### ... Orchids to Madam

When C. E. Wildon told his Flower Arrangement class that they could have their choice of the material in the garden and greenhouse for their arrangement he had no idea of Happy the consequences. Faces Day of smiling coeds holding carnations fell when they saw the one woman walk in with two orchids. The coed explained that they had been broken off in the greenhouse and the caretaker had given them to her. Not to be outdone by the caretaker, C. S. Gerlach, professor of Landscape Architecture, gallantly offered to make them into a corsage for the coed.

### ... Changing Times

Clad in the traditional gym clothes, Gussie Bostick, St. Claire freshman, was complacently walking from the gym to Demonstration hall, where her badminton class is held, when a passing ACER was heard to remark: "My gosh, the skirts are getting shorter all the time."

## Big Sister Quota Only Half Filled As Drive Ends

With one day left for registration, only half as many women students have signed up in the Big Sister campaign as will be needed, according to co-chairman Betty Satterley, Evanston, Ill., sophomore.

Representatives of Big Sister council are directing campaigns in every women's residence area throughout the campus. In addition, council members will register women students from 10 a. m. to 4:30 p. m. today.

Two training meetings will be held for big sisters this term. Mrs. Isabelle Gonon, counselor for women, will speak at the first meeting which is scheduled for Thursday in the Music auditorium.

Don Buell, professor of speech and dramatics, will speak at the second meeting on Thursday, May 5.

Directors of Big Sister campaigns in sorority houses are asked to turn in sign-up sheets at the Big Sister registration desk this afternoon.

All upperclass women are urged to sign up during the campaign which closes today at 5 p. m.

Post cards will be sent next week to all girls who have been selected to serve as big sisters.

## Senior Dance Tickets To Go On Sale Today

Tickets for the senior commencement dance on June 3 will go on sale this afternoon at the Union desk, according to ticket chairman Ken Harris, Methuen, Mass.

Rosemary Howland and her all girl orchestra have been scheduled to play for the semi-formal dance which will be held from 9 to 12 p. m. in the Union ballroom.

Through Monday, tickets will be sold to seniors only, but sales will be open to all classes after that time until they are sold out, according to Harris.

## MSC Concert Will Present Orchestra

### Schuster to Conduct Operatic, Symphonic Selections Tonight

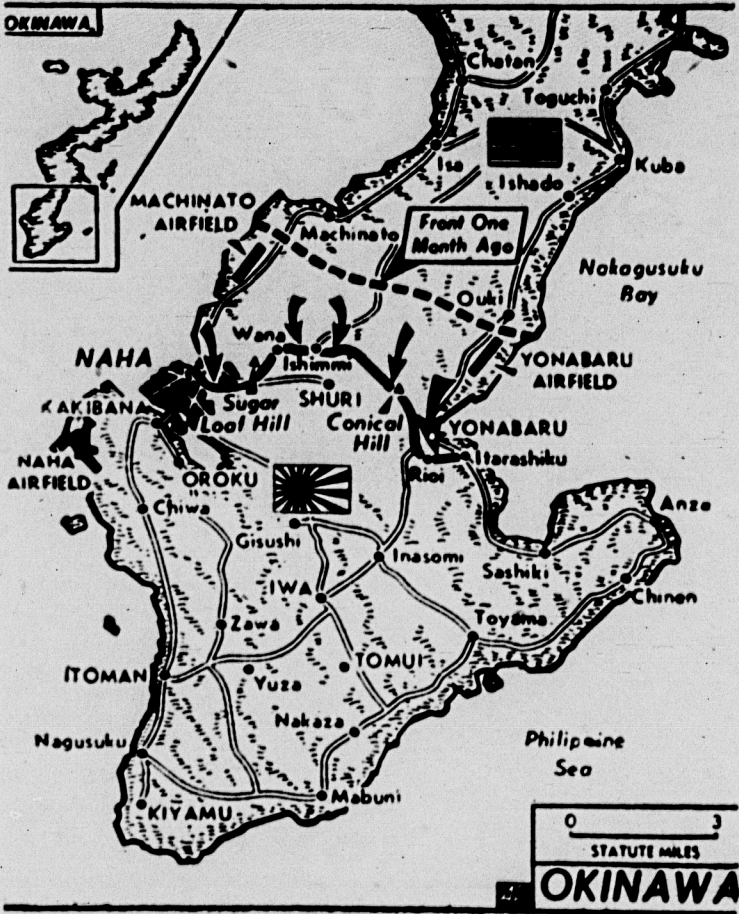

The MSC symphony orchestra will present a concert in College auditorium tonight at 8. Alexander Schuster, professor music, will conduct.

