits today as the Athletics captured the opener of a three-game series, 2-1, in the first paid crowd at 3,881 fans.

The Tigers lost, cracking a four-game winning streak, gave the Athletics the opportunity to tie Detroit for the American League lead tonight, by beating Boston.

Christopher, catching the Tigers for the second time this season, finished brilliant ball. Detroit's hits were infield scratches and only six balls went into the Philadelphia outfield all afternoon.

Irvin Hall's double leading off the Philadelphia eighth inning, followed by Fred Garvin's single over second, provided the scoring run, breaking a 1-1 tie and sending Bow City down to their 14th defeat. Detroit had been in four in a row before today.

American Fifth Army Fights Toward Nazi Escape Route

Western Yanks Advance to Bologna

ROME, Sept. 25 (AP)—American fifth army troops, smashing beyond the core of the enemy's Gothic line, were fighting forward tonight less than 13 miles from the Bologna-Rimini highway, main escape route for German forces still battling desperately northwest of the Adriatic port of Rimini.

The thrust toward the highway—the Via Asinelli of the Romans—for was the thrust of Firenzuola. Farther west Yank troops continued to advance in the Fiera pass area and reached points roughly 13 miles from the big industrial city of Bologna.

An Associated Press dispatch from the Swiss-Italian frontier reported American forces were within 12 miles of Bologna, a city of 300,000.

(112 Allied bombings had disrupted all public services in Bologna, including supply, and that bloody fighting was in progress on the streets between Italian Partisans and Fascists.

In the Adriatic sector eighty-five troops, 2,900 yards beyond the Rimini-Bologna highway, north of Santa Dalmatina and to within 1,900 yards of the historic Bolsena river, where they were checked temporarily by fierce partisan resistance.

Enemy parachute troops, infantry and armored forces were fighting desperately to hold a line across the entrance to the wide and fertile Po Valley.

British Reveal New Security Plan

LONDON, Sept. 25—The British government made public today the recapitulation of the reorganizing of part of the security plan affecting the army and child in Britain and the government's answer to the controversial Beveridge plan of a year ago.

It would provide unemployment and sickness insurance; health service; widows' pensions; retirement pensions; family allowances; orphan's allowances; modern education grants and death grants.

Basically the government plan would be designed to establish a better off for the country and that it is the Beveridge plan.

Young Leaders—Field Marshal Gen. Albert Kesselring's three vicious tanks were destroyed on the Yanks Near Bologna;

British Cross Rubicon

ROME, Sept. 26 (AP)—American and British forces are now engaged in the battle for the last of the enemy lines, which has been under heavy fire for the past week, and is now almost completely surrounded by Allied forces. The fighting is expected to continue for several more days, and the outcome is uncertain.

Field Marshal Gen. Albert Kesselring's three vicious tanks were destroyed on the road to Bologna, in northern Italy, as the German counterattacks and se¬
manship of our men and aircraft have proved too much for the enemy. The battle has been going on for several days, and it is reported that the German forces are on the verge of defeat.

Allied Leaders Announce Home Rule Plan for Italian Reconstruction

WASHINGTON, Sept. 26—(AP)—President Roosevelt and Prime Minister Churchill today announced their decision to work together in the formation of a government in Italy that will be free and independent of the control of the Axis powers.

Rushing Changed

In order to expedite the supply of weapons and ammunition to the Italian resistance forces, the American and British governments have agreed to change the present system of supply, which has been slow and inefficient.

The designations of Italy as an "enemy" nation, barred from commercial relations with America, will be removed. In addition, the Allies will continue to provide military aid and supplies to the Italian resistance forces.
Speaking for Myself

By BARBARA DENNISON

FOR THE first time in over six weeks the campus and Union have been in session for a period of life once again. Only a week ago classes began and the two sessions of summer school came to a close. This week has seen the resumption during the summer months.

For the first time in over six weeks, there was a strong movement on campus almost as much as a result of the wondering if they were going to have a winter as far as the band was concerned, wondering about for the whole summer time.

After all the teachers were wondering about the lack of color that would be there, about the lack of student activity, about the lack of social events, about the fact that there would be no more campuses of summer school can imagine the great excitement that was felt during the summer months.

It is true that the return to school was stronger than it has been in the past, but it was stronger because of the fact that the students were looking forward to the resumption of activity on the campus. It is true that the band was wondering about the fact that there would be no more campuses of summer school.

Dizzy Trout Blanks Athletics
For 27th Victory of Year
Tigers' League Position Still Hinges on Boston

DETROIT, Sept. 26 (AP)—Paul (Dizzy) Trout, mak¬
ing his 27th victory of the season, shutout the Phila¬ple//Athletics, 6 to 0, today as the Detroit Tigers won a half-game ahead of the St. Louis Browns pending their game against Boston.

The Tigers defeated the Baltimore Orioles, 11 hits and all their runs in four innings, in a game that was called because of a rainstorm.

In the fourth inning, Trout shut the Athletics for the fourth time this season. Trout missed six batters out of nine coming after two were out and never was in serious trouble. Trout was starting his game in seven days.

Call Schuh, who took the hill for the Whitehorns, couldn't do the same, as he allowed hitter numbers, who resembled the biggest hitter in the land, to add a run out of the third inning.

Trout started throwing the ball in the third inning and didn't miss a beat until the seventh inning. Trout in the seventh and eighth but both runners came with two out and the box were unable to push a run home. Trout moved past first base in the seventh and the runners moved past first base in the eighth. Trout in the seventh in the seventh.

The Tigers defeated the Athletics for the seventh consecutive victory for Boston. It was the Tigers' Brown's seventh consecutive victory.

The American Telephone and Telegraph Com¬pany, its twenty-one associated operating tele¬phone companies, Bell Telephone Laboratories, and Western Electric Company, continue to face unprecedented demands for telephone communication.

Never before in the country's history has there been so much evidence of the indispensable part telephone service plays in the life of the nation. It makes an important contribution to the effectiveness of every part of the war effort.

Advancing Russian Armies Threaten Germans at Riga

Nazi May Make Last Stand in Baltics

LONDON, Sept. 20 (AP)—Yielding more than 500 towns and villages to the Russians, the mauling drives of the German northern army corps fell back on Riga tonight for what may be their last stand in the Baltic states.

A brief Soviet communiqué reported that Red army forces took more than 200 places in their drive to clear the scattered and disorganized enemy from the west coast of Estonia southwest of Tallinn and punishment down within 45 miles of Riga, taking 200 places in Latvia.

Riga, last Baltic capital in enemy hands and a highly valuable naval base, has now nearly two months to defend, with a Warsaw pact force standing on the border ready to move straight into the area.

The Soviet communiqué also noted that the number of Soviet troops in the Baltic states had been increased to more than six or seven divisions, with a further corps leading westward along the Latvian and Lithuanian border.

The Soviet communiqué also noted the extension of the Soviet naval blockade of Turkey, in southern Poland 10 miles from the border of Czechoslovakia, and nine other communities in that mountainous frontier region.

The Russians were silent concerning all other fronts, but the German radio said Soviet pressure on the Polish-Soviet frontier from Romania was increasing, with several German divisions being sent into Hungary from the area south of the Volga.

The only news of the fighting at the moment was that the Underground forces of Gen. Dietrich von Saucken, which broke through from Romania was being driven into Hungary, and all their area according to reports from Mosco.
