Fall of Budapest Added to Red Army Victories

'Telford Day' Launches WSSF Drive

Today's Campus

Better Never

The good aunt of Doris Fletcher, freshman sophomore, knows what it is to be bitter and that she has the right to be. She received in the mail last tidings of a six months' deferment for her son, the only catch being that he's been overseas since August.

United for the Future

Time Stands Still

Does anyone have the time? Marion Vandall and Jeanette Nixon, Royal Oak juniors, have begged, borrowed, and even threatened to steal a clock this term, but to no avail. Yesterday a clock arrived. Marion caressingly put in the plug, the clock spluttered, took on a bluish glow and exploded. Does anyone know the time?

Give to WSSF Today

Seniors Schedule Pre-Ball Dinner For March 9

The senior ball will be preceded by a pre-dance dinner to be held in the Union ballroom. Details of an announcement will be made by Co-chairmen, Miss G. C. Detroit, and Tom Weston, St. Louis, Mo. Plans have been made to accommodate 100 couples at the dinner which will be served between the hours of 6:30 and 9 p.m. Seats will be arranged for 12 couples. Reservations are requested to indicate the number and names of these persons in their groups when they purchase tickets. A band orchestra will furnish music.

Tickets for the dinner will go on sale at the Union desk about March 1 and senior class members will be given preference for limited time. Miss Graff stated.

Bethel Manor Group to Hear Prisoner of War Tonight

Spartan Christian fellowship will have Rev. Harold B. Street, Department Secretary of the Sudan Interior Mission, as its guest speaker tonight at 7:15 at Bethel Manor, 420 M.A.C. Rev. Street, who has spent five years among the natives of Ethiopia, will answer students' questions concerning the life of a mission worker.

Reverend Street worked among the Galla tribe which formerly believed that human sacrifice was the most appealing to their tribal gods. Parts of this tribe were headhunters but were urged to discontinue the practice.

In honor of Second Lieutenant Dick Telford, '44, of East Lansing, now prisoner of war in Germany, the first day of the World Student Service fund drive has been named "Telford Day."

Telford's picture is on display near the Union desk. Each of the other days will be named for a State man now held prisoner of war. Pictures of the other men, for whom a day will be named, may be seen at the Union desk on the day they are honored.

\$500 Raised

Funds raised during the drive will go toward educational benefits for Telford and thousands of other American prisoners of war and students of our Allied nations. State's share of the national \$500,000 goal is \$2,500 of which nearly \$500 has already been raised.

Glen O. Stewart, alumni director, has sent an appeal to all staff members urging them to cooperate in the drive. Contributions from faculty men will be received today at the weekly luncheon of the State College club.

Of the \$500 already raised, \$101 came from the box social the Student club held last Saturday night, and 50 dollars from Party-party which contributed its time to the cause.

Groups Plan Drives

Other organizations are making plans for raising funds for the drive. The YWCA has planned a bazaar to be held in the social hall at the Peoples church tomorrow evening.

Sigma Kappa sorority will hold a benefit bridge Saturday afternoon from 2 to 4 for members, alums and guests.

International club has announced a party at the International center Friday night. Foreign students will perform during the evening.

Other organizations have pledged to give or raise money for the fund. Student council has pledged \$50, and the IFC, one dollar per person.

WSSF Helps War Prisoners—Business Ad Honorary to Meet Freshmen

Sigma Epsilon, business administration honorary, and members of the business administration department will hold a mixer tomorrow from 7:30 to 8:30 p.m. in the faculty dining room of the Union for basic college freshmen who have stated a preference for the business ad course.

Florence Pugh, Royal Oak senior, will be in charge of the program which will include a technicolor movie, "MSC at War." Professors of the department will be introduced, and refreshments will be served. General chairman of the mixer is Ann Moore, Bath junior.

Allied Troops Push On in Heavy Drive Toward East

PARIS, Feb. 13 (AP)—Widening their breach in the Siegfried line between the Maas (Meuse) river and the Rhine, British and Canadian troops today drove beyond Kleve, emerged from the eastern edge of the Reichswald and, south of the forest, established a bridgehead over the Nierns river.

