

... Pep Rally Today for Lexington-Bound Cagers ...

By JOE HOFFMAN

Michigan State's basketball squad leaves for Lexington early this afternoon, following a scheduled pep rally at 12:30 at Capital City Airport.

The Spartan Spirit Commission will sponsor the rally for NCAA bound Spartans. Students and staff will have a chance to hear Athletic Director Biggie Munn and Coach Forddy Anderson speak from the airport before the plane departs at 1 p.m.

Two buses will leave from the west side of the Union at 12:00 and will return at about 1:30. Since the buses can only accommodate about 90 students, those with cars are urged to use them.

Michigan State plays in the second half of Friday night's doubleheader against Notre Dame, winner of its first round game Tuesday against Miami (Ohio). Kentucky opposes Pittsburgh, winner over Morehead Tuesday, in the opening game.

The two winners play the feature game Saturday night, the two losers playing in the opener. Saturday's winner will then be eligible for the semi-finals and finals at Kansas City March 22 and 23.

Against Notre Dame, the Spartans will be battling the nation's No. 17 team (State is ranked No. 11). The Irish have already given the Spartans an idea of their roughness by downing them, 86-63, earlier this season. But Notre Dame had the advantage of the home court in the contest although the game was never close, the Irish leading by as many as 30 at one time.

Notre Dame began the season in so-so fashion by splitting its first 10 games. But the Irish suddenly caught fire, winning 13 of their last 15 to wind up with an impressive 18-7 record. State was close behind with 15-7.

Anderson will introduce the team with the cheerleaders.

Tournament bound Spartan cagers are, top row, trainer Gisle Robinson, managers Jack Under, Chuck Morris, Tom Markovich, George Ferguson, John Green and Larry Hadden; bottom, assistant coach Bob Stevens, Jack Quigley, Tom Rand, Dave Scott, Pat Wilson, Harry Lee and head coach Forddy Anderson. Not pictured but traveling with the team are Jim Shaffer and Bob Anderson.

leading the fans in several calls. Prior to the rally, a sound truck will tour the campus at 11:45 to remind students of the time.

Following the rally, the Spartans will take off via charters, first North Central Airlines for Lexington, expecting to arrive at 1 p.m. (EST).

The team will then head directly for its headquarters at the Hotel Phoenix, which will also house tournament of friends, press and radio people and the other two guest teams, Notre Dame and Pittsburgh. Kentucky will be playing in its home city.

If they get checked in early enough, the Spartans will hold a practice session this afternoon at the University of Kentucky Fieldhouse. If too late, they will wait until 11 Friday morning and just warm up.

Most of the team members will attend an early movie tonight and retire early. Friday will be spent in going over time, scouting reports and last minute instructions.

Included among Notre Dame's victims were Brigham Young, Case Western Reserve, Indiana, Holy Cross, Detroit and Indiana and Marquette twice each. The Irish have lost to Kentucky, winner over West Virginia Tuesday, Illinois, Louisville, Purdue and Manhattan, among others.

The Irish are led by forward Tom Haskins and center, capt. John Smith. The two have averaged 29.4 and 18.6 points respectively. Haskins is called by Coach Johnny Jordan, the greatest Stephenson player in Notre Dame basketball history.

Friday and Saturday night's action will be broadcast in Lexington on WVAH-TV, WJLH and WJLH. Friday's doubleheader against Notre Dame game will begin at 10:30 p.m. Saturday's starting time will be announced immediately following Friday's game.

The Spartans will return to Capital City Airport Sunday, arriving at approximately 1 p.m.

An Era of Leisure In Sight for Labor

Says Union Leader Reuther In Kellogg Center Program

By PAT SWIFT
State News City Editor

A new leisure class consisting of the masses of American people in a brave new world of automation and hydrogen power was the picture of labor's position in 1975. This theme was presented Wednesday night by Walter Reuther, president of the United Auto Workers.

Speaking to an overflowing audience which filled the main auditorium and six other rooms in Kellogg Center, Reuther outlined a six-point program by which labor and management together could achieve this new world.

The six points were:

1. The recognition of free labor and free management that they are dependent on each other.

2. Recognition by both labor and management of the basic principles that they have in common in preference to the minor matters which cause conflict.

3. These two giant forces must work for the benefit of the community as a whole rather than for their own individual ends.

4. Collective bargaining decisions based on economic facts rather than on economic power.

5. Labor and management must meet their social responsibilities to avoid government intervention.

6. A single set of moral standards must be introduced into collective bargaining.

Reuther said that the potentialities of automation and the peaceful harnessing of the atom open up vast new frontiers in American living. Only by the full utilization of these forces for the benefit of all, he added, can the United States win the war for men's minds that the

Movie Satirizes French Customs

The modes, manners and morals of the current French middle class are given a raking over with affectionate irony in the new French production, "Papa, Mama, the Maid and I," coming to Fairchild's theater, March 14 and 15.

The French film will be shown Thursday and Friday evening at 7 and 9 p.m., according to Dr. Wilson B. Paul, director of the Foreign Film series.

Co-starring are Robert Lamoureux, Gaby Morlay, Fernand Ledoux and Nicole Courcel. In addition to the subtitles there is an English narration by Claude Dauphin, the actor, who is heard but not seen.

Oh No-Not Lady Godiva Again!

LONDON (AP)—An unemployed show girl protested against Britain's tax on theaters Wednesday by riding almost nude through Piccadilly Circus on a horse.

"I hope they enjoyed my ride," said Gertrude Haigh, 22, "Lady Godiva did it to stop an unfair tax and so did I."

Geraldine wore flimsy panties and a long blond wig—nothing else.

"Show business has been my life since I left school," she said. "In the last few weeks I have tramped from agent to agent looking for work, but they all say the same. Entertainment tax has closed so many theaters there just isn't any work left."

Police interrupted the ride and took the girl from her steed.

Biology Department Directs Virus Exhibit

An exhibit prepared by the department of microbiology is on display at the Michigan Clinical Institute meeting this week in Detroit.

The exhibit, "Virus Diseases of Animals Transmitted to Man," was prepared under the direction of Dr. Charles H. Cunningham, professor of microbiology and public health. The display has had wide circulation.

