## Today's Campus

### Fit for Tat

There is always the student who thinks of a new angle to get out of answering a question. In his English poetry Prof. Ben Fawcett asked a coed to explain "Tintern Abbey." The coed cheerfully gave an explanation to which Fawcett replied, "That's not the way I heard it." Unembarrassed the coed retorted, "You tell it then."

### One More Try

It's the old, old story of someone getting salt in the sugar bowl but the women of the North Campbell are trying to decide whether it was by accident or for spite. Anyway, all after-dinner coffee has been gingerly sampled by them since they drank the first salty mixture.

## MSC Leaders Meet to Plan WSSF Drive

### World Service Fund Move Brings College Leaders Together

Representatives of faculty and students from major organizations on campus will meet tonight at 7 in the union organization room one to discuss for a World Student Service fund drive, according to Marvin Vorce, East Lansing junior WSSF chairman for YWCA. WSSF fund is the means by which students of colleges and universities throughout the world supply books and study material for students of war-torn nations, service men who wish to continue their studies while in service, and prisoners of war. Food, medical care and clothing are also supplied by this fund.

Faculty representatives attending the meeting are Dr. Fred T. Mitchell, counselor of men; Dr. Clarence L. Cole, professor of dental husbandry; Dean W. Kaykendall, professor of journalism; Dr. Henrick Stafseth, professor of bacteriology; Mrs. Isabelle Gorton, counselor of women and Dr. Shao Chiang Lee, professor of foreign studies.

Students who are representing major organizations are Jim Ebbins, Snyder, N. Y., senior, Student Council; Barbara Denison, East Lansing senior, State News; Bill Graham, Detroit sophomore, Union Board; Jane Cummings, Detroit senior, AWS; Jack Garner, Detroit junior, Interfraternity council.

Also at the meeting will be Jean McKerring, Flushing senior, Pan-Hellenic council; Katherine Mitchell, East Lansing senior, SWL; Ljgia Simons, Colon, Penna., junior, International club; Jack Wallace, of the ASTR; Thomas Hadsell, Cohoctah sophomore, Interfaith council; and Richard Straight, East Lansing junior, American Legion.

## BULLETIN

NEW YORK, Jan. 10—Arthur Feldman, blue network correspondent, said in a broadcast from Luzon tonight that some American columns driving toward Manila have penetrated "considerably farther" than the four-mile average reported in Gen. MacArthur's communique.

## Work Or Fight Bill Proposed For Congress

### Drastic Increase Seen for Draft of Army, Navy, War Workers

WASHINGTON, Jan. 10 (AP)—Draft quotas will be sharply increased in the next six months, government officials disclosed today in urging "work or fight" legislation to fill resultant gaps in war production ranks. The government proposes to extract 200,000 of the 900,000 men needed for the armed forces from occupationally deferred workers, age 26 through 29, in war-essential industries. Needed by July 1. And only through national

service legislation channeling every able-bodied person into the war effort, said Undersecretary of War Robert Patterson, can the 900,000 men be furnished to the army and navy and 700,000 workers be provided for industry before July 1.

Patterson informed the house military committee of the army and navy's plan for the step-up in inductions, which would boost draft calls from the present 110,000 a month to about 150,000.

**War Workers May Be Free**  
At the same time, War Mobilization Director Byrnes reportedly was winding up a series of conferences with top war officials to revise the list of essential industries so as to protect the most important factories from draft inroads.

In turn, some 40 members of the house agreed to ask Byrnes to meet with them to explain the necessity for inducting additional deferred farm youths, the largest group of young men now available for military duty.

## News in Brief

LONDON, Jan. 10 (AP)—The U.S. strategic air force acknowledged today that at the height of the Allied aerial attempt to smash the German winter offensive some American Liberators and Marauders nearly destroyed the Belgian town of Malmédy "in error" while it still was held by American troops.

Earlier Associated Press Correspondent Hal Hoyle had reported the bombings in a delayed dispatch dated Dec. 31.