Approximately 1,000 British planes slashed at Nazi forces confronting Field Marshal Sir Bernard L. Montgomery's troops on this northern sector of the western front.

More than 100 miles to the south, the U. S. third army sent elements of three divisions pour-

ing through a new break in Hitler's westwall south of Pruem, while other doughboys drove the last Germans from the soil of Luxembourg.

Canadian "water rats" in the northern sector, entered Greitshausen, less than a mile from the Rhine and 300 airplane miles from Berlin, in what was described as the heaviest fighting of the six-day-old British-Canadian offensive against enemy forces now swelled to seven divisions at the expense of other western front sectors.

Students should see their counselors immediately concerning mid-term grades, according to S. E. Crowe, dean of students.

WSSF Aids Foreign Students—AWS Announces End of Light Ban in Residences

The 11:30 lights-out rule, under joint consideration of the administration and AWS for some time was lifted Monday night at an AWS meeting attended by Mrs. Maurice Genon, assistant counselor of women, and S. E. Crowe, dean of students, according to AWS Pres. Jane Cunningham, Detroit senior.

The lights-out rule has been in effect since the fall of 1943. It was instituted to improve the health of women students, conserve heat and electricity, and raise the potential scholarship average.

The administration still feels it is of value to the student to get sufficient sleep, but this will now be the individual student's responsibility. Women are asked to consider the need of exercising care in turning off lights whenever they are not in use.

Quiet hours will be stressed and the no visiting after 11 p.m. rule will remain in effect. The new ruling applies to all women residences under college jurisdiction.

Still another theory brought down from the Middle Ages and still considered quite plausible was the fact that birds chose their mates on February 14; perhaps this is why lacy Valentines are bedecked with gay birds, and also why sweethearts are referred to as love birds.

At any rate, reason or not, Saint Valentine still has his day, and, though he may be a mysterious Mr. X, he still causes plenty of fuss.

German Failure Called Greatest Disaster Since Stalingrad; Losses Count Up Heavily for Nazis

LONDON, Feb. 13 (AP)—The shattered remains of Budapest fell to the Red army today after 49 days of street fighting that cost the enemy 49,000 men killed and 110,000 captured in the greatest individual disaster since Stalingrad, while some 300 miles to the northwest the Russians slashed 10 miles farther westward through German Silesia toward Dresden.

Annual Dance Will Feature Bob Strong

Featuring Bob Strong and his popular dance orchestra, the annual Interfraternity-PanHellenic ball, to be held Saturday from 9 p.m. to midnight, promises to be one of winter term's social highlights.

Tickets for the semi-formal, which is the first large all-college dance of the year, are now on sale at the Union desk. IFC Pres. Jack Carrier, Detroit junior, announced, Carrier also stressed that the dance, sponsored jointly by IFC and PanHellenic, is a girl-bid as well as the usual date affair and is open to all students, including non-fraternity and sorority members.

Strong's orchestra, which features Marie Carroll on the vocal numbers, is well known to bandsmen across the country for its radio appearances on Spotlight Band, Uncle Walt's Doghouse Show Band and the Fitch Bandwagon.

While most bandsmen kept on distinctive arrangements to identify their style of music, Strong goes one step further and arranges completely new tunes. His own compositions, aside from the band's theme song, include "Hot-Bait," "In a Russian Fox Hole," "The Jumping Jibber," "The Baltimore Bounce" and his most popular, "Fritz All Right," a semi-spiritual instrumental number.

Starting in Chicago, Strong made numerous appearances at the Hotel Sherman, the Edgewater Beach hotel, the Blackhawk cafe and the Trianon and Aragon ballrooms, then gradually moved to other parts of the country. Strong himself has a swing mastery of the saxophone, oboe, French horn and clarinet.

WSSF Drive Starts Today—Carillonneur Honors China on Today's Recital

Dennis Murphy, campus carillonneur from Pekin, Ill., will present a carillon recital from Beaumont tower today at 1 p.m., honoring China. Today is celebrated as Spring Festival day in China and is the first day in the 4,645th year since China became a nation.

"Cheng Mao-Yung," the Chinese national anthem, will be included on his program.

Valentine's Day Comes From Birds, Saints

By BARB OWEN
Chaucer referred to Valentine's Day as "sacred to lovers." Down through the ages the day has been special. Cupid has made an annual bow since Chaucer's time and before. Sweethearts and children have made it their day.

