### Today's Campus

#### All That Meat

There must be a bewilderment to strangers can be attributed to by the quiet. Their rooms last night the coeds were found to have a man. The coeds were found to have a man. The coeds were found to have a man.

#### Blue Spirit

Turn about is fair play, or at least so they say. But not the calculus class of Mary Blyth, math instructor. The class, an independent, well organized group decided to take a short pre-class recess and return at 20 minutes after the hour. When they returned they found that Miss Blyth had not only been there, but had left leaving a triple assignment for the class.

### U.S. Armies Slash Nazi Borders for Four New Breaks

The U.S. Army's first major offensive across the Rhine in rain and snow today broke through the German line by two additional points and overran at least 100 more towns, some of them more than 100 miles from the front. The offensive, the largest since the capture of the city of Cologne, was carried out by the First Army, commanded by Gen. Courtney H. Hodges, with 5,000 tanks and 10,000 trucks. The front extended 100 miles from the Roer river to the Moselle. The offensive was carried out by the First Army, commanded by Gen. Courtney H. Hodges, with 5,000 tanks and 10,000 trucks. ### Pacific Movie, Music to End 30th Annual Farmers' Week

Governor Kelly to Speak at Afternoon Meeting

Farmers' week will close tonight with a lecture by "Singapore Joe" Fisher. Fisher's lecture will be illustrated with colored movies and his topic will be "The Pacific Affair," which will give the audience a broader conception of what American boys are facing. The lecture will be preceded by a concert by the MSC orchestra under the direction of Alexander Schuster.

Gov. Harry F. Kelly will talk to the assembled people at the afternoon meeting.

"The American Farmer's Future" will be the discussion of Albert Gross, Washington, D. C. Master of the National Grange at this same session.

#### Crop Rotation Stressed

Dr. F. C. Bauer, professor of agronomy, University of Illinois, stressed the importance of crop rotation Tuesday afternoon when he spoke to a large group of local beet raisers. In addition to the fertility depletion Bauer also stressed the danger from loss of organic matter, erosion and the gradual deterioration of the soil which will result in the reduction of crop yield.

The cooperation of the farmer was stressed yesterday to show that the plans to keep the soil up as far as minerals were concerned.

Phosphorus was the topic of discussion when C. E. Miller, head of the soil science department, and Paul Hood, extension soil specialist, stressed the importance of the phosphorus content in keeping the soil well mineralized through the use of maple syrup.

#### Maple Syrup Needed

P. W. Robbins, of the forestry department, predicted an urgent demand for Michigan maple syrup to farmers. With the clearing of a sugar-bour wood will use the syrup for strengthening their operations. A small amount of containers and other equipment to collect the syrup may be released soon, Mr. Robbins pointed out.

Post-war agricultural problems were discussed by W. E. Anthony at a session on agricultural economics in connection with Farmers' week. The session of post-war agriculture were: (1) provide its share of farm products of good quality at consistent prices, and (2) to maintain adequate standards of living, health, and education among Michigan's rural people.

### MSC to Have Vacation Despite ODT Request

The recent request of the Office of Defense Transportation to have spring vacation will not affect Michigan State, President John A. Hainan said yesterday.

With the MSC four-quarter arrangement, a period is needed after each term ending for professors to grade the work and turn in marks, and President Hainan said that this year will be no different.

In his view that any suggestion of such a cancellation are made, he remarked that they could be "duly considered" but vacation will begin March 17 according to schedule.

## In Campus Quarters

By DOTIE LA MONT and NAN TRABUE

FROM all indications, the man with the whiskers from the north pole has taken a decided liking to this particular section of the universe. Thanking said individual for his interest, people are putting out welcome signs and reading books on "What to Do if Isolated in Alaska." They say it's a remedy for all warm weather fiends.

It Dave Sullivan, Sigma Chi, accepted the welcome sign put out by brother Jim last weekend and took the occasion to announce that his pin is now in the possession of Phyllis Po "P. J." Cox of St. Louis, Mo. Dave is a '43 graduate from the Vet school, and is now in the Vet corps.

Last weekend found several coeds Detroit bound for the wedding of Bets MacLachlan, 45, to Lt. Walt Vallett, 45. The couple are originally from Detroit, but owing to army regulations are now in Paris, Tex. Joy Barrowclough and Marvel McGarr, Alpha Chi, journeyed for the occasion to be bridesmaids.

More dispatches from the army reveal PVT Jack Buehler stationed at Scott Field, Ill., to be one more G. I. who prefers an MSC coed. The particular coed in mind being Louisa Bell, freshman, who received her ring last weekend. The couple are from Owassee.

Twosome has been changed to threesome in the Richard Dorson home since last Friday when Gaby Roland made his official arrival. History classes taught by Professor Dorson have received the announcement and are suggesting a holiday to celebrate the event.

A breakfast at Hant indicated that initiation was being celebrated for the AOPis last Saturday. Among the guests present having just received their active pins were Shirley Thorpe, Detroit, freshman, sophomore Carolyn Baumgardt, Lansing, Carlotta Cox, Bannister, Marine Trainer, Olivet, and Madeline Doster, Doster.

Others included sophomores June Soos, Elgin, Ill., Wilma Finch, Eaton Rapids, junior, Betty Landis, Houghton, Jean Gambia, Grand Lodge, and Vicki Knauis, Montgomery.

Sunday marked the day when 16 new active Zeta Tau Alphas began to wear their pins. They are Ray Reed, Eau Claire, Wis., senior, Gloria Mann, Detroit, junior, Beatrice Beadle, Yale, senior, and Del Peterman, Grand Bane, junior.

