## Today's Campus

### Surprised Bride

John Turnblom, Cadillac, returned to her room in the dormitory to find the door decorated with streamers of "congratulations" tissue paper, and a "best wishes" sign up all slightly over the room. She was bridled still in a fog about it when her friends started asking why she was back so soon and her husband gone overseas so soon? It seems her other friends had subtly spread the news that she had gone home to get married and her roommate who accompanied her, was the bridesmaid.

### Traveling Bag

It (J.C.) Jake Speelman, '42, hospitalized for an operation in Hollandia, New Guinea, recently played host to another Lansing man, I.C. (J.C.) Bob MacKichan. Talking over old friendships and reminiscing about the "good old days" at MSC, the atmosphere was complete down to the last detail.

"Funny how some things get around," commented MacKichan, as he picked up a Hurd's laundry bag which was hanging over the end of the hospital cot.

## Erica Morini to Play Music Of Rachmaninoff, Kreistler

Chopin B-Minor Concerto Will Be Heard Also

By PEG HUMPHREY  
Ranked among the select interpreters of the violin by critics, Erica Morini will give a concert tonight in the Music auditorium at 8. Admission will be by season ticket.

Opening with Tartini's "Sonata in G minor," the first part of the program will be concluded by "Variations on a Theme of Corelli" by Tartini-Kreistler.

Her accompanist, Gregory Ashman will play Rachmaninoff's "Elegie" and Chopin's "Scherzo in B minor." The program will be concluded by four movements from Brahms' "Sonata in D minor, Opus 108."

Under the stimulus of encouragement from her professor-father, Miss Morini began studying violin when she was four. A lover of music, her father secured for her the famed "Davidoff" Stradivarius, which he had heard and admired long before her birth.

Beginning a long series of European concerts, Miss Morini made her debut at the age of eight under the baton of Artur Nikisch in Leipzig. While still in her teens she gave her initial performance in this country at Carnegie hall, achieving immediate success here as she had in Europe.

Having had little time for normal childhood pleasures, Miss Morini practiced scales while other girls played with dolls. Now married to Felice Stronachino, of New York, one of her favorite pastimes is "ballroom dancing at which she is very skillful."

## Troops Capture Fort on Manila, Swarm Over Corregidor

GUAM, Feb. 20 (AP)—American marines invaded the island of Iwo Jima, only 750 miles from the Japanese homeland yesterday, and fought their way inland from the beachheads against stiff enemy resistance.

In a Tuesday broadcast from Guam, Robert McCormick, NBC war correspondent, said the marines already are so strongly established that the enemy has no hope of driving them off the island but "we will lose a fairly high percentage of men."

Japs in Hiding  
McCormick said the Japanese are holed up in thousands of natural hideouts such as caves from which they are resisting fiercely, emerging at times into the open.

American commanders said initial progress was "satisfactory." The marines speedily reached Iwo's important bomber airfield and penetrated its defenses.

### Similar to Tarawa

Within two hours after the first barges had graded ashore Monday morning, the marines had pushed halfway up the dark sandy beaches of the rocky island that may prove tougher than Tarawa. First official reports said American casualties were "moderate."

This closest ground approach to Japan was made by the veteran fourth marine division, commanded by Maj. Gen. Clinton B. Gates, and the new fifth marine division. The latter, composed of veterans of Guadalcanal, Tulagi and Bougainville and now men, is commanded by Maj. Gen. Keller E. Royce.

## MANILA, Feb. 20 (AP)—Eleventh airborne division troops captured Fort William McKinley at the southern outskirts of Manila Sunday. Other Yanks swarming over Corregidor fortress mopped up the Japanese defenders behind their own gun batteries, and pursued enemy remnants on Bataan.

McKinley is one of Manila's two forts. The other is Fort Santiago, inside the old Intramuros (walled city) where the Japanese are making a bloody final stand, jeopardizing thousands of civilian lives.

