

# Enrollment Rises 36 Per Cent As 4,900 Students Register

600 Are Ex-servicemen;  
Another 200 Expected  
To Swell Figures

Michigan State college started classes yesterday with a 36 per cent increase in enrollment over last year, according to Dean of Students, S. E. Crowe. Yesterday afternoon 4,983 students were registered and approximately 200 more are expected to enroll within the next week which will jump the total over the 5,000 mark. Of the 4,983 students already registered, 1,363 are men and 3,620 are women. The growth of the college is apparent when these figures are compared with the 3,604 students of last year. The ratio at that time was 24 per cent women. Returned veterans comprise more than half of the 1,583 men on campus. In the Service-orientation institute which offers remedial instruction in English, mathematics, science and history, 100 per cent of the 325 pre-18-21 students are army training.

## Hirohito Plans Call on Allied Commander

TOKYO, Sept. 24 (P) — Emperor Hirohito—the latest abdication rumor vanishing into the thin air when it came—was reported today to be arranging an unprecedented visit to General Douglas MacArthur.

Whether the Emperor meets for the first time the alien boss of his smashed empire, as reliable Japanese sources say, a new series of drastic U. S. decrees showed that neither Hirohito nor his government now had much control over Japan's fate.

MacArthur ordered the Japanese government to install stringent wage and price controls and ration all critically-short commodities to head off wide hunger and suffering among Japan's 80,000,000 people.

Trade Frozen

MacArthur froze all Japan's trade abroad, except for approved exports of imports, all limited to necessities.

He forbade forthwith the import of billion-currency and negotiable Japanese assets, while his officers are delving into the complex financial structure that backed the nation's economy.

He prohibited any Japanese atomic bomb research or atom splitting of any nature and placed all research laboratories of the empire under close and continual allied control.

Release News

MacArthur tore down all Japanese government news barriers, stripped the Domei agency of its monopolistic privileges that made it the mouthpiece of the militarists, and threw the news field open to all comers—foreign as well as Japanese.

The report that Hirohito would be the first Emperor of Japan in modern time to go to another ruler for an audience, reached the Associated Press from well-informed Japanese sources.

They said a decision on a meeting at the American embassy at an unannounced date was arranged recently when Admiral Jugi, grand chamberlain, called on MacArthur.

There was no tangible evidence that Hirohito intended to abdicate, as a Chungking radio report said Sunday.

## C. Howard Church To Head MSC Art

The MSC art department this year will be headed by Howard Church, former Chicago artist, who succeeds Albert Christ-Janer. During the last five years Church has served as director of the Mulvaney art museum and head of the art department at Washburn university in Topeka, Kansas.

Church numbers among his degrees, a B.F.A. from the art institute of Chicago; B.A. from the University of Chicago; and M.A. from Ohio State university. In addition, he studied for several years under various well-known artists, including John Norton, William P. Welsh and Boris Anisfeld.

Numerous awards have been accorded Church for works that he has submitted in professional, national and state exhibits since 1932, and students' works under his direction have also received highest recognition in national competition.

## New Regulations on Automobile Ban Announced by Administration

General Interpretations of the Automobile Regulations of Michigan State College Effective October 1, 1945

The State Board of Agriculture at its meeting September 20, 1945, approved the following automobile regulations to be effective October 1, 1945:

1. No student in attendance at Michigan State college from and after the beginning of the first quarter of the college year 1945-1946 shall operate any motor vehicle. In exceptional and extraordinary cases in the discretion of the Chief of Police of the college this rule may be relaxed.
2. The automobile regulations governs the use of a car as well as the operation of one; consequently it is not permissible for a student to use his car, or a family owned car, for social, personal, or any other purposes when the car is driven by a non-student who is not a member of his immediate family.
3. A student receiving permission to use an automobile must adhere strictly to the terms of his permit. Before any driving is done, the student permit sticker must be placed on the lower right hand corner of the windshield in such a manner as to insure easy visibility. Any act of driving, without permission from

this office, or with permit stickers unattached, will be considered a violation of the ruling and will be disciplined accordingly.

4. All permits must be renewed at the beginning of the fall quarter of each year. All old permits will be void October 1st of each year.

5. Where any appreciable saving in transportation costs is realized, students may drive their cars to East Lansing, and place them in dead storage until vacation periods. This provision will not be available to students whose homes are relatively close to the college, for example, cities within 150 mile radius of East Lansing. Such an arrangement when approved, will not entitle the owners of the cars to any special consideration with respect to temporary or week end driving privileges. Full information on stored cars, including See NO CARS, Page 2.

## Agriculture Board Names 11 New Appointments

Leaves Granted Five Facultymen;  
Gifts to College Total  
Close to \$11,000

At its monthly meeting last Thursday the State Board of Agriculture accepted gifts totaling \$10,952, granted five leaves of absence, approved 11 appointments, several reinstatements, and one resignation.

