

Michigan State News

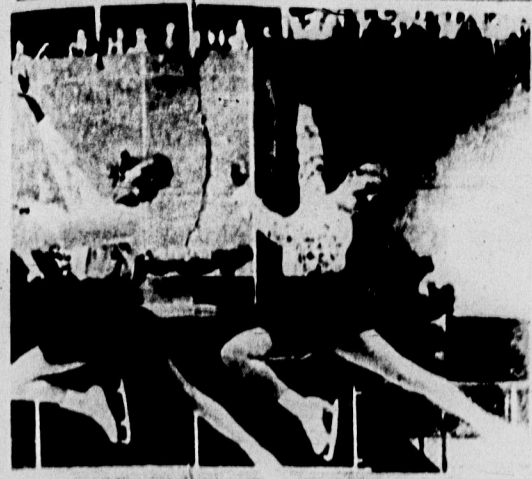

EAST LANSING, MICHIGAN—WEDNESDAY, JANUARY 16, 1957

PRICE 5 CENTS

DOUBLE TROUBLE
Michigan State's varsity basketball and hockey teams took it on the chin Tuesday night. The scores dropped on 66-16 to the Michigan State hockey team and 17-0 to the Michigan State basketball team. The basketball game was held at the Michigan State gymnasium and the hockey game was held at the Michigan State arena. (See story on page 11.)

MORE COLD
Partly cloudy and cold weather is predicted for the Lansing area today with northerly winds from 15 mph. The low temperature reading Tuesday evening was 7 below zero with a high forecast of 11 today.

VOL. 48, No. 118

Champion figure skaters Nancy and Carol Heiss will be featured in the "Silver Blades" ice show Saturday.

In 'Silver Blades' Much Local Talent Set for Ice Show

Supporting the Heiss family in the student government sponsored "Silver Blades" ice show Saturday evening in the ice arena will be a host of amateur skaters from the MSU campus and the Detroit and Lansing areas.

Under the direction of Jean Allen, professional director, the supporting cast includes Elaine Cover, Cleveland, Ohio, sophomore; James Browning, Indianapolis, Ind., freshman; Karen Olson, Marquette senior; David Shulman, East Lansing sophomore; and Claire Walters, East Lansing senior.

Other MSU students are Joseph MacNab, Detroit sophomore; Patti Rogerson, East Lansing sophomore; Margaret Manchester, Ypsilanti senior; Diane Williams, Webster Grove, Mo., junior; and Paul Hrubec, Chicago, Ill., sophomore.

Shulman has participated in Midwestern skating competition in Colorado Springs, Colo. Miss Walters has also competed in Midwesterns.

Also taking part in the show will be Tim Hamilton, East Lansing junior high school student who entered the Niagara Invitational competition in Buffalo, N.Y., where he placed second in junior men's competition.

Douglas Ramsey, Detroit, will present a solo number in the ice show. He was the 1956 Midwestern novice champion and took first place honors in the 1957 Niagara Invitational in the junior men's division.

Sandra Shaw, Detroit, won the Niagara Invitational 1957 competition first place title in the junior ladies division. She will also be performing Saturday evening.

All profits from the show will be used to establish a scholarship fund. The scholarship will be the only one at MSU with a policy making board consisting of both students and faculty.

Starting in the show will be Women's World Champion Carol Heiss, National Junior Women's Champion Nancy Heiss and Eastern Novice Champion Bruce Heiss.

Tickets for the show may be obtained at the Union desk or at the ice arena.

Naval Officers to Talk On OCS Programs

Naval officers from Detroit and Grosse Ile will be in the main concourse of the Union from 9 a.m.-4 p.m. today and Thursday.

They will explain the officers' candidate school which offers commissions to men who successfully complete a concentrated four month course.

Commissions are available as line officers (officers eligible for command at sea) or as supply corps or civil engineering corps officers. Flight programs are also available.

Fresh-Soph Council To Hold Meeting

The Fresh-Soph Council will hold its first meeting of the term at 8:30 tonight in 35 Union. Plans for winter activities will be discussed.

The Council hopes to sponsor a big-name band concert sometime this term, according to Joe Wallace, Elkins, W. Va., treasurer of the freshman class. An executive meeting will be held at 7 in 41 Union.

Red Diplomat Ordered Out of U. S.

Vienna Octet Gives Superb Performance

Displays Interpretive Genius Of Philharmonic Orchestra

By Jim Estes
Superb musical entertainment was the offering in the latest concert of the Music Department Series, Tuesday night. The Vienna Octet, whose personnel are drawn from the Vienna Philharmonic Orchestra, presented a program

consisting in Mozart's "Divertimento No. 17," Franz Tschann's "Octet," and Beethoven's "Septet in E-Flat, Opus 20."

The Octet (2 violins, viola, cello, string bass, French horn, clarinet and tuba) exhibited the same beautifully mellow instrumental tone, the same virtuosity, the same sense of ensemble, and the same interpretive genius as the Philharmonic exhibited in its November concert here. The Octet performance thus deserves the same extravagant praise which the State News gave to the Orchestra's concert.

