

Michigan State News

EAST LANSING, MICHIGAN—MONDAY, MAY 13, 1957

USE THE RAINCOAT
Cold rain weather has forecast a day with scattered showers and thunderstorms. Winds will be light and variable from the south at 16 mph. Low Sunday night 22-23, high today 68-75.

NON - POTENT TIGERS
With the 1957 season now one month old, the Detroit Tigers are on their way toward another demonstration of their usual, but undesirable, lack of failing to live up to pre-season expectations.

Russia Dominates Missile Operations

Sen. Symington Remarks Soviets 'Well Ahead' of U. S.

WASHINGTON (AP)—Sen. Symington (D-Mo) said Sunday Russia is "well ahead" of the United States in developing an intermediate range missile and that it will be "many years" before this country has an operational missile that can travel more than 200 miles.

Symington, questioned in a television interview (ABC College News Conference), said he believes the American public is very much misinformed on the nation's missile progress.

He said development of an operational, supersonic missile with a range greater than that of Germany's V-2 of World War II, will come "considerably later" than the public has been led to believe.

The V-2, he said, had a range of 175-200 miles.

Both the Army and the Air Force currently are testing development models of missiles designed to travel about 1,500 miles — the range designated as intermediate. But Symington said the Soviets have a substantial lead in perfecting such weapons.

Symington said that in the race for an intercontinental missile — one with a range of 9,000 miles — Russia and the United States probably are about even.

Again he said it will be "a good many years" before the United States has an arsenal of missiles capable of spanning intercontinental distances.

Symington, a ranking member of the Senate Armed Services Committee, has been a frequent critic of Eisenhower Administration defense policies.

A former secretary of the Air Force, Symington said that in production of combat aircraft, Russia leads the United States in all fields except medium range jet bombers and possibly all-weather fighters.

He said the administration argues that it seeks superiority in quality rather than quantity, but added that the 1956 defense budget calls for cutting back funds for research and development.

This is "almost incredible," Symington said. He was critical of a pentagon decision to reduce production of KC135 jet tankers and said "a good many projects have been dropped" which the military once argued were "essential."

Asked whether he would favor increasing the defense budget, Symington said he believes this country can have "the right military establishment for no more money" if it eliminates what he called waste stemming from separation of the services and adopts a new pay system recommended by a special pentagon committee.

Museum Accepts New Collection From Australia

The most recent acquisition of the museum is a collection of 17 articles characteristic of the art of the aboriginal people of Australia. The purchase was made from the University of Sydney in collaboration with the art department.

The paintings are designs and pictures telling the folk tales of the tribes according to the lives of the primitive people of Australia.

The remainder of this collection consists of long, pointed, pebble-like structures, also highly colored and decorated with many kinds of feathers. They are some type of religious symbols.

These items are of rare quality and value and are little known to Western civilization.

Policer to Clear Route of Army Day Parade

Traffic will be detoured for the annual Army Day Parade by the ROTC students, according to Campus Police.

The parade will begin at Old College Field about 4:30 p.m. and will travel past the Women's Gym, east on West Circle Drive, and will arrive at Abbott Road and East Grand River at approximately 6:30 p.m.

The parade will then proceed east on Grand River to the Haggitt Road entrance, where it will turn east on East Circle Drive, and will end at the intersection of Ag Hall and the Ag Building.

2,130 Pints Donated In Pageant

The Plasma Pageant, ROTC's annual blood drive, ended Friday with 2,013 pints donated. The Army donated 1,137 pints compared to 776 contributed by the Air Force.

The Army's over-all percentage was 67.9% compared to 56.0 per cent for the Air Force.

Faculty members donated 16 pints.

The Red Cross, scheduled to receive donors until 5 p.m. Friday, left at 2:30 p.m. There will be a station wagon at Dem Hall all day today to take last minute contributors to Lansing.

The Veterans' Club was the top non-living unit contributor. Following are the totals of all living units.

Navy Officers To Visit MSU

The Naval Aviation Information team from the U. S. Naval Air Station, Grosse Ile, will be at the Union Wednesday through Friday, 9-3:30 p.m.

Cdr. D. D. Long Jr. and Lt. (jg) L. D. Morrisette will discuss the different officer programs offered by the navy. They will explain the aviation officer candidate program as well as the naval aviation cadet program.

The requirements for the AOC program are:

- (1) A degree or within three months of having one.
- (2) Between 19 and 26 years old.
- (3) Pass the mental and physical examinations.
- (4) Either married or single.

A commission is granted at the end of four months and flight training is completed as a commissioned officer.

Cordray, Gemmel Get National Appointments

Dr. A. T. Cordray, associate professor of communications skills, and Donald J. Gemmel, foreign student advisor, have been named to offices in the National Association of Foreign Student Advisors.

Joan Loveless was crowned Engineering Queen at the annual May Hop Saturday night. She then dubbed 10 juniors and five seniors as members of the Knights of St. Patrick, an engineering honorary. They were chosen on the basis of their participation in extracurricular activities.

15 Knights Tapped Miss Loveless Crowned Queen at May Dance

Joan Loveless, Grosse Pointe freshman, was crowned Engineering Queen at Saturday night's May Hop in Kellogg Center along with the tapping of 15 new members of the Knights of St. Patrick, engineering honorary.