EAW president Walter Reuther, center, chats with MSI Vice President D. B. Varner (left) and Charles Killingsworth, director of Labor Industrial Relations Center following his speech at Kellogg Center Wednesday night.

'Reds Dangerous—Dulles Atom Weapons 'Normal Equipment' for Soldiers

CANBERRA, Australia (AP)—Secretary of State Dulles said Wednesday night American fighting forces almost everywhere in the world carry atomic weapons as "almost a normal part of their equipment."

He did not specify whether U. S. forces overseas are equipped with live atomic warheads, but it has been disclosed previously that the United States has stockpiled such equipment at its NATO bases in Europe.

Dulles also told the people allied with the United States in Southeast Asia their danger from communist attack is as great as the present danger in the Middle East. He said this is true although Red China has switched from overt threats to a campaign of subversion.

Dulles disclosed the United States and Australia both are concerned that Soviet Russia will use its atomic power to threaten the United States in the Pacific.

Capital Cities Replace Spades Geography Taught by Cards

An Egyptian-born American visualizes the day when youngsters will begin their daily geography lessons by gathering around a table and demanding, "All right, deal the cards."

Of course, the playing cards will have to be the right kind, the kind Sirak Essayan, a Michigan man, spent several years designing.

Essayan, 34, a Dearborn Township resident, figures that children might learn more geography if they are having fun while doing it.

So he devised a new card game. Instead of naughty queens and one-eyed jacks, his cards carry the names of the world's capital cities instead.

Havana Rebels Instigate Bloody Attack on Palace

Security Violations Examined

WASHINGTON (AP)—Sen. Frank Church said today that the Cuban revolution is a military threat to the United States and that the United States should be prepared to defend itself against it.

In a House speech, Church called on the House Information Subcommittee to make an "inquiry into all the facts."

The pattern is too clear, the senator said, to require a lengthy preliminary investigation to establish news media has been misled by perfunctory disclosures.

He said word of the trip was properly classified as an official secret, because there was "a very real danger" that foreign forces might have tried to shoot down the B-52s.

The California Democrat said the final decision to order the B-52s to fly over Cuba was made by President Eisenhower during the week ending Jan. 8. Yet on Jan. 9, Life magazine representatives asked the Air Force for all color pictures taken on the mission.

Prime Minister David Ben-Gurion told the Israeli Parliament in Jerusalem Wednesday his country reserves freedom of action in case Egyptian forces return to the strip.

In New York, it was announced UN Secretary General Dag Hammarskjöld is flying to Cairo Sunday for consultations.

The Egyptian intention was reported Wednesday night by an official of the Palestine department in Cairo after UN under-secretary Ralph Bunche had a 90-minute conference with President Nasser and a 45-minute talk with Brig. Gen. Salah Habib, director of the Palestine department.

The official said Egypt plans to move its Gaza administration to the disputed strip "very soon," possibly within two days.

UN sources in Cairo said privately that Egypt had given assurances it would not move into Gaza until everything was "cleared up diplomatically" and at such a time that the entry would not create a new crisis.

However, Egyptians continued to say they were ready to move in on their own terms as soon as they liked.

But he doesn't think it will ever replace poker.

President and Mrs. John F. Kennedy spend a few moments with graduating seniors Pat Wilson, Archie Patton and his wife Laurine at the President's reception in Cowles House.

Concern Shown by Israel

Egypt to Reoccupy Gaza As New Crisis Lurks

CAIRO, Egypt (AP)—Egypt apparently has decided to restore its rule in the Gaza Strip within the next two days.

Another full-blown Middle East crisis may be precipitated.

Prime Minister David Ben-Gurion told the Israeli Parliament in Jerusalem Wednesday his country reserves freedom of action in case Egyptian forces return to the strip.

In New York, it was announced UN Secretary General Dag Hammarskjöld is flying to Cairo Sunday for consultations.

The Egyptian intention was reported Wednesday night by an official of the Palestine department in Cairo after UN under-secretary Ralph Bunche had a 90-minute conference with President Nasser and a 45-minute talk with Brig. Gen. Salah Habib, director of the Palestine department.

The official said Egypt plans to move its Gaza administration to the disputed strip "very soon," possibly within two days.

UN sources in Cairo said privately that Egypt had given as-

40 Killed In Sudden Revolution

Students Attempt To Seize Batista

HAVANA, Cuba (AP)—Armed rebels stormed into the presidential palace today in a bloody revolutionary attempt to ouster or kill President Fulgencio Batista.

Fifty persons, including a man from New Jersey, were reported killed in the armed rebellion.

Peter Kocenda of Chicago, Ill., was killed in a fiery battle as he watched the battle from his fifth floor hotel balcony.

Twenty men were reported killed in battle inside the palace. Twenty others were reported killed in scattered fighting outside.

The 54-year-old president, a veteran of violence, survived and directed a successful tank-led counter-attack on rebel supporters outside the palace.

Fifteen out of about 40 invading rebels and five palace guards were reported killed within minutes of Batista's escape.

The attack on the palace apparently was in two phases.

A 40-man invasion force to ouster the president, guards and 120 into Batista's private quarters and take him.

A second force aimed to ouster the president and take him to a nearby building and keep him in custody.

The invasion force broke past the guard and into the first floor where Batista has his office. He was on the second floor when a late lunch with two cabinet ministers.

Heavy firing around the palace lasted nearly three hours.

The government announced Wednesday night the rebel forces at the palace had been beaten.

Annual Elections Set For YMCA Officers

The University YMCA is holding its annual election of student officers and board members through March 15.

New officers will be installed at an annual service, 9 a.m. Sunday, April 7, at the YMCA house, Dr. David W. Dickson, assistant professor of English, will speak.

Arab Reds Snub Nixon

During His Goodwill Sudan Visit

Official Greeting At Airport Warm

KHARTOUM, Sudan (AP) — Vice President Nixon ran in to a relatively cool reception on his arrival Wednesday in Sudan. Communists had campaigned for a boycott of his goodwill visit to this Arab nation, which is linked with Egypt by the Nile.

"Go out of the country Nixon," said Red leaflets. The government frowned on the campaign, however, and of the welcome was correct. Prime Minister Abdullah Khalil greeted Nixon in 35 degrees heat on his arrival by plane from Ethiopia.