Just how the custom started no one has decided. Some say there was a St. Valentine, in reality there were three, and they all suffered martyrdom. Others believed that "Valentine"

had been associated with the word "galantin" which means lover of women.

Damsels and gents used to make fun of the Roman feast of the Lupercalian held each February by drawing names from boxes, the names drawn meaning the targets for affection in the following year. Finally, however, the Christian clergy objected and the rites were changed to the drawing of Saints' names and the emulation of their spirits during the year.

A Word of Appreciation . . .

AWS has granted State coeds the right to stay up and study as late as they desire. Thanks . . . to the administration of the college for showing that they are not "out to show their power" and have tried to cooperate with the wishes of the students.

William and Mary students are having a dispute with their faculty—a protest against censorship. Northwestern university students have issued comments, both written and spoken, over the increase in tuition fees which the college administration put through without sufficient student consideration.

Students and faculty and staff at MSC are getting along with sensible and considerate cooperation, thank you.

But more important than thanks is the means used to show the widespread appreciation. We trust that college women will reap the benefits of the changed ruling by continuing to conserve light and heat and power as much as possible while utilizing their opportunities to the best advantage. — M.H.

Spartans at War

By PEG DUBRY

LT. ROGER HENDRICK

was recently awarded the aerial medal for "meritorious achievement" while participating in bombing attacks on military and industrial targets in Germany. Lieutenant Hendrick is a bombardier on an eighth air force B-17 flying fortress in the 38th bombardment group. An engineering student at State, Lieutenant Hendrick was with the class of '46.

LT. STANLEY ANDERSON

navigator in the 49th bombardment group, a B-17 flying fortress unit of the eighth air force, has been awarded the aerial medal for displaying "courage, coolness and skill" on bombing attacks over Germany. Lieutenant Anderson, '44, was an agriculture student at MSC.

LT. HILLYARD BELL

has been awarded the aerial medal with two oak leaf clusters. A pilot for a combat group of the 10th air force that operates against the Japs in the India-Burma theater, Lieutenant Bell also holds the distinguished flying cross with one oak leaf cluster. He has been in the armed forces 32 months, having spent the past eight months in this theater of operation. Lieutenant Bell has 215 combat missions and 860 combat flying hours to his credit.

He has seen service in all the great theaters of this war. Formerly a pilot for the Ferry Command, he ferried planes to the English during the crucial battle of Britain, as well as to the Allied forces over the rest of the world. Lieutenant Bell was an applied science student with the class of '43.

CPL. LEG ESCH

is currently assigned to the AAF redistribution station at Santa Anna army air base, Santa Anna, Calif. Corporal Esch, a driver with the 11th air force in the Asiatic Pacific theater, entered the service in April, 1942, and went overseas in July, 1942. He is entitled to wear the Asiatic Pacific theater ribbon. At the redistribution station, he will receive complete medical examinations, classification interviews and reassignment to domestic stations of the army air forces.

ENS. GEORGE KNEZ

was commissioned an ensign in the naval reserve and designated a naval aviator at the naval air training base, Pensacola, Fla. Having completed his intermediate training at the "Annapolis of the Air," he will be ordered to duty either at an instructor's school for further

LETTERS

To the Editor

TO the Editor:
We wish to express our appreciation to the administration for their approval in lifting the 11:30 lights out rule. It certainly is gratifying to know that they are placing their confidence in us.

We assure them that we will not take unfair advantage of this confidence. Realizing the present fuel shortage necessitates turning out all unused lights, we will cooperate with the college in not burning too much "midnight oil."

Respectfully,
The Girls of Judge Potter House.