Gen. Douglas MacArthur said in his communique today the "steady reduction" of the Japanese holed up in the Intramuros was continuing.

Japanese strongpoints on Corregidor were being eliminated by para-troopers and infantrymen who landed by air and sea on the island fortress today. Enemy defenders were being killed as they manned their fixed gun batteries.

## Third Army Cuts Three Miles To Penetrate Siegfried Line

PARIS, Feb. 19 (AP) — Scotch infantry and tanks captured three-fourths of Goeh today after storming from two directions into the Siegfried line city of 14,000 population on the wavering north flank of Germany's western defenses.

On the center of the western front, the U.S. third army had lashed all the way through the three-mile deep Siegfried line in the Eifel mountains on a seven-mile front and was driving against the river lines of the Rhine. The main base at Biltburg.

Once more the U.S. seventh army to the south was battling in the Saar basin six miles southeast of the capital city of Saarbruecken. The Americans seized 1,000 prisoners in attacks which supreme headquarters said had limited objectives.

A lull persisted elsewhere on the front as the British and Canadian forces, carried the brunt of the attack in the corridor between the Moselle and Rhine rivers leading to the Ruhr and Rhenland.

The Scotch struck with such suddenness at Goeh that they surprised the German commander and his staff in bed.

The infantry charged through the rubble of Goeh's ruined streets, clearing the enemy from the north side of the southern part of the city.

The Germans had to be rooted from wrecked houses and mountains of debris, the product of intense artillery and aerial bombardment which they turned into miniature forts.

## In Campus Quarters

By DOTTIE La MONT and NAN TRABUE

WITH weather conditions still described by that ominous word "cold" most every day, it's beginning to look as if our friend Cupid has been almost frozen in his tracks and his activities are not as numerous as usual.

Just to prove that he wasn't entirely left out in the cold though, we bring you news of the marriage of Jean Wagner, Kappa, last weekend. Her husband is Ens. Sia Wilkins, who was a Sigma Chi at Michigan. After the double ring ceremony Saturday, the couple left for New York where they will make their home.

Southward bound to Quantico, Va., is in the offing for Rosemary deBeaubien, Alpha Chi sophomore, who will be on her way about May 2 to become Mrs. Jim Jackson, Jim, Zeta Psi, formerly of the U. of M., made Valentine's day one to remember by sending that familiar token so often seen on the left hand.

Sunshine is just a little brighter in the lives of four young men since last Sunday. Reason for this new lease on life is their emergence as active Delta Chis. The new members are Jack Niemi, Chelsea freshman; Al Wallbank, Farmington freshman; Hal Miller, Saginaw sophomore; and John Hewitt, Huntington Woods sophomore.

Eastward bound hitch-hiking population has been increased by five since the Chi Os peddled Janet Mitchell, East Lansing freshman; Alice Domke, Detroit freshman; Betty McGee, Lansing, Monroe sophomore; and Kathy Price, Cass City freshman.

The Phi Taus are in the planning and initiation business, too, and it has resulted in the pledge of Don McGeevie, East Lansing; Don Dreyer, Burton; and Alan Boyle, Flint from the freshmen class. Howard Neill, Dearborn freshman was added to the active list.

In addition last weekend at the Alpha Gamma house might evoke hopes, and thrill out the congratulations are to the new members, and Valentine's day took a temporary place in the bluebird.

Exclusion now wearing the arctic pin are Helen Turbolen, Cadillac; Ginny Van Tassel, Detroit; Chae Nevert, Elmhurst, Ill.; Eva Jo Rabold, Detroit; and Ben Smith, Dearborn. Sophomore are Marilyn Thompson, Benton Harbor; Margie Hale, Wauvotte; and Maxine Malcolm, Grand Blanc. Model pledge of the group is Chae Nevert.

Alpha Xi pledge Joan Bates shares today a spotlight with the Phi Delta pi she is now wearing on her sweater. Bob "Rotter" Williams of Michigan is the man who put her in the "pinned" linky.