Not less than 5,000 spectators watched impassively as the Americans welcomed warm in five other African countries. Nixon drove two miles in a red Rolls Royce to the republic's palace.

Nixon sought to pep up things, as he has done before at home and abroad, by stopping in Khartoum's market district to do some handshaking.

Secondly, cautious Sudanese police pushed away the spectators almost as fast as they converged. Nixon managed to shake hands with only about a dozen and talk briefly to some.

Nixon had a talk later with the Prime Minister and his top policy advisers and arranged to see Nasser Zairou, chief of the government's opposition.

Sudanese leaders were reported ready to ask Nixon for American economic aid to bolster the economy of this nation of nine million, which achieved full independence only 15 months ago from the joint rule of Egypt and Britain.

A government spokesman declined to discuss the possibility of such a request.

Nixon's arrival from Ethiopia, where he was treated like a long lost friend making an overdue call, coincided with a Sudanese government warning to "Communist elements" to end their campaign for the people to boycott his visit.

The Red leaflets denounced the U.S. government as imperialistic, and charged much as the Russians have charged, that American Middle East policy is aimed at "dragging the nations into an atomic war."

A Khartoum newspaper, the Daily News, quoted Khalil as saying: "The government has taken the necessary measures to keep the peace and does not hesitate in taking any action, no matter what the price may be, to serve this end."

Nixon reminded a scanty gathering at the airport that the United States supported the aspirations of the Sudanese for independence.

Soviet Ambassador Evgeny Teplov was the first Soviet envoy to greet Nixon on the African tour.

Teplov barked "no comment" when asked by reporter what he thought of Nixon's visit.

Vice President and Mrs. Nixon are keeping strange company on their African trip. The touring couple find themselves under the awesome glare of "Gos" devil dancers in the traditional garb of their Librarian heritage. Apparently the Nixon smile placated any evil spirits present.

Says MSU Professor

Religious Differences Don't Hamper Dating

College students apparently don't let religious differences stand in the way of getting a date, according to an MSU psychologist.

We could find no relationship between dating behavior and religious affiliation," reports Dr. Milton Rokosch, associate professor of psychology.

His comments were based on a survey of 600 students who gave their own religious affiliation and listed the initials of all their dates during the past year.

The number of different dating partners varied from one to as many as 13 or 20, said Dr. Rokosch.

On first dating students may

want their date to be a Venus or a handsome football hero but they simply don't ask, "What church do you go to?" explained Dr. Rokosch.

He emphasized that the study covered only dating, not marriage. Choice of marriage partners may be the subject of another study, he indicated.

ROUGH TIME

ANAPARKO, Okla. (AP) — Sheriff Ty Yount tried to figure out where a robbery suspect would be hiding, so he took to the back roads and spent a hungry and fruitless afternoon.

The suspect was caught at the same time — on one of the smooth highways.

Student Guide Committee Reorganized

New members of Michigan State's student guide steering committee were recently appointed.

The committee, which is chosen on recommendations from various organizational presidents on campus, is sponsored by Men's Union and AWA.

Members provide campus tours for new students during registration week under the direction of Harry Grater, faculty advisor of the group.

The new members are: Max Whitson, Ed Salascha, Central American, junior; Elaine Payton, Detroit Freshman, Don Barabell, Syracuse, New York, sophomore; Dave Copell, Orchard Park, N.Y. sophomore; Dorothy Fairless, East Lansing junior.

Peg Hangecky, East Lansing sophomore, 146446, Schinard, Springfield, Mass., sophomore; Al Westcott, East Lansing junior; Marcella Barber, Atlanta, Ga., sophomore; Bill Landman, Farmington freshman.

Present members are: Joe Lake, chairman, Midland junior; Marion Lester, Glen Ellyn, Ill., sophomore; Diana Champion, Grand Rapids sophomore; Jan Campbell, Chicago junior; Bill Kenoski, Lansing junior; Jean Scholten, Menden City junior; Art Jacobs, New York junior.

They Don't Die Sooner Athlete's Lives the Same

Do college athletes hurt themselves out and die young, or do they live longer than non-athletes? The answer, according to findings by a research team at MSU, is that they live just as long and die from the same causes as non-athletes, reports Dr. Henry J. Montevie and Dr. Wayne D. VanHous, associate professors of health, physical education and recreation.

The scientists also report they found no significant difference in the number of former college athletes who died from heart diseases compared with non-athletes.

The study, now in its seventh year, took a comprehensive look at what happened to 678 letters, right in various sports after they left MSU and compared them with 663 non-athletes. All graduated before 1937.

Of those deceased, it was found that the average age of the former athletes was 73.8 compared with 74.2 of the non-athletes. However, excluding accidental deaths, the average longevity of both groups was about the same, 74 years.

Although primarily concerned with longevity and the causes of death of the athletes and non-athletes, the researchers turned up other interesting comparisons.

The percentage of drinkers and smokers was found to be

Sonic Explosion Scares Citizens

BATTLE CREEK, Pa. — A jet plane cracked the sound barrier over Battle Creek Wednesday, causing a sonic explosion that momentarily panicked residents.

Thousands of persons rushed out of doors when the explosion blew open doors of homes and rattled windows.

The initial "boom" was followed by two echoes, giving the effect of a series of explosions.

Officials of the 18th aircraft control and warning unit at Chester A. Rose here identified the aircraft as a "transient jet."

Police, fire stations, newspapers and radio stations were jammed with calls from worried residents.

Police lines held up long distance incoming telephone calls 20 minutes.

from larger families than those who do not engage in varsity sports. Figures indicated that tennis players came from the smallest families and wrestlers from the largest.

Sports covered in the study included varsity football, basketball, track, swimming, baseball, tennis and cross country.

From an opinion standpoint the majority of the athletes and their relatives felt that athletics were beneficial.

Information for the survey was obtained from the athletes, personal records and relatives.

The research team pointed out that this was a pilot study which they hope to expand to a national project, taking in some 25 universities and colleges.

Happy Prisoner Happier Outside

GREENSBURG, Pa. (AP) — Cooks, of all people, are supposed to be the happiest of jail prisoners.

And, for that reason, officials of the jail in the southwestern Pennsylvania town are stumped.

