The hard way is the best, according to Jean Blandford, Grand Rapids senior. After enduring a long, hot choir in session, she finally managed to climb up and open the window. Remarkably, Choir Director William Kinnear said, "There's an easier way."

Subtle Stuff

"There's a book up here on Abnormal Psychology," announced Charles G. Danforth, instructor in basic biology, as he stood on the platform before his 10 o'clock lecture class yesterday. "Is that a hint - or is it lost?" he inquired. The class made no response.

Allied Drive Rolls German Division Back From Kleve

PARIS, Feb. 14 (AP)—While almost 8,000 Allied warplanes battered German installations from the Siegfried line to the Russian front today, British and Canadian forces lunged nearer Hitler's industrially vital Ruhr valley against resistance that began to slacken after a week of steady pressure.

The Canadians advanced all along the front to their powerful wedge which is inflexibly turning the flank of German divisions holding the northern end of the Siegfried line and the Rhine plain.

They pushed to points northeast of Kleve, four miles southeast of Kleve, cleared the Kleve forest three miles north of Goch and established a second bridgehead over the Niers river, west of Kessel.

The German command hurled at least four counterattacks against the Canadian units driving eastward, but they were officially described as generally lighter than previous counter-thrusts and all were repulsed, some with the aid of Allied planes.

One Allied column was fighting forward within a mile and a half of the heavily-fortified road center of Goch, eight miles south of Kleve.

Goch already was outflanked by the capture of Berburg and Hasselt, twin towns east of Kleve.

International Center Plans Benefit Night for Service Fund

International center will hold a benefit program Friday at 8 p.m. at the International house, according to Gregory Dean, Detroit sophomore. All proceeds will go to the World Student Service fund.

During the evening a musical program of international dances will be given. Foreign students will perform in the program. Program committee consists of Lajla Simons, Cuba, Panama junior, and president of the International club; Humberto Ruiz, Lima, Peru, graduate student; Helen Samaras, Hooperston, Ill., freshman; and Gregory Dean, Detroit sophomore. Master of ceremonies will be Ciro Martinez, Havana, Cuba, freshman.

Refreshments and individual games will be featured. There will be no admission but a collection will be taken up during the evening. All faculty and students are invited.

Durant Traces Marriage Curve in Lecture

By LEONE SEASTROM

While an audience packed to the orchestra pit sat in pin-dropped silence, Dr. Will Durant, noted lecturer and historian, philosophized on "Marriage in Transition" yesterday at the Music auditorium.

Tracing marriage from its boundless beginnings to its almost equally boundless divorce peak of today, Durant divided the marriage transition into three periods, the hunting, agricultural and the industrial age of man. During this time the wife has developed her place in marriage, Durant said, from that of a mere economic asset to a sought-after companion.

Red Army Advance Captures Seven Silesian Strongholds

British, Yank Bombers Smash Drive Route

LONDON, Feb. 14 (AP)—The Russian first Ukraine army seized seven German city-strongholds in Silesia today as it bludgeoned its way towards Berlin and Dresden with the aid of British and American bombers that smashed Dresden, Chemnitz and other centers ahead of the Soviet advance.

In Pomerania the first white Russian army liquidated the holdout fortress of Schneidemuehl, 15 miles behind the lines, killing more than 7,000 Germans and capturing 5,000 after a two-weeks siege.

In Budapest, which fell Tuesday, the Russians picked up another 12,700 prisoners, mostly abandoned wounded, raising the list of captured in that one city to nearly 123,000. The final toll will be higher, as Moscow said a fragment of the garrison escaped only to be surrounded again west of the Hungarian capital.

The day's successes, announced in two orders of the day by Premier Stalin and the regular nightly Moscow communique, also credited the first Ukraine army of Marshal Ivan S. Konev with bagging 2,100 prisoners and taking more than 200 population centers in Silesia.

Up ahead to the west of the Russians could see in the skies the red glare of fires set in Dresden by 4,000 tons of British and American bombs, apparently the first fruits of the Crimea conference. Chemnitz, 34 miles farther west, also was hard hit.

The BBC quoted a Soviet military observer as saying the Allies were working together "with precision and according to a definite plan."