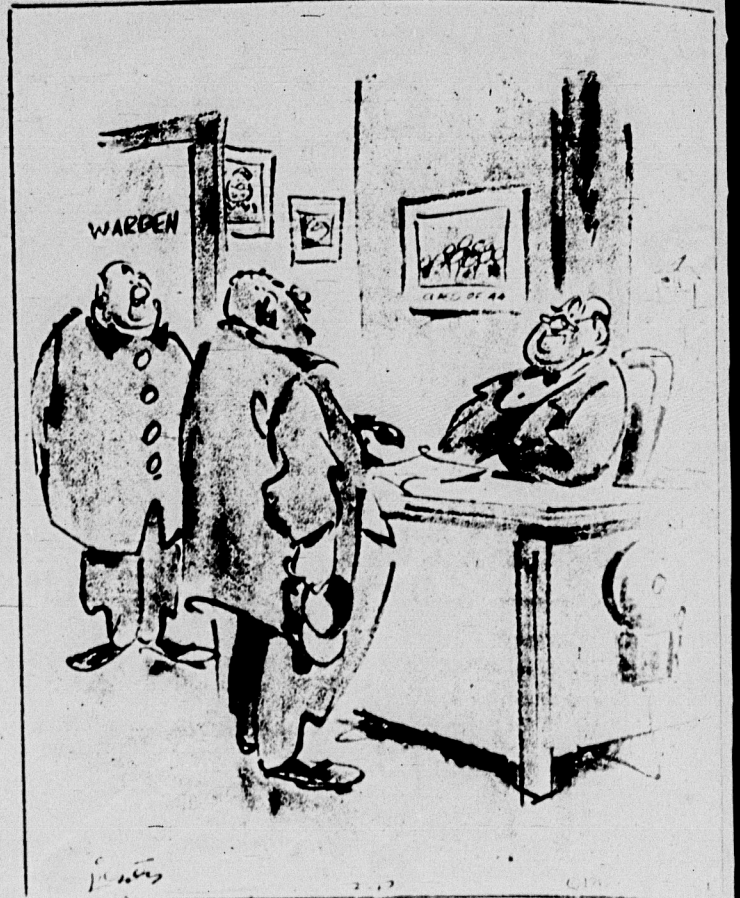

TO the Editor:
After due consideration, we have decided to unburden ourselves in hopes that a major adjustment can be made in the Basic College program before we have to sweat our way through the six hour exams in June.

As we understand it, theoretically the Basic College was established to give freshmen a survey of seven major fields of study, and as far as theories go, it is fine, but for practical purposes we wonder why we were ever persuaded into such a trap.

Using the biology course for an example, the exams are composed of one 864 question after another, and so far as human perception can determine, they are either constructed to successfully trick us, or to ascertain whether or not we are likely candidates for the American Medical Association. It is obvious that they are not intended as an accurate test of our knowledge, since they are so worded.

THE CALLS YOU DON'T MAKE TO "INFORMATION" HELP A LOT!

Every time you call "Information" for a number that is listed in the telephone directory, you add to the strain on the war-busy telephone system. We appreciate the way you've helped reduce those needless calls.

If every one would look up every number they want, 3 out of 5 calls to "Information" could be avoided. Answering merely the unnecessary calls

consumes close to 1,000 hours of operator and switchboard time in Michigan daily.

THEREFORE, WILL YOU PLEASE—

- 1 Look in the directory for the number you want.
- 2 If it is not listed and you must call "Information," jot it down so you'll have it the next time.

Basketball Squad to Meet U. of D. Matmen Face Wheaton for Final Meet

Titans Play Spartans for First Time in Two Years

By JOE HEAGANY
Michigan State cagers will take on the University of Detroit tonight in their second to last game of the season. This is the first of a two-game series between the Titans and the Spartans. The other game will be the final to the campaign Saturday, Feb. 17, in Detroit.

It will be the first time in two years that the Spartans and Titans have clashed on the hardwood in the all-time series. The Spartans hold a 17-6 game edge. The last time the two teams met was in 1942 when the Titan team took a 21-17 victory.

Expert Competition
The Spartans should serve notice on the Titans to expect no easy time of it. A few weeks back Detroit played a highly favored game against the University of Kentucky, and have the ability to pull an upset.

During one of the last home games of the season, a big upset was expected. Because of the Spartan aspect of Kentucky, the people should be at the game to see the green and white Spartans.

Titans Team
The Titans are a well balanced team. Although not very tall, they are capable of ringing up points with their fast break attack. A group of the attack is led by Molitor, who has scored 11 points in 14 games.

Ben Manalystine will be the regular line-up. Other players are Nick Hashu, Robert San Fortis and Bill... The game is not expected to be a close one.