Five seniors were named to the honorary: Allen Butchbaker, Marcellus; George D. Miller, East Lansing; Jarrod M. Olsson, Cadillac; Lawrence C. Rowe, Searcy, Creek; and Irvin Wadman, East Lansing.

The 10 juniors dubbed were as follows: George Bingley, East Lansing; Joseph Couced, Brooklyn, N. Y.; James Duncan, Clark; Charles Kirchoff, River Forest, Ill.; Robert Ithen, Pittsburgh, Pa.

Robert Riddle, Warwick, Va.; Berton S. Sheppard, Shreve, Ohio; Lowell C. Smith, Lansing; Fred Tenhour, Moline; Carl H. Theorin, Jr., Pontiac.

Miss Loveless and her court of four dubbed the 15 new members of the honorary. Included in the court were Clara Christoffer, Muskegon junior; Pat Heiland, Chicago, Ill., sophomore; Rosemary Meyer, Lansing freshman; and Rhea Raymond, Livonia freshman.

The present Knights formed an archway raising slide rules over their heads under which the new tappers walked. Queen Loveless dubbed each new member with a slide rule, and her court assisted her by placing green satin ribbons around the necks of the 15.

Dean of Engineering, John D. Ryder, presented awards for various competitions held in the engineering departments throughout the year.

Duane Patten, East Lansing senior, driver of the winning midget auto sponsored by electrical engineering students, in Saturday afternoon's race, accepted the award from Dean Ryder. This is Patten's second consecutive year for winning this trophy.

Rex Morin, Whitehall senior, was named the recipient of the Phi Lambda Tau honorary award for the outstanding senior in engineering.

Ryder presented the "Dean's Trophy" to the students of the department of electrical engineering for the best student exhibit of the year in that department.

The first place \$15 prize for Engineering Exposition exhibits went to electrical engineering for their electronically controlled lawn mower.

Second place and \$10 was awarded the civil engineers for their model of the Columbia River watershed.

Students in College 'Less Talented Instructors to Teach'

ST. LOUIS (AP)—The big danger for the bright college student of tomorrow is he may end up with teachers less talented than himself.

Floyd W. Reeves, a long time expert in higher education and consultant to MSU President John Hannah, made the analysis recently at the Midwestern Regional Conference on Education Beyond High School.

Jordan Accuses 3 Nations Of Plot to Remove Hussein

The International Festival Saturday in the Aud had everything. There were displays from many countries and three stage shows. The Arabian Knights provided a finishing touch when they added a dancing act to their cool "east coast" jazz.

Defeats Missimer, 1981-1,661 Gleason Wins AUSG Race Following 24-Hour Delay

Marne Gleason is the new president of All-University Student Government in the wake of a 24-hour delay in the race of a 24-hour delay. In the race for senior class president, Johnny Rogers topped Pat Burke by seven votes. Burke has asked the Elections Commission for a recount.

Other senior class officers put into office are:

- Vice President: Tom Anderson
- Treasurer: Sheila Jennings

Other sophomore office holders are:

- Vice president, John Lowell
- Treasurer, Katy Bennett
- Secretary, Sue Gobel

In the first popular election in AUSG history Gleason topped Roger Missimer 1981-1,661.

The new president, after an anti-climactic election night when technical difficulties forced a 24-hour delay, was not available when the final returns came in. He did not know of his victory until 10:30 Friday night.

Although Jan Cooper, elections commissioner, was not contacted this weekend, AUSG has a new president.

British, Egypt To Settle Debts Of Suez Fight

LONDON (AP)—The Bank of England and the National Bank of Egypt have held talks concerning payment of Suez Canal tolls in sterling, an announced British source said Sunday.

Prime Minister Harold Macmillan is expected to make a statement today in the House of Commons that British shipping will resume using the canal.

Egypt has insisted that canal tolls be paid in certain currencies other than British sterling or French francs.

A group of 32 within Macmillan's Conservative Party have signed a motion urging the Macmillan government to stand firm against Egyptian President Nasser.

Nevertheless, the Prime Minister is expected to clear the way for British ships to use the Suez Canal, reserving the right to negotiate for a more permanent settlement.

3 Other Countries Implicated

Russia, Egypt, Syria Draw Fire

AMMAN, Jordan (AP)—Jordan accused the Soviet Union, Egypt and Syria Sunday night of a plot to depose Jordan's King Hussein and three other Middle East monarchs.

The official government radio charged King Faisal of Iraq, King Saud of Saudi Arabia, and King Idris of Libya were the other targets.

The broadcast said Egyptian money was reported paid out in a plot to assassinate Hussein.

The blunt broadcast pointed up a rift inside the Egyptian Arab bloc.

Hussein emerged the winner in a dangerous political crisis with the backing of tough British troops last month, knocking out leftist and pro-Egyptian government officials. He then moved against Red elements in the country.

President Nasser's Egyptian government, which promoted a pro-Suez alliance of Egypt, Jordan, Syria and Saudi Arabia ostensibly aimed against Israel, has declared Egypt "is as jealous of Jordan's independence as any other country."