Like the Philharmonic's performance of Mozart's 23rd Symphony, the Octet's performance of the Mozart divertimento was a model of warmth, eloquence and grace. This performance was all the more enjoyable and memorable for the fact that the 17th Divertimento is a much better example of Mozart's genius than the 23rd Symphony.

Franz Tschann, a young Swiss composer, wrote his "Octet" especially for the Vienna Octet. This is a happy, almost humorous work, with rather tame dissonances, but engaging use of melody and rhythm.

The work was designed to give each player ample opportunity to show off his virtuosity, even down to the double-bass player, who rated a solo bow for his performance.

The Beethoven Septet, one of the composer's early works, is a continuation of the tradition of the Mozart divertimento, strongly suggestive of the Opus 18 quartets. All that was said of the performance of the Mozart Divertimento applies here, with the addition that the more forceful Beethoven personality, inherent in the music, was expertly reproduced in the performance.

After such a concert, no perceptive audience would leave without first demanding an encore. The Octet complied with the scherzo from Schubert's "Octet Opus 166." Again, beautiful music, definitely performed.

'Spotlight' to Show AFROTC Cadet Life

The student produced WKAR television show, "Spotlight," will be on the air tonight at 7:30, featuring the "AFROTC Cadet Training Program at MSU."

Special guests will be Col. G. V. Davis, professor of air science, and Lt. Col. Jeremy Schloss, executive officer of cadet training. Photos of various phases of cadet training including class and drill work will be shown.

The presentation will be directed by Mary Chauvin, Detroit senior, and master of ceremonies will be Reggie Mason, Holt junior.

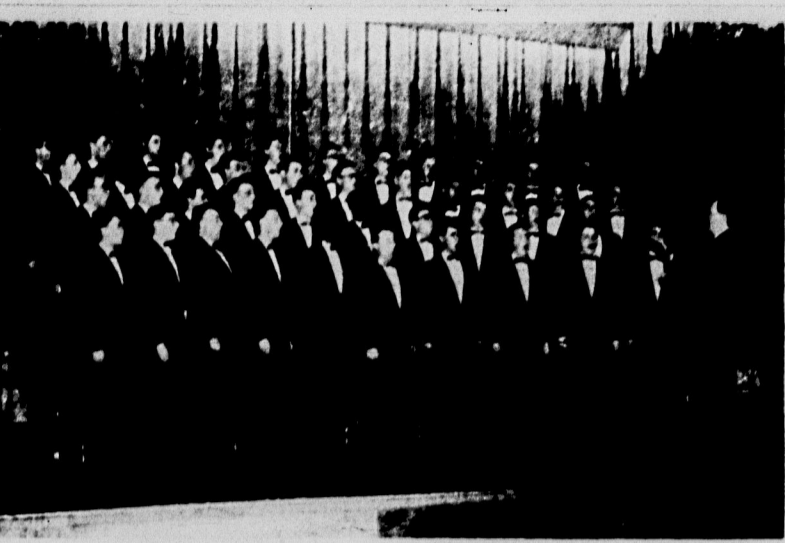

Facilities for Many Activities Featured Work Begins on Catholic Student Center

By JEAN McMANUS
Construction is now underway on the new St. John's Catholic Church and Student Center located on M.A.C. Ave.

This building is badly needed to serve the increasing number of Catholic students enrolling in MSU each year, according to Mr. Jerome MacEachin, pastor of St. Thomas Aquinas Church.

At the present time there are 3,800 Catholic students enrolled and Father MacEachin, known to students as "Father Mac," predicts there will be 6,000 by 1970.

The new church and center are designed to serve only students and those living in campus housing. Although the building will not

The Michigan State Men's Glee Club Tuesday accepted an invitation to perform at the presidential inauguration ceremonies in Washington. See story column 6.

As Williams Prepares Recommendations MSU Asks for Bigger Budget

By JERRY JENNINGS
State News Capital Reporter
Needs of higher education in Michigan were outlined to Gov. G. Mennen Williams by MSU President John A. Hannah and other educational leaders at a public hearing Tuesday.

Williams is preparing his 1957-58 budget recommendations for submission to the State Legislature.

He must, under the Constitution, have the budget recommendations ready within 10 days of the opening of the session—in other words, by the end of this week.

MSU, Dr. Hannah disclosed, is requesting general fund appropriations for 1957-58 amounting to \$33,163,900.

Last year MSU requested \$25,613,334 in general fund appropriations, and actually received \$23,675,000 from the Legislature.

Of the total, MSU is requesting \$23,700,000 for operating expenses, \$520,000 for the agricultural marketing program, \$2,295,000 for the Agricultural Extension Service, \$500,000 for the Hope-Flanagan program, and \$300,000 for the food technology program.