The program will open with Howard Hansen's Symphony No. 2, "Romantic," a name given the composition by its romantic background. Hansen, a comparatively modern composer, is prominent in Rochester music circles.

Saint-Saens' "The Carnival of Animals," the children's favorite, holds the second place. In the work the composer presents caricatures of animals, including with them two beginning pianists as they do their daily practicing. In tonight's concert, Ruth Doak, graduate assistant from Colorado Springs, Colorado, and Ellen Wistinetzki, instructor in music from Cologne, Germany, will play these parts.

Selections from Gershwin's "Porgy and Bess," outstanding among America's modern operas, will follow. The first opera to

## Americans Drive Beyond Yonabaru

In a surprise night attack American troops (large arrow) drove through and beyond Yonabaru on the eastern flank of the Japanese line on Okinawa. Minor gains were scored elsewhere (small arrows) by the Americans.

## Superforts Raid Industrial Area With 550 Planes

GUAM, May 25 (AP)—Flames swept the Shinagawa industrial area of Tokyo hours after the biggest Superfortress raid in history—more than 550 planes—showered 9,000,000 pounds of incendiary bombs on the Nipponese capital yesterday.

Japanese imperial headquarters, never prone to give an expansive report on aerial raid damage to the homeland, said that five and one-half hours after the big planes struck the city at 1:30 a. m. (12:30 p. m. Wednesday U. S. eastern war time), "almost all fires" were extinguished.

Planes Raid Airfield Tokyo radio broadcast also an unconfirmed report that around 180 American planes raided Nipponese airfields on the southernmost home island of Kyushu. Domei, Japanese news agency, said the attack lasted about two hours and inflicted "relatively light damage."

The Superfortress squadrons smashed Tokyo under a full moon, dumping their loads on a concentrated area of Japan's precision instrument and machine tool industry.

Returning fliers said the flames licked through factories and waterfront rail yards which handle one-third of Japan's rail traffic, and the fires were visible 200 miles away.

Japanese headquarters reported only "some 250" B-29s made the attack and while omitting mention of damage to industrial plants said an arbor in the imperial palace was hit and "an establishment" inside the Akasaka palace grounds was destroyed.

The Nipponese communique also made the unconfirmed claim that 27 Superforts were shot down and 30 more heavily damaged.

## Himmler Takes Poison; Nazi Gestapo Chief Dies in Lueneberg

BRITISH SECOND ARMY HDQ., May 24 (AP)—Heinrich Himmler, arch-executioner for Hitler's third reich, died last night by biting into a tiny glass vial of poison he had concealed in his mouth.

The Polish chief of the German Gestapo and of Hitler's SS troops, whose orders condemned hundreds of thousands of conquered civilians and Germans to death, took his own life in the parlor of a house in Lueneberg as a British medical officer searched him.

Himmler dislodged a tiny glass container which he apparently had kept lodged along his gums since his capture three days before.

## MSC Sororities Plan to Compete For Possession of Silver Cup

### Seniors To Have Quota Of Six Tickets For Commencement

Seniors and graduate students may obtain their six reserved seat tickets for Baccalaureate services on Sunday, June 3 and for Commencement exercises on Saturday, June 9, at the registrar's office on or after Friday, June 1.

Tickets not called for will be available for general distribution to seniors on Friday, June 8. Seniors are urged not to accept the full quota of tickets if they cannot use them, although the maximum number is available to all who can.

At the time the tickets are given out all seniors will receive an instruction sheet relative to both Commencement processions. It is important that these instructions be carefully followed.

Fourteen sororities will compete for the silver cup offered by PanHellenic council to the winner of the annual sorority sing to be held in College bandshell Sunday at 2:30 in the afternoon. If the weather does not permit the sing to take place out-of-doors Sunday, the contest will be postponed to Monday evening at 6:30 in the bandshell. If it rains Monday, College auditorium will be used. Maryhelen Chick, Detroit sophomore, chairman, has announced.