But bitter attacks on the little kingdom are voiced by the Egyptian press and radio, which picture it as "the vast prison camp."

The Jordan radio station, Amman's answer to Cairo's powerful "Voice of the Arabs," gave full play to a story on Middle East intrigue published by the independent Amman newspaper Al-Urdun.

Quoting what it called most reliable sources, Al-Urdun said the whole scheme was hatched as a Cairo meeting in January 1956 of Egyptian diplomats envious of Arab countries. It said the "conspiracy" prepared by agents of international Communism, "was aimed at overthrowing the two Hashemite thrones in Jordan and Iraq, annihilating the Saudi and Libyan regimes, and establishing republics under Egypt's leadership."

This plan had the blessing of the Soviet Union and international Communism, which undertook to train spies and send over to Arab countries experts in espionage with the object of setting up a widespread spy ring in the Arab world, the paper said.

In October 1956 a political-military committee was set up to implement the plan. Duties of the committee were outlined as:

- First to strengthen relations between the Baath and Communist Parties in Syria and Jordan and incite them to subvert monarchism in Jordan, Iraq and Saudi Arabia.
- Second, to strengthen the influence of Col. Abdul Hamid Serhaji, chief of the secret police and intelligence service in Syria.
- Third, to establish a Baathist-Communist regime and a revolution command council in Jordan.

Three Shows Top Festival

"Hands Across the Sea," theme of Saturday's annual international festival, held in the Auditorium, highlighted this week's international activities on campus.

The festival included food, clothing and other articles of interest from foreign countries, plus three floor shows.

Booths were set up with displays from Africa, the Arab States, Argentina, Brazil, China, Colombia, Greece, India, Indonesia, Iran, Israel, Japan, Korea, Pakistan, Philippines, Ukraine, U.S.A., and Venezuela.

Spotlighting the festival were three stage shows which included dance, song, and instrumental acts from the Arab States, Brazil, Colombia, India, Indonesia, Japan, Jamaica, Panama, the U.S.A., and the Ukraine.

Hassan Ibrahim, Alexandria, Egypt senior, president of the International Club, was general chairman for the festival.

Keyvan Rokni, Tehran, Iran junior was in charge of the stage show.

Air Force Slates Mitchell Retrial At Son's Request

Gen. Billy Mitchell, thrown out of the Army in 1925 for advocating a stronger air corps, will have a new trial by the request of his son to reverse the verdict and clear his father's name.

The Air Force Corrections Board will retry the case this month. Mitchell was found guilty of insubordination for demanding more air power in the United States.

He warned that future wars would be won in the air and more than 15 years later it almost became true at Pearl Harbor.

Gen. Douglas McArthur was a member of the famous court which found Mitchell guilty on Dec. 18, 1925.

Confusion Runs Riot At Student Elections

In spite of some major difficulties the all-university elections are over for this year. The results have been officially announced and that is that.
Nothing can be done to correct the confusion and inequities which reigned at this year's elections but perhaps it is not too much to hope that something can be done to improve the situation for next year.

Olin Improvements Needed

The letter accompanying this editorial exemplifies the main objection to Olin Health Center's visiting program: There is none for students.
The hospital officials have a point when they say that the main purpose of Olin is to prevent epidemics on campus and that by allowing unlimited droves of students to visit ill friends they are defeating this purpose.

Ngo Dinh Diem Viet Nam President to Make Return Visit to MSU Friends

When President Ngo Dinh Diem of the Republic of Viet Nam visits MSU on Wednesday, May 15, he will not be a stranger to the campus.
The first time he visited East Lansing was in 1953. His first visit to the State was in 1954. At that time he served as consultant to Michigan State's Governmental Research Bureau and he discussed Asian affairs and the technical assistance needs of his country.

President Ngo Dinh Diem

Letters to the Editor Olin Visiting Policy Attacked

To the Editor:
Here is a story that has been classified as "one before only" and is quite authentic.
This was covered by a series of letters and an editorial but not enough enthusiasm by the students who read this newspaper were involved.
The crux of the thing is the hospital visiting policy concerning the students. Possibly a lot of people will look upon this with the feeling that it will never happen to them, as I did.

Doby Slams Two Homers

Detroit Edged by Chicago As Rookie Gets 1st Victory

DETROIT (AP)—Tony Doby, Detroit's first-year slugger, hit two home runs in a 4-3 victory over the Chicago White Sox in a 10-inning game at the Tigers' home stadium here today.

The victory was Doby's first in his major league career. He had previously hit two home runs in a game for the White Sox in 1955.

Doby's first home run came in the second inning, off White Sox pitcher Al Kautz. He hit a two-run homer to deep center field.

In the eighth inning, Doby hit another two-run homer, this time off Kautz again. The home runs were the only ones of the game.

The Tigers scored three runs in the eighth and ninth innings. The White Sox scored once in the eighth and twice in the ninth.

The game was tied 3-3 after seven innings. In the eighth, Detroit's Nelson Fox singled and Mingo Mingo hit by a pitched ball. This one also was an over-the-deck shot, as Fox hit a two-run homer to right center field.

