UNION DANCE, VICTORY PARADE TO SPOTLIGHT FOR TONIGHT

Student Club, North Hall, Sorority, Fraternity Entertainment Also On Weekend Calendar

By LIZ CORRIGAN

Dance, Christmas, Victory Parade of the American Federation of Labor, winter sports, and a contest of student groups will provide entertainment for the active. It is the last week of the semester and the crowning of the year will be the Sten to Present List Mardi Gras Committee.

Committees to work on the Mardi Gras, which has been scheduled for Feb. 3, have been chosen by chairmen of the Dance, Junior Mr. Bill Butler, and Bad Smith, Drum major.

As in past years, crowning of the queen for the Mardi Gras will climax the evening. Bob Butler, President of the Student Council, will present the crown to the Mardi Gras queen.

Tickets for the queen will be handled by Student Council with Bill Payne acting as chairman. His committee will be Leo Class, Louis Smith, Jim Weeks, and Joe Smith.

Howie, Drum major, will head cheerleaders, and will take place in the Mardi Gras parade.

Dance music for the dance will be provided by Jack Skidmore and his orchestra.

This is the last week of the semester, and the students will be looking forward to the Christmas vacation. 

Today’s Campus

Not So Quiet

Reports of Prof. Alan Scott's absence were curiously confirmed but were said to be for the weekend. It is believed that the professor has decided to remain in North Carolina over the Christmas vacation. The North Carolina College of Agriculture and Technology has been assigned to the DTH as the home of the Paul's column for the weekend.

MAD AS HOPPS

By JANICE HOPPS

AFTEA a lot of cooking and discussion, the student body student council has set the wheels in motion to revise its constitution.

The aim, whatever the results may be, is to preserve a government of the student by the student and for the student. It seems that the only thing we can say for certain is that perhaps we mean the student in two different ways.

More than once in the past people have said that the student government in this case is self-governing; it is responsible for its actions. When the student body was organized they expected that it would be able to control the student activities and that it would be able to do so in a responsible manner. The student government has been questioned.

The results tell us that we must be able to do better than we have done. To give them credit for their actions is not enough. If we expect to have a government that is self-governing, each member of the student body must do his part to make it a reality.

We must not only question the actions of the government, but we must also question the actions of the people who make up the government. In order to do this, we must first realize that we are a part of the government. It is not enough to do nothing.

But even a stronger line of fed- eration must be followed. Now that we have a student government we must have a student government that is responsible. To do this, the students must be willing to do their part. They must be willing to make their voices heard in the government.

The students of the student body must be willing to take a stand. They must be willing to make their demands known.

This measure is not only the work of the student body. It is the work of the student body and of the student government. It is the work of the student body and of the student government. It is the work of the student body and of the student government.

Miss Ann stated that the student government is not responsible for the actions of the student body. That is the reason why the student body is being held responsible for the actions of the student government.

In conclusion, the student government is not responsible for the actions of the student body. The student body is responsible for the actions of the student government. The student body must be willing to make their demands known.

THE WOMEN'S WORLD

HELEN GOVERN, Editor

There is a new wave of feminism that is sweeping the nation. Women are demanding equal rights in every aspect of life. They are demanding the right to vote, the right to work, the right to education, and the right to equal pay.

Women are no longer willing to be second-class citizens. They are tired of being treated as second-class citizens. They want to be treated as equals.

The women's movement is growing stronger every day. Women are no longer willing to be treated as second-class citizens. They want to be treated as equals.

making revisions.

To make sure that council activities are up to par and to make sure that revisions meet student demands, step into a council meeting or take a look at this article. Meetings are held every Wednesday evening at 7:15 in organization room 2 of the Union and are always open to members of the student body.

Student council is one of the ways to get out of a wartime rut, but a good constitution is only the first step. That constitution can be filled with beautiful words expressing some beautiful ideas on a beautiful piece of paper. To carry out those ideals will mean the making of the most beautiful plans there ever was.

The council consists of the Michigan State College student body, the students of all four years.
