University of Nevada involving a law student of

notable achievement.

He asserted the American college and university

is to a large extent a haven for those who have

failed at all levels of education, or who have

failed to achieve in any other field. The

university is a place where individuality can

be expressed freely, and where intellectual and

artistic activity is encouraged.

Eisenstein added that he believed the university

should continue to be a place where new ideas

are encouraged, and where the traditional values

of society are challenged. He said that the

university must continue to be a place where

students are encouraged to think for themselves,

and to question the assumptions of the

establishment.

Grand Slam' by House
Gives Tigers 11-3 Win

If it was riding and driving, the Tigers put one mighty blast over the fence at the Polo Grounds when the bucking bull bolted from the gate and haunted the townsfolk with its wild runs. Buck Thompson's first hit of the game was the third in a row for the Grand Slam.

Stevie Groves, in the middle of the action, started the charge with his infield single, and set the stage for the next man in the lineup. Bill Hillerich, the catcher, sent the ball over the fence and threw it back to the field. The ball was then returned to the catcher, who had already thrown it out on the first attempt.

The game was played in front of a packed house, with spectators cheering for both teams. The Tigers were leading 11-3 at the end of the fifth inning, and the game was called due to darkness.
