

Civil Rights Bill Opposed

Anti-Union Amendment Proposed

'Right to Work' Rider Asked

WASHINGTON (AP)—Sen. McClellan (D-Ark.), who opposes the civil rights bill, sought to amend it Monday with a "right to work" provision.

Meanwhile the important timetable for the legislation indicated the possibility of House action before the end of May, but none in the Senate until June or later.

The right-to-work proposal is bitterly opposed by union leaders and by many members of Congress elected with strong union backing. A number of those members support the civil rights bill but might not vote for it if it included McClellan's amendment.

The amendment, like right-to-work laws in 18 states, would forbid arrangements under which a worker may be forced to join a union in order to hold a job.

The amendment also would forbid conspiracies seeking to force union members to take a certain stand in a federal election. It states that no officer or member of a union "shall intimidate, threaten, coerce" a union member with intent to influence his vote.

The civil rights legislation is aimed primarily at protecting Southern Negroes from alleged violation of their civil rights, including voting rights.

Rep. McCormack of Massachusetts, the Democratic leader in the House, predicted Monday that the House would pass the bill by the end of May "by two to one."

McCormack said four of the eight Democrats on the House Rules Committee are ready to turn it loose for a vote by the House, and "when three of the four Republicans decide to make up their mind, it will come out."

Rep. Roosevelt (D-Calif.) began circulating a petition to take the bill away from the Rules Committee and give it to the House Judiciary Committee approved it April 1.

Opponents of the legislation have tried this year, as in years past, to stave off votes. If the Senate does not get to it until towards the close of the session, the bill may be filibustered to death.

Criminal Suit Sought for 'Confidential'

SAN FRANCISCO (AP)—Criminal libel charges against the scandal magazine "Confidential" will be taken to the Los Angeles Grand Jury on May 14, Asst. Atty. Gen. Clarence Linn said Monday.

Linn has just returned from New York where he has been concluding his investigation of the magazine. He said he would ask for—and expects to get—a criminal libel indictment against it.

"No Hollywood film stars will be called as witnesses," he said. "In a criminal libel action it is up to the magazine to prove the stories it printed were true. I do not think it can do so."

It will be a quiet proceeding; no fireworks. Some of the evidence, he indicated, will concern stories printed in "Confidential" about actor Frank Sinatra.

However, we will go into just about everything the magazine printed during 1956, on the grounds that it was filthy and served no legitimate purpose," Linn declared.

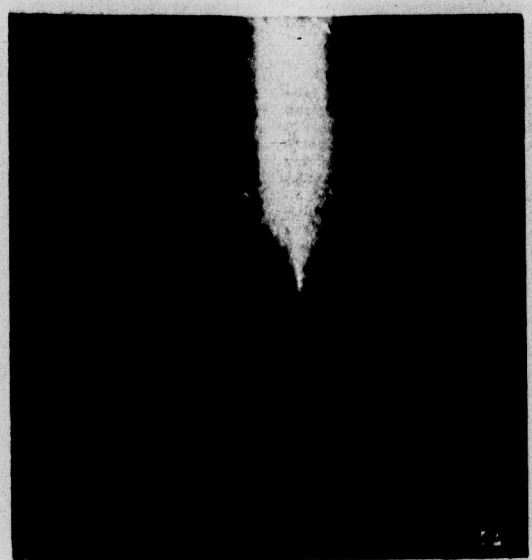

Graduates Asked To Return Proofs

All 1956 graduates are urged to return proofs to the Wolverine booth in the Union Concourse any day between 8 a.m. and 5 p.m.

Pictures and appointments are still being taken in 41 Union.

Parents to Relive 'Roaring Twenties'

The "Roaring Twenties" has been set as the theme of this year's Parents' Weekend, May 11-12, with a coffee hour with President John A. Hannah and a "Collegiate Comeback" party highlighting the two days.

Segregation By State Outlawed

WASHINGTON (AP)—The Supreme Court Monday ruled out racial segregation in Philadelphia's Girard College, which for 109 years has admitted only "poor white male orphans" as specified in the will of its founder.

In a unanimous, unsigned decision, the court held that the Board of Directors of City Trust of Philadelphia, which administers the school, is an agency of the State of Pennsylvania.

Therefore, even though the board was acting as a trustee, the court said its refusal to admit two boys to the school "because they were Negroes" is discrimination by the state.

The court cited its 1954 decision holding racial segregation in public schools to be unconstitutional.