In the ninth, Detroit's Frank Robinson singled and Mingo hit by a pitched ball. This one also was an over-the-deck shot, as Robinson hit a two-run homer to right center field.

Doby had hit only one home run in 20 games before Sunday's game. A notoriously slow start.

er who didn't hit his first home run last season until the campaign was nearly two months old, the Sox centerfielder has failed to hit at least 20 home runs only once during his Major League career that now is in its 10th full season.

The Tigers raked Harshman for three runs on five singles in the second inning. The slender southpaw retired only one batter and was hit by Al Kautz, who drove in two runs and hit Kautz the other.

A wild opening in the eighth inning netted the Tigers their only score off Fisher.

Frank Robinson's double to right center brought in Fox, who led off the inning with a single.

7 Active Members Delta Gamma Mu Holds Coed Fencing Tourney

Delta Gamma Mu, Women's fencing honorary, will sponsor the All-University Fencing Tournament Thursday, May 16. Any MSU coed interested in the sport.

Registration for the event begins Thursday at 6:30 p.m. in the Women's Gym. Entries will fall into either the junior or senior division. Junior classification includes those who have taken one term or less of fencing while coeds who have been in the course for more than a quarter are placed in the senior division.

Delta Gamma Mu, the coed group that sponsors this annual tournament, is a unique organization—the only one of its kind in the country. Many colleges and universities have fencing squads, but the team on the Michigan State campus is the only one that is set up as a national Greek-letter honorary society.

Seven coeds are now active members of the honorary. Nancy Beardley, Attica sophomore who placed third in the state championships held recently in Detroit, leads the fencers. Other members of the group are Mary Lou Van Patten, Holland sophomore; Sarah Campbell, Saline junior; Carol Gower, East Lansing freshman; Lucille Williams, M. Clemens junior; Janet Booth, Ann Arbor, freshman; and Vicki Maki, Pontiac freshman.

The team, coached by Miss Pauline Hess and Miss Helen Harbour, has competed in four Amateur Fencers' League of America tournaments this season.

Nancy Beardley was the only Michigan State coed to place in an AFLA tourney, copping the Junior Championship.

Thinclads Take 2nd In Triangular Meet

By HAL BATEMAN
Junior Sam Elovitz and senior Gay Denslow scored Michigan State's only wins Saturday as the Spartans finished second in a triangular track meet at Young Field.

Elovitz won the shot put and Denslow the two miles as the Spartans scored 47 1/2 points. Ohio State won the meet with 66 1/2 and Penn State was a close third with 47.

The meet was held under threatening skies and there were many puddles on the track to slow down the running performances.

In the dual meets which were held in conjunction with the triangular meet, Ohio State downed Michigan State, 77 1/2-53 1/2, but Michigan State took measure of Penn State, 72-59.

The outstanding individual was Ohio State's Glenn Davis, who won three events and took second in another to lead the scorers with 18 points. He won the 100-yard dash in 10.1, the 220-yard dash in 22.4, the broad jump with a leap of 22 feet and was a close second in the 220-yard low hurdles.

Ohio State rolled up seven wins in the 14-event program while Michigan State took two.

In the OSU-MSU dual meet, the Buckeyes took time trials compared to the Spartans team, while Michigan State and Penn State both had seven seniors appear in their dual meet. Penn State and Ohio State did not have a dual meet against each other because they had one earlier in the season.

Elovitz-Denslow varsity record holder, won the shot put with a heave of 49' 3" and placed second in the discus with a toss of 146' 8". Penn State's John Tullar was a close second in the shot put, only three-eighths of an inch behind Elovitz while winning the discus throw with a heave of 147' 8".

Sophomore Ron Lustik placed third in the discus after tossing the platter 142' 2 1/2", his personal best.

Denslow, two-time cross country captain, took the lead in the two miles in the last half of the race and won easily in 9:26.9, very fast for the flooded track. Penn State's Fred Kerr was second in 9:31.6 with Spartan Capt. Selwyn Jones third in 9:35. Foundry Kennedy was fourth with a 9:42 clocking.

Junior States' Ed Moran won the mile in 4:20. Kennedy second only two feet behind while Jones was third in 4:22.3.

The upsets of the day were scored by Ohio State's Ted Storer, who on two occasions beat Dave Lean. Storer nipped Lean in the 40-yard dash with a good 58.1 time and then came back to outkick Lean in the mile relay.

Senior George Best reached his best form of the season as he placed second in the pole vault with a leap of 13' 4". Ohio State's Stan Lyons won the event with a vault of 13' 8".

Penn State's Bob Parker and the Buckeyes Dick Furry tied for first in the high jump with 6' 1" leaps while Tom Rand and the Buckeyes Lyons and Sam Miesstone were tied for third at 5' even.

Don Marsh placed third in the 220-yard dash and Glenn Burgett was fourth in both the 100 and 220. Kelly Thompson was a surprise third in the high hurdles and George Ward was third in the broad jump with a leap of 21' 1 1/2".

Rod Perry was a double winner for Penn State, copping the 120-yard high hurdles in a fast 14.5 and the 220-yard low hurdles in a good 23.6. In the latter event, Perry and Davis ran a close race with Perry winning by a chest.