Konev's men held the spotlight, however, Moscow news dispatches said they had crossed the Queis river defense line in their drive towards Dresden while the Swiss radio quoted German accounts as saying the northern wing had reached Sommerfeld, only 71 miles southeast of Berlin. The German DNB agency itself broadcast that Konev had broken into Sorau, 84 miles southeast of Berlin.

By Russian official account Konev's nearest approach to Berlin was 84 miles, with capture of Freystadt, 75 miles northwest of besieged Dresden.

Other cities taken in this northward sweep included Neustadt, six miles northeast of Freystadt; Neustadtel, seven miles southeast; and Sprottau, 13 miles south.

Today's Drive Named After Doyle Lott

By CARROLL BESEMER
"Lott Day." Lt. Doyle Lott, graduate of '42, now held prisoner of war in a German camp, has the second day of the World Student Service fund drive named in his honor.

Local Pi Phi Group Will Go National As Pi Beta Phi

With the installation of the Michigan State chapter of Pi Beta Phi this weekend, the college will claim representation of 14 national college women's societies, Saturday afternoon, active members of the present Pi Phi Gamma will be initiated and installed as charter members of the eighty-ninth chapter of national Pi Beta Phi by Miss Amy B. Onken, national grand president.

Pi Phi Gamma originated in April, 1944, when a group of 16 women were chosen by the local alumnae club of Pi Beta Phi as a nucleus of the group which would petition the national fraternity for a charter. After completing the necessary term of campus, the group was granted a charter early this month.

Events of the weekend will include pledging of 44 women into Pi Beta Phi on Friday afternoon; initiation will follow for 38 of the women the following day. Initiates will include six seniors, four juniors, 17 sophomores, and 11 freshmen.

Formal installation of the chapter, to be known as Michigan Gamma of Pi Beta Phi, will follow directly after initiation and a banquet will be held in the evening at the Uds hotel in Lansing.

Concluding the weekend's activities will be a formal reception tea to be held at the chapter house at 101 Woodmere, formerly home of the Delta Chi fraternity, on Sunday afternoon. Faculty administration alumnae and organization leaders have been invited.

Union Board Schedules Frolic, Party-party, Spartan Varieties

Army students who are stationed on the Michigan State college campus will be admitted free of charge to Union Board's weekly Party-party from 3 to 5 p.m. Saturday, Chairman Marty Kelly, Kalamazoo senior, announced yesterday.

Deck stacks orchestra will play for informal dancing in the ballroom and card tables will be available in the dining room for card games, chess, and checkers, Miss Kelly said.

Spartan Varieties, all student talent radio program, will be broadcast from Party-party at 4 p.m. as usual, Larry Frymyre, master of ceremonies, said.

It is not necessary to have a date to attend Party-party, Miss Kelly pointed out, and recently there has been a shortage of women.

Friday Frolic will be held on the third floor of the Union as usual this week, beginning at 8 p.m., Bill Graham, Detroit sophomore, announced. Dancing to "rained music" and games have been scheduled.

In Campus Quarters

By DOTTIE La MONT and NAN TRABUE

THE theme song of the poor soul who goes around praising the virtues of "early to bed, early to rise" is beginning to take form as a far-off echo. Now with the 11:30 curfew lifted, all we need is some sort of an excuse for putting 8 o'clocks out of existence.

This recent controversy hasn't made too much of an impression on Gail Smith, Grand Ledge senior, cause she's had more important things to think about lately, namely, the ring she received from Cpl. Bob Clegg, Pickford, who is stationed at the army air field Lincoln, Neb. Special doin's at the SAE house recently were caused by the fact that Jim Leonard was leaving for the army air forces. A special initiation was held for him before he left, with his father, an SAE graduate of the University of Pittsburgh presenting the pin.

Lists of initiation results are still rolling in and the Theta Chi is the first with their tra- See—QUARTERS—Page 4

'Big-Three' Draft Policies In Nine Point Program

EDITOR'S NOTE:—Because of the importance of the Crimean conference, the remainder of the text of the Nine-point plan drawn up by the Big Three appears in the State News today. The first four points appeared in yesterday's paper.

