**Sawyer Talks U.S. Court Refuses To Block Wage Hike**

WASHINGTON, D.C. — The U.S. Court of Appeals, in a split 5-4 vote, refused yesterday to forbid the government to raise wages in the steel industry, but Secretary of Commerce Sawyer said no immediate wage hike is planned.

Sawyer also called for new legislation, which he termed "a very serious matter." The court's order permitting the government to raise wages in the steel industry will remain intact until after a three-judge court reconvenes.

---

**Fifteen Things Pass**

A career in government
- Birmingham, Ill., — The career in government symposium was held in the T. C. M. building.
- The symposium was sponsored by the American Association of Retired Persons and the Senior Citizens Commission.
- The symposium featured speakers, including John H. N. S. MacLeish, who discussed the role of government in society.
- The symposium also included a panel discussion on the future of government.

**Special Draft Test Stated**

Sawyer also called for new legislation, which he termed "a very serious matter." The court's order permitting the government to raise wages in the steel industry will remain intact until after a three-judge court reconvenes.
Steel Seizure – Right or Wrong?

A district judge has ruled that President Truman's order for the seizure of the steel industry is invalid. In his statement on the ruling, District Judge David A. Pine said the order was without authority in law or fact.

The decision in the case is of great importance to the country.

Judge Pine has considered the following points:

1. The order was not based on congressional authority or on a declared national emergency.

2. The order was not based on a finding that the seizure was necessary to prevent violence or to maintain law and order.

3. The order was not based on a finding that the seizure was necessary to prevent a national emergency from developing.

4. The order was not based on a finding that the seizure was necessary to prevent the breakdown of the economy.

Student Leadership

With this announcement of the seizure of the steel industry, the student leaders of the country are being asked to consider the problems that are facing the nation. They are being asked to consider the needs of the country and to act in the best interests of the country.

One of the important questions that the student leaders are being asked to consider is the question of the future of the country. The country is facing a difficult period of time, and the student leaders are being asked to consider how they can best serve the country.

The student leaders are being asked to consider the needs of the country and to act in the best interests of the country. They are being asked to consider the future of the country and to act in the best interests of the country.

The student leaders are being asked to consider the needs of the country and to act in the best interests of the country. They are being asked to consider the future of the country and to act in the best interests of the country.