Any ideas for changes will be gladly accepted, Breslin said. Suggestions may be offered to Emory G. Foster, manager of the Union building. Mrs. Ivarene Patton, secretary to the manager or Breslin. ## Prof. Claude Newlin Reveals Dark Past As Secret Agent

By VIRGINIA ANASTAS

A living example of the "study above and the college party" existence, one in the person of English Claude Newlin.

When the United States of World War I, Prof. Newlin, a recent recipient of a Ph.D. from Princeton, dropped his teaching in the U.S. and rushed to France to help in the North-Carolina campaign to supplement the French by teaching and study.

Landings at the point of five months' study of this collection of papers were with a few months' using those well-honed knowledge.

Called for Intelligence. The work at the Princeton airport, and when he has commanding officer, it was in need of a French speaker.

In reality, much of our surrounding intelligence work in London and elsewhere by a group of routine detail, Newlin's chief duties of the intelligence agents are to check on foreigners in the country, keep their ears open for any and defeatist talk, and suspicious characters.

Usually the men are to a certain area. If the suspect should be seen, his trail is picked up by another operative. In the district he has gone to, the outcome of the school known to the counter-espionage agent.

With French Secret Service. Newlin's first assignment was in Nantes where he worked in conjunction with the French Secret Service. A typical example of the two-year work is when Newlin had to meet at a restaurant a former schoolteacher and another engineer, both were now a part of the labor working in the American army in France.

After they had left their slightly pro-German attitude, the agent's suspicion aroused. He managed to meet them quite often, yet failed to unearth any details. After they had left their headquarters, Newlin's participation in the case ceased.

## Russians Score New Advances Against Nazis

**LONDON, Feb. 19 (AP)**—Russian troops in a four-mile advance today captured Nowe (Neuenburg), on the Vistula river 47 miles south of Danzig, while the Germans reported that other Soviet forces had found their way into the walled medieval town of Guben, key road hub, 51 miles southeast of the Polish capital.

Enemy broadcasts said Nazi counterattacks later expelled the Russians from Guben and also recaptured the strongholds of Sosenefeld, Sorau and Sagan on a 35-mile front southeast of Guben.

Moscow's communique did not mention that vital sector, where the first White Russian and first Ukraine armies under Marshal G. K. Zhukov and Ivan Konev were trying to weld their flanks securely in preparation for an all-out blow toward Berlin.

Moscow said Russian troops on the Sorland peninsula, northwest of Koenigsberg, had smashed enemy tank and infantry attacks seeking to break out of encircled Koenigsberg, East Prussian capital.

# Buell Promises Gay Play

Marjorie Rice As Amorous Movie Star  
Chases Inventor Through Three  
Acts of Hilarious Comedy

By HELEN TURNBLOM

"Personal Appearance" by Lawrence Riley is the term play chosen for presentation Friday and Saturday, March 2 and 3 in Fairchild theater. Prof. Don Buell of the speech and dramatics department revealed yesterday. It is a gay and light comedy centering around the amorous adventures of a typical movie star, who is termed "susceptible."

The play opens when the movie star, Carole Arden, played by Marjorie Rice, Saginaw senior, who played the artist's model of "Guest in the House," promises to raise the roof of Struther's tourist home in Scranton, Pa., when she is forced to stay there when her imported automobile breaks down while she is on personal appearance tour.

### Girl Chases Boy

A reversal of the usual "boy meets girl" routine follows when this Hollywoodite spies Bud Norton, tall, dark, and handsome filling station owner and inventor. In this case, girl meets boy, girl goes after boy, and finally girl loses boy. Bud is played by Milton Haitema, Lansing freshman, and discharged veteran making his first appearance.

Carole finally convinces Bud that he must return with her to Hollywood to perfect his improved version of the sound camera, but in reality because of her interest in him. How she is kept from captivating Bud by the intervention of her press agent, Gene Tuttle, Bud's girl friend, Joyce Struthers, and Joyce's Aunt Kate Barnaby provides three acts of hilarious comedy.