- Another formula along the same lines was discussed by Yugoslavia. The Big Three said Marshall Tito, who is now running the country from the inside, and Dr. Subasic, the Prime Minister of the exile government at London, should immediately set up a coalition government as previously agreed on.
- To provide continuing consultation of the Big Three the chiefs of state agreed that their foreign secretaries should meet every three or four months, beginning in London about the middle of the year.
- The Big Three also made up their minds on the big issue still unsettled in the Dumbarton Oaks plan for war organization and agreed that the United Nations should convene a conference on the San Francisco beginning 27. The formula for settlement which had previously been agreed upon was whether the power, if accused of aggression against itself, should have a veto power in settling this dispute. It was agreed that the three powers should assist any of the former Axis states in carrying out measures to guarantee their right to choose their government.
- The Big Three signed a predicting that the Dumbarton Oaks plan will provide the opportunity in all history for a lasting peace, with from fear and want.

Spartans Whip Detroit 53 to 29 Last Night

Fortino, Rapchak Lead in MSC Scoring

By JOE HEAGANY

Extending its longest winning streak of the season to three games Michigan State's basketball team soundly trounced the University of Detroit 53-19 last night in Jenison gymnasium.

The game was never close after the green and white started to roll. Detroit had a 7-4 lead at one time early in the first period, but bucked by Sam Fortino and Joe Beyer surpassed this deficit in the second and the Spartans were in the races.

Fortino, Rapchak Star

The first half scoring was largely a two-way affair. Fortino and Bill Rapchak poured 22 and 20 points through the Spartans' defense to account for 42 of the half time total of 28. Beyer's ball-handling and shooting were another feature in the first stanza.

Fortino and Rapchak continued to lead the Titan defense to victory in the second half and with John Roberts doing most of the back board work the Spartans took right up where they left off.

Jack Breshin, sophomore forward and Al Vangette, sophomore center were the only men on the Spartans that could hit with any consistency at all. Joey Smith's floor play was also superb, but he failed to cash in on the scoring side.

Roberts Off Stride

Roberts was held to his all-time low this season as he garnered but four points, but he and Nick Hashu gathered in a good share of the rebounds. Roberts' aggressiveness on the floor broke up many scoring plays for the metropolis boys.

Beyer, playing before his old team mates, proved his worth by potting three long foms and bringing the ball down the floor nicely. Joe was also assigned to guard Smith, one of the vanguards of the Titan attack all season and held him in check with the greatest of ease.

With about eight minutes remaining Coach Ben VanAlstyne sent in a flow of substitutes and the game became more of a track meet although three sub-Spartans managed to break into the scoring. Jack Breshin got three points, Paul Bauman, two; and Joe Krakora, hooked one basket.

ATO, Psi U Lead Greek Bowling Competition

With the ATOs in first place, the IFC bowling league is nearing the end of the competition which began in the middle of fall term, according to Co-chairman Bob Butler and Bill Graham.

The ATOs have 26 points, Psi Upsilon is second, also with 26 points. Theta Chi, with 25, follows. The Phi Deltas are fourth with 26 points, Sigma Nu fifth with 22. The SAEs have 20 points to hold down sixth place. Next is Delta Chi with 18 and Phi Kappa Tau with 17.

Down farther on the list are FarmHouse, Delta Sigma Phi, AEP, Sigma Chi, and AGR, in that order. Psi U, Theta Chi, and Phi Delta Theta have not had their bye yet so their relative standing is not as good as their point score indicates.

Points are awarded on the basis of the winner of each of the three games gets one point and the high total pins wins one possible point in one night.

Cups will be awarded to the first three teams as well as to the high individual and to the high team series.

Keith Steffee, ATO, holds the high individual score, with a 249 so far, with Don Dahiman, Phi Delta, close behind him with 238.

Tonight's competition at the Rainbow recreation will find the ATOs rolling the Phi Taus, the Delta Chis competing with the Phi Deltas and the Delt Sigs facing the Sigma Chis.

Spartans, Wayne Will Clash In Track Meet Saturday

Tartars Have Win at Chicago to Back Them

By JERRY KENNEY

Entertaining hopes of winning their first dual meet, Spartan track men will play host to Wayne university Saturday in Jenison fieldhouse. Field events will start at 2:30 p.m. and track event at 3.

The Tartars, just returning to track competition this year, have a dual victory over the University of Chicago behind them as they take on State. Wayne's times in that meet were quite slow, however.