## Senior Elections To Be Held Next Week In Union

Senior primary elections will take place next week, the date to be announced as soon as arrangements can be made with Union Manager Emory Foster, it was decided at the first regular meeting of Student council held last night.

Final elections will be held one week from the day of the primaries. Seniors with 142 credits completed at the present time, will be eligible to vote, according to the eligibility list prepared by the registrar's office.

This includes students who will graduate winter, spring or summer terms, 1945. Student identification cards will be required of each student intending to vote. No other identification will be accepted.

Voters will check only their first choice in the primaries, with the two highest primary winners running for each office in the finals. The candidate with the highest number of votes for each office will win in the finals.

All publicity and campaign notices of a printed nature must be limited to mimeographed material, it was decided by the council.

## Nazis Withdraw Harassed Forces From U. S. Trap

PARIS, Jan. 10 (AP)—German troops were in general retreat from the western end of their Belgian salient today and were believed already to have extricated the bulk of their forces from the threat of entrapment by American armies smashing into the bulge from the north and south, front dispatches declared tonight.

The U. S. first and third armies, now less than nine miles apart at the waist of the salient after a day of battering advances through ice and snow, thus faced the prospect of finding the pocket empty when they eventually come together north of Bastogne.

The Berlin radio announced Wednesday that German troops had evacuated St. Hubert, anchor city at the southwestern tip of the salient 14 miles due west of Bastogne, and apparently began preparing the German people for a full-scale withdrawal from that sector.

After 30 hours of violent armored battle, American forces swept through the fiercely defended road junction of Sannree on the northern flank of the salient and drove on more than a mile southward.

British troops still were fighting in the outskirts of Laroche, three miles southwest of Sannree.

## Yanks Seize Key Points, Smash Forward Against Weak Enemy Opposition

### MacArthur Reports Linking of Separate Beachheads by Hard Driving Sixth Army; Japs Attempt to Bring Up Troops

### Three U.S. Destroyers of Pacific Fleet Lost in Severe Typhoon

WASHINGTON, Jan. 10 (AP)—Three destroyers of the Pacific fleet were lost during a severe typhoon in the western Pacific, the navy announced today.

The vessels were the Hull, the Spence and the Monaghan. At the same time the navy announced the loss as the result of enemy action in the Pacific of four landing craft (LST), a motor torpedo boat, a small submarine chaser and a small auxiliary vessel.

The Hull and Monaghan had normal complements of about 150 men each and the Spence about 220.

Lingayen airstrip in an average advance of four miles inland in the first 24 hours of their momentous invasion of Luzon.

The general's communique, the second issued from his Luzon headquarters, announced the four separate beachheads, secured after Tuesday morning's landings, had been linked by the hard-driving sixth army troops.

Their spectacular drive inland carried the Americans across most of the swamps and fish pond area, which posed the principal terrain obstacle.

The Japanese were making desperate efforts to marshal reinforcements to throw against the tens of thousands of American troops who swarmed ashore from the Pacific war's greatest armada.

Thursday's communique reported that enemy was feverishly bringing up troops from his prepared positions in the south.

American army and navy planes blasted highways and military installations to cripple these determined Japanese efforts. "Enemy air activity over Luzon has been reduced to a negligible scale," the communique said.

Supplies and equipment to make the Lingayen sector a great base of operations were reported pouring ashore in a steady stream at all the beaches.

The key towns occupied in the Lingayen area were Lingayen and Dagupan, each of about 30,000 population, and San Fabian.

"Innumerable" troops and supply vehicles were reported destroyed on the roads in American air raids which wiped out two highway bridges and one railroad bridge at Calumpit, about 30 miles north of Manila along the main highway.

This destruction threatened to create a severe bottleneck for the Japanese desperately trying to push reinforcements north. The bridges are over the San Fernando and Pampanga rivers in a narrow neck between two extensive swamp areas. An alternate road swings far to the east.