Other general fund requests are: \$2,615,000 for the agricultural experiment station; \$275,000 for the Labor and Industrial Relations Center; \$395,000 for the Small Business Institute; \$460,000 for the Traffic Administration Center; and \$1,973,900 for agricultural research facilities.

MSU is also requesting capital appropriations of \$25,960,000 for 1957-58.

Journalist Ashop To Lecture Tonight

Stewart Ashop, noted columnist, reporter and author, will speak on the subject, "Looking Forward," tonight at 8:15 in Fairchild Theater.

Ashop and his brother Joseph have received much recognition for their newspaper columns, "Matter of Fact," and in past years have won awards for best interpretation of foreign news and reporting from abroad.

The music "St. John's" was chosen to represent youth, courage, purity and intelligence, said Father MacEachin. St. John was the youngest of the Apostles.

By serving the students of MSU, this new church and student center will serve people from all over the world. At present there are 125 Catholic students from other countries enrolled here.

The basement building now used by St. Thomas Aquinas Church has been sold to the Campus Press and will be vacated as soon as the new building is ready for use.

Other residents of East Lansing will attend the new St. Thomas Aquinas parish on Algonquin Rd.

On Claim Of Illegal Purchases Intermediaries' Identity Sought

WASHINGTON (AP)—The United States is expelling the assistant military attaché at the Soviet Embassy on grounds that he improperly bought U.S. "electronic equipment" and tried to purchase secret military information.

Action against Maj. Yuri P. Krivov was taken late Monday. He was ordered to depart from the United States immediately.

The State Department announced the ouster Tuesday. Prompt disclosure of the case reportedly was designed to warn any Americans approached by Soviet diplomats to be careful of what they sell or tell.

Krivov, the State Department said, violated his diplomatic status by improperly purchasing quantities of electronic equipment through American intermediaries.

The Russian major also was accused of attempting to purchase classified military information.

Chairman Eastland (D-Miss.) of the Senate Internal Security Subcommittee told newsmen his group will seek to determine the identity of the American intermediaries and the type of equipment involved.

"This is just another example of the Soviet Union's use of its official spies here as a cover for espionage purposes," the senator commented.

The wording of the announcement indicated that so far as the U.S. government knows Krivov was unsuccessful in obtaining the information he sought. But he was understood to have succeeded in buying very substantial quantities of electronic equipment—the sort of apparatus that goes into radar sets, among other things. Presumably he succeeded in shipping some of it to Russia.

Krivov was the second Soviet assistant military attaché to be thrown out in six months.

Last June 14 the embassy was directed to send Col. Ivan Buzhikov home "for activities incompatible with his mission," here.

Buzhikov left on June 21 and the action was announced on July 3. The State Department refused at that time to say whether he had engaged in espionage.

Krivov came here in November 1955. Monday Deputy Asst. Secretary of State Jacob D. Beam summoned Sergei B. Strigunov, the ranking Russian embassy official now in Washington and handed him a note charging Krivov with engaging in highly improper activities incompatible with his diplomatic status.

A spokesman said the Soviet embassy had no comment on the State Department's action.

State Department press officer Lorraine White declined to identify the "American" intermediaries used by Krivov. Nor would he say when the Krivov purchases were made or describe the precise kind of equipment obtained.

Bids Ready For Desserts

Invitations for the preferred dessert bids should be picked up today from 12:30 p.m. in the Pauline postoffice.

Bidders will choose one house to visit for this final party to be held at 7:30 p.m. Thursday.

This preference dessert will feature entertainment and decorations. Both houses and activities will wear cocktail dresses.

Following this party, bidders will go to the postoffice Friday from 9:30 a.m.-1 p.m. to make out their preference lists. These lists will be matched with preference lists sent in by the sororities and formal bids may be picked up Saturday from 3-5 p.m.

Hungarian Rebel Gets Death Sentence

Red Press Keeps Still About Trial

Radio Budapest Reports China Loan

BUDAPEST (AP) — A Communist military court was reported to have imposed a death sentence today on Josef Dudas, a leader of Hungary's uprising against the Russians.

A usually reliable source said Dudas, a bold looking man with a varied political background, was condemned on charges that included seizure and suppression of the Communist newspaper Szabad Nep Oct. 29.

Confirmation was lacking. Hungary's government-controlled press has not said a word about Dudas' trial, though it has acknowledged the imposition of two death sentences so far under a martial law decree that makes even the illegal possession of ammunition a capital crime.

A 20-year-old welder was the latest addition to the official list. The trade union paper Napszaktar announced the welder, Istvan Horvath, is to die and others of a fighting group he led are going to prison for 5-10 years for "disarming revenue officers" and other offenses in Budapest.

On the economic front, Radio Budapest said Red China is lending Hungary 200 million rubles (\$50 million at the official rate) for reconstruction work. Kadar's government announced two weeks ago that Soviet Russia had granted a 200 million ruble loan.