### Veterans Handle Roles

Mildred Van Westrienen, East Lansing senior and president of Theta Alpha Phi, dramatics honorary, who was seen last year as the older sister in "Claudia" will carry the role of Bud's girl friend, Joyce Struthers. Aunt Kate is played by Lois Banzet, East Lansing junior, who acted fall term in "Kind Lady" and is a member of Studio theater.

Robert Kamins, Lansing senior, takes the part of Tuttle, the press agent. Kamins has appeared in "Claudia," "Letters to Lucerne," and "Kind Lady."

The little neighbor girl, Gladys Kelsey, is portrayed by Jean Granville, Saginaw senior and member of the cast of "Letters to Lucerne," while John Corbett, Highland Park freshman, makes his first appearance in the role of Clyde Pelton.

### Two New Actors Appear

The roles of Johnson and Jessie are taken by two students making their first appearances in this capacity. James Sitar, Flint senior, and Sue Averill, Birmingham junior, have formerly acted behind the stage, helping with props.

Nancy Blue, Detroit senior who acted in "Letters to Lucerne" and in "Claudia" appears as Mrs. Struthers, Joyce's mother and proprietor of the Struthers' Tourist home.

"Personal Appearance" was one of the brightest comedies on Broadway several seasons ago. It is the first light comedy done by the department since "Claudia" and promises to be a lot of good fun, Buell said.

## Japs Throw Divisions on Chinese Mainland

CHUNGKING, Feb. 19 (AP) — Gen. Ho Yin Chin, Chinese chief of staff, estimates the Japanese have thrown up to 50 divisions; or two-fifths of their army on the Chinese mainland, in efforts to prevent any American landing on the Chinese coast, the Central News agency said today.

Ho, commanding the new Chinese field headquarters at Kuning, said this did not include the Kwantung army of 22 divisions stationed in Manchuria.

## Byrnes Bans Late Entertainment

WASHINGTON, Feb. 19 (AP) — War Mobilization director Byrnes today asked that "all places of entertainment" close by midnight each day beginning Feb. 26.

His action will be backed up by the authority of the War Manpower commission to deny employment ceiling to any places violating it.

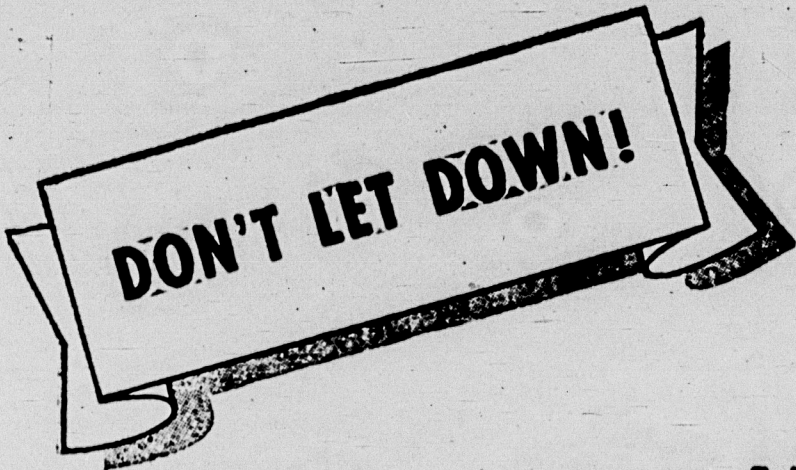

Byrnes said his purpose "is primarily to save coal consumed in heating and in providing electricity. But it will also be helpful in the fields of transportation, manpower and other ways."

Places of entertainment defined as all night clubs, arenas, theaters, dance halls, road houses, saloons, and other similar entertainments, whether public or private, and restaurants engaged in serving food.

Closing at midnight that patrons shall leave to permit full closing time, the Byrnes said.

"The War Manpower commission will be requested to deny employment ceilings to any places violating this request," the director said.