Last night a 28-year-old trusty who had been helping out as a cook walked out a kitchen door that leads to the street and disappeared.

He is Mark Boughner, of New Kensington, Pa., who had served five months of an 18-month term for passing worthless checks.

Other officers and those they are replacing are:

Vice president, Larry Wills, Saginaw junior, in office for John Wilson, Detroit senior, and Marilyn Douma, Petoskey junior.

Cafeteria were established in New York City in 1885. At first they served only men, no women were allowed to enter.

As Gordon Sinclair congratulates Dwight Ebeling, his successor to the post of Union Board president, Marilyn Douma, secretary and Larry Wills, vice president, also newly elected, look on.

Ebeling Takes Top Position UB Directors, Staff Named

MSU's Union Building will start to operate under new student management spring term following Tuesday night's election of Union Board officers and directors.

Outgoing president, Gordon Sinclair, Flint senior, wished good fortune to new president Dwight Ebeling, Almont junior, and his new officers and staff.

The other officers and those they are replacing are:

Vice president, Larry Wills, Saginaw junior, in office for John Wilson, Detroit senior, and Marilyn Douma, Petoskey junior.

replacing Dee Jennings, Lansing senior, as secretary.

New directors on the board are: Paul Alms, Chicago; Bill Rowe, Detroit; Dean Vane, Royal Oak; Carolyn Kowalk, Detroit; Judy Langlois, Columbia City, Ind.; Sally Gillman, Kalamazoo; and Barb Wilson, Auburn, Ind., all juniors.

The only new sophomore on the board is Gordie Smith, Haslett.

Incumbent directors re-elected to the staff are: Tom Kerry, Lansing junior; Dick Schlaff, Grosse Pointe; and Paul Sanborn, Chicago, both sophomores.

The graduating directors are: Dan O'Neil, Wilmette, Ill.; Jon Shephard, Flint; Judy Jordan, Chicago; and Co. Jackson, Rochester, Minn.

The 14-member board controls and directs any student activity associated with the Union Building. Included among the

Cadets Compete In Shoot Today

Army and Air Force ROTC units will meet today at 7 p.m. in the rifle range at Demonstration hall in their annual rifle meet.

Ten men from each unit will fire in competition, the winning team receiving the MSU ROTC Intramural Rifle trophy which they hold until the next meet.

From '56 to '54 the Air Force won the trophy, but in '55 the Army retaliated and now holds the prize. Today's match will decide the '56 winner of the trophy.

Chevy is America's "hot" car —officially!

Chevrolet Wins Coveted Manufacturers' Trophy at Daytona Beach as "best performing U. S. automobile!"

Want facts about performance?

Then look at the official figures from NASCAR's* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 263-horsepower "Super Turbo-Fire" V-8's, from the single-carburetor V-8's with Powerglide to the stick-shift "270's"—is a championship car.

Teamsters Accused Of Bribing Lawyer

WASHINGTON (AP)—A \$5,000 payment by the Teamsters Union to the lawyer for indicted District Attorney William M. Langley was turned up Wednesday in the Senate investigation of an alleged plot by some union bosses to cut in on profits from Portland, Ore., vice and rackets.

And an enforcement officer for the Oregon Liquor Control Commission swore that Langley once called him to the apartment of a Seattle racketeer to discuss an impending investigation of the commission.

These were major developments in a day of hearings by the Senate Rackets Investigating Committee which also brought confirmation of reports that most of the financial records of Council 37 subpoenaed by the senators have been destroyed.

They set the stage for an expected call to Langley to take the witness chair, but the hearings were recessed in mid-afternoon until 10 a.m. today without hearing Langley.

Mikesell said of his own testimony: "It does seem a little silly, doesn't it?"

But Mikesell vigorously disputed a suggestion by Sen. Mundt (R-S.D.) that the payment "bribes this whole thing up" with allegations of Langley working in collusion with Teamster officials.

Langley is under indictment in Oregon on charges of malfeasance and failure to conduct prosecutions.

Thomas A. Sheridan was the enforcement official for the liquor commission who said Langley summoned him to the apartment of Thomas Maloney, a Seattle racketeer. Maloney is under indictment in a grand jury investigation of Portland scandals.

Sheridan gave no date for the talk.

"Langley called me," he said. "He asked me to go to an apartment to see him. He added that Maloney's name was not mentioned in the phone call and that Maloney was not present at the meeting."

Sheridan said "the main purpose" of the talk with Langley was that the district attorney wanted to know "just how I was involved."

Sheridan had testified previously about his troubles in getting his state job back after he was fired for letting a liquor distributor pay a hotel bill of "about \$40" for members of his family.

Spring Marriage Series Tickets Available April 2

Mortar Board Sponsors Lectures For Married or Engaged Couples

This year's annual series of marriage lectures, sponsored by Mortar Board, will begin the first day of spring term, April 4, with a lecture on the early years of marriage.

Dr. Mahlon S. Sharp, Lansing gynecologist and obstetrician, will speak on the subject, "Whither Thou Goest," at the first lecture in the two-part series. It will be held at 8 p.m. in the Music Aud.

Engaged and married couples and seniors may pick up their tickets for the first lecture April 2, 3 and 4 from 9-4 p.m. in the Union Concourse. One ticket will be issued to each student upon presentation of I.D. cards. There is no charge for the tickets.

Problems of the engagement period will be discussed at the second and final lecture by Dr. William C. Morse, associate professor of educational psychology at the University of Michigan.

The subject will be "To Love and Cherish" and this second lecture in the series will be held

April 10 at 8 p.m. in the Music Aud.

Tickets will be distributed April 8-9.

An open question and answer period will follow each lecture. Mortar Board, senior women's honorary, is also co-operating with the Student Inter-Religious Council in presenting a series of lectures spring term on the role of religion in marriage.

These lectures will be held on April 25, May 2 and May 9. The series will feature one speaker who will discuss the Jewish, Protestant and Catholic beliefs concerning marriage.

'Go Ahead, Cut Budget' Says Ike

He'll Do His Best If Congress Slices

WASHINGTON (AP)—President Eisenhower said Wednesday he is shoving off for the Bermuda conference by slow boat today, leaving it to Congress "to go ahead and cut" his budget if it can.