The radio also charged that exaggerated rumors were spread abroad on the number of persons killed in Budapest. It quoted the city council as saying "only" 1,700 perished.

An Air Force Globemaster approaches Readmore Glacier, while en route to the South Pole with supplies for the U.S. base under construction there.

Asks Credit Reappraisal

Administration Bares Plans For Drought-Stricken Areas

WICHITA, Kan. (AP) — President Eisenhower Tuesday outlined administration plans for a 76-million-dollar program of supplemental emergency relief for drought-plagued farmers and ranchers.

And on the longer-range aspect of the problem, the President called for a reappraisal of credit policies — both government and private — to determine whether more liberal loans can be extended to those who have been hard hit by one of the worst droughts in history.

Eisenhower announced, too, that western railroads have agreed to extend another program designed to provide relief. The railroad's 50 per cent reduction in freight rates for hay

shipments was scheduled to have expired today.

The cut will be continued through March 31, the President said.

All of these relief steps—with the emergency 76-million-dollar program subject to congressional approval—were set forth by the President as he concluded a two-day tour of the southwestern drought area.

He saw conditions at first hand in Texas, Oklahoma, New Mexico, Arizona, Colorado and Kansas.

Israelis

(Continued from Page 1.)
Early this morning Arab notables lined up in El 'Arish's main street. The street was otherwise deserted because of the Israeli army curfew.

The Arabs thanked the Israelis for the kindness they said they experienced under the Israeli occupation.

As the Israelis withdrew, thousands of people rushed out of their homes, shouting happily and raising pictures of Egypt's President Nasser.

Some of the crowd hoisted green and white Egyptian flags. Others burned an effigy of Premier David Ben-Gurion of Israel to the thunderous shouts of the populace.

Then the first Yugoslav troops arrived, half an hour after the last Israeli soldier departed. The crowd rushed to meet them.

One El 'Arisher displayed a double portrait of Nasser and President Tito of Yugoslavia. As he jumped on one of the Yugoslav jeeps the crowd shouted: "Long live Nasser! Viva Tito! Cheers for Khrushchev!"

Psych Coffee Hour
A Psychology Dept. coffee hour will be held today at 4 p.m. in 17 Faculty Building. Dr. Gustave M. Gilbert will speak on "Clinical and Social Aspects of Criminology."

Mid-East Manifesto Backed

WASHINGTON (AP) — Secretary of State Dulles said today there would be "a very great likelihood" of American boys fighting in the Middle East if Congress rejects President Eisenhower's Middle East manifesto.

Dulles argued the chances of American military involvement would be greatly diminished if Congress grants Eisenhower's request. The President wants standby authority to use the nation's military might against any Communist aggression in the troubled area. He also wants permission to channel special foreign aid funds to the Middle East.

Testifying at joint hearings of the Senate Foreign Relations and Armed Services Committees, Dulles ran into arguments from some Democrats that Eisenhower already has the sufficient necessary authority as Commander-in-Chief of the Armed Forces.

But the strongest opposition

Hungarian Rebel Gets Death Sentence

Red Press Keeps Still About Trial

Radio Budapest Reports China Loan

BUDAPEST (AP) — A Communist military court was reported to have imposed a death sentence today on Josef Dudas, a leader of Hungary's uprising against the Russians.

A usually reliable source said Dudas, a bold looking man with a scarred political background, was condemned on charges that included seizure and suppression of the Communist newspaper *Nep* Oct. 29.

Confirmation of a lacking Hungarian government-controlled press has not said a word about Dudas' trial, though it has acknowledged the imposition of two death sentences so far under a martial law decree that makes even the illegal possession of ammunition a capital crime.

A 29-year-old welder was the latest addition to the official list. The trade union paper *Nep* announced the welder, Jovan Horvath, is to die and others of a fighting group he led are going to prison for 5-10 years for "disarming revenue officers" and other offenses in Budapest.

On the economic front, Radio Budapest said Red China is sending Hungary 200 million roubles (\$50 million at the official rate) for reconstruction work. Kadar's government announced two weeks ago that Soviet Russia had granted a 200 million rouble loan.

The radio also charged that exaggerated rumors were spread about the number of persons killed in Budapest. It quoted the city council as saying "only" 1,300 perished.

An Air Force Globemaster approaches Beardmore Glacier, while en route to the South Pole with supplies for the U.S. base under construction there.

Asks Credit Reappraisal

Administration Bares Plans For Drought-Stricken Areas

WICHITA, Kan. (AP) — President Eisenhower Tuesday outlined administration plans for a 76-million-dollar program of supplemental emergency relief for drought-plagued farmers and ranchers.

And on the longer-range aspect of the problem, the President called for a reappraisal of credit policies — both government and private — to determine whether more liberal loans can be extended to those who have been hard hit by one of the worst droughts in history.

Eisenhower announced, too, that western railroads have agreed to extend another program designed to provide relief. The railroad's 50 per cent reduction in freight rates for hay

shipments was scheduled to have expired today.