French-born Stephen Girard, who amassed a vast fortune as a miner, merchant and banker, left most of his estate to Philadelphia for various municipal purposes when he died in 1831 at the age of 80.

A major bequest was two million dollars to establish Girard College. The will named the city of Philadelphia as trustee to set up and operate a school for "poor white male orphans."

The Supreme Court did not go into the question of whether Girard is a public or private school. It merely held that the board which operates it is an agency of the state and as such cannot discriminate on racial grounds.

Honoraries Plan Sings Tonight

The residence halls of coeds who will be tapped for Mortar Board, senior women's honorary, and Tower Guard, sophomore women's honorary, will be serenaded tonight by members of the two groups.

The serenade will be a prelude to May Morning Sing, which is scheduled for Wednesday morning at 7 in front of Beaumont Tower.

At the sing, the MSU glee club will sing, and short talks will be delivered by Evelyn Carlson, Tower Guard president, and Jeanne Gregory Laug, Mortar Board president.

After the new members of both honoraries are tapped, Dean Tom Hamilton will speak to all assembled.

Spartan Women's League has planned a breakfast for the new and active Tower Guard members, and Mrs. John Hannah will host new and old Mortar Board members at breakfast. Both will be held immediately following the ceremonies in the Union.

Tonight's serenade has been a traditional part of the tapping of new members for both organizations. The coeds, who will become active members of the respective honoraries as sophomores and seniors, are presently freshmen and juniors.

The serenade will begin at 10:30, after which Mortar Board members will sing to future members living off campus.

WKAR Honored For Safety Work

The National Safety Council last week named MSU's radio facilities, WKAR and WKAR-FM, among recipients of the Council's 1956 Public Interest Awards.

The non-competitive awards are made annually to public information media for exceptional service to safety. Only six Michigan radio stations received the honor this year, and only seven education stations throughout the country, were cited.

The work of WKAR in the fields of farm and traffic safety, plus spot announcements and special safety programs were considered by the Safety Council in making the award, according to Rob Downey, WKAR news editor.

On Oct. 27, 1956, Mrs. Ralph H. Van Deman made a four-minute flight at College Park, Md. She was the first woman to fly as a passenger in an airplane. Wilbur Wright was her pilot.

The Engineering Exposition with displays by General Motors, General Electric, and Edison Company will be open all day Saturday.

Concluding Saturday's program is the "Collegiate Comeback" dance in the Union Ballroom. Students will provide a variety show during intermission.

According to Miss Fox, plans for showing movies are being made.

Sorority Sing is set for Sunday afternoon, as a special program for Mothers on Mother's Day.

Like all good movie stars, Kim Novak will splash through a bath scene in her next movie—witness this view of her emerging clad in a towel (and a bathing suit, the studio says).

U. S. Offers To Pay 40% Of UN Force

Russia Declines Sharing Expense

WASHINGTON (AP)—The U.S. Government proposes to pay about 40 per cent of the cost of maintaining a United Nations emergency force in the troubled Middle East.

Soviet Russia has declined to pay any part of the expenses of the international force which was dispatched to the area where the British, French, Israelis and Egyptians were fighting last fall.

Asst. Secretary of State Francis O. Wilcox told a House appropriations subcommittee about the financial arrangements at a closed session April 2. His testimony was made public Monday.

Wilcox, asking for approval of a \$7,464,384 special appropriation to help the State Department meet its obligations through June 30, and it includes \$6,583,000 for the U.S. share of the UN emergency force expense.

He said the cost of the expedition originally was estimated at 10 million dollars and UN members were assessed on the same formula that determines their regular dues.

However, Wilcox said, the cost of the force rose until another 6 1/2 million dollars was budgeted by the UN for the remainder of 1957.

He said "a sudden and unanticipated increase of this magnitude in UN costs" was a blow to smaller members, so the general assembly asked for voluntary contributions.

The United States offered, subject to Congressional approval, to pay half the extra cost, or an additional 3 1/2 million.

Special UB Meeting Slated Tonight at 7

A special meeting for all new members of Union Board will be held tonight at 7 in 32 Union, according to Dwight Ebeling, Union Board president.

Fires 'Jupiter' Successfully Army Takes Missile Lead

WASHINGTON (AP)—Secretary of Defense Wilson was declared Monday to have witnessed the first successful firing of a completed military ballistic missile—the Army-developed Jupiter.

Authoritative officials at the Pentagon said flatly that Jupiter, the Army's entry in the 1,300-mile range missile competition, was the weapon that the secretary saw launched successfully last weekend in Florida.