The game will start at 8 p.m. and will be played on the Jemison gym. Student admissions will be the only admissions.

Fencing Experts to Demonstrate Skill and Speed Before Public

State's fencing team, under the watchful eye of Coach Charles Schmitter will give a public demonstration of fencing skills tomorrow night at 7:30 in the Jemison gym in preparation for the intercollegiate match with Ohio State Saturday at 1:30 p.m. Saturday's meet with Ohio State will open the two-bout Spartan fencing schedule for this year. Ohio State, the only foe, has been scheduled for a return engagement in Columbus, Ohio, Saturday, March 3.

Open to Public
Tomorrow's fencing demonstration is open to the public and will be held in the Jemison gym, located just off the main gym floor in Jemison gym. The weapons used in fencing, and the various skills employed will be demonstrated.

The demonstrators will include two veteran Spartans, Harold Dick, Hoke, Detroit, and Gordon Hoescher, Piquette. Other will include Len Gartham, Chicago, senior, Chuck Thompson, Bay City, freshman, Louis Marion, Chicago, sophomore, Jack Connor, Milwaukee, Wis., sophomore, Tom Billig, Dearborn, freshman, Dennis Murphy, Pekin, Ill., sophomore, and Dick Sackley,...

Fencing Fundamentals
Three types of sword are used in fencing, the foil, epee, and saber. A foil has a light flexible blade of steel. The foil is the most common...

and only the trunk is a target. Fencers advance from the foil to the epee and saber. The epee is a duelling sword and the entire body is a legal target. Heavier than the foil, it has a triangular blade. The saber is an outgrowth of the cavalry weapon and hence has a slightly curved blade usually. Any part of the body from the waist up may be used as a target. Object of the sport is, of course, to hit and avoid being hit. Speed, skill and coordination are prime factors in the sport.

International Group Features Exhibition

An exhibition of Chinese water-color paintings by contemporary and Ming artists from the collection of Dr. Shai Chang Lee, professor of Chinese culture, will be on exhibit at International center until Feb. 22.

Students may visit the exhibit from 4 to 6 p.m. on Sunday, Monday, Wednesday and Friday. On each scroll the artist usually writes a few words of dedication, his name and stamp. Below a Tse have poems written on the scroll in Chinese.

The interior of International center is decorated with many interesting Chinese ornaments from Dr. Lee's collection.

GIVE LIBERALLY TO WSSF

Shooting for the first undefeated wrestling season in State's history, the Spartan matmen need only a victory over Wheaton college this weekend to clinch that record.

Coach Fenley Collins' grapplers hung a 22 to 8 whipping on Wheaton in their first meeting and it will be an improved State record that they face Saturday at 8 p.m. in the fieldhouse. A return performance is probably in the offing.

Both Al Borkowski, at 145 and Jim Grims, at 165, although their presence was doubtful a week ago, will be on hand for the match.

Borkowski had expected to be drafted, while Grims had thought he would have to return to his term, following the drafting of his first map.

Gordon Cole, 123 pounder, and Borkowski will be out to avenge defeats suffered at the hands of the Wheaton men in the previous matches. Cliff Fletcher, Gram and Harold Darchler will try to repeat their wins.

Tom Anderson and Gene Mikles will be departing their undefeated records for the season. Saturday's match will be the last dual encounter of the season for Spartan matmen, but the team will be back in the Michigan A.M.U. tournament in Dearborn, March 10, and probably in the National A.A.U. Duals, March 23 and 24.

Don't be a tradition breaker—no smoking on campus.

INFORMATION

WSSF
All canvassing captains for the WSSF drive should report this evening at 7 in room 111, Union annex, to hand in money and reports.

TOWN GIRLS
Town Girls will have luncheon tomorrow noon in the Faculty dining room of the Union Women attending must sign up in the Home Ec building or in the Women's lounge, Union, before 4 p.m. today.

STUDENT CLUB
Members of Student club will set up new game rooms Saturday in the east parlor of Peoples church. Entertainment will include ping pong, darts, checkers, skittles, records, radio, piano, books and writing equipment. Students are asked to bring donations to the student office on the second floor of Peoples church.