The cut will be continued through March 31, the President said.

All of these relief steps—with the emergency 76-million-dollar program subject to congressional approval—were set forth by the President as he concluded a two-day tour of the southwestern drought area.

He saw conditions at first hand in Texas, Oklahoma, New Mexico, Arizona, Colorado and Kansas.

Israelis

(Continued from Page 1.)
Early this morning Arab notables lined up in El 'Arish's main street. The street was otherwise deserted because of the Israeli army curfew.

The Arabs thanked the Israelis for the kindness they said they experienced under the Israeli occupation.

As the Israelis withdrew, thousands of people rushed out of their homes, shouting happily and raising pictures of Egypt's President Nasser.

Some of the crowd hoisted green and white Egyptian flags. Others burned an effigy of Premier David Ben-Gurion of Israel to the thunderous shouts of the populace.

Then the first Yugoslav troops arrived, half an hour after the last Israeli soldier departed. The crowd rushed to meet them.

One El 'Arisher displayed a double portrait of Yugoslavia and President Tito of Yugoslavia. As he jumped on one of the Yugoslav jeeps the crowd shouted: "Long live Nasser! Viva Tito! Cheers for Khrushchev!"

Mid-East Manifesto Backed

WASHINGTON (AP) — Secretary of State Dulles said today there would be "a very great likelihood" of American boys fighting in the Middle East if Congress rejects President Eisenhower's Middle East manifesto.

Dulles argued the chances of American military involvement would be greatly diminished if Congress grants Eisenhower's request. The President wants standing authority to use the nation's military might against any Communist aggression in the troubled area. He also wants permission to channel special foreign aid funds to the Middle East.

Testifying at joint hearings of the Senate Foreign Relations and Armed Services Committees, Dulles ran into arguments from some Democrats that Eisenhower already has the right necessary authority as Commander-in-Chief of the Armed Forces.

But the strongest opposition

Fund Drive Started To Help Joe Louis

CHICAGO (AP)—A three-week fund drive to help former heavyweight champion Joe Louis settle his vast income tax debt was announced Tuesday.

Although Louis is some \$1.4 million dollars in arrears in income taxes, a fund board of directors with former heavyweight champion Jack Dempsey as honorary chair man—expressed hope that some "reasonable" settlement could be made with the government.

The fund has been chartered as a non-profit organization by two Norfolk, Neb., businessmen, who never saw Louis fight in person.

It was believed the government might free Louis from his huge coil of back taxes and penalties at a rate of around 25 or 30 cents on the dollar.

It was reported at a "kick-off" luncheon that Dempsey accepted the honorary title to help his good friend, Joe Louis.

Louis' attorney, Aaron Payor, told press and radio-TV representatives at the luncheon that Louis has filed an affidavit declaring himself from the fund's requirement of the government.

The present interest rate on back taxes, currently amounts to \$278 per day, Payor said.

"Joe is on a treadmill," said Reeves. "If he made a million dollars a year for 10 years, he couldn't get ahead. This would be because the yearly tax on such earnings would be around \$200,000."

If the drive fails to achieve a tax settlement, the incorporation papers provide for distribution to the needy aged.

IM Hi-Lights

The free throw event will take place next Monday and run thru Friday. Contestants have to only report to the IM table located on the basketball floor. Twenty-five shots are allowed each participant.

All-university table tennis tournament will be held in Ross Hall. All who sign at the IM office must report at 7:30 p.m. Tuesday.

Minigraph schedules of basketball and bowling teams will be available at the IM office Friday.

Women's IM basketball activities are due Friday at the Women's Gym. Any organized or independent group may enter a team.

Any good may participate in the open badminton program Tuesday and Thursday at tennis, 5-6 in the Women's Gym.

Netmen to Start Winter Practice

Coach Beeson announced Tuesday that the varsity tennis team will start practicing Monday in Ross Hall in preparation for annual southern trip.

Returning lettermen are Capt. George Stepanovic and Bill Bissard. These two netmen will be called upon to bolster the team's attack.

Other players who will make up the eight man team include: Mike Zarembo, Ron Messall, Foster Hoffman, Tom Knight, Luis Vela and Bob Sassaak.

Coach Beeson stated, "Winter practice sessions will be devoted to basic fundamentals and improvement of individual weaknesses."

All America halfback Tommy McDonald, center, is shown posing with his new bosses, head coach Hugh Devore and general manager Vince McNally of the Philadelphia Eagles. McDonald was the Eagles' second draft choice in the NFL preliminary draft session (they have also drafted and signed MNT's Clarence Praks) and is in Philadelphia to receive the Maxwell award as player of the year.

To Receive Maxwell Award

McDonald Detained As 'Lone Wolf' Bandit

PHILADELPHIA (AP)—Tommy McDonald, Oklahoma's All American football player in town to receive the Maxwell Award as college player of the year, was detained Tuesday after being mistaken for a "lone wolf" bandit long sought in Philadelphia.