## Mitchell Resigns

Shown above is DR. FRED T. MITCHELL, who will leave soon to accept the presidency of the Turner Alma Mater, Mississippi State college at Starkville, Miss. Dr. Mitchell said yesterday he looks upon his 14 years at State as profitable in terms of training and experience. He also feels his part in the expanding program of this college has given him many ideas that he can apply to his position. One of his regrets is his inability to greet the servicemen returning to school. He now approximately 7,000 men leave to enter the armed service.

The Board approved leaves of absence for Dr. Orion Ulrey, Dr. Steven T. Dexter, Dr. Linton C. Stevens, L. C. Hughes, and Dr. H. J. Storch. Storch, who will head an UNRRA mission of veterinarians to China.

New Faculty Revealed

The appointments included P. L. O'Rourke in the department of horticulture, Julian Miller to the music department, Clyde W. Dew to the English department, James D. Davis in speech and dramatics, and Walter John Pingle as assistant football coach. In the Basic College, Norman F. Kinzie and Raymond P. Harris were appointed to the department of effective living. New members appointed to the department of social sciences are M. J. Segal, Alice Vanderpool, and Hoyt C. Reed.

Two Are Reinstated

The State Board reinstated John C. Donohy and John W. Zimmer, and accepted the resignation of Dr. Jean H. Howerton.

The grants included \$4,000 from the National Cancer Association, Washington, D. C. for research on the vitamin content of canned vegetables. From the W. K. Kellogg foundation, some property valued at \$4,079. For research in chemistry Parke, Davis and Co., Detroit, gave \$825.

Other gifts included \$400 from the Lansing Community Chest board, books and journals valued at \$500 from Col. Mark Ireland, Flint, books valued at \$400 from the estate of the late T. G. Fielding, \$150 from the J. W. P. Co. company, Lansing; \$75 from the Michigan Extension Home Learning council, and \$25 from Mr. and Mrs. Ward W. H. H.

## Coeds Will Gather For AWS Convo

All Michigan State coeds are expected to attend a convocation at 4 p.m. Thursday in College auditorium, at which new AWS rules and regulations will be explained at a mock AWS meeting. Shirley Hambrick, East Lansing senior, announced yesterday.

Details of an examination on AWS rules, required of all women on campus, will be explained at that time. Rules are listed in the AWS handbook.

All 4 p.m. classes for women will be excused so that everyone will be free to attend. Pat Darr, Detroit senior, will act as narrator for the meeting.

## Originals Featured In Art Exhibition

Original oil paintings by contemporary Canadian artists are being featured in the first art exhibit of the season sponsored by the college art department. These are on display now in the Music building gallery and be shown through Sunday, Oct. 21. This group was selected by the National Gallery of Canada, Ottawa, and is being circulated in this country by the American Federation of Arts, Washington, D. C.

## Greyhound Will Run Special Buses for Ann Arbor Game

Arrangements have been completed with the Greyhound bus company to furnish extra buses for Michigan State college students who plan to attend the Michigan-Michigan State game Saturday in Ann Arbor, according to S. E. Crowe, dean of students.

Round trip tickets for the excursion cost \$3.45, Crowe said, and the tickets must be purchased at the Union desk by Thursday evening.

The number of extra buses needed will depend on the number of students planning to go by bus.

## Gas, Tire Worries Vanish With Cars

"Now you see them—now you don't" has been the cry of many a magician. That phrase also describes what happened last week at State when the Board of Agriculture voted to prohibit general use of cars by students.

Exceptions and regulations have now been released and the main fact still looms like a vicious circle. When cars were plentiful the gas supply was on the bottom, but as soon as ration books were scrapped cars can be no more.

Reconciling the campus to the idea is not easy, but here are a few trivial suggestions. Who wants to drive a car now anyway, when there is a much better use for them? The housing shortage can be solved neatly if the owners jack up their autos, sell the tires, and rent them as furnished rooms with adjoining radiator.

Unless the strikes which have been stopping the gasoline deliveries are settled soon, only cars which can run on strong tea or a reasonable fascimile will be on the roads.

In short, the student body has been developing strong legs in the past few years, and it looks as though they will be getting even more muscular as time goes on.—B. A. J.

## Inter-City Bus Line Announces Return To Pre-War Runs

Since Sept. 7 the Lansing to East Lansing buses have been running on their old pre-war schedule, according to the assistant manager of the Inter-City Coach Line company, J. C. Smith.

Buses will run at usual every 12 minutes between Lansing and the college. To avoid late minutes or more serious trouble, students should remember that the last bus leaving downtown Lansing is at 11:40 p.m. Previously the bus left at 12:40 a.m. in co-operation with the midnight shift at the war plants. With the car ban on campus, buses will be even more crowded, and as of now there are no extra buses to relieve congestion.

# Spartans Look To Breslin for Michigan Upset

Saturday football again takes the spotlight at MSC. Charlie Bachman's men will play Michigan at Yost stadium at Ann Arbor after a two year hiatus.

Bachman's boys will have a chance to show their mettle Saturday when they take the field against the Wolverines. Michigan is favored to win, but the Spartans expect to give the Wolverines a surprise.