In effect, Eisenhower was backing right back to the House a resolution it adopted Wednesday asking him to pick places for substantial reductions in his 22 billion dollar budget for the 12 months starting July 1. He did tell a news conference that "I will be just as helpful as I can."

A reporter commented that this year was "the first time that the President, the Secretary of the Treasury ever asked the Congress to cut their budget."

Eisenhower replied: "I didn't say, 'I didn't ask them to cut. I said if they could find places in that budget where their judgment disagreed with mine, and they were the final appropriating authority in this case, if they found such instances, to go ahead and cut, and I would do my very best to get along with it.'"

The news conference lasted through about a subject a minute for 27 minutes. Along the way, Eisenhower said:

That he has no plans for "any great changes" in the foreign aid program he already has submitted to Congress. The program is a special target of members of Congress who are calling for economy, although the President said "it is one of the cheapest ways we have of insuring the position in the world we want to maintain."

That there are no plans, either, for acquiring from Ethiopia a naval base on its Red Sea coast. This was contrary to reports Tuesday from Addis Ababa, Ethiopia, during Vice President Nixon's stop there on a tour of Africa.

That nobody has mentioned to him that he is becoming increasingly inaccessible to members of Congress.

The main emphasis at the news conference was on the current Congressional uproar over trimming governmental spending.

Havana Rebels

(Continued from Page 1) back and calm prevailed throughout the island.

The group that invaded the palace apparently clashed with the inner guard after storming the outer gates, while others fired on the palace from buildings nearby in a concerted attack. The general attack was made by students armed with

machine guns, pistols, rifles and grenades in the heart of the city.

Their apparent aim was to kill or capture Batista and set off a revolution to seize the whole island Republic.

A university student president and others were reported killed.

One bold group was beaten back by palace guards and tried to force entry and seize Batista. The President directed a tank-led army counter-attack from inside the palace.

It was a little before 1 p.m. when cars and buses converged on the palace plaza and disgorged the crowd of student rebels. Each carried a weapon.

At 4 p.m. Batista ordered his troops to shoot down the rebels. The rebels were shot to death, wounded, or taken to Batista's army camp, where they were established.

Amy detachments fanned out through the city to round up the rebels.

Weapons

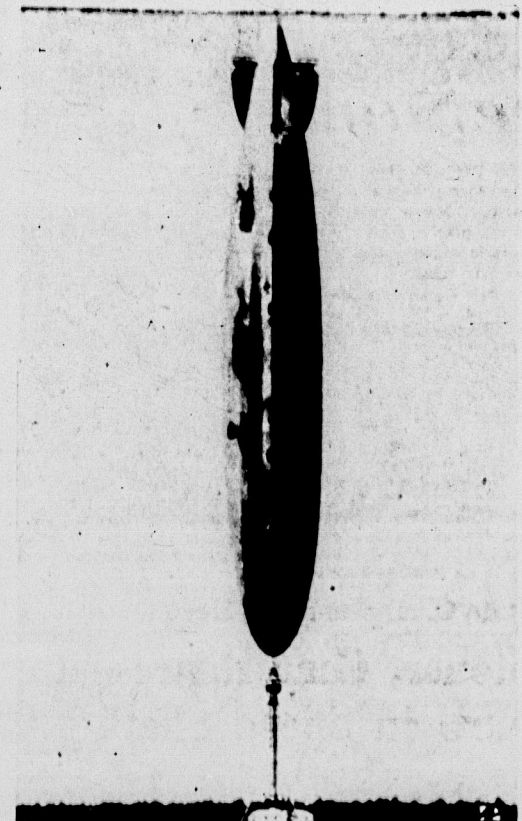

(Continued from Page 1) may be engaged in other activities in Antioquia, on the SEATO pact's southern flank, under the guise of building scientific bases for the international geophysical year.

Dulles held a conference for 50 newsmen from the eight SEATO countries at the close of the Southeast Asia Alliance's third annual Council of Ministers' meeting. During three days of closed talks, the ministers agreed on the need for greater economic co-operation, coupled with continued military vigilance to combat Red aggression.

A final communique said the ministers felt the immediate military threat to peace in Southeast Asia had waned, but that "the military strength of Communist China and of North Viet Nam is continually being increased."

Australian officials have expressed fear it may be difficult to evict Russian scientists and supporting personnel who have set up a base in Antarctic territory claimed by Australia for scientific observations during the geophysical year beginning this July. U. S. and other scientific expeditions also have bases on the continent.

Unlike some other observers, Dulles was no ditherer to SEATO in the current unrest in Indonesia. Bloodless coups have erupted in all parts of the Southeast Asia republic except the main island of Java.

As in the story below, the Navy set a record when this photo was snapped at Lakehurst, N.J. in 1926. Only the earlier record is for standing a dirigible on its nose. A stiff Atlantic breeze flipped the 200 foot blimp on its nose but without damage as it slowly righted itself.

200 Hours, Still Aloft

Old Endurance Record Broken by Navy Blimp

SOUTH WEYMOUTH, Mass. (AP)—The 343-foot Navy blimp ZPG-2 broke two records Wednesday for endurance flight and for distance.

At 2:45 a.m. the blimp surpassed the old record of 200 hours and 12 minutes of non-refueled flight.

Later in the day it completed 7,000 miles, bettering the German dirigible Graf Zeppelin's distance mark of 6,980 miles established in 1929.

The ZPG-2 left the naval air station here at 6:30 p.m. March 4 on a flight across the Atlantic to demonstrate "the all-weather capability to airships for use in airborne-early warning and submarine-defense systems."

Attached to the naval air development unit here, she was commanded by Cmdr Jack R. Hunt of Rolling Hills, Calif., and carried a crew of 14 men.

When she broke the record for non-refueled flight, she was off the Virgin Islands after crossing the Atlantic and passing Portugal, the Canary Islands and the African Coast.

The old endurance record was set in 1954 by an airship of the same type. That craft took off from Lakehurst, N.J., Naval Air Station May 17, 1954, flew out into the Atlantic and over the Bermuda-Nassau-Miami area and landed at Key West, Fla., May 25.

The Graf Zeppelin's old unofficial distance record was established on a flight from Friedrichshafen, Germany, to Tokyo.

the first leg of a round-the-world trip during the period Aug. 14-Sept. 4, 1931. The dirigible was commanded by Dr. Hugo Eckener.