Upon his return Sunday from the missile center on Florida's East coast, Wilson said he had seen a successful missile launch but he avoided specific identification of the weapon, saying that maybe he had "talked too much already."

The Pentagon sources for the report that a Jupiter missile had been sent up last Friday said that it had fallen short of the full range of 1,500 miles scheduled for this country's intermediate range ballistic weapons.

They indicated that the Jupiter had traveled around 600 miles, that its launching and flight had been without mishap and that the weapon achieved a "satisfactory degree of accuracy."

Although test vehicles and rockets have traveled several thousand miles, the Jupiter launched over the weekend was the first complete assembly of an American ballistic weapon, with a dummy warhead, to have

Education Club Holds Convention

Nearly 800 youngsters, who combine schooling and job training are expected to attend the 10th annual convention of the Co-operative Education Club of Michigan here today.

Patterned on similar lines to Future Farmers of America for vocational agriculture students, Co-operative Education Club has 25 Michigan chapters whose members spend 15 hours a week, or about half of each school day, in on-the-job training in offices, retail stores, trade and industry.

Title Fight Referee Will Call Fouls Closely

CHICAGO (AP)—The referee assigned to the Gene Fullmer-Ray Robinson middleweight title bout Wednesday night will be instructed to call a foul at any signs of rabbit punching or holding in a clinch. If the fight follows the same pattern it did when Fullmer boxed the middleweight crown from Sugar Ray in Madison Square Garden last month, the referee may be called to order.

Federal Hill, Kentucky Derby candidate owned by Clifford Lusk, mounches has following workout in preparation for the May 4 race at Churchill Downs.

Kuenn Back in Action

Tighe Encouraged By Hospital Report

DETROIT (AP)—Manager Jack Tighe received an encouraging hospital report on several key players Monday as his Detroit Tigers prepared for the two-game invasion of the World Champion New York Yankees.

Shortstop Harvey Kuenn, sidelined with a pulled leg muscle for the past few days, probably will get back into action today when Duke Maas opposes the Yankees. Johnny Kucks in the opening of the two-game series.

Paul Foytack, who tore a side muscle Saturday while pitching in Cleveland, probably will miss only one turn. It previously was believed he might be out for as long as 10 days.

Larry and Foytack both took turns pitching batting practice during a two-hour workout Monday at Briggs Stadium.

And Charlie Maxwell, who dropped about 25 or 30 pounds last week, is back to his normal weight of 180 and his left leg strength is back to normal, too.

"I hope he can start driving in some runs," said the manager. "We've looked pretty good at the plate. No one is getting the hit when we need it."

"Look at that kid over there," he said, pointing to third baseman Reno Bertoia. "He's got 12 hits but scored only one run. And Frank Bolling has some-thing like 16 hits—but he's driven in only three runs. Frank House has eight hits and he's brought in only one."

J. W. Porter, also out with a pulled leg muscle, will be out 10 days. Bolling has been playing with his knees wrapped.

"They hollered about injuries last season," said Tighe.

Braves Invade East As Tops in Majors

By THE ASSOCIATED PRESS. The Milwaukee Braves, hottest team in both major leagues, open their first eastern swing in New York today obviously impatient to test their bulging muscles against the champion Brooklyn Dodgers.

"They'll have to stew a while. The Braves, whose pitching has been solid and whose bats have boomed 15 home runs, play two games with the New York Giants at the Polo Grounds. They then go to Pittsburgh for three. They return for games Sunday and Monday against their pennant rivals at Ebbets Field.

The two games may be enough to buoy the Milwaukee confidence to greater proportions or puncture it with a cold blade—like that of Barber Nat Maglie's razor.

While the National League spreads out over the east, American League teams go west with two questions paramount: (1) how long can the Chicago White Sox hold their early pace, (2) are the New York Yankees in for the pennant fight of their lives?

Fans in Milwaukee and Chicago, elated over the early success of their heroes, might ponder one sobering statistic. The baseball standings a year ago showed these teams leading Milwaukee in the NL, Chicago in the AL.

The Braves come east with a full two-game lead over the Dodgers and four over the third-place contender, the Philadelphia Phillies.

In winning nine of their ten starts, the Braves have received good pitching performances from their entire staff but particularly from two.

Lefty Warren, Spain has started three games; finished three and won them all. Lew Burdette has managed to lay a Cinnipatti controversy with Cincinnati's Manager Birdie Tebbets, and at the same time win two of his three games, losing only a close 3-2 decision to Tebbets.

