**FDR Disinterested in Support of Communists or Fascists**

WASHINGTON, Oct. 5 (AP)—President Roosevelt, who has already declared the "red herring" of Communist and Fascist campus candidates, declared last night that he does not welcome the support of Communists or Fascists.

The city of Communism, he said, has been raised by "labor leaders and some political leaders," who apply the term to every progressive measure and to the views of every foreign-born citizen with whom they disagree.

**Cards Tie Series With 3-2 Score in Second Game**

**SPORTSMAN'S PARK, St. Louis, Oct. 5 (AP)—**The Cardinals took the Browns by a lightning lapse to gain an early lead and then fumbled out with two timely hits in the eleventh inning today as they whipped the American League champions 3 to 2 and squared the first all St. Louis World Series in the longest game played in the baseball classic since 1903.

Away in an unexpected assault field when the Browns' defense fell apart in the third and fourth innings, the National League titans tied the game in the second extra frame on bases by Harmon and pinch hitter Ken O'Day after the junior league box had mounted Max Lanier for the two runs tying in the seventh.

It was a thriller in constant to yesterday's 8-2 tilt, seen by the Browns on two hits. Both teams were on fire with many mistakes, several scoring plays and impossible plays.

Willie Keeler, a former batterman of the Browns, Faith Ellsworth, who pitched the second game for the Browns, formed a battery at bat in the top half of the eleventh after George Scalia moved the hopes of the Browns off with a double against the right field screen.

Thirteen Browns went down via the strikeout, six by Harry in six fabled one-hit for the first six innings and seven by Donnelly.

BRITISH INVADE GREEK PORT IN NEW ADVANCE

Landing Troops Capture Patrai Airfield, Athens
At City of Athens

ROME, Oct. 5 (AP)—The British have invaded Greece, landing troops by air and sea in the Peloponnesus, pushing forward rapidly and entering the important port of Patrai in a triumphant return to the scene of their bitter 1941 defeat by the Germans.

At Patrai, third among Greek ports, the invasion forces were only 70 miles west of the istmus of Corinth, the narrow neck which leads directly to Athens and links the Peloponnesus to the rest of the Greek mainland.

Other Operations

Close coordination with British Allied operations on the Albanian front, which will take Kythera to the south, it was reported from the Russian advance to Belgrade and the advances of Tito's Partisans in Yugoslavia.

Announced only today by Allied force headquarters, the invasion was already several days old. It began with air and landings which met no opposition, and the Tommies ran into fighting only as they neared Patrai.

No Answer Yet

There they found a German garrison believed to be one of the few left in southern Greece. It was reported that the Germans made one offer to surrender to the British, but had not been able to come to terms. That was on Monday; there has been no specific word since.

Resorted by fighters, parachute troops made the first landings, establishing airfields from which gliders were operated by the time the sea-borne troops arrived at a small port on the west coast, not many miles from the rocky island of Crete, some of the legendary Ulysses.

FRATERNITY MEN

Publish Booklet

On Future Plans

Climaxing two years of work, the Fraternity Men's office and the Fraternity Advisors association has published a 41-page booklet outlining the post war program of the fraternities at State.

The material was assembled at a fraternity conference held on the campus last May 13 and 14. Those who took part in that conference included undergraduate fraternity men, alumni advisors, and representatives of the national offices of the fraternities on campus.

The booklet has been published by the Counselor for Men's Affairs, and Fred T. McMichael, counselor, announced that a limited number of them were in his office in the administration building for distribution to interested persons.

So far State is the first college at which fraternities have worked out a comprehensive post war plan.

The interest shown by other institutions in the booklet will necessitate the printing of several thousand extra copies.

ALFRED E. SMITH, four times governor of the state of New York, and Democrat, candidate for the presidency in 1928, died in New York City at the age of 70.

WILL DURANT TO SPEAK

On World Revolution in Opening Lecture

Opening the college lecture series, Dr. Will Durant, philosopher, historian and lecturer will speak on Friday, Oct. 13, at 8.30 p.m., in the college auditorium. His subject will be "The World Revolution."

Durant is known internationally as a polemical of philosophy. His first work, "The Story of Philosophy," made history when it sold the million copies. It was translated into 12 languages.

He is now at work on "The History of Civilization," of which Part I, "Our Oriental Heritage and Part II, "The Life Greece," have already been published.

Part III, which will be "The Roman Empire," will appear in 1945. "Age of Faith" and "The Age Alexandria" will follow.