Each chorus is limited to 30 voices. Enunciation, attack and release, tone quality, rhythm, harmony and balance, interpretation, selections and appearance is the criteria by which the participants will be judged.

Drawing will determine mine order of the appearance of the choruses. Alpha Chi Omega is scheduled to sing "May Magic" and "MSC Shadows." Alpha Gamma Delta will sing "Gypsy Medley" and sorority song. "As Torrents in Summer" and "AOPi Lullaby" will be sung by Alpha Omicron Pi.

## New Fraternity to Honor Fred Mitchell

By CAROLYN KARNEY Phi Mu Tau has been accepted by the Faculty Committee on Organizations and the Interfraternity council as a new local social fraternity. The fraternity has been named in honor of the counselor of men, Fred Thomas Mitchell, whose assistance has been invaluable in its organization. Started by a group of returned servicemen and their friends, Phi Mu Tau has rented the former AGR house on Grand River and now has 14 members living in the house. The total membership is 18 including nine civilians and nine returned servicemen. Formal initiation will take place as soon as their chapter room is finished, with the char-

ter members undergoing the initiation, also.

Charter members are: Dan Germov, Detroit freshman; Gilbert Johnson, Flint freshman; Chester Kwiatkowski, Detroit freshman; Clarence Laffer, Decatur freshman, and Claude Snyder, Coopersville freshman.

**Pins Chosen** Pledge pin for Phi Mu Tau is a gold Norman shield crossed by a bar of blue, supporting the colors of the fraternity. The active pin has an onyx set with the Greek letters Phi Mu Tau, set in gold down the middle. The helmeted knight's head has crossed swords behind it.

The red rose is their flower and the members are writing

their own songs.

The house was redecorated with the use of two crews of men and the help of the fraternity men. W. E. Dart supervised the redecorating. Among the new furnishings in the house are furniture, pre-war wool carpeting on the halls and stairs, electric dishwasher, and domestic facilities. Dining room, laundry and maid service are all in full operation. Formal opening of the house will be held fall term.

**Officers Chosen** The officers are all freshmen and are as follows: president, Johnson; secretary, Laffer; treasurer, Sam Fremberg; Battle Creek; Chaplain, Bill Lambright. See PHI MU TAU, Page 4

## In Campus Quarters

By DOTTIE LA MONT and NAN TRABUE

It just occurred to us that we're going to have to be giving up our play days of sun-bathing, tennis, and golf, and settle down to the serious business of studying one of these fine days. But before the mad rush for books begins, let's pause for a bit and hear of more pleasant news.

Larry Frymire, alum of '44, made quite an unusual announcement at WKAR where he is a member of the staff. He announced his own marriage to Gloria MacNeven, Delta Zeta and also a '44 alum.

There's a new addition at the Theta house as of a few days ago, and the Psi Us are minus something now, too. Seems as though Ed Wallace will have to report to his fraternity brothers since the object in question is his fraternity pin which he has given to Ginny Jackson.

It does our hearts good to hear of couples from the same home town getting together. Pat Cargo, Houghton junior, is one of those who believes in this set up. Reason for this is shown by the fact that she and Sgt. Paul Lenz, of Houghton, now stationed at Camp LeJeune, N. C., have become engaged. Sergeant Lenz is just back from the Pacific and will go to OCS shortly.

Helen Jackson, Detroit freshman, has decided to join the reserved-for-one-man list. She is now wearing the Delta Sig pin which formerly belonged to Zigmund Kovaleski.

Not to be outdone by his fraternity brother, Sonny Manley, now in the navy, sent his pin back to the MSC campus once more. Nina Burkes is wearing it beside her own Gamma Phi pin.

To trace the sunny smile of Margaret Amiss, Gamma Phi, just look at her third finger left hand to see the ring given to her by Howard Scharfenberg, Detroit.

We've been suffering under the delusion that these rather warmish days would put initiations in the background for awhile. Such is not the case for the Alpha Xis who are adding nine happy coeds to brighten up what's already bright. Freshmen initiated are Ann Elizabeth McArthur, Orchard Park, N. Y.; Yvonne Means, Schenectady, N. Y.; Carolyn Duncan, Port Huron, and Bettye Artes, Lansing.

