LETTERS . . . . To the Editor

Editor's Note - All letters to the Editor that are submitted with the
front page of the newspaper should be signed if they are to be considered.

The Editor:
Yesterday the State News had a large editorial on the front page regarding the car ban and the "Students' union." Some of it was fine but a lot of it was based on fiction or rumor.

The "Students' union" is a very real idea - a very serious one. Students have never had much opportunity to be heard. It is an idea that is in its infancy and it will take time to develop. The Editors of the State News are interested in hearing the students' opinions and their ideas for the development of the union.

The "Students' union" does not mean a club or a social organization. It is an attempt to bring the students together for the common good.

The Editor:
I was interested in your recent article on the "Students' union." I have been working for months to get this idea started and I am encouraged by your support.

The Editor:
I am a student at Michigan State College and I am very interested in the "Students' union." I would like to know if there is a Student Council and if so, who is the president?

The Editor:
There is a Student Council and the president is John Smith. He is doing a good job and I would like to see more support from the students.

The Editor:
I am a member of the Student Council and I would like to hear from you more often. I believe the "Students' union" is an important idea and I hope it will be successful.

Bachman Plans Strong Offensive

In Clash Against Wayne Tattars

Having defeated the highly rated
Pittsburgh Panthers last Sat-
saturday in Madison, the Spartans
are preparing for an attempt at their eighth consecutive
victory over the Tattars from
Ann Arbor.

Promising a powerful passing game, Coach Bachman and his staff have concentrated efforts on a stronger offensive running attack. The offensive line is looking strong. "Our team has a lot of
speed and agility," Bachman stated.

"We've got to get our
ground game working or some-
thing will come up with a smart
defense that will stop us.

"Irritator Power Good"

Statistics for the first three games bear out Bachman's contention that the Spartans' aerial power overshadow their ground strength.

In beating Kentucky and Pitts-
burgh, and losing to Ohio State, the Spartan running attack net-
tted only 140 yards, while they have given up 573 ground gained yards to their opponents.

Running Attack Flattened

But the passing totals are on-
ly another way of looking at things. Michigan gained 247 yards through the air, as compared to 106 for the oppo-
nents. The Green and White have outscored 33-21 in winning two of its three games.

Two one-play passes have been
preceived as members of the "Forgotten Souls," directed by Pat B soarington, Portion junior; Tac Henderson, and Ross Smith, East Lansing junior.

Donald Day, Birmingham senior, will direct "House of Juke." The cast includes Jean Solomon, Battle Creek sophomore; Don Perry, Detroit sophomore; Kent Hennering, Saginaw junior; John Squires, Elder Rustie sophomore, and Barbara Johnson, Mason, sen-

Elections will be held for the
offices of secretary and treasurer.

Seals have been used suc-
cessfully since 1911.

Commissars Rule Berlin

Political Bloc Seen

WASHINGTON, Oct. 16 (AP) - The Communist party of Germany now dominates Berlin's political scene, the German government reported today. The statement indicated it could not retain that city if it were to partially or completely be expelled.

Eisenhower, in an official report on the war department, said that "the communist element is strongly supported with money and supplies by the Ost in the form of foreign labor and various forms of aid." The Social Democrats and the Christian Democratic union, in that order.

Four Parties

All four political parties functioning in the German capital are allocated sufficient newsprint by the Soviet authorities to print 100,000 newspapers each. Eisenhow, said, "failed because the Communist paper is permitted to do it.

"All papers," he added, "are running articles in the Communist.

"Of the four political parties, Eisenhow, said, "the Social Democrats are well organized, but the other three are not as well organized as the others."

The two others, the Christian Democrats and the Liberal Democrats, however, he said, are new and have active organizations.

Political Play

The report added: "The four parties in Berlin joined, on the initiative of the Communist party, in a united front with the goal of unifying their policies on all important matters. This joint political organization continued throughout the month under the name of the "August" and confirmed in formal surface union on major questions, with some evidence of dissension, especially on the part of the two conservative parties.

The next move will be to challenge the "new" Berlin's situation with the".

The New Berlin

The city will be a "futuristic" one, with wide streets, modern buildings, and a high standard of living. The government plans to build a new city on the outskirts of the old city, and to move all government offices and industries there. The new city will be named "New Berlin."