## 'Spartan Athlete' to Be Finished By Spring

### By BETTY ANN JOHNSON

For several months Leonard Jungwirth, assistant professor of art, has been creating a BMOC which will top them all. This massive clay figure, eleven and a half feet tall and weighing 2,000 pounds, will stand as a symbol of athletics at MSC.

Expected to be finished this spring, the huge Spartan will be supported by a five-foot base of brick and concrete decorated with figures portraying the major Michigan State sports. An island in the road to Jenison gymnasium and Macklin field will be the site of Michigan State's "Colossus."

A small clay sketch last August marked the beginning of the figure. Jungwirth next made a miniature about three feet tall, and then began work on the

model of the large Spartan itself. The growth of a giant is no small problem, even under Jungwirth's skillful fingers.

**Spartan Gets Fired**  
For three months the artist worked on the model which was done in gray clay built on a wooden core. The final figure was made by lining a plaster mold of the model with an inch of red Ohio clay.

The clay was dried and the plaster removed. The statue is now ready to be fired, a process which will require about eight days. For a few days the figure will have the distinction of being the only Spartan who isn't complaining about cold weather. Transported in three sections, the figure will be baked at the Grand Ledge Plate Products company.

## LETTERS

### To the Editor

**T**O the Editor:  
I think my correct age should appear somewhere in the paper to put the flurry of letters "for and again" my being heaved in the Red Cedar on a more frequent basis. The fact that I am still high and dry makes the matter one of abysmal indifference to me; yet I hate to see my age dragged through the literary mud, so to speak, by persons who know nothing about me. Such terms as adolescent and freshman infant, true as they may be, go against the grain and I think at MSC I have about 1,000 backers for the statement.

If you people must continue this fruitless argument that has been carried to England, please keep your opinion of eighteen year olds out of it.

Thank you very much,  
TOMMY LA BELLE

## Reds Move in Despite German Counterattacks Around Budapest

LONDON, Thursday, Jan. 11 (AP)—Three-fourths of devastated Budapest now is in Russian hands, repeated German counterattacks northwest of the flaming capital have been smashed and Soviet forces moving westward north of the Danube to outflank the Nazis have driven within a mile and a quarter of Komarom, Moscow announced last night.

Rail traffic out of Komarom, strategic railroad and communications center of the Danube 40 miles northwest of Budapest, already has been blocked by Red Army artillery, dispatches from the Soviet capital said.

The Soviet forward surge in Budapest also has resulted in the capture of practically all the industrial eastern suburbs, the communists have said from Moscow said.

## In-Campus Quarters

By LEONE SEASTROM and DOROTHY LA MONT

**F**ROM the looks of things, if the mercury keeps dropping it will have hit an all time low, and will be sharing headlines and coed conversation with Sinatra for the favorite topic of the day.

We always have our love to keep us warm so they say, so let's see what there is to the statement.

Maybe it's the cold weather that keeps the students wide awake, but not so in the case of Theta pledge Audrey Henderson, Sturgis sophomore, who carries that bright sparkle in her eye for Lt. Jack Yancey, former U. of M. student also from Sturgis. The object responsible being a diamond.

The same goes for Jane Townsend, Zeta Tau, who is wearing said cherished token from Lt. James Keene, stationed at Cortland, Ala.

Dottie Tobias, Chi O, must be able to withstand the Michigan weather when she has a Theta Chi pin from Purdue to monopolize her attention. The pin comes from Al Punzele who was stationed on campus with air forces.

Wedding bells rang for Mary Willis this vacation. Formerly from MSC, Mary is now in Colorado with her husband Harold E. Pomeroy who was attending the University of Minnesota before entering the marine corps.

News from FarnHouse reveals that Gerry Hoyt, junior Vet has parted with his pin which is now in the care of Iris Giron, from Grand Rapids junior college.

Betty Barry, former Kappa pledge, got the best Xmas present of all on Dec. 14 when she became Mrs. George Roseta in Florida. George is a lieutenant in the air forces, and the couple are both from Grosse Pointe.