Sophomores are Phyllis Downer, Flint; Ruth McLean, Saginaw; Lois Schneider, Kalamazoo; Nancy Hayes, Highland Park, and Cecelia Coon, Lansing.

Indications are such that the only conclusion to be drawn is that there has been a pledging at the Zeta Tau house. Further indications have led us to believe that the three coeds with those new pledge pins are Nora Mae Allen, Fremont, Ind., freshman; Mary June Prieskorn, Harbor Beach sophomore, and Elizabeth Watson, Portland sophomore.

### Honorary to Pledge Three

Omicron Nu, home economics honorary, will pledge three women today at 5, according to retiring president Marge Graff, Detroit senior.

Jo Johnson, Pleasant Ridge junior; Margaret Carris, DeWitt senior, and Mary Elizabeth Davidson, Angola, N. Y., junior, are the women to be pledged.

## IT HAPPENED THIS WEEK

By BOB KAMINS

### PACIFIC

By air, land, and sea American might is dealing the Japanese death blows of major proportions. B-29s in ever-increasing numbers are blasting and strafing the home islands of the Nips. In the biggest strike of the war thus far, 550 Superforts dropped 4,500 tons of bombs on important Tokyo targets Tuesday morning Jap time.

Five hundred Superforts are the equivalent of 1,650 Flying Fortresses, so our air command is not far from the 2,000 plane raids which General Doolittle forecast to be in the making.

The area of attack in Toyko was described by the 21st bomber command as "one of the happiest combinations of inflammability and congestion that could be found for the Superfortresses."

On Okinawa fighting is vicious and of the bitterest nature. The Shuri-Naha line has been doubled thus spreading out the thin-

ning Jap garrison and allowing for more mobility for Yank troops and armor. Marine and army commanders say American forces are making favorable progress . . . but it's being measured in yards and blood. General MacArthur's forces continue their tedious task of cleaning out the remaining Japs in the Philippines.

### EUROPE

In Europe this past week, political affairs dominated the entire picture. After much excitement and to-do the Flensburg "group" has been dissolved and the officers involved have been arrested and taken into custody.

After this action was taken, the supreme high command announced that Admiral Doenitz and his staff had been used merely to facilitate the disarming of the German army and the hurding of German prisoners into Allied prison camps.

The action came suddenly and as a complete surprise to the German officers, thus eliminating the chance of their trying any last magic trick of desperation.

### EUROPE

Prime Minister Winston Churchill this week resigned as head of the coalition government of England. He took action after the labor party heads rejected his offer to continue the coalition government until victory over Japan. The prime minister was asked immediately after his resignation to form a "caretaker" government to function until the elections are held and the peoples' wishes are ascertained.

At Trieste tension is still great, although it appeared to be subsiding slowly under negotiations which are being carried out by Marshal Tito of Yugoslavia and the Allied Mediterranean See THIS WEEK, Page 3

# Michigan State Trims Titans In One-Hitter at Detroit

## Spartans Roll Up Eighth Victory in 12 Starts

Keith Steffee, Sturgis fireballer, pitched a one-hitter yesterday to wallop the Titans of the University of Detroit by a score of two to zero. This was State's eighth victory in 12 starts, and Detroit's fifth loss in 11 games.

### Shortstop Martie Hansen

and catcher Ben Hudenko did the trick when they both singled in the eighth inning, pushing Jack Breslin and Hansen across the Titan plate. Up until this inning neither team seemed capable of scoring a run.

Going the full nine innings for the Spartans, Steffee allowed only one hit in the whole game. This was his fourth victory in four starts. Pitching for Detroit was Chuck Cunningham, a veteran of last year's Titan squad, working behind the Red and White's plate was Bob Pendergast, a Detroit second baseman.

State's lineup included Jack Breslin, first base; Dick Mine-weaver, second base; Vanar Kostogian, third base; Martie Hansen, shortstop. In the outer gardens, Rudy Castellani covered left field; Lee Grant, center field; and Don Schuler, right field. On the receiving end of Steffee's expert chucking was Ben Hudenko.

The two teams are scheduled to play another game today, and returning to State between the two-game series, the Kobsmen will travel to Detroit again today. The first games scheduled for May 4-5 were rained out.