McDonald, who signed a 1957 contract with the Philadelphia Eagles of the National Football League, strolled into a Central City Antiques office. A girl clerk took one look at him and motioned to a couple of detectives in the back room to come and get the football player.

Before it was all over and apologies made for the mistake, McDonald said he almost took a poke at one of the men. "It's a good thing you didn't," said one detective. "I had a 30 trained at your back."

The girl clerk showed McDonald a composite drawing of the robber, based on descriptions by the victims. It looked like McDonald. The elusive robber, who has been preying on lone women in small shops and offices, is described by police as a "good looking well-mannered and well educated man."

McDonald visited the airline's office to pick up his ticket for Detroit. The clerk, whose identity was not disclosed, stared at him and asked where he was going.

Cagers Fall to Irish By 86-76 Decision

BY THE ASSOCIATED PRESS
Coach Fordy Anderson's Michigan State basketball squad fell 10 points short of tying Notre Dame in a second half rally at South Bend, Ind., losing 86-76.

The main reason for State's inability to catch up after trailing 41-26 at halftime was the sharpshooting of Notre Dame's Tom Hawkins. Hawkins scored 11 straight field goals in the second half and a game total of 32. The six foot five sophomore from Chicago hit for 12 field goals in all and scored eight free throws.

After the Irish had raised their margin to 63-32 in the second half Michigan State went into a full court press and

MICHIGAN STATE		NOTRE DAME	
Reynolds	10	10	11
Anderson	1	1	1
Bennie	1	1	1
Hadden	1	1	1
Quigley	2	2	1
Green	6	6	10
Wilson	3	3	8
Scott	3	3	8
Duffy	2	2	1
Totals	28	18	38

knocked 21 points off of Notre Dame's advantage.

Spartan forward George Ferguson was the high scorer for State with 17 points on six field goals and five free throws. Close behind was six foot five inch sophomore John Green who scored six field goals and four free throws and played an outstanding floor game in State's second half rally.

Michigan State now has an overall record of four wins and six defeats with two of the losses coming against Big 10 competition.

Notre Dame has an eight-five win-loss record for the season and has three wins and two losses against Big 10 competition.

The Spartans' next foe will be a conference encounter with Ohio State at Columbus, Ohio, this Saturday.

Tawans Trip Vets III, 27-21

Motts Romp Over Ellsworth, 45-20

Motts defeated Ellsworth, 45-20 Tuesday to feature IM play. Motts never relinquished the lead, after gaining it soon after the opening gun.

Motts led at half time 25-10 due to their control of the backboards. Tom Evanson led the first half scoring with 12 points.

In the second half Motts continued to dominate play with Dean Bittwell turning in a fine defensive game.

Leading scorer for Ellsworth was Joe McAvoy with six points. Evanson led the game scoring with 21 points.

Nursery II, 25, Farm Equipment, 21

Nursery II defeated Farm Equipment 25-21 in a closely played contest. The first half saw both teams repeatedly missing scoring opportunities, with Nursery II leading at halftime, 10-8.

At the start of second half of play Farm Equipment tied the score. The scoring lead changed hands several times before Nursery II took the lead with one minute remaining in the game and went on to victory.

Leading the game scoring was Jerry Kriehnan of Farm Equipment with 11 points. Long Weavren led Nursery II in scoring with nine points.

Maples 28, RDD's 22. The Maples defeated RDD's 28-22, after trailing, 12-5 at halftime. RDD's led first half scoring because of the Maples failure to connect on their shots.

In the second half the Maples caught fire. Scott tied the score for the Maples mid-way through the half. From there on the Maples went into the lead and came out on top, 28-22.

Leading scorers were Harold Judson and George Leonard with eight points each.

Rowdies 28, Basketeers 21. In a closely played contest the Rowdies played the Basketeers, 28-21.

Leading scorer was Lyle Ludlow of the Rowdies with 10 points. Bob Raham and Bob Holden had six points each for the Basketeers.

Tawans 27, Vets III, 21. In another closely played contest Tawans edged the Vets, 27-21. Dave Moehring took scoring honors with 12. Doug Orton led the Vets in scoring with eight points.

JIM FINIGAN takes Tiger contract...

Finigan Signs '57 Pact With Tigers

DETROIT (AP)—Third baseman Jim Finigan Tuesday signed his 1957 contract with the Detroit Tigers, who obtained him from Kansas City in the biggest player deal of the winter.

The 28-year-old infielder, who played three seasons for the Athletics, after they obtained him from the New York Yankee system, signed after a brief conference with General Manager Spike Briggs.

Finigan played second base for Kansas City last season, but the Tigers are counting on him for third base action.

Adeock Gets 2-Year Contract with Braves

MILWAUKEE (AP)—Joe Adeock Tuesday signed a two-year contract with the Milwaukee Braves calling for a reported \$20,000 to \$25,000 a year.