The Spartans are relying on Jack Breslin, triple-threat Spartan from Battle Creek, to lead the team.

# Breslin Threatens 'Line of Blue'

JACK BRESLIN, triple-threat Spartan from Battle Creek, will play a heavy role in Saturday's game at Ann Arbor.

# Past Scores Reveal Spartans As Dominant Team for Year

### Two New Schools Listed Against State

Saturday, Michigan State will crash the gates of the University of Michigan stadium at Ann Arbor to open their 1945 football season. The coming Michigan-Michigan State football game marks the return of State to a pre-war athletic schedule.

Two new comers are included in State's schedule of nine games for this fall. They are Pittsburg and Miami University, and are the only two games to be played away from the college field this season.

The Spartans have been the weaker of the two teams in the past football games with the University of Michigan. Competition between the two schools began in 1898, and so far a total of 37 games have been played.

The Spartans won the only game ever played with Kentucky by the score of 2-0.

State has dominated the field whenever it has played Wayne winning all seven of the games. Marquette and MSC have been quite evenly matched in the past years. The first tilt was in 1909, and since then a total of 14 games in all have been played, with State taking eight and Marquette the remaining six.

### Missouri Looks Tough

Three out of the five times State has faced Missouri in the grinnon, Missouri has come out on top, and last year was the only team to defeat the Spartans.

Back in 1912, State pulled one of the big upsets of the year when it defeated the powerful Bluejackets from Great Lakes by a score of 14-0. Michigan State had been beat by Michigan and Great Lakes had defeated Michigan, to top it all, M.C. defeated Great Lakes. Michigan State and Penn State have split the two games they have played — one in 1914 and 1925 — so there is little room for speculation as to this year's game.

# In Campus Quarters

By DOTTIE LAMONT and NAN TRABUE

Hi everyone! Mark one up for the class of '49 who managed to stagger through basic college registration. They're still here to tell us that grill hounds are kept at the Vet. clinic and Abbot and Mason are "out east." They think they're running ragged? We're still exhausted from trying to find out about the new diamond, pin and husband owners.

You name it, we'll use it—that is our slogan this week. The score? A new title for this column.

The summer months produced weddings enough. Betty Oles, Alpha Phi, is basking in the sun of Miami with her husband, since June. Lt. Bob Wiegand from Albion college.

Same with former Jane Clark, sorority sister of Betty's, who is finding North Carolina quite the place. Ensign Bud Norcross is the man in mind for Jane. They were married in August.

Summer announced another bride-meaning Doreen Kobel, Alpha Gam, who became Mrs. Richard Terry. Dick is in lieutenant in the army air forces, at one time stationed on campus, and formerly from the University of Wisconsin.

Jean Morrill, another Alpha Gam, is keeping it all in the Michigan State family by accepting a ring from Seymour Thomson. They are both seniors here.

From the Gamma Phi house comes the news of the marriage of Virginia Wilson. She spoke her vows a few weeks ago to Lt. Dick Luelen, who is also a Spartan, class of '46.

Then Jeanne Campbell, Theta, has now become a one-man-gal. Seems that this summer she joined engaged ranks with Lt. Robert H. Kushler of the army air forces.

Barb Owen, Ionia junior, is Mrs. Dean Eckert as of June 14. Dean is also a junior and a Theta Chi.

If you feel like pausing for refreshment before going on to read this lengthy list of new matches, why not stop and think of a new name for our tired old column? Just leave your suggestion or suggestions with your name in the State News office some time this week.

Another engaged pair are Barbara Schulze, Langsbury junior and Pfc. Hewitt Van Velsor, also of Langsbury. Pfc. Van Velsor is a veteran of the F.T.O.

Fran Higby, Kappa, and former Spartan and Jim Boyvill announced their engagement at a dinner the other night. Jim is another veteran who served in the European theater and is a member of Phi Mu Tau.

The Sigma Kappas have several new additions in their house to begin the new term with. It seems that Jean Carol McNicol has received a ring from Lt. Jim Pitcher. Jim is from Jean Carol's home town, Saginaw.

Receiving much notice at the Alpha Chi house is Jane Kitchen who is sporting a Kappa Delta Psi pin since not so long ago. Donner of the gift is Lt. Tom Blair, who attended Michigan.

We told everyone once about Ann Chevie, Delta Zeta, who received a Sigma Chi pin from George Doyle, so this makes once more they're breaking into print. They're now engaged.

Bits of juicy items are sifting back to campus concerning the very recent alums. Mike Wilson, proxy last year of Alpha Chi, is wearing a diamond to make things more definite, from Bill Bush who is bidding time on the ocean these days with the navy.

This is obviously beginning to be a bit confused. Hope nobody is having trouble keeping the pins straight from the rings. But we're back to another pinning and from a Sigma Chi at that. Something new. Glen Snoeyenbos passed his pin to Ann Shontz, Sigma Kappa, early this summer.