Milwaukee prayer has been asserting itself. Joe Adcock has hit five home runs and Hank Aaron has smashed four.

Meanwhile, the Dodgers have not been saving anybody, although the "Old Pros" have managed to keep within breathing distance of first place. Don Snider is hitting .216 and Roy Campanella is hitting .219. Also, the Brookes have missed the steady influence of shutout ace Wes Beebe, out with a bad back.

The American League has developed into a tighter race than the National with only three games separating the top teams. Chicago, from the sixth place club, Cleveland. The Boston Red Sox are one game back of the White Sox and are one-half game ahead of the Yankees.

The proud Yankees, secured a show-in for their eighth American League Flag in nine years, discovered over the week-end that apparently they'll have to fight tooth-and-nail for every victory they get.

The Red Sox beat them last at Yankee Stadium and barely failed to make a sweep when Yogi Berra's tenth-inning home run won the rhotarb-infested game Sunday.

Don Perfect (Gene) Lane managed to win this one in relief after failing in his first attempt. Tom Sturdivant has started two games and lost two and Johnny Kucks, although pitched well, dropped his only pen.

For the Senators, the two-for-three transaction went at least part way toward solving weaknesses at centerfield and shortstop. It found them taking a chance with a new righthander after previously unavailing attempts to bolster a glaringly deficient pitching staff.

The Red Sox answered in Stone the possible answer to their need for another lefthander and in Chakales a righthander reliever to fortify their bullpen.

Meany Refutes Beck's Claim of Illegal Action

WASHINGTON, April 29.—George Meany, AFL-CIO president, today refuted a charge by Walter P. Reuther, UAW president, that the union was "illegally" suspending Beck. Meany said the union was "entirely" within its rights in suspending Beck for a period of 10 days.

A group of five Teamsters vice-presidents, meeting with Beck, announced they had recommended he call a special meeting of the union's executive board "within a week or 10 days."

It was indicated this meeting may be held before next Monday's Ethical Practices Committee session to decide (1) whether to send representatives to the Monday meeting, and (2) the union's next move with respect to the charges against Beck.

Meany expressed "sincere hope" the union would avail itself of this opportunity to defend itself, but said the charges were going to be "processed" regardless.

Beck earlier had written Meany his March 29 suspension as an AFL-CIO vice president and council member was a "nullity" because he said "under an AFL-CIO officer could only come at an AFL-CIO convention and also, had to be based on improper activities as an AFL-CIO officer."

Meany's reply Monday was that the council is empowered to take whatever action is necessary to "safeguard and promote the best interests of the federation."

He said the council suspended Beck in March because it decided "certain actions on your part very definitely endangered the AFL-CIO itself and jeopardized the best interests of the general membership of the trade union movement."

Meany said the Teamsters union put out the first issue of a "newsletter" which suggested that the public was beginning to lose interest in the Senate hearings probe after its early "sensationalism." It added:

"The long parade of witnesses, including petty thugs and obvious perjurers, which had been used to set the stage for a colorful tragedy in which the Teamsters union was to be the corpse, had slowed to a turtle's pace."

DAVE BECK
... you can't do that ...

Ag Council Sets Ox-Roast Plans, Open House

An open house and the Ox-Roast were topics of discussion at Monday's Ag Council meeting. Members of the council will handle information booths during the open house, which is planned for Saturday, 9-12 a.m.

Council members will also be available around the visitor areas to answer questions, give directions and direct traffic.

Plans were also made for the Ox-Roast May 23. Feudal attraction (second to the ox) will be the softball game between the winners of the Ag Club softball league and a "stellar" Ag school faculty team.

A new organization was also admitted as a member of Ag Council. The Pi Alpha Xi honor society was the new member, represented by Jim Feucht, Wheat Ridge, Colo., graduate student.

A-V Center Schedules 3 Films

Three films are scheduled for showing by the Audio-Visual center, Wednesday afternoon, 145 Music Building.

"Things Keep Changing" is set for 3:30. "Someone Who Cares" starts at 4:15. "Junior College for Technical Trades" begins at 4:40.

Witness Testifies He Paid Union Official for Privileges

WASHINGTON, April 29.—A witness testified today that he had paid a union official for "privileges" to attend a Senate hearing on the Teamsters union. The witness, who was not named, testified that he had paid \$100 to a union official to allow him to attend the hearing. He said he had been told that the union official would be able to get him into the hearing and that he would be able to see the witnesses and ask questions.