TENNIS
Candidates for the varsity tennis team should call Coach C. D. Ball, Ext. 521, this week.

TOWER GUARD AID
Any hospitalized members living and in his capacity as an assistant from Tower Guard members by getting the permission of Dr. Holland, according to Pres. Peg Fumodis, E. J. Lansing, Michigan.

WAA
Any WAA members wishing to petition for a WAA board of directors for the coming year should send a letter to the WAA, Lansing, Michigan, by Feb. 15. An open meeting will be held Feb. 17 at 7 p.m. in room 111, Union annex. A vote will be taken on the petition. The meeting will be held on the second floor of Peoples church.

YWCA
Members of YWCA will meet at 7 p.m. in room 126, Main Hall, Dr. H. H. Hoseney will speak on "The Psychology of the Sick." This will be the last meeting before the year is given.

D COUPONS
If late return from the basketball game is necessary, a D coupon will not have to be turned in, but the 15 minute extension will be in effect, according to Jean O'Leary, chairman of the varsity board.

GRAY LADIES
Gray Ladies will meet tomorrow at 7 p.m. in room 126, Main Hall, Dr. H. H. Hoseney will speak on "The Psychology of the Sick." This will be the last meeting before the year is given.

LETTERS
(Continued from Page 2)
That even with the aid of Rosetta Stone, we could find nothing in them that resembles what our lab and lectures have prepared us for.

If an adjustment isn't made, may we be so bold as to suggest that you have a full staff of trained nurses equipped with smelling salts and stretchers, plus a few psychiatrists, to assist us from the June debate.

Disgustedly yours,
TWO BEAT GUINEA PIGS

From Switzerland:
"Under the tragic circumstances of war, WSSF stands for the defense of culture to which humanity pins its hopes for the future"—a refugee student.

IT'S OUR ARMY. OUR NAVY. OUR WAR!

for a Member of the Class of '16 . . .

Today is Johnny Telford's Day

Give a dollar to the **WSSF**

is Johnny Telford's day. Don't let him and his many companions down. They are striving for knowledge. They know nothing of current events. Their only hope for learning is through the books they will receive from your contributions to the WSSF.

If every MSC student will give one dollar, the price of six sandwiches and two cokes, Johnny Telford and his pals may continue their veterinary courses, pick up a little information on Milton, or learn something about the theory of relativity.

Come on, kids. GIVE!

Jap-Manila Hold Weakened

Yanks Take Naval Base Airfield Near Capital

WASHINGTON, Feb. 13 (AP)—Loss of the Ommaney Bay, an escort carrier, and the Long, a mine sweeper, by enemy action in the Philippines was announced tonight by the navy.

The number of casualties was not disclosed but commanders of both ships were saved.

The Ommaney Bay was the 10th United States aircraft carrier and the fifth of the "baby flattop" class, sunk in this war. The two losses brought the total of warships sunk to 299.

MANILA, Feb. 14 (AP)—Capture of the Cavite naval base and Nichols airfield were announced today by Gen. Douglas MacArthur, who said the end of Japan's trapped Manila garrison was "in sight."

MacArthur reported enemy casualties of more than 63,000 for the five weeks of the Luzon campaign as compared with American casualties of 9,683, including 2,102 killed, 192 missing and 7,389 wounded, a total of 9,683.

Capture of the Cavite naval base put the Yanks on the shores of Manila bay for the first time. Airborne troops participate.

The 11th airborne division cleared Nichols field, at the southern outskirts of Manila, and occupied the Cavite naval base several miles to the southwest.

Ten Japanese seaplanes and a battery of three-inch guns were captured intact, MacArthur announced.

MacArthur said the 37th division was closing in on the Japanese garrison trapped in the old Intramuros district of south Manila, where the enemy is making his "last stand."

Corridor Bombed

Heavy bombers dropped more than 150 tons of explosives on Corregidor fortress at the extreme end of Manila bay, scoring hits on four heavy gun batteries, while attack bombers raked southern Bataan installations and sank six enemy fuel and ammunition barges.

Off Bataan peninsula, fighter planes sank six enemy barges laden with fuel and ammunition.