The Navy said the ZPG-2, built by Goodyear Aircraft Co., Akron, Ohio, can attain a ground speed of 71 knots on her two gasoline engines. Her air lift is achieved by approximately a million cubic feet of helium.

Frosh Thinclads Set Two Records

Atterberry Runs Fast 600; Mile Relay Team Sets Mark

Michigan State's freshman track squad set two records last week at Jenison.

The most outstanding record was set by highly-touted Willie Atterberry, who ran the 600-yard dash in a brilliant 1:10.7 to break the old mark of 1:12.5 he set earlier in the season.

Atterberry's time is better than the record of 1:08.4 set by Kevan Gosper two years ago. Gosper's time is also the all-time record, but Atterberry won't get credit for the mark because it was set in practice.

The three events were the fastest times run in the season.

The team set another record when the quartet of Ray Pomeroy, Scotty Brian, Castle and Atterberry posted a 3:21.5 clock in the mile relay. This breaks the old record of 3:24.8 set by Ray Pomeroy, Ben and Ray Pomeroy and David Wheeler in 1942.

Pomeroy ran a 37.3 quarter, Scotty 32.1, Castle 30.2 and Atterberry 48.9. The varsity team is 3:22.

Charlie Maxwell hit a bases-loaded home run and drove in another score with a single. Bill Tuttle had two singles in four trips and pitcher Al Aber was near faultless in five innings.

Aber retired 14 batters in succession before yielding a fifth-inning single. He didn't walk a man. The A's got all their runs off former semisouthwest Bob Miller and rookie Max Simmons, each of whom worked two innings.

Cubs Blast Giants

PHOENIX, Ariz.—The Chicago Cubs hammered five runs across in the second inning to drive home southpaw Mike McCloskey from the box and defeat the New York Giants 9-3 Wednesday for their first victory in the games this spring.

Centerfielder Sam Drake and first baseman Dee Foxworth powered the Cubs into victory, Drake connecting with one on one and Foxworth with two on one.

Yanks Beaten, 6-5

CLEARWATER, Fla.—Rip Russell's 12th inning home run gave the Philadelphia Phillies a 6-5 victory over the New York Yankees Wednesday.

Bill Stoner (left) and Mike Carey, a pair of Spartan speed skaters, talk over the state championship skating races scheduled for Saturday in the Michigan State ice arena.

State Championships Here

Stoner, Cary Represent MSU in Speed Skating

Michigan State University will have two representatives in the state championship skating races scheduled for the ice rink here Saturday.

They are Bill Stoner of Saginaw, defending senior A men's indoor champion, and Mike Carey, state Class B senior outdoor title-holder.

Stoner is a junior and Carey a freshman.

Stoner has won the indoor title on the local rink two successive years and will be in there defending again this year.

Carey, a recent graduate from intermediate ranks, has shown himself a fine competitor and speedster in compiling more points than any other skater in his class during the outdoor season. He also is fast on the indoor tracks.

Mike has been skating in competition since he was eight years of age and has won middle, juvenile, junior and intermediate titles prior to jumping to senior B. He won the North American indoor juvenile title on the State rink here in 1933.

Maxwell, the national juvenile champion, won on a 12-lap track made at Champaign in 1934, skating the distance in 2:39.2. It broke Kenny Renshaw's mark. Renshaw, recently returned from the service, will be in there to oppose Mike.

Carey is winning five meets in four for the outdoor season with 111 points in his closest rivals 76 scored by Les Konkki of the Wolverine club. He also will be skating here.

Bailey Whips Phi Tau, 5-1

Face Lambda Chi Alpha For IM Hockey Crown

By RUCK JERZY

It was a spirited Bailey Hall team that knocked Phi Tau out of the running for the IM hockey championship with a lopsided 5-1 victory Wednesday night.

Bailey will now meet Lambda Chi Alpha for the title tonight at 6 in the Ice Arena, after Lambda Chi qualified for the finals by edging the Playboys, 3-2.

Phi Tau had previously beaten Bailey Tuesday night by a 4-3 score in overtime. However, the Phi Taus had used an ineligible player early in the season and the game with Bailey was replayed.

The classy Baileymen put together sharp shooting, superb stick handling and fast skating to take an easy win from a slower and heavier Phi Tau squad.

Led by Jim Wilson's hat trick, Bailey got off to a fast start in each period. Before a minute had elapsed in every stanza, the Baileymen had scored a goal.

Wilson started things off with a 25-foot goal at 30 of the first period.

Phi Tau came back to tie the score on Center Jim Auld's goal at 2:30 after Ed Kelley picked up a loose puck behind the net and passed out to Auld.

It was Wilson again, as the flashy wing put Bailey ahead to stay with a beautiful goal at 4:33. He skated the length of the ice and let loose with a hard 35-foot shot that went right between two Phi Tau defensemen, past goalie Ken Bray and into the net.

In the second period Bailey picked up two more markers. Schaefer scored at 25, getting an excellent pass from George Ursy. Ursy again did a fancy job of stick-handling, this time setting up Wilson for his third goal of the night at 2:20.

Trailing 3-1, Phi Tau became desperate in the final eight minutes but couldn't put the puck past Big Clark Butterfield, the Bailey goalie.

Bailey got their final goal on a goal mouth scramble. Jack Rothley flicked a pass to Dale Alexander and the Bailey defensemen lifted it over the fallen Phi Tau goalie, Bray.

Lambda Chi 3, Playboys 2

In the other semi-final game, Lambda Chi Alpha took a close one from the Playboys by a 3-2 score and moved into the finals tonight against Bailey.

Lambda Chi jumped to a 1-0 lead on Bill Clark's goal at 1:10 of the second stanza. Bob Johnson took the puck down the ice only to be beaten by Rog Her- ring, the Playboy goalie. How- ever, Danny Hanks picked up the rebound and passed out to Clark who scored on a 15-foot- er.

The Playboys scored less than two minutes later with Ron Athey getting the marker.

Before the second period had ended it was tied at 2-2. Larry Heron scored for Lambda Chi on a face-off at 6:40 and Ed Parsey got the second Playboy goal at 7:20 with the assist going to Mark Weber.

