Wolverines' Quiet Rats Must Produce Keep Team in Conference Race

By BOB CAMERON

In the early days of football, the University of Michigan was a team to be reckoned with. The team, led by the legendary Fielding H. Yost, won eight national championships in his 26-year tenure.

Michigan's current team is coached by Jim Harbaugh, who has led the team to a 4-0 start in his first season. The Wolverines are currently tied in the Big Ten East Division with Wisconsin and Ohio State, and a win over Michigan State would give them a leg up in the conference race.

Michigan State's defense has been one of the best in the country this season, and the Wolverines will have to be at their best to beat them.

Spring Grid Drills Close Saturday

Spring football drills will end today, although the University of Michigan is already preparing for the upcoming season. The team will begin fall practice in late July and play its first game of the season on September 1.

Said Coach Harbaugh, "We've had a great spring, and we're excited to get back to work in the fall. We have a lot of talented players returning, and we're looking to build on last year's success."