Ohio State's Glenn Davis breaks the string in the 220 yard dash as he wins in 22.4. Davis also won two other events and took second in a fourth event.

Golfers Meet U of M Today; Place Fourth in Quad Meet

Michigan State's Golfers take on the Wolverines of Michigan in their second home golf match of the season today. The match begins at 8:30 a.m. and will be played at the Lansing Country Club course.

Saturday, in a quadrangular meet with Michigan, Ohio State, and Purdue, the Spartans played their poorest golf of the season in placing fourth. Playing in the constant rain on the tough Blue Course, the linksters found the going rough.

The scores of the meet were as follows: Michigan 21 1/2, MSU 11 1/2, Ohio 27, MSU 9, and Purdue 26 1/2-MSU 9 1/2, Michigan 15 1/2.

Bob Kozm led the Spartans in scoring as he hit 79-79 for 158. Gene Garth (OSU) was the rest of the meet with a 73-74-74-74 and Steve Uzelac (MI) had 76-74-74-76 were low scores for their teams.

Ken Rosewald will lead the Spartans against Michigan today. Arlio Dell will play No. 2, Bob Nodus No. 3, George Walschky No. 4, Jim Sullivan No. 5 and Otto Schulz No. 6. Michigan will send John Schubeck, Steve Uzelac, Fred Micklow, Stan Kwasiborski, John Law and Pat Keeffe against the Spartans.

Michigan State's Golfers take on the Wolverines of Michigan in their second home golf match of the season today. The match begins at 8:30 a.m. and will be played at the Lansing Country Club course.

Hungry?

"You're darned right I'm sold on that Burroughs engineering deal!"

Q. And just what sold you on it?
A. Lots of things, really. But when I saw I'd start right out on the work I've trained for, that was the clincher.

Q. Sure you won't get lost in the shuffle?
A. Not there! I've talked with a lot of outfits, and it's easy to see Burroughs is a company that's pulling for you all the time. They're convinced that young engineers are the key to their expansion. And their policy's to promote from within. That's for me.

Q. Future look pretty good there?
A. Great! They've expanded their engineering staff seven times since 1945. And with all the new products they have on the way, they're ready for their biggest growth yet.

Q. What's the bulk of their work—commercial or defense?
A. I'd say commercial, for sure. They're a leader in business machines and data processing equipment. And that means plenty of work in mechanics, electro-mechanics and electronics. But they're in the thick of defense work, too... that involves research and development in ballistic missiles, electronics, computation, data processing, optics, magnetic communications, and many others.

Q. I suppose they have a lot of places to work?
A. Detroit's the home office, you know, and their new multi-unit research center's in Pennsylvania. Plants in New York, New Jersey, Pennsylvania, Michigan and California. Oh, yes... and in Canada, Great Britain, France and Brazil.

Q. Did you go into company benefits with them?
A. They actually pioneered a lot of the benefits. You get hospitalization insurance for yourself and your dependents, secure retirement and educational aid programs, sick benefits, paid vacations, of course—the whole shebang. Why not ask for the booklet they put out? It gives you an interesting picture of the whole Burroughs setup.

SEND FOR THAT FREE BOOKLET TODAY!
Get full information on the unusual opportunities Burroughs offers engineering students. See how fast and how far you, too, can go in Burroughs biggest expansion yet. Write:

Spartans Beat Illinois '9', 8-7

Palamara Bangs Out Four Hits

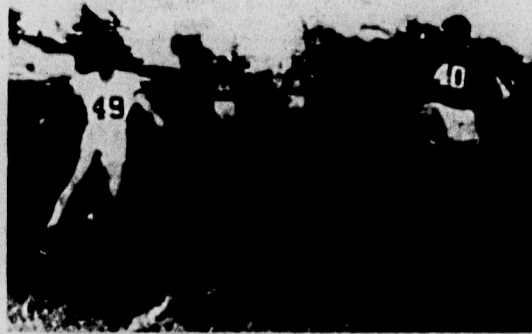

Boilermaker Gauge Curtailed by Rain

MSU's baseball team pushed across five runs in the sixth inning and stopped a three run Illinois rally in the ninth to beat the Illini, 8-7, Friday.

The Spartans put together four hits, a walk and an error in the sixth inning rally which was checked by a three run double by second baseman Frank Palamara. Palamara had two doubles and two singles in his five times at bat.

The Spartans picked up two more runs in the ninth when Al Lane hit his ninth homerun of the season with Palamara on base. The Spartans other run came in the second when Jerry Rowek singled to score center-fielder Dick McKenzie.

Southaw Ron Perranoski pitched six-hit ball for eight innings and got the win. He had

U of M Gains for 10th Win

Tennis Team Faces Wolverines Today

By RUCK JERZY

Michigan's tennis team, defending Big 10 champions for the second straight season, invade East Lansing today to meet the Spartan netters at 2:30 p.m. on the varsity courts.

The Wolverines have a record of 39 consecutive dual meet victories over two undefeated seasons. Michigan's last loss was to Michigan State in East Lansing, May 11, 1954, by a score of 3-1.

Faced by rangy Barry McKay and two other seniors, Capt. Jack Potter and Mark Jaffee, Michigan will be gunning for its third Big 10 title since they dethroned Indiana two years ago.

