Patrick J. Hurley Resigns Post As China Diplomat

CHUNGKING, Nov. 29 (AP)—Secretary of State James F. Byrnes on today's program.

Hurley has been meeting with China's new Premier, Chou En-lai, and with Chinese leaders in Chungking.

The Chinese press said a few weeks ago that Hurley had decided to hand over 3,000,000 tons of wheat, instead of the 2,000,000 tons that no one could eat, to China.

Just how Generalissimo Chiang Kai-shek will deal with the new ambassador is not known.

Ballet Lauded Second Night

Surprising Monday's performance, the Ballet theater swept its audience by the sound of the art form that has become one of the Walker's most popular events. Over 5,000 people were present to hear the orchestra play the music of the famous Russian composer Tchaikovsky.

To the music of Peter Tchaikovsky, the players of the Aurora Orchestra Interpreted the program of the Magic and Romance of the ballet.
The Manly Art Has No Defenders

"Brick" Burbanks, Spartans boxing coach, views the current situation in that sport as critical. "If we don't have more men, we have to look for a substitute," he stated recently.

But the question is, can we have enough men to compete? The condition of too few men on campus for athletic teams has been overcome. The turnout of football and basketball teams clearly demonstrates that there are enough make-up on campus to compete in every sports program going.

"Why aren't the men out for boxing? Don't we have enough red-blooded Spartans to make up a team?" does not mean the sport of boxing hangs on by the others that it should be neglected and forgotten.

Since the beginning of the year, John L. Sullivan, the last bare-fisted champion of the manly art of self-defense has ranked high in the world of sports. For many years boxing has been an Olympic event and many other major sporting events.

It is folly for our athletic director to schedule boxing tournaments with other schools if we lack sufficient men to make a decent showing in competition. As the season progresses, the omission of a boxing team might be a plausible argument against our bid.

So let's generate our fighting spirit into the making of a boxing team second to none.

Baseball Nine To Travel South in '46 Season

The Spartan eleven will be the only team to make a trip south, to State's southern baseball trip, an annual spring jaunt before the Maroon-Dawg Line that became just another war casualty, has been included in the 1946 baseball season as part of the regular schedule.

Baseball coach John Kohn and that transportation arrangements are being made to permit scheduling of games during the last part of March with southern university and college teams.

Kohn organized the spring training trip in 1936 that piloted the Spartans against such home on far south as Florida, Mississippi.

Suppose you hadn't been home for 3 years!

Chances are, the first thing you'd do when you got near a telephone would be to call the folks back home.

That's happening thousands of times every day now, and our operators are going all-out to get those calls through as quickly as possible.

But sometimes some of those calls are delayed because we still lack circuits and the existing lines are crowded. The Bell System is building two million miles of new circuits, but this is a tremendous job that will take time.

Meanwhile, you can help by not making any but necessary Long Distance calls in this period. The many service men and women want to use the wires.
