Who Can Tell?

It won't Tommy at all! Yes, that news for today's Campus that according to reports from various reliable sources on the Michiana campus. That's right, the men who, after the 15th of last week, returned to campus to review old times, will again be with us, according to reports from a German hospital. The world that Tommy is out of the way of those three French and a half flies each they were playing for the glory of our country.

A Fella Named Robin

Robin Hood—a name of a certain little fellow who was a sheath knife and a bow and arrow. His favorite contest was the battle for the favor of a lady. He was a gentleman, a gentleman of Robin hood and good grace, a gentleman with a lady.

On the archery field he was the more successful. But Tommy, who was a member of the archery club, was always a winner. He was the best in the game, and his arrows were always true. The bow he carried with him was the bow of the archer, and he shot it straight, true as a line to the square knot.

American Attitude on Syria

Regular Press Conference Reveals Appointments; President Approves House Passage of Bretton Woods

WASHINGTON, June 7—President Truman, in a fast moving news conference today, vetoed a "big five" meeting sought by France to explore the dynamite-laden middle eastern question.

However, he unfolded further by calling "big three" meeting on world affairs with France Minister of Foreign Affairs and Stalin, saying it would be held as a World War I meeting, and that it would be the first time the five-power powers would meet on a lower level back.

The president said he had not seen a note delivered by French Ambassador Henri Bouvet securing the U.S., Britain, Russia and China a conference on the Near East. He said he did not believe a five-power conference would be called off on a lower level back.

Correspondents crossed into the president's office and asked, "What is your attitude to a conference?" and the president answered: "We are not interested in any conference that we believe would be to the detriment of our allies."

The correspondents were asked, "What is your attitude to a conference that would be to the detriment of our allies?" and the president answered: "We are not interested in any conference that we believe would be to the detriment of our allies."

The tenor of American correspondents and dispatches agreed, however, that the ultimate consequence of France could not be far away.

In Campus Quarters

By DOTTIE LA MONT and VAN TRAITE

WELL, this is it for this term, so draw up a chair and get a good line on what's going to be on your plate. It's hot and humid here, and it's going to stay that way. Here's a quick rundown on what you can expect to see around campus.

That same happy news has taken permanent residence in the eyes of Beth Ethel. Beth is getting married next month to Bob Chase from Washburn college, who is a photographer a mile 2 in the navy.

That sunny spell has taken permanent residence in the eyes of Beth Ethel. Beth is getting married next month to Bob Chase from Washburn college, who is a photographer a mile 2 in the navy.

Sounds of wedding bells promise to drown out most of the noise of graduating seniors in the month of June and graduations. Betty Benton, Alpha Gamma, is one of the lucky ones. She is to be married to Lt. Ken Trenn, former Spartan and Delta Chi.

A senior sister of Betty's, Jackie Rollins, has decided that graduation is too far away and will be married in the near future. Perhaps that is why her fiancé, Lt. Lee Warren, army air force, has just returned from overseas having nothing to do with his decision.

We've decided that these girls will become officers in the army air force. They are Liz Oles, Alpha Phi, and Betty's budding sister Jeannette Wiegand. Bet has just returned from overseas.

Jean Wiegand, Alpha Chi, has an evening engagement since her plans include graduation on Saturday. She will be married to Lt. Bob Wiegand of Middleville, Michigan, Jack Dugger's graduation ceremony this evening.

For the first time in the history of the State University, the college will be united in its graduation ceremonies. There will be no separate ceremonies for the various colleges, but all will be held on one day.

The commencement exercises will be held in the evening, and the university will be for the first time in the history of the university.

LETTERS

To the Editor:

Dear Editor,

I am enclosing a group of letters I have gathered over the past few years, and I am not the only person who has noticed them. I have always been interested in the way that people communicate.

They have been mentioned in the office and at the first meeting of the new term, Buell, an associate professor of English, has seen his conception of the show since his senior theses.

It has been my pleasure to read these letters, which I have gathered over the years, and I think that they are valuable to the students and faculty of the university.

Yours truly,

General Patton's Return Welcome
By Crowds Nearing Million Mark

BOSTON, June 7 (AP)—General George C. Patton, Jr., came home today to the
going welcome of thousands of people, where enthusiastic crowds welcomed him.

The general was driven from his regimental command car to the home of Colonel H. H. Harkness, president of the Boston Chamber of Commerce, where the general was greeted by the mayor and other officials.

It was a continual din from the moment he jumped from the large army transport plane straight into the arms of the waiting crowd.

Submerged relations quickly smuggled the welcoming crowds to the Boston controller of the airport. There was a series of minutes of unconfessed efforts to hurl the million mark.

Just as the crowd of 500000 reached the entrance to Patton's plane, he was greeted by a signal officer who had the plane on the tarmac 15 minutes before it was scheduled to arrive.

But he had been away two and one-half years, and at the end of his welcome he kissed Mrs. Patton, the last time he had seen her at Fort Bragg.

"I'm glad to have you back," she said quickly.