Last year in the Western Conference meet the Wolverines won four individual events and the No. 1 doubles title. Singles winners were McKay, No. 1; Potter, No. 2; Jaffee, No. 3; and John Harris, No. 4. Potter and McKay teamed to win the No. 1 doubles title.

Coach Frank Beeman's netters have been idle since last Thursday when their match with Indiana was called off because of rain, with the Hoosiers leading 4-2. Rain also hampered the Spartans this past week end, as home matches with Detroit and Notre Dame were rained out.

In No. 1 singles, Michigan State will send Bill Besard against Michigan's McKay. Besard holds a upset win over Indiana's Jerry Parchute and could be a threat to McKay, who has only lost one singles match in Big 10 play.

Spartan captain George Stepanovic will face Potter in No. 2 singles. Potter, former Michigan high school singles champion, has been a consistent winner for Michigan. Stepanovic has also looked good for the Spartans, winning four of his six singles matches this season.

In No. 3 singles, it'll be Mike Zarembo for Michigan State against Jaffee of the Wolverines. Ron Mescall of the Spartans will meet Harris at the No. 4 slot.

Rounding out the lineup for Michigan State will be Luis Vela at No. 5 and Foster Hoffman at No. 6. Both Spartan netters have 4-2 records for the season.

In No. 1 doubles, Beeman will stick with Besard and Zarembo. They'll have plenty of trouble

Booters Score 10 In Green-White Tilt

Southan Brothers, Pilitsis Tally Twice Each in Game

By LARRY GUSTIN

Ten goals were scored by opposing units of Michigan State's soccer team as the booters played their first annual Green-White game in a steady downpour Saturday at the soccer field.

The Green squad, composed of first stringers, cracked the White defense for four goals in the first half while holding the reserves scoreless.

The first team's offensive and defensive units were pitted on opposite squads in the second half and the Whites, with John Southan and Angelos Pilitsis leading the attack, overpowered the Green, 5-1, in the last two periods.

Southan, a freshman who will still be ineligible by fall and his brother Art, second highest scorer last season, both scored two goals. Pilitsis, moved up to the forward line from his usual left halfback post in the second half, was also credited with two.

Zeno Sarabaria, Al "Phantom" Sarria, Noel Drago and George Sepetya accounted for the rest of the scoring.

After the Whites' defense, led by Jordie Tatter and Bob Norman, held back the powerful Green offense for nearly a full period, Sarabaria lifted a high shot from the left side of the net past White goalie Lou McCance.

Just before the first period ended, Sarria, the team captain and last year's top scorer, tallied on another high shot from the right side.

Early in the second period regular goalie Al Sasanko, who alternated with McCance as a goalkeeper for each team, was pulled out of the net by Art Southan, who sidestepped him and fired a shot which hit the goal post but did not go in.

A few moments later Southan passed across the goal mouth to Drago, who scored and then followed the ball skidding into the net. Art Southan finally scored with seconds remaining in the first half.

In the second half, with the lineup drastically changed Art Southan and Sepetya beat McCance on penalty shots. Southan's goal being the only one scored by the Green in the half.

John Southan, playing opposite his brother at the center forward position, scored on McCance in the third quarter and on Sasanko in the fourth as the goalies again alternated between.

Pilitsis, who made the All-American second team for 1956, dribbled a fluke shot through McCance's legs in the third period and whipped a hard low shot past Sasanko in the fourth as Tatter vainly tried to stop him.

The field, saturated by a drizzling rain, was slippery and the booters, mostly wearing tennis shoes, found it hard to stay on their feet. Sasanko, who played a courageous game at goal, was injured twice and Art Southan played with a sore ankle after a collision in the third period. There were no serious injuries, however.

Coach Gene Kenney, who said he was "very pleased" with the scrimmage, singled out Tatter, Sarabaria, Sarria, Leo Vander Horst and Ray Burdett for playing consistently well.

Burdett and Vander Horst last year's co-captains, although spending most their efforts in defense, carried the ball into the offensive area at times, setting up shots for the forward line.

Sarria, considered the Spartans' top ball-control artist, concentrated more on setting up shots than on scoring himself.

The game concluded spring training for all players except newcomers, who will practice for another week.

Deadline for the All-University golf tournament entries is noon today. Entries will be available Tuesday. Anyone not on the varsity golf team may enter.

Dismissal track entries are due by noon, May 26. The meet will be held May 26-27.

Standings in the dormitory tennis tournaments are:

Singles pts.	Doubles pts.
Armstrong, 0	0
Byvan, 3	2
Burkefield, 1	4
Emmons, 2	0
Rather, 2	0
Fort Shaw, 0	2
West Shaw, 1	4

Standings in fraternity tennis tournaments are:

Singles pts.	Doubles pts.
Sigma Nu, 1	0
S.A.E., 1	0
Delta, 0	2
Kappa, 0	1
Psi Chi, 1	0

Opponents for the Ag-Courted softball tournament are:

Packaging Club vs. Block and Brule.

Dairy Club vs. Forestry Club.

Fire and Wildlife vs. Ag. Education.