Wayne Has Dash Speed

Wayne has speed in the short dash and hurdle events that may provide a threat to Coach Karl Schlademan's men. Tartars Lorenzo Wright and Harold Volger both showed up well in their Chicago meet. And cross-country man Bert Foyor will be Wayne's chief threat in the distance races.

Team Captain Bob Price has been entered in the pole vault in addition to his regular slot in the two mile race. Wayne Finkbeiner will be Spartans' other vaulter.

Bob Beckord and Fred Aronson will be entered in the high jump, while Lee Pickett, Aronson, and Finkbeiner will compete in the broad jump. Bob Godfrey and Jack McLean will be Spartans' other vaulters.

Walt Kalmbach and Bernard Zeeb will be State's entries in the mile race. Frank Gaeppert will enter the dash for State, as may Bob Mesner who has been shifted from his usual spot as a 440 man to the dash with some success. Henry Smith and Pickett will also run the dash.

The 440 will find Herb Sprestra, Bill Maskill and Bob Modler wearing the green and white. A few entries for the half mile will be Keith Near, New returned State just last week after graduating from Northwestern high school in Detroit. While not in shape to run a fast race Saturday, Schlademan is counting on him for points later in the season. Finkbeiner and Zeeb will also enter the half mile.

Pickett, Finkbeiner, Beckord and Sprestra will make up the mile relay team.

Prison Camp Communique from a Spartan —

Remember Doyle Lott, known to everyone as "Willy"?— He used to wait on you over at Hurd's. Now he's "stuck" over there for awhile— somewhere in Germany behind barbed wire fences guarded day and night by Nazi soldiers. But he isn't complaining about the poor food—scanty shelter, rough treatment, or lonesomeness—no—he fought until they knocked him into the sea and he had to paddle ashore—until the Nazis got him where they wanted him. He can't do anything more right now. — But how about you? — There's plenty you can do to help Willy Lott. — You can cut out a couple movies, sundaes or cokes. — and send your own fellow Spartan a book, a good book, from home—that would help pass some of the nightmareish hours away in the prison camp—bring him a little happiness and hope that will mean so much he'll get down on his knees and thank God something from home could reach him in that barbed wired hole . . .

you can do it . . . easily . . . will you??

American Forces Win Upper Hand in Manila Bay Battle

Bitter Japanese Resistance Slows Advance

MANILA, Thursday, Feb. 15 (AP)—The slow, bitter battle for Manila bay swung steadily in favor of American land and air forces Wednesday.

Within rubble-strewn Manila, Japanese fighting to the death south of the Pasig river mouth were forced back into an area of less than three square miles centering in the Intramuros (walled city).

Yanks on historic Bataan peninsula won 11 miles of the bay's eastern arm by driving down the peninsula shore to Abucay.

Corregidor Bombed

Out in the bay, Corregidor, barring entry of American warships, was battered by 107 more tons of explosives aimed by bombardiers of Liberators at its coastal batteries.

The Japanese, committed to die and destroy tactics, were fighting stubbornly from entrenchments along once-magnificent Taft avenue which parallels the Manila bay shore, dimming earlier hopes of a speedy purge of the enemy.

Advance Made on Bataan

On Bataan, the 11th corps has cleaned the last Japanese from the base of the peninsula and has advanced 11 miles southward to capture Abucay, the eastern anchor of MacArthur's first defense line during the futile holding fight of 1942.

Heavy bombers poured 107 tons of bombs on Corregidor fortress, just off the tip of Ba-

taan, while low-flying fighters swept Bataan's east coast, wiping out 24 more supply barges. Supplies Captured

To the north, 40th division Yanks captured a "great quantity" of supplies in the Zambales mountains after inflicting heavy casualties on enemy pockets.

On the eastern side of the central Luzon plain the sixth, 25th and 32nd divisions were probing deep into the southern Caraballo mountains. There additional large stores of enemy equipment, including four tanks were found abandoned.

Subs Sink 31 Enemy Ships in Eastern Waters

WASHINGTON, Feb. 14 (AP)—United States submarines operating in far western waters have sunk 31 more enemy vessels, including a converted light cruiser, a converted gunboat and an escort vessel.

This haul of Japanese shipping announced today by the navy, was one of the largest ever reported in a single communique. Presumably it covered a period of several months.