A new and different fraternity pin has made its way on campus through Gretchen Kienhelski, Flint junior, who received her Delta Kappa Epsilon pin during the holidays. The gift is from Cpl. John M. Converse, 43 graduate of Wesleyan university.

Not to be deterred by zero weather, the Sigma Nus were holed in front of the Kappa house not so long ago coming forth with some pretty good harmony. Stanley Simmons and Dick Keppe are the honored couple this time.

Under the line last year, six new pledges new to Epsilon Chi. Those wearing the pin are Marilyn Moskowitz, Acorn, Mass., freshman; Lois Rose, Detroit freshman; and Bernice Lavitt, Detroit freshman.

Fraternity pledging this week concerns the Psi Us who added four new men to their pledge class Tuesday night. The four are Jim Gayles, McKinon, Rodney Benjamin, Danville, Bob Cvetky, Oosso, and Chuck McCuen, Bloomfield hills. They are all freshmen.

## Student, Faculty Increase Goes to Basic College

After one term of existence, the Basic college has become a lively infant, showing an increase in both students and faculty members, Dean Howard Rafter declared yesterday.

Enrollment in basic college courses has jumped from 4098 to 4167 since last term, while four new faculty members have been added to the staff.

One of the four, Dr. Jean Brice, has been appointed instructor in biological science. A graduate of the University of New Hampshire, she received her doctor's degree at the University of Michigan and has taught at the Texas State Teachers college.

Dr. J. W. Knobloch has been appointed assistant professor of biological science. He comes to State from Harvard and Iowa State, after graduating from the University of Buffalo.

Another new appointee is Floyd Anthony, who is an associate professor of social science, replacing Dr. Austin Van Slyke, who has a year's absence to work for the international labor relations office at Montreal. Anthony attended Indiana State Teachers college and the University of Minnesota.

A new instructor in effective living, John Holland, is a graduate of the University of Tulsa. He has been a field director for the American Red Cross, coming to State from Sapan where he followed the marine landings by nine days.

# Basketball Squad to Hit Road For Cinci, Kentucky Battles

### New Combination to Start Against Ohioans

By JOE HEAGANY

With blood in their eyes the Michigan State basketball team takes to the road this week-end to tangle with two cage quintets, Friday night they hook up with the University of Cincinnati for their second meeting with the Bearcats, and Saturday they tangle with the powerful Kentucky five at Lexington, Ky.

The Spartans will embark from the campus at 6 p.m. today for Detroit where they will have a lay-over between trains. They will arrive in Cincinnati Friday and will leave immediately after the game for Lexington. The squad will return sometime Sunday.

Enlistered by their 72-38 endeavor Monday at Albion the green and white, with a new combination, that seems to possess the offensive punch needed, will try and even accounts with the Ohioans and attempt to trip the high flying Wildcats who are the toast of the nation.

### Cincinnati Game to Be Close

Last Saturday an unheralded Cincinnati five came to East Lansing and before 2,000 bewildered fans proceeded to spot an exuberant Spartan '5' at least a three point margin throughout the first three quarters and then came up and nose them out at the wire 39-37.

The Bearcats were without the services of their star, Al Schneider, who is expected to play Friday. John Mueller and Ken Kirsch are to be the proverbial homes in the sides of the Spartans all night. These three men should really give the now way Spartans another good run for the money.

### New Group Effective

Under VanAlstyne's charge, the Spartans can tip Cincinnati any time with their new combination of Robin, Sam Fortino, Bill Rapch, and Hasha, and Joe Bey. The boys, after they worked like clockwork at Albion, but now they face a better opposition is yet to be seen.

The Spartans return to campus and they will start prepping for their encounter with the Wildcats next Thursday.

## Dances to Fill Extra Hours Of Weekend

Union Board to Sponsor Series of Parties Over Weekend

Adopting a theme of filling in extra hours, Union board will hold a series of all-college dances this weekend.