The witness testified that he had been told that the union official would be able to get him into the hearing and that he would be able to see the witnesses and ask questions. He said he had been told that the union official would be able to get him into the hearing and that he would be able to see the witnesses and ask questions.

He repeated over and over that the government knew what was going on and said that he cooperated with the FBI on the case for two years.

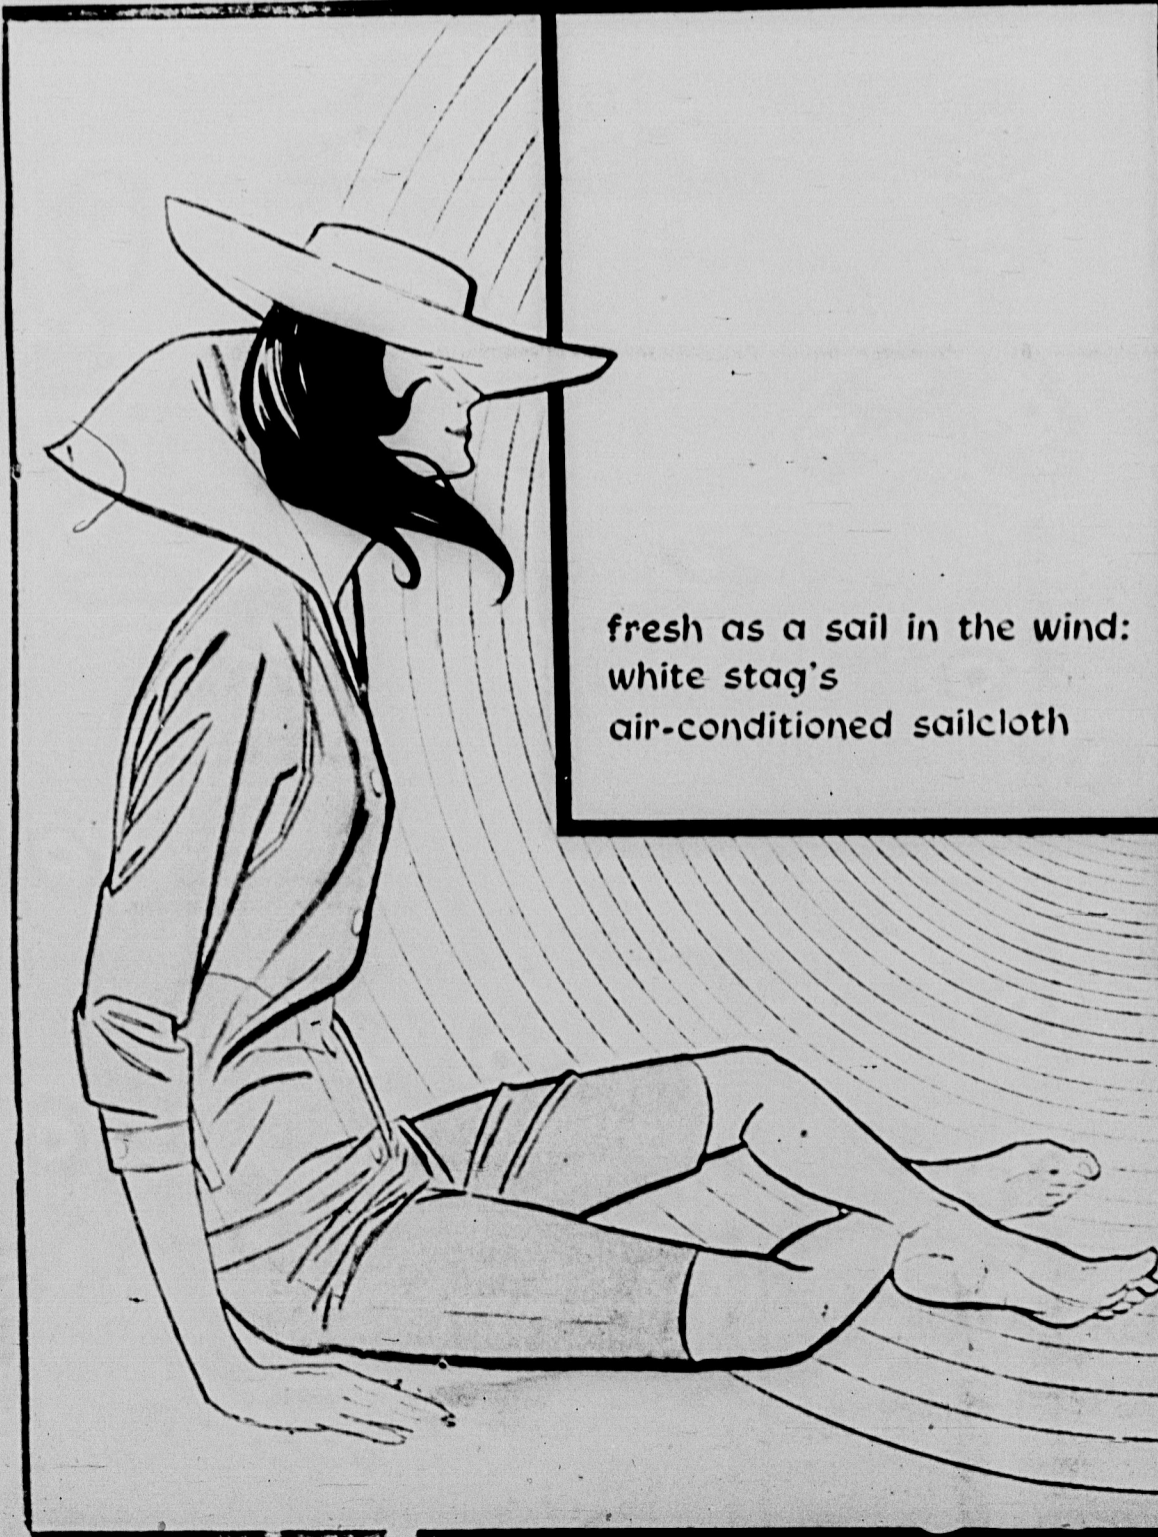

The background of his appearance before the Senate Committee was that he had been asked to appear by Paul