CENTENNIAL GRADUATES TO DIPLOMATES ON SUNDAY

Addresses Goods
Radford to Tell America's Role

More than 20,000 state graduates and friends will hear "The American Woman" outlined Sunday afternoon by the highest-ranking officer in the nation's military defense organization.

Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, will address the assembled guests of the Michigan State University's Centennial of the Graduate School Luncheon at the Beaumont Hotel.

The admiral, a 64-year-old former West Virginia University, Washington, beach the top policy advisor to the president of the United States for the country's armed services, will return to Michigan State next week for the 50th anniversary of his graduation from the class of 1937.

"We have made our way through a period in which times were good, in which we turned a corner," he will say, "and we have begun on the facilities presently being built. These facilities will be used by the students, the faculty, the staff, and the public.

Charles B. Anderson, dean of the faculty of the College of Engineering, will preside.

Bus Trip to Detroit

Bus service to Detroit, where the luncheon will be held, will be provided by the Alumni Association. The cost will be $1.50 for the round trip.

FIFTY FIVE CLUB SETS SIGHTS ON FUTURE

Plans for Annual Activity Underway

Form for a Michigan State "Front Line Club," designed to help outstanding high school athletes find their way to Michigan State, will be initialed this afternoon in the Class of '64. The 36-year-old admiral, who made many friends among the press in a recent trip to Europe, said the club would work to find funds and to assist those interested in obtaining a college education.

CENTENNIAL AWARDS DUE

Busy Weekend Set For State Alumni

Miss Michigan

Ceremonies To Attract
20,000

Mrs. Louis Gropp, state News and Editorial Director.

The Centennial graduating class will climax its ca-

paign at Michigan State Sunday at 4 p.m. in Macklin Stadi-

um with their wedding being the first graduates of Michigan State University.

The 1400 graduates will participate in the traditional recognition ceremony, but will wear a traditional July 1 in cer-

emony.

The center stage site several small stages to receive their awards.

An estimated 25,000 guests are expected at the celebration, which will begin at 2 p.m. in the Memorial Union.

Arthur W. Radford, chairman of the Joint Chiefs of Staff, will speak at the luncheon and will be named the 25th president of the alumni association.

Receiving degrees will be 1,000 Michigan State graduates, 150 Michigan State students, 50 Michigan State alumni and 25 Michigan State faculty members.

The center stage is reserved for the 25th president of the alumni association.

Congratulations, Seniors

Unless it still hasn't hit home to you, senior, Sunday you will be an alumnus of Michigan State.

This has probably been a pretty hard thing to realize the past few weeks, when preparations for Commencement have begun. You may not be very excited about it, but it will happen. And after four years packed with four of the best spring terms you will probably ever have, you are being pushed out of the wall of tears they call a world.

It's not a pretty world at the moment, politically speaking. There are A-bomb and H-bomb yet to be exploded, and a lot of us don't understand what we've reached at. Financially speaking, however, the world looks a bit brighter. An opportunity are better than even personnel ones.

But the essentials that make up our world are still there, and the somberminds say the Best Things in Life Are Free. And if the ticket is needed to them, then they you will soon inherit fills the bill.

This is a time mixed with a lot of change; change is very, enthusiasm—that you will put into practice all the theories you have accumulated so far; and with any number of others, the change is no to describe the way a senior feels about leaving his friends, classmates and, campus life, when he has just come to have them.

That is perhaps the hardest part of graduation to take without a second thought. And that second thought will inevitably include a picture of yourself meeting your classmates on Marlin Field for one last Alumni Homecoming game.

Sunday is the day for pomp and circumstance. Pomp because it is really something to celebrate, and circumstance, because you can't believe it.

And add to these traditional thoughts, which are met by every graduating class, is the knowledge that this is the Centennial graduating class of Michigan State.

All your long you and your undergraduate classmates have been hearing about Michigan State's Centennial year. It has come to be taken a little for granted. It becomes easy to think that Michigan State has been here for a hundred years, and that its beginnings were the start of a new educational concept—higher education in agriculture, and an experiment in offering advanced education to the average man.

The reason Michigan State is proud to celebrate this Centennial anniversary is that it has helped turn that experiment into a reality. It has done the groundwork for the concept which has since spread across the country in other colleges and universities.

Your place in the history of this truly American principle of education is far toward the front. You are one of the graduating class which is symbolic of the success of that principle of offering advanced education to the average citizen, through state support.

That is the meaning of the Centennial graduating class. So, the matter if the idea has not always occurred to you, you are a part of the pioneers, as all the alumni in the past have been.

There is an actual visible transition between the first hundred years and the second hundred, unless it be this Sunday's Commencement exercises.

And part of the payment of a hundred years will be the freshmen, the sophomores and the juniors who will attend the exercises.

It will be three classes which will provide the easy transition between the first hundred and the second hundred years. The graduating class of 1908 will represent the pains and victories of the past hundred.

Congratulations, seniors. The best blessing you can take with you from Michigan State is the pride of your alma mater, and the concept of a truly wonderful Central year...