Captured Yanks Freed From Bilibid

Three Yanks, each of whom lost a leg battling the Japs on Bataan, only to be captured and placed in Bilibid prison, Manila, gathered around as one gets his first American cigaret in two years from an American of the force that freed them. Note the man in the left background.

YWCA Plans Bazaar Tomorrow Night To Raise Funds for WSSF Drive

A bazaar including concessions of every sort, is the way YWCA plans to raise contributions for the World Student Service fund drive which starts on campus today. Jean Mosson, Lake Odessa junior, is general chairman of the event which will be held in the social halls of Peoples church from 7 to 9:30 p.m. tomorrow.

Final preparations for the bazaar will be made tonight when all YW members will meet at the church to set up booths and make articles to be sold tomorrow night. All students, faculty, and townspeople are invited to come.

Students in Charge

Assisting Miss Mosson are Zoe Mason, Saginaw sophomore, and Willie Mitchell, East Lansing freshman. Judy Longnecker, East Lansing freshman, will conduct a fortune-telling booth, while Jo Delp, Wayland junior, will have a shoe shine parlor for time-pressed students.

Skill games will be under the leadership of Marilyn Miller,

Dearborn freshman, and flowers will be offered by Nancy Hayes, Highland Park freshman. All of the women will be assisted by other YW members, and anyone interested in helping is requested to contact them.

Variety of Booths

A variety booth consisting of hand-made scarves, aprons and pins, will be taken over by Sarah Cline, East Lansing freshman, and Margaret Graves, Royal Oak junior, will have midnight snack boxes to offer. Other booths will include white elephants, baked goods and cokes. These will be handled by Bart Nisbett, Fremont junior; Mary Green, Deckerville sophomore; and Tom Inouye, Detroit sophomore.

Others working on committee for the WSSF benefit are: Pei Price, East Lansing senior; Andy DeGroot, Dundee junior; Jane Ott, Grosse Pointe sophomore; Barbara Fansbaugh, Oak Park III, senior; and June Conrad, Flat Rock sophomore.

'Big Three' Draft Policies In Nine Point Program

EDITORS NOTE:

Because of the importance of the Crimean conference, the text of the Nine-point plan drawn up by the Big Three will appear in the State News today and tomorrow for students and faculty members.

By The Associated Press

The nine points are:
1 Detailed agreement among the United States, Britain and Russia on military plans against Germany which "will result in shortening the war." As if speaking to the German people over the head of Hitler, the communique warned them that "Nazi Germany is doomed. The German people will only make the cost of their defeat heavier to themselves by attempting to continue a hopeless resistance."

2 A final decision to split Germany into zones of military occupation after victory. The United States, Great Britain and Russia each will occupy a zone, and France will be invited to occupy another. If she accepts, as she is expected to do, the control commission will be expanded to include French members. Victory is to be followed by destruction of Nazism and militarism and elimination of

control of German industry capable of war production.
3 A commission will be set up in Moscow to consider amount of German reparations, and how they should be paid. The communique spoke especially of reparations in kind, presumably labor and goods.
4 A formula for settling the ranking Polish issue, agreed upon. It provided for merging the provisional government now recognized by the United States with certain unnamed "democratic leaders" from within Poland and from exiles abroad. It also provided for Churchill and Roosevelt to recognize Stalin's insistence on the Curzon line as Poland's postwar boundary which gives the huge chunks of so-called "lost land" including the cities of Danzig and Lwow.

From the U.S.S.R.:

"The students of the Universities of Stalingrad, Leningrad and Kharkov will never forget the friendly help of WSSF. It is as an expression of the friendship and strengthening friendship of our great nations." — Joseph Stalin, leader, now in the Army.

BATTLE REPORT TO ALL HANDS

EVERY seaman and officer aboard our Navy's fighting ships instantly hears the call to action, follows the battle's progress over a special type of announcing system made by Western Electric.

On carriers the entire crew, topside and below deck, the oilers and ammunition passers, can hear first-hand accounts direct from the pilots themselves on how it went "upstairs."

Meeting the communication needs of our armed forces requires all available manpower and manufacturing facilities. That's why telephone equipment cannot now be built for civilian use. After the war, Bell Laboratories' scientists and workers at Western Electric will turn again to their peacetime jobs of designing and making telephone equipment for the Bell System.