Wolves Defeat Icers With 3-2 Comeback

Score 3 Goals in 3rd Stanza

31st Straight Loss To Wolverines

By JOE HOFFMAN
The University of Michigan hockey team scored three third period goals in hang-bang fashion Tuesday night to beat Michigan State, 3-2, in a W.H.L. contest at the U of M Coliseum.

The Spartans built up a 2-0 lead in the first period and held it through the second, but the Wolverines finally came to life in the final stanza to wear down a weary State squad.

The three Michigan goals came within four minutes of each other early in the third period. Two of them were scored in front of a cluttered State net, the other on a clean, hard shot by Neil McDonald.

After playing sluggish, uninspiring hockey for two stanzas, Michigan went all out to win for its All-American goalie, Lorne Howes. Tuesday night was Howes' final collegiate game, and the Wolverines made it a winning one.

Sophomore goalie Joe Selinger played a tremendous game in the Spartan nets, and he deserved a better fate concerning the final outcome.

Selinger stopped 26 shots in the first two periods, most of them driving shots from every possible angle.

Bill MacKenzie scored State's first goal at 9:33 of the first period on a shot which deflected off Michigan defenseman Bob Schiller. Four minutes later, Keith Christoffersen banged in a rebound with assists from Fred DeVuono and Ross Parks to give the Spartans the 2-0 margin they held going into the final 20 minutes.

But with Howes receiving a standing ovation, the fans chanting in unison "let's go blue," and the Wolverines facing the possibility of their first loss to State in 28 years, Michigan played flawless hockey to almost score at will in the final six minutes.

The Spartans rarely threatened in the final 15 minutes, except in the final 40 seconds when Coach Amo Bessone pulled Selinger out of the nets in favor of an extra forward. But the Michigan defense held, Howes kicked out the final two shots and the Spartans remained without a victory over Michigan in the last 31 games.

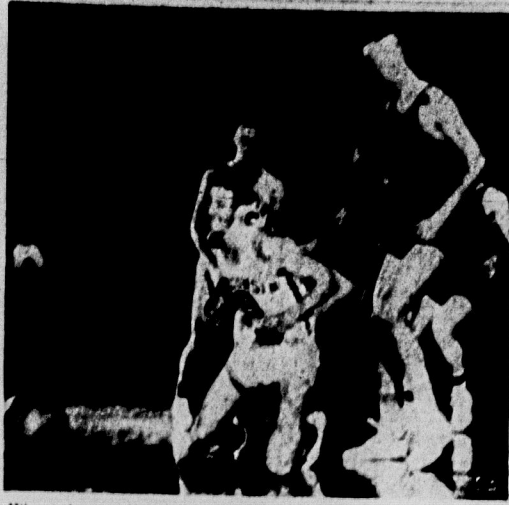

Rush Signs 10th Chicago Contract

CHICAGO (AP)—Veteran right handed pitcher Bob Rush, a 13-time winner for the last-place Chicago Cubs in 1956, Tuesday signed his 10th Bruin contract.

Rush took off from his South Bend, Ind., real estate job to visit Wrigley Field and become the 13th Cub signed for 1957.

Big Bob's 13-10 record with a 2.70 ERA, marked his best season since 1952 when he had 17-13 and also a 2.70 ERA.

Rush has passed the 100 mark in victories, and complete games since joining the Cubs with totals of 104 and 107 respectively. He struck out 104 last year for a career total of 973.

Wisconsin guard Brian Kulas (4) vainly lunges for the ball during the Badger-Illini game last Saturday. Also pictured is Illini forward Harvard Schmidt (33). Illini won 7-0.

No Explanation Given

Sawchuk Quits Bruins After Talk With Coach

BOSTON (AP)—Terry Sawchuk, veteran goaltender of the National Hockey League, Tuesday quit the Boston Bruins to deal them a crushing blow in their bid for the championship.

Sawchuk failed to report for practice Tuesday and later visited Coach Milt Schmidt who was battling with the flu at his home.

"Terry told me that he has decided to quit the club but I will have no official statement to make until after Wednesday's practice," Schmidt said.

Schmidt said that Sawchuk gave no reason for his decision. However the Boston coach quoted Sawchuk as saying that he planned to return to his home in suburban Detroit.

Sawchuk was not available for comment. He was reported not at home at the residence he shares with several other Boston Bruins.

Earlier, the Bruins announced

that Hershey goalie Norm Defelice was called up to play in Sawchuk's stead against the Red Wings in Boston Thursday.

In announcing Defelice's summons, Schmidt said Sawchuk "seems to be laboring under an emotional strain with something on his mind. We're bringing up Defelice because we think he (Sawchuk) can benefit from the rest."

Only Tuesday Sawchuk was named NHL all star goalie in the customary mid-season sections.

Sawchuk was hospitalized for two weeks in mid-December with a blood infection. He missed seven games and his post at goal was filled by the 23-year-old Defelice.