Ext. 4-H vs. Agronomy Club.

Land and Urban Planning vs. Ag. Economics.

West Coast Move Talk Continued by N.Y. Teams

SAN FRANCISCO (AP)—If the San Francisco and Los Angeles (AP) administrations can deliver on their commitments on new baseball park plans, the New York Giants and Brooklyn Dodgers are ready to leave National League territory in a secret pull-the-permission-to-move-to-California. Mayor George Christy reported Saturday.

Under their very tentative arrangements, which the Giants plan to announce in New York city next week, the Giants are expected to be considering most of the major league clubs to be moved to San Francisco and the Dodgers from Ebbets Field to Los Angeles.

Christopher, who flew back from New York Saturday, said he hoped for a firm declaration of intent by mid-July from Giants manager Horace Stoneham and Dodger President Walter O'Malley.

The next Major League meeting is scheduled for the All-Star Game in St. Louis July 9. The deal switching Major League baseball to the Pacific Coast could be consummated by then, even though formal announcement could not be made under baseball rules until after Oct. 1, Christopher said.

Christopher planned to head a San Francisco delegation to the St. Louis All-Star Game. Under instructions from league commissioner Ford Frick not to make a "Homon Holiday" out of franchise staff discussion, Stoneham and O'Malley were eager about their comments on Christopher's disclosure.

The San Francisco board of supervisors will be asked today for a policy expression on an assurance for Stoneham that no additional tax would be levied here on baseball tickets. New York levies a 5 per cent amusement tax on all sports.

Indiana	1	7 .125

to be lifted for John Griffin in the ninth when he hit the first homerun and walked the next two in order.

Griffin came in with the bases loaded and nobody out. He got the first man to hit the ball to Korwek at short stop, but the double play was missed on an overthrow by Palamara. Two runs scored on the play.

The next batter popped out to short. Then Wayne Lanter, the catcher got his third hit of the day, a single which drove in another run. Griffin got the third baseman, Hoffman McMullen to fly out to center field for the third out.

MSU got off to a shaky start in the first few innings as they allowed two unearned runs in the first inning and two more on two singles and a double in the third.

The fielders backed up Perranoski for the next five innings as he shut out the Illini, allowing only three hits until his blowup in the ninth.

The win was Michigan State's third against four losses and moved the Spartans into fifth place in the conference for on May.

The Spartans were rained out at Purdue, Saturday while Illinois took a double header from Michigan and Northwestern was taking two from Indiana. These two double headers lowered MSU to seventh place in the standings.

The Spartans will play Notre Dame a single non-conference game at home today. The game is scheduled to start at 3 o'clock in Old College Field.

MSU	610 005 002-8 10 2
Illinois	202 000 003-7 7 1

Score's Eye Reported In Improved Condition

CLEVELAND (AP)—The injured right eye of Herb Score, Cleveland Indians pitcher, was described as "amazingly better" by an eye specialist Sunday.

Dr. Charles I. Thomas was able to see about half the retina of the eye during Sunday's examination and said it "looks good." However, he would make no estimate of the time the Tribe's ace southpaw will have to remain at Lakeside Hospital.

Score was injured last Tuesday night when hit by a line drive off the bat of New York shortstop Gil McDougald in a game at Municipal stadium.

Tornadoes Hit Central Texas

Flash Floods Chase Families From Homes

DALLAS (AP)—Tornadoes danced through the air and stabbed to earth at least once in central Texas Sunday as thunderstorms dumped more water into flooding creeks and rivers across wide areas of the state.

A tornado ripped through the small north central Texas town of Crawford late Sunday, but no one was injured. Property damage was high.

The Department of Public Safety said tornado activity was reported about northwest of Waco. The Hillsboro sheriff's office said a tornado was reported six miles west of there, but it didn't touch the ground. Hard rain hit the area.

Flood and thunderstorm warnings were issued. Creeks and draws chased people from their homes, detailed trains washed out bridges and closed roads.

Heavy rain fell over the Upper Trinity watershed north of Dallas in north central Texas. Hillsboro rain and high winds hit south of Denison.

The Weather Bureau said the rains were likely to produce local flash floods in all creeks from Bossier, 35 miles southeast of Dallas, northward.

The bodies of a child and man who drowned in a flash flood Saturday night were found on the muddy banks of Cow Creek near Waco in central Texas.

Water in the flooded section of Abilene in west central Texas rose after more than two inches of rain sent Elm Creek out of its banks.

The Brazos River south of Waco was expected to flood again.

The weather bureau forecast scattered severe thunderstorms with hail for parts of north central Texas and Oklahoma.

The warning was to expire at 10 p.m. CST.

A line of heavy thunderstorms was picked up on radar west of the Dallas-Fort Worth area in north central Texas.

Rains of up to seven inches weakened the Missouri Pacific rail line and 25 cars on a southbound freight derailed Saturday night. Cars were piled up 40 feet high, but no one was injured.

Every creek in Falls County, Texas, was reported over its banks Saturday night or Sunday. Some bridges were washed out and many roads closed.

Back in west Texas, 75 families were chased from their homes at Odessa, Johnson County, which seriously flooded the city in 1954, was reported falling late Sunday, however. Damage was moderate, sheriff's officers said.

