**Five Men Hold Access to College Doors**

Like Bluebeard of a fairy tale, five hard-riding men and security department are entrusted Cedar Closet since they keys that give access to any part of the campus on the campus and the farms.

Virginia Lewis, the best and veteran of the five, operates the machine at all hours of the day. He said while he is the best he is not able to satisfy different people. Some have been turned away and there is a few that change their tastes from time to time. I try to keep them all happy.

With 22 years of service behind him, Pat Green is on the job and living fast and other heating mechanisms. He is well-known to many of the students and faculty members. His key holders have treated him well, he said, and that they are always present to the students.

SPARALT PLAYERS

Ludwig, Condor Star in Backfield Offense, Defense Play Tactics

Since early in July, when summer football practice opened, there has been an apparent threat that some of the most promising members of the Michigan team would be able of breaking into the lineup during the course of the season.

The two halfback spots present two of the most conspicuous openings for that year in the yard line crop in Bob Ludwig and Sam Condor. Ludwig is a husky 118-pound halfback who gained 11" tall and played football 5′ 11" tall and played football at Lake Forest school under Coach Leo Redmond. He has been in the three years and last fall led his team to one of the top positions in high school football.

Despite his age, Bob is considered one of the most promising passers ever to play at Michigan. In addition, he is a top good runner, mixing speed with deception to make him an opposing field spritzer. On defense Condor plays the tackle and looks to get the ball out of his side.

In All Athletics

Bob is an all-around athlete and will double play baseball and basketball. He recently played on his amateur athletic team in a state tournament and the result was that he was named allstate in the baseball.

Little Swoon Coonts, from Ypsilanti, who has been high school, has definitely established himself as the right halfback in his first season of college football. The play of this 5′ 8″, 160-pounder has been one of the highlights of this season.

He has played practically every game of every game and certainly has been one of the most prominent facices in the success of the Spartans to date.

Coonts plays hard at all times, and more and more than ever has been required of him, but he always manages to give a good account of himself every Saturday.

It is his specialty to deep reverse and end on field and has been a consistent ground gainer on each play. Swedish is also noted as the recipient of a good many pass plays.
