Judiciary Declares Tax Ballot Invalid in Unanimous Decision

Meeting Ordered To Discuss Revote

A special meeting of the Student Congress has been called tonight at 9:30 to discuss means of putting the tax amendment to the students for a revote.

The meeting was called by Gerald Sheets, Student Government president, because of the Alioto-Babcock decision Friday that the vote was invalid.

Although the decision of the Alien Tribunals is being questioned in the courts, it is necessary that the amendment be approached in some manner tonight, according to Sheets.

He explained that the Board of Education has the right to call for a revote by the students, and that if the Congress calls for a revote, the Board of Education has 24 hours in which to make such a decision.
Coeds Want New Dorm Before Bigger Library

To the Editor:
The MSC is prone to have a new library. The architec-
ture's sketch was printed in the State News of March 9.
An appropriate place for it would be in the old dormitory.
There are just too many. We have the library on the
main floor and the old dormitory on the second floor.
There is too little space.

Conditions Don't Merit Dorm Rate Increase

To the Editor:
We hear at MSC have been whining for the dorm rates.
They have been trying to get a raise for the past year.
They have demanded it. They have come up with a plan
that they think is fair. They have tried to implement it.
They have been asking for it for the past year.

In our mind, the conditions don't merit the request.
They have a lot of room and we believe that they
should not be raising the rates. They are asking for too
much. They are asking for a raise that is not justified.

We believe that the conditions do not merit a raise.
They have not been asking for it long enough.
They have not been trying hard enough.