It looked like it would be another sudden death overtime game, but Bob Johnson scored at 6:30 of the third period to put Lambda Chi in the finals. Jerry Orr stole the puck from a Play- boy wing and set Johnson up with a pass near the net.

SPORTS IN BRIEF

Howard Ailing
ST. PETERSBURG (AP)—El- ston Howard, New York Yankee catcher and outfielder, was re- vealed Wednesday to be alibi because of a pulled muscle hurt in the back of his left thigh.

Diver Turns Pro
LOS ANGELES (AP)—Pat Mc- Cormick, America's two-time Olympic diving champion, Wed- nesday said she is turning pro- fessional.

The 26-year-old diving queen, winner of two gold medals in each of the last two Olympics, announced shortly after return- ing from the 1936 games in Melbourne that she would re- turn to the sport.

Lakers' Club Sold
MINNEAPOLIS (AP)—The Minneapolis Lakers' National Basketball Assn. franchise Wed- nesday was formally turned over to a Minneapolis business group effective at the close of this year's playoffs.

Ben Berger, outgoing major- ity owner, accepted a \$150,000 check for sale of the franchise. The transfer is subject to league approval, an action considered a mere formality.

Football Already?
MILWAUKEE (AP)—Marquette University's Football team, with 75 candidates due to report "by invitation only," will open spring drills Monday.

Among those who were not invited by Coach Johnny Druze are five lettermen who were eligible for competition.

Senators Win, 3-2, to Hand Tigers Third Straight Defeat

Washington Breaks Tie Off Hoelt

Kaline, House Suffer Injuries

ORLANDO, Fla. (AP)—The Washington Senators dealt the Detroit Tigers their third straight Grapefruit League setback Wednesday, 3-2, as three Senator pitchers effectively scattered eight hits.

Pete Runnels' sacrifice fly scored Eddie Yost from third base in the fifth inning for the winning run off lefty Bill Hoelt. Yost, who led off the inning with a double, had a pair of doubles in four trips and scored the Senators' first run in the seventh inning.

Jim Lemon of Washington cracked a first-inning home run with Yost on base, and right-hander Al Kaline had a one-on, first-inning homer for the Tigers.

The Tigers, who haven't been able to win since whipping the Boston Red Sox last Saturday in their opener, got only two men on base from the second through the sixth innings. They threatened in the ninth against Bud Baverly when Jim Small and Charley Lau hit consecutive singles after Baverly retired the first two batters. But Bob Kennedy struck out to end the contest.

Steve Gromek opened for Detroit, giving up five hits and two runs. The only damage of Hoelt was the single run and one in the fifth inning.

Frank Lary finished strong for the Tigers, restricting the Senators to one single in the last three innings.

Frank House and Kaline suffered pulled back muscles, ending first base. The red clay infield at the Senators' training base is regarded as one of the roughest in all baseball. But trainer Jack Homel said the injuries were minor ones and probably wouldn't keep either player out of action.

KC Nips Cards

ST. PETERSBURG (AP)—The Kansas City Athletics evened their spring exhibition with St. Louis Wednesday by edging the Cardinals 5-4 with the help of home runs by Gus Zernial and Hal Smith.

Both of the home runs were off Herm Wehmeier, one of the Cardinals' regular starters. It was Wehmeier's first exhibition performance this year.

Reds Rout Braves

BRADENTON (AP)—The power-laden Cincinnati Redlegs spoiled the pitching debut of highly touted Juan Pizarro with a five-run eighth-inning assault Wednesday as they swamped the Milwaukee Braves, 11-4, in a spring exhibition game.

Brooklyn Wins, 9-4

VERO BEACH (AP)—Pee Wee Reese, playing for the first time this year, rookie Dick Gray and Ed Hodges walloped homers as the Brooklyn Dodgers again outslugged the Chicago White Sox, 9-4 Wednesday.

Reese and Gray hit inside-the-park circuit blows off Billy Pierce in the first inning. Hodges cleared the left field bank at the expense of Bill Defour in the fifth.

Tribe Wins Third

TUCSON (AP)—The Cleveland Indians chalked up their third straight exhibition victory by defeating the Baltimore Orioles 3-1 Wednesday.

Rookie Roger Maris gave the Indians a 2-0 lead in the first inning with a long home run over the right field fence, following a single by leadoff man Larry Raines.

Early Wynn made his first appearance of the spring, giving up two runs on five hits in three innings.

Michigan State pitchers have been preparing for the 1957 baseball season, starting with the annual Southern training trip March 24-April 6. These four pitchers, who will form the core of the Spartans' mound staff, are, left to right, Bill Mansfield, Jon Davis, Ron Ferraresi, and Lou Meares. Wednesday the team held its first outdoor workout of the year.

Included in Tighe's Plans

Tigers' Manager Likes Maas

LAKELAND (AP)—The more Jack Tighe sees of Duke Maas, the more he feels the strong-armed right-hander could be the key to the Detroit Tigers' pitching success in 1957.

No question about Duke's ability, say the experts around Hensley Field. It boils down to using the ability in the right places.

Other pitchers on the staff still are baffled by Maas' 0-7 record with the Tigers last year. They claim—and they should know—that the Duke has as much "stuff" as most any pitcher in the American League.

Good speed, good curve and enough variety to make him a consistent winner in the big leagues.

"He's major league wild," says Manager Jack Tighe. "When he learns how to use the talent he has, he'll be a winner, and I mean a real big winner."

Tighe feels Maas may develop this season like another right-hander, Paul Foytack, did a year ago. Foytack had appeared in 28

games with the Tigers and hadn't won a major league decision until 1956, when he compiled a 15-13 mark.

Duke played winter ball last season, just like Foytack did the year before he blossomed out into a real good pitcher, pitching coach Willis Hudlin points out.

And Duke had a fine half-year down at Charleston after he was farmed out. We feel this is the year he'll come through for us."

Some of the people in the Tiger organization feel all Maas needs is confidence. With Duke, it's not a matter of confidence, he says.