Box scores:  
State . . . 000 000 020—2 5 1  
Detroit . . . 000 000 000—0 1 3

command. It looks as if bloodshed is to be avoided and the delicate problem of occupation and ownership of this strategic port will be settled or at least tabled until the peace conference.

More rumors about the death of Adolf Hitler were mentioned this week in the news. A Russian general says that Hitler was paralyzed and insane with pain the last five days of his life and that a doctor committed a mercy killing by administering an injection that "put him to sleep forever."

### HOME FRONT

Washington, and particularly the White House, has been a center of news the past seven days. Several members of President Truman's cabinet resigned and their successors have been named. Francis K. Biddle has been replaced as attorney general by one of his assistants, Tom C. Clark.

The new secretary of labor is Federal Judge Lewis B. Schleddenback who succeeds Miss Frances Perkins. Claude Wickard resigned as agriculture secretary to become rural electrification administration head and the new ag secretary is Rep. Clinton Anderson of New Mexico.

The war food administration has been taken into the agriculture department and WFA head Marvin Jones will return to his judgeship. These are the only changes Truman announced and said he would accept no other resignations from other cabinet members. Truman also is to speak at the final plenary session of the United Nations conference at San Francisco.

## SPORT SPOTLIGHT

By BILL LAMBRIGHT

A discharged army lieutenant, Wayne Finkbeiner was not discouraged by a practice followed by East Lansing landlords of refusing residence quarters for families with young children.

In order to provide living quarters for himself, his wife, Marie, and year-old daughter, Sandra Lee, Finkbeiner went out and purchased a house trailer. In it at the edge of Michigan State campus lives Wayne and his family.

"I wanted to continue my education in veterinary medicine at Michigan State," Finkbeiner explained, "but living quarters almost stopped us. We scoured the city of East Lansing, each time receiving the same answer, 'sorry, no children allowed.' Rather than toss the sponge at my education, we bought a trailer house. Now we're perfectly satisfied for we have our own home with all its benefits."

Nor did he allow the blindness

of his right eye, suffered while serving as an instructor in the army physical education program to stop his participation in athletics. Wayne is currently starting on the Spartan track team as a broad jumper, a pole vaulter and a member of Coach Karl Schlademan's relay team.

Twenty-four years old, from Hastings, Michigan, Finkbeiner first gained prominence as an athlete at Western Michigan where he served as captain of the Bronco cross-country team.

At State last fall, Finkbeiner competed in cross country and followed up with track. He was high point man for the Spartans during the indoor season and is continuing to rack up points in the outdoor events.

## Marine Force Fights Inside Capital City

GUAM, May 25 (AP) — Across bridges thrown over the Asato river under enemy fire, sixth division marines reinforced their forces fighting inside the capital city of Naha on the west coast of Okinawa Thursday.

Marine patrols fought throughout the day inside the rubble of the city to reduce Japanese strongpoints.

On the east coast, seventh division infantrymen in the face of stiff resistance drove further south below captured Yonabaru in what today's fleet communique reported as "important advances."

Bomb-harassed Japan sent down more planes to relieve the worsening situation of the Nipponese garrison on southern Okinawa. Raiders succeeded in damaging a "light unit" of the American fleet Wednesday night.

Thursday numerous groups of Japanese planes began attacking American forces ashore and afloat on the island of Ie a mile west of Motobu peninsula on the northwest coast. Acknowledging "some damage to installations," the communique said that at 10:30 p.m. the attacks were continuing. By that time, 15 raiders had been destroyed.

The program will be dedicated to the late President Roosevelt, and the Allied nations will be feted.

International club, in cooperation with other student organizations, is sponsoring the festival and hopes to establish a precedent for future years and other colleges to follow.

Vocal numbers, dances, and novelty skits will be provided by campus talent and outside performers. Dean Lloyd Emmons, School of Science and Arts, will open the program by a short introductory speech, and a flag march will be the grand finale.

General committee members are Gregory Dean, Detroit freshman; Edward Morrison, Franklin, N. J., junior; Gib Johnson, Lilia Simons, Panama senior; Irene Lake; Jane Paris, Ann Arbor junior; Jenny Bauland, Detroit sophomore, and Jean Fowler, Dansville, N. Y., freshman.
