Seniors to Have Baccalaureate Services Tomorrow Afternoon

Baccalaureate services for members of the graduating class will be held Sunday at 3 p.m. in the University Auditorium and the Rev. Hugh O'Donnell, president of the University of Notre Dame, will speak on "The American College and the Quirky Ideal," and the Quirky Ideal will open the evening at 7:30, the 11:30 student concert will be assisted by the women's glee club and a maggpie choir.

Seniors will assemble at 2:30 p.m. in front of Old Hall for the Woodward, to the east of the Nautilus, for the procession to the auditorium. Fillmore Platform Party will follow the route lines facing the Keestie chemical laboratories, students will line up in uniform for the dissertation. Shots, however, will be made for shifting the position of the group when the degree is conferred.

Commencement exercises are under the direction of senior women. There is a certain precedence in the selection of personnel which should be followed to make the exercises effective.

O'Donnell, Dr. D. Stanley Conover, the Central Committee from the University of Notre Dame, and the Student Senate, will be the principal speakers of the auditorium.

In addition to rain, the profession is working to prevent the basement of the auditorium.

U.S. Troops Drive South From Shuri Against Dwindling Jap Resistance

GUAM, June 2 (AP) — Lt. Gen. Simon Bolivar Buckner, Jr., U.S. Army troops completed capture yesterday of the important city of Shuri on Rok- ship's smashed southern Okinawa defense line, and drove northward against diminish- ing resistance.

The central areas of the American lines, which had been badly mauled south of four days of constantly ironclad Shuri while the Japanese held Shuri, were brought down and straightened and shortened by General Buckner. Several hundred Japanese were killed in the counterattacks, which were driven off.

French Stop In Syria

LONDON, June 1 (UPI) — A major Russian force, supported by two British divisions, with the Syrian government, has invaded the country from the north.
PACIFIC:

Increased action wherever the major war fronts in the Pacific area are being pressed. The Japanese are making headway in the Solomons and the New Guinea area. In the Central Pacific, the Allied forces are making preparations for a major invasion of Japan.

The Americans are also increasing their efforts in the Marianas, seeking to establish a foothold for future operations. The British are pushing their forces further east, with the goal of establishing a new front in the Philippines.

The Axis forces are still holding their positions in the Gilbert and Marshalls Islands, but the situation is becoming increasingly precarious for them. The United States and the Allies are preparing for a major assault on the Japanese home islands, which is expected to begin in the near future.

The war in the Pacific is becoming more intense, with both sides pouring in reinforcements and supplies to their respective front lines. The outcome of this conflict is uncertain, but it is clear that the war will continue for some time to come.

MEETING

The danger of a general explosion among the allies as a result of the current war situation in the Pacific is increasing. The Japanese seem to be building up quickly, having spread through Syria. Arab forces are also in the area, and a town 10 miles south of the capital of Damascus, which both the French and British cabinets have declared an emergency situation.

LONDON has disclosed that the British are taking military steps to keep the crowds in the middle east under control. Mrs. Anthony Eden, British foreign secretary, said the House of Commons that the British commander in chief in the middle east has been ordered to intervene if necessary.

The danger is that any more bloodshed may cause the London government profoundly regret that the situation is reaching crisis proportions in the middle east.

The British government spokesmen in New York, implying that the British were considering a policy of leaving the area, met today and announced that there is still a possibility of a peaceful solution to the conflict.

The war in the Pacific is becoming more intense, with both sides pouring in reinforcements and supplies to their respective front lines. The outcome of this conflict is uncertain, but it is clear that the war will continue for some time to come.

The Seventh War Loan is an "all out" call to victory.

No American can falter. No American can afford not to answer this vital call.

Victory comes high. Every day it is delayed costs us dearly in American blood and lives.

Last year there were two War Bond Drives by this time. The Seventh is doubly big because it's two drives in one.

That's why this is the most urgent war loan of the war. No matter how many bonds you bought in the past, you must buy more in this great Seventh.

If you have any income, from any source—whether from work, land or capital—you have a personal quota to make in the 7th. Look for it in the box to the right.

We must all buy bonds in proportion. Let's meet our quota—let's exceed it if we can.

ALL OUT FOR THE MIGHTY SEVENTH!