"It probably sounds crazy after I lost seven straight last year," he said, "but I actually have more confidence in myself than I did a year ago. The reason

Boston Nips Rangers To Tie for 2nd Place

NEW YORK (AP)—Fleming Mackell's goal with 12 seconds to play gave Boston a 2-1 victory over the New York Rangers Wednesday night and moved the Bruins into a second place tie with the Montreal Canadiens in the National Hockey League. The defeat snapped the Rangers' eight-game unbeaten string at Madison Square Garden.

for it is pretty simple. I know Jack Tighe believes in me, so why shouldn't I be entitled to a little bit of faith in myself?"

Hudlin has a ready diagnosis for Maas' difficulty.

"He's had trouble with his curve," Hudlin explains. "He tries to throw it too fast, and as a result, it gets to the plate before the spin has a chance to make the ball do many tricks."

And so the ball—instead of going down to a place where it's tough for the batters to get at—stays up in their power and he gets into trouble with the long ball."

It's evident to everyone that Duke has worked harder this spring than ever before in an effort to win a spot on the varsity roster—and not only to win it—but to do something about it once he gets it.

"Not much fun being in the major leagues with an 0-7 record," he said.

If Maas is to be a big winner, and if he is to get a job as the fourth starter with the Tigers, he'll have to change speeds more frequently and get the curve ball lower.

"There's not a man on our staff and not many more in all of baseball who are faster and have more stuff on the ball than Duke," said catcher Frank House.

Three-Way Tie Ends NBA Race

BY THE ASSOCIATED PRESS
The Western Division of the National Basketball Association ended in a deadlock Wednesday night as all NBA teams ended their regular season schedule.

Sharing first place are St. Louis, Minneapolis and Fort Wayne. The Hawks blew their chance to win an undisputed championship as they were defeated, 104-99, by the Rochester Royals, Wednesday night.

Meanwhile, the Fort Wayne Pistons poured it on Syracuse all the way to win, 114-81, and an uphill-fighting Minneapolis team whipped Philadelphia to gain the three-way tie.

Although the score was tied three times in the first half, the Royals never trailed St. Louis, and finished the battle with their shortest lead of the second half.

Although Syracuse led briefly in the first quarter, Fort Wayne took over midway in the first half to make the score 57-40 at halftime, and from there on it was no contest.

At Minneapolis, Vern Mikkelsen furnished the heavy firepower with 35 points, a career high for the Laker veteran, to lead his team to victory.

Pan Am Site May Move

DETROIT (AP)—Cleveland, the proposed site for the 1959 Pan American Games, has not been able to raise enough money to sponsor them.

The city must give "definite assurances of financing" by this weekend or the Pan American Games will probably go to Guatemala, Douglas F. Roby said Wednesday.

Roby, president of the Pan American Games Committee, said, "Any delay beyond this point probably would mean the

games would have to abandon-

ed.

His committee expects to make a final decision on the 1959 games site at a meeting in Caracas Sunday and Monday, Roby said.

Commenting on a report by Rep. Vank (D-Ohio) that the State Department had expressed opposition to spending five million dollars on the games, Roby said:

"I doubt the department would express such a feeling but without that money, Cleve-

land definitely would have to give up the games. Their offer to hold the games is based on the federal aid."

If the games are in Cleveland, Roby said, they would be held in August but it is a South American country they would be set for a February or March date.

That gives us only two years or less to plan and we can't wait any longer to make a decision," he said.

Cleveland has said it is ready and willing to a certain degree, but the able part is a question."

Drugs May Be Answer To Tension

Study Conducted By Psychiatrists

Psychiatrists at the University of Michigan have conducted a study which indicates that the use of drugs may be an answer to the tension which exists in the campus community.

The study, conducted by a team of psychiatrists led by Dr. J. H. M. van Praag, involved the use of a questionnaire to determine the extent of drug use among students and faculty.

The results of the study showed that a significant number of students and faculty members reported the use of drugs, including alcohol, marijuana, and various prescription and over-the-counter medications.

Dr. van Praag noted that the use of drugs was often reported as a means of coping with stress and tension. He suggested that the campus community should be more open to discussing the issue and that there should be more resources available to help students and faculty deal with their stress.

The study also found that the use of drugs was more prevalent among students than among faculty members. This may be due to the fact that students are often under more stress and have less access to professional help than faculty members.

Dr. van Praag emphasized that the study was not intended to encourage the use of drugs, but rather to provide information that could help the campus community better understand the issue and find ways to address it.

The study was conducted over a period of several months and involved the participation of hundreds of students and faculty members. The results of the study will be published in a journal in the near future.

The study was funded by a grant from the National Institute of Mental Health. It was one of the first studies of its kind to be conducted on a campus level.

Dr. van Praag is a professor of psychiatry at the University of Michigan and is also a member of the American Psychiatric Association. He has published several articles on the use of drugs in the campus community.

IT'S FOR REAL! by Chesterfield

FIREBUG*

A thousand cigarettes on that ship. Thousands of who? Calculating obviously my combustibility. Endowed me with her eyes and let me burn as surely. That when the fire was out she'd made a perfect ash of me.

MEANS: Where there's fire, there's smoke. So pull yourself together, cheer, and put a flame to the end of your Chesterfield King. Ah, it's that feels better. Take comfort in that regal royal length. Enjoy the smoothest natural tobacco filter. Savor the smoothest tasting smoke today—packed more smoothly by ACCT-RAY!

And your pleasure COUNT!
Chesterfield King has Everything!

*Only good in dry air. In humid air, Chesterfield King may not burn as smoothly. For best results, use Chesterfield King in dry air. Chesterfield King is not a fire hazard. Use Chesterfield King responsibly.

The Style Shop Presents
carol
and
large
from Pi Beta Phi

Carol, Buffalo, N. Y., junior, majoring in elementary education, has selected the perfect outfit for spring term classes. With a quick change from skirt to tapered capri pants, she will be ready for pranking or study.

The complete outfit, shown in khaki, also comes in black or white. It is made of Cadet khaki cotton, which is crease resistant and washable.

The blouse is a sleeveless, washable cotton in white, black and khaki print, and is priced at just \$3.95.

Also featured, but not shown, are matching pedal pushers, priced at \$3.95, raincoats, also \$3.95, and a T-shirt, priced at \$1.95.

The pedal pushers, raincoats, capri pants and skirt have button detail in front, pockets, and an adjustable tab at the side back.

Blouse, jacket	\$12.95
Skirt	\$3.95
Capri pants	\$3.95