Brennan, a Teamsters union official. Brennan had testified that he had received \$100 a week to appear before the committee. Brennan had testified that he had received \$100 a week to appear before the committee.

He said he had been told that the union official would be able to get him into the hearing and that he would be able to see the witnesses and ask questions. He said he had been told that the union official would be able to get him into the hearing and that he would be able to see the witnesses and ask questions.

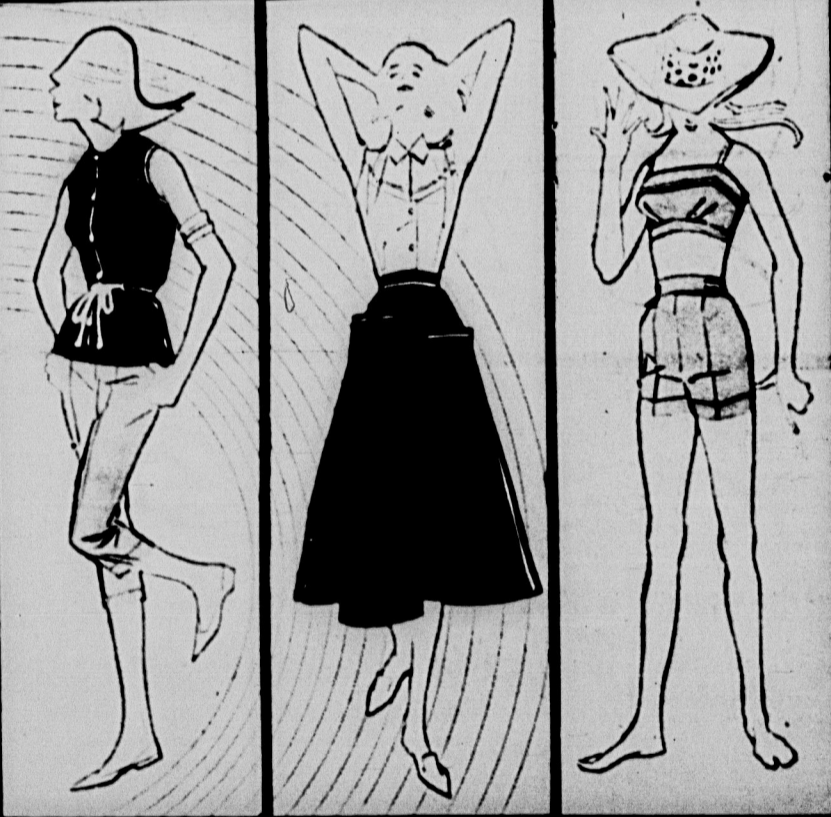

I was having him a brief, he said at one point. I paid it
