**$465,000 More Asked By Varner**

Little Claims Figures 'Reduced'

Officials from Michigan State will ask the House Ways and Means Committee at a hearing this morning to restore approximately $465,000 of the $270,000 originality cut by the Senate from the university's 1955-1956 operating budget. An estimate of $175,000 for Michigan State operating expenses was approved by the Senate in its final meeting of the session.

Harry St. Varner, Secretary of the Board of Governors, who made the request for consideration, said the Senate appropriations figure was based on a request by the Governor of 11,000 students. The university in its last year reported 12,000 students.

**Liberian Ambassador Due Here at Noon**

If a military base were located in East Lansing instead of Europe, the air would be reverberating with the roar of a 17-gun salute at noon today!

It is not likely that there will be such a jubilant atmosphere, but a warm welcome is certainly due for the Liberian ambassador to the United States when he arrives at Kalamazoo Center for the Arts at 12:30 p.m. today.

Educational TV Crisis

UHF-An Ultra High Flop

Educational television for thousands of rural Michigan families may soon become a reality thanks to action by the state Senate Wednesday night. Senator Taylor of 11.45 to 8 vote, an amendment to the annual educational appropriations bill creating state aid to stations that prevented any state college or university from acquiring a VHF license.

The action paved the way for Michigan State's UHF educational channel to acquire a license. Although the WREX-TV is planning to operate a VHF educational television, the station's action does not mean WREX-TV will join the other 12 stations with a private company in creating a license for a VHF educational television.

The result, in President John Burrough, an ultra high-frequency channel in the 95 area, is a well-timed step.

The news never have been obtained from foreign or other sources than the President himself. The President now has no previous knowledge of the situation in the West. The President now has no previous knowledge of the situation in the West. The President now has no previous knowledge of the situation in the West. UN Day
Starts Early
With TV

Students Can Talk
To Guests Tonight

The Worldwide Day Program will get an advanced start today.

Students will have an opportunity to talk to their parents via television from 11 a.m. to noon, in a unique communication experience that is expected to be more intensive than the usual correspondence methods.

Students will have the chance to share their experiences, discuss their goals, and receive advice from their parents, who will be invited to participate in this special event.

Sororities Stage
Mock Olympics

Delta Tau Delta is expected to win their fourth straight annual "Athletes' Holiday" competition this Saturday as the Mock Olympics begin.

The event will feature a range of physical challenges designed to test the skills and endurance of participants, promising an exciting day of competition.