Minnesota In Hockey Dispute

MINNEAPOLIS (AP)—Minnesota Coach Johnny Mariucci, charging full tilt into a dispute over officiating at Gopher home hockey games, said Tuesday Minnesota can get along without North Dakota on its schedule.

"They tell me North Dakota now refuses to play here unless I can bring a Canadian official," the ex-Chicago Blackhawks warhorse said.

"Why stop there, why don't we just move the game to Canada. That way their players can go home for the weekend."

Mariucci joined the battle in the wake of North Dakota Coach Al Renfrew's vow that he would never again take his team to Minneapolis unless a Canadian official went along.

The Huskies started when Renfrew labeled officiating at Saturday night's Minnesota-North Dakota game, won by Minnesota, 4-3. "The worst I have ever seen."

The officials, Bill McGloone and Red Kames, both are from Minneapolis. Western Intercollegiate rules leaves it for the home school to select officials.

"We're not going to accept anything from anybody," Mariucci said. "The North Dakota series isn't exactly the salvation of the University of Minnesota."

The trouble with North Dakota and other teams in the league, Mariucci said, is that they want to play under Canadian rules. This is a league of American colleges, run under NCAA rules.

Adrian Tops State Schools in Offense

BY THE ASSOCIATED PRESS
Adrian College isn't showing its heels to very many teams in the statewide basketball scramble, but the Bulldogs are the state leaders in offense.

They averaged 85.6 points through their first five games and share the spotlight with Wayne State, the leader in defense. The figures do not include games played Tuesday night.

Wayne State conducted its first seven games to an average of 60 points. Second in offense is Central Michigan, whose first 15 opponents averaged 81 points a game. But the Chippewes have 15 more games, leaving them unable to pile up an impressive record.

They have averaged only 66 points, lowest scoring output in the state in winning seven of their first 12 contests.

Behind Adrian in offense is Northern Michigan, with an 82.6 average through five games. The lowest defense belongs to Michigan Tech. The Huskies have yielded an average of 88 points to eight opponents.

Lawrence Tech, which finally broke a losing streak that stretched over eight games, is next with an 82.8 average yield.

NCAA Rules Committee To Act on Proposals

NEW ORLEANS (AP)—The seemingly tranquil meeting of the powerful football rules committee of the National Collegiate Athletic Assn. erupted into action Tuesday and took strides to outlaw protective face mask grabbing "before the practice becomes dangerous."

F. E. (Doc) Wieman, former head coach at Princeton and Michigan and now athletic director at the University of Iowa, said the 25-man group reached tentative agreement on barring the practice and placing it in the personal foul category.

The use of the protective face mask in tackling, quite general, Wieman said after the closed meeting, and the practice of players grabbing opponents by the masks is also becoming all too common.

Should the move be approved by the committee's 11 voting members at today's final session the practice will be outlawed and a 15-yard penalty imposed for a personal foul against the player guilty of mask-grabbing.

The question of sideline administration again came under considerable discussion, Wieman said, since there have been many complaints about too many people on the sidelines.

The question of the defensive team being allowed to advance a fumble also came up, Wieman said, but was deferred pending a sampling of opinion from coaches. The rule now prohibits a defensive player from picking up a fumble and advancing it.

The downing of a punt within

the 10-yard line by the kicking team also arose, but was voted down, Wieman said. As the rule now exists, should a member of the kicking team touch the ball within the 10-yard line, a touchback is called and the ball put into play on the 20.

The downing of a punt within

ENGINEERS...PHYSICISTS...
Here are brief descriptions of the important work performed in the five separate divisions of the Hughes Field Engineering Department. Each of the engineers engaged in these activities holds a degree in electrical engineering or physics. All divisions form a highly trained organization to support the armed services and others using Hughes fire control systems and guided missiles.
Check one or more divisions for which you qualify by education and experience:
 ENGINEERING WRITING—Engineers in this division work with research and development engineers during formation stages of new equipment to produce clear, concise technical manuals, for use in maintenance and training, as well as specialized handbooks for USAF armaments.
 AIRCRAFT MANUFACTURER LIAISON—Engineers are assigned to all-weather intercepter manufacturers whose aircraft employ Hughes fire control systems, and are responsible for pre-installation testing of the systems. They work with armament designers in cases where their operational knowledge bears on equipment installation problems.
 FIELD MODIFICATION—Hughes personnel are not only to get reliable equipment into the field promptly and in sufficient amount, but to modify and develop this as soon as field information and test data become available. Engineers correlate information from the field and indicate changes to the Research and Development Division. Write...
 FIELD ENGINEERS—Hughes technical advisers are required in the field wherever operational bases are located. They serve military agencies employing Hughes highly complex radar fire control systems for all-weather intercepter aircraft, at home and abroad.
LOCAL INTERVIEWS—Our Technical Representative will be conducting campus interviews on January 21. Please contact your Placement Office in order to schedule an appointment.