Friday frolic will take place as usual in the Union ballroom from 9 to 12 p.m., Bill Graham, Detroit sophomore, said. There will be dancing, games and recorded music.

Saturday afternoon, Spartan varieties will feature the regular Party-party, according to Mary Kelly, Kalamazoo senior. With the cooperation of Larry Frymire, WKAR program director, the half hour broadcast starting at 4 p.m. will be a regular part of Party-party this term. Dick Snook will supply music for the broadcast and dancing in the Union ballroom.

### Saturday Dance

Frymire said that any students with talent to offer for the broadcast would be considered after auditioning. It is hoped that some programs may be devoted entirely to talent from one particular dormitory, sorority, cooperative house, or fraternity, he said.

Starting immediately after the lecture Saturday night, Cliff Claycomb and his orchestra will supply music for dancing until 12 p.m., according to Gordon Hueschen, Pigeon senior. Since this will be a short post-lecture dance, it will be a "stag or drag" affair.

It was emphasized that Saturday night dances are usually strictly date dances only, and no stags, either men or women, are permitted. This weekend will be an exception, however.

The dance will mark the first appearance of Claycomb's new campus band which will feature Jackie Bollen, Jackson junior, as vocalist.

### Other Activities

A sleigh ride and a radio party round out the social events for the weekend.

The sleigh ride, sponsored by Student club, will leave Peoples church at 8 p.m. Friday. Patrons for the affair will be Mr. and Mrs. John Price and Mr. and Mrs. Charles G. Dansforth.

La Cofradia will hold a party at the Forestry cabin Friday at 7:30. Patrons will be Dr. and Mrs. Siao Chiang Lee and Mr. and Mrs. Johannes Sachse.

## Lutheran Group To Hold Banquet

Alpha Omicron chapter of Gamma Delta, Lutheran students organization, will install officers at a banquet Tuesday at 6:30 p.m. in the main dining room of the Union, Pres. Emergent Ernst, Saline junior, said today.

Miss Ernst was elected president at a meeting Sunday evening to fill the vacancy created by the enlistment of the former president, John Brummer, of Detroit, in the navy. Helen Gribler, Detroit sophomore, was elected vice-president to replace Miss Ernst.

Other officers to be installed at the banquet are: secretary, Ruth Sahlmann, Erie, Pa., freshman, and treasurer, Mary Osier, Fowers sophomore.

The Rev. Alfred S. Schiepps, Lutheran student pastor and adviser of the University of Michigan chapter of Gamma Delta, will be the main speaker, Tuesday evening.

All Lutheran students and alumni are invited to attend. Tickets will be on sale at the Union desk Thursday and Friday.

## U. S. Must Meet Rearmament Moves With Instant Force, Vandenberg Says

WASHINGTON, Jan. 10 (AP)—Senator Arthur Vandenberg asked congress and the President today to give the immediate assurance this nation will meet with "instantaneous" force any effort of a defeated Germany or Japan to rearm.

Launching a 2½ hour senate discussion of foreign policy, the Michigan senator said this nation ought to demand in "honest candor" that all separate agreements on Europe's snarled political problems be put on a purely temporary basis and subjected to review by a proposed international security organization.

He called for the American government to "relight the torch" of the Atlantic charter with a statement that we have not altered our original commitments to its principles.

The three-pronged proposals made by the chairman of the senate Republican conference draw from Chairman Connally (D., Tex.) of the foreign relations committee the reply—apparently typical of most Democratic reaction—that the problems involved in future world peace cannot be handled now.

Connally was the only Democrat to take part in the debate. Senator Homer Ferguson (R., Mich.) followed Vandenberg with a proposal that the senate take the initiative in writing a "strong, effective foreign policy" statement.

He plans to offer later a resolution urging formation of an interim United Nations council to supervise liberated territories.

But it was Vandenberg, obviously moving to make a Republican record of constructive foreign policy suggestions, who stole the show.