Still more are sophomores Helen Grebler, Detroit, Dawn Hall, Detroit, Phyl Rowe, Evart, Betty Van Frank, Coopersville, and Helen North, Evart, Freshmen Margaret McDonald, Detroit, Kathy Johnson, Pontiac, Grat Warner, Fort Wayne, Ind., Jean Hart, Saginaw, Mary Lee O'Brien, Dearborn, Kathy Reed, Flint, and Nan Steiger, Lansing, complete the list.

## Snooping in the Shops

By BARB FEARNSIDE

We're not snooping in shops this week because our appetites finally won the battle over will power about calories and expanding waistlines. Another pound or two won't make much difference.

We went snooping for food for a plentiful pastime for anyone and everyone concerned.

Because we didn't feel as extravagant as a super Sunday splurge—our mid-week sojourn found us at the French Village down on Michigan, a block past the railroad station. Anyone who knows the pangs of hunger would appreciate the spaghetti plate and delicious hors d'oeuvres, real Italian meat sauce on the under-a-dollar menu.

When chicken is your standby, visit "Chickie's" only on Michigan, and farther out this way is the New Hut, specializing in those wonderful full court dinners that so appropriately follow your wishes for a swank outfit.

Steaks, those steaks of the year, still may be found in all those antique tenderness at two popular eating houses in downtown Lansing. The Hotel Porter has some of the best, and the other is Special.

The House of 1812 is not unfamiliar to students as the restaurant along the main routes of travel. Back of the Michigan theater, on South Grand, the House of 1812 is especially famous for fish dinners. Try their trout steak.

Then there are those who favor the unusual—the China Inn and Foo Ying's are the best for the chun and egg foo yung. And they have "American" food, too, like pork chops, T-bones and roast veal.

The best news in East Lansing comes from Milt over at Carr's. Starting last weekend, Carr's will be open Friday, Saturday, and Sunday nights in cooperation with women's hours, and late enough to allow the men time for a cup of coffee before heading for home.

## Hopkins Confers With Italians on Big-Three Trip

ROME, Jan. 31 (AP)—U.S. Secretary of State Stettinius and Harry Hopkins left Rome by air today for an undisclosed destination, which may or may not be the scene of the big three conference.

Hopkins, who was received by Pope Pius and conferred with Italian Foreign Minister Actone de Gasperi during his two-day visit, acknowledged that his trip was connected with the problem of the conference of Roosevelt, Churchill and Stalin. With Stettinius, he conferred with American military leaders yesterday and today.

Hopkins' official announcement said conferred at length with Lt. Gen. Joseph T. McNarney, commander of American army forces in the Mediterranean, and Lt. Gen. Ira C. Eaker, Allied air commander in this theater, yesterday morning. Then the three left American field headquarters to meet Stettinius, who arrived at a nearby airfield by plane.

Alexander Kirk, U.S. ambassador to Italy, also was at the field to meet Stettinius, and participated in the subsequent conversations.

Hopkins' departure for an "unknown destination" was mentioned by the German radio as one of "certain well known signs" in the last 24 hours which make it fairly obvious that a meeting of the big three is imminent. The announcer added "the only thing now is where will they meet."

## Gorbels Rushes Plans for Death Battle of Periled Nazi Capital

LONDON, Jan. 27 (AP)—Berlin's Gauleiter-Dictator, Paul Joseph Goebbels, was reported tonight feverishly rushing preparations for a defense of the capital which will not leave the "Aust" step another when the Russians enter.

The Moscow radio declared there was "impert of misting" in Berlin and elsewhere in the Reich. Stockholm reports that Goebbels had transferred Berlin for the death battle. All public buildings and institutions—even the zoo conservatory—were said to have been converted into defense points. As Gauleiter, Goebbels had full charge of the capital's defenses. Under him the city's garrison of Volkstormers and slave labor were digging and building strongpoints.

# Wrestlers, Swimmers to Get Home Workout for Weekend

### Two Indiana Teams, OSU to Face Spartans

Major sports will assume a major portion of the athletic entertainment load for the weekend as both the wrestling team and the swimming squad face intercollegiate needs.

Coach Fendley Collin's mat men will have a dual weekend engagement with

Indiana on Friday they will face the Spartans at 8 p.m. in the wrestling room of Jenison gymnasium. Saturday they will tackle the Spartans in a return engagement.

### Swimmers to Open Season

The swimming team, under the direction of Coach Charles Schmitter, will open its intercollegiate season with a triangular meet with Indiana and Detroit Tech in the Jenison pool at 8 p.m. An earlier intercollegiate meet with Detroit Tech was cancelled.

Coming off from a succession of home workouts, State's swimmers are in good shape for competition. Coach Schmitter has recovered from rib injuries that have hampered him all season, and the rest of the team is in top condition.

### Boxers Top Wrestlers

Boxers, however, being in top condition in the Big Ten meet Lansing tomorrow and will intend to have it spoiled by the Spartans as the toughest opposition on State's wrestling card. The Spartans have beaten Ohio State and Wheaton.

Indiana took the Buckeyes to a score of 27 to 3, while the Spartans score was 23 to 1. The Spartans from home mats will have the odds for Collins' men.

State's swimmers face the threat of an unknown name in their three sided meet. Intercollegiate meets held for the past two weeks have served to bring the Spartans tankmen into the spotlight Saturday's encounter.

### Barber to Dive

Barber's return has been pushed off to enable the Indiana team to catch an afternoon train to permit spectators to attend the swimming and wrestling competition.

Barber's return to the swimming team is the return of Tommy Barber, who won the 100 yard award in 1943. Barber was thought to be out of intercollegiate sports for physical reasons. He has just returned, but he is unable to compete and will miss the number of experienced swimmers on State's team. The other is Fred Stillman.