Water Sports Entry Blanks Ready Now

Entries for water sport races for Water Carnival are available at the Union desk and must be returned to the petition box there by Friday.

Types of events that will be run include boating, in and out, canyons, water bike, half or sink and aquatic boating. The water bike event will be limited to coeds.

In boating there are two in a canoe, paddler and booster. The booster is equipped with boxing gloves suspended on a pole. The boaters try to knock each other into the river. Two out of three falls determines the winner.

The in and out event involves the crew to jump out of the canoe at the beginning of the race and returning to the canoe to finish the race.

Four men make up each crew for the canyons race. Only hands may be used to paddle. In canyons boating, paddlers are allowed for control only. The object is to poppel the canoe forward by bodily motion.

Preliminaries for all events are scheduled for the Canoe Shelter, May 22-24 between 3:30-5:30 p.m. The finalists will participate in Water Carnival. Two races will be run off each night.

Film is Cancelled Until Next Wednesday

The Wednesday afternoon film preview will not be held on Wednesday. The preview will be resumed on May 22.

Honorable mention was awarded Alpha Xi Delta. To keep everyone's mind off the judge's ball counting—each group sang one of its house songs from the Aud balcon during the intermission.

Adenauer Opens Vote Campaign

Party Convention To Map Program

HAMBURG, Germany (AP)—Chancellor Konrad Adenauer said Sunday his Christian Democratic Party will fight the general election campaign with the slogan "peace, freedom and justice."

The 81-year-old chancellor announced the slogan in opening the annual convention of his party. The main task of the 481 delegates at the four-day meeting will be to map out a program designed to bring Adenauer back to office for a third term in the Sept. 15 parliamentary election.

Explaining his choice of campaign slogan, Adenauer said that without "freedom and justice there could be no peace in the world and without peace there could be no freedom and justice."

The opposition Social Democrats, Adenauer's toughest political rivals, had plastered routes to the convention hall with their own slogan—"Security for All."

He claimed his government's hard work in its second term of office had provided for all West Germans. He concluded by going out of his way to emphasize party unity, saying it was based on Christian humanity and embraced both Roman Catholic and Protestant religions.

The chancellor is to give the keynote speech blueprinting party policy later in the convention.

Eugen Gerstenmaier, president of the Bundestag, reviewed the successes of the Adenauer government in its seven years in office, saying it had transformed West Germany from an occupied country with little voice in its own affairs to an equal and responsible partner in shaping world politics.

Gerstenmaier said the economic and social policies of the Christian Democrats had raised the average wage 54 per cent since 1950, but that prices had gone up only 13 per cent in the same time.

The Christian Democrats are deadly enemies of the "collectivization trend of modern mass states," he said.

He said the Christian Democrats favor neither the Marxist Doctrine of the Soviets, nor the welfare state of the British pattern, but the American model of personal freedom and individual responsibility.

Music Society Meets At MSU May 17-19

The American Musicological Society will conduct a three-day regional meeting at MSU May 17-19. The meeting will be opened Friday evening with a concert by the MSU faculty.

Action to Help Taxpayers

Senate Committee Asks Ike To Cut Foreign Aid Budget

WASHINGTON (AP)—A powerful Senate committee called on President Eisenhower Sunday to scale down his foreign aid program to even lower levels.

The recommendation, continuance of military and economic assistance, but in an amount below the \$3,800,000,000 urged by the President last week when he begged 500 million dollars of previous requests.

The report was made public by a special committee made up of all members of the Foreign Relations Committee, plus the chairman and ranking members of the Appropriations and Armed Services Committees.

The administration wants three-year authority with the plan of having 500 million dollars available for the year starting July 1 and 750 million for each of the two succeeding years.

The committee recommended that Congress go slow in making military aid authorizations for the years ahead until such aid is "well adjusted to our total strategy of defense."

Until the question is clarified, it said, Congress should retain the benefit of its annual review of military aid policy. The same is true of defense budgets, it said, since long-range authority would "pose dangers of an undue expansion and excessive demands on the country's resources."

The committee found that some countries are getting weapons they cannot use to best advantage and that others are getting more military aid than their economies can readily sustain. It recommended further review of the utilization of military aid.

The committee recommended that all future legislation make clear the distinction between different forms of foreign aid, so the public will know what is needed for military aid, economic support, technical assistance, and economic development.

It recommended careful consideration of the President's proposal that military and economic aid be made a part of the Defense Department budget.

While approving the emphasis on loans instead of grants, the committee warned against "haste" in setting up a "permanent fund for that purpose."

En Route to Spain

Colombian President Overthrown by Groups

BOGOTA, Colombia (AP)—Finance Minister Antonio Alvarez said Sunday deposed President Gen. Gustavo Rojas Pinilla left Colombia's new military government deeply in the red.

He indicated the ruling Junta—a five-man committee headed by Maj. Gen. Gabriel Paris—will ask the World Bank for loans to develop the country.

There is a budget deficit of 107 million pesos and a treasury deficit of 80 million pesos, Alvarez said.

The peso, officially worth 40 cents, dropped to 11 cents on the free markets under the dictatorship which collapsed Friday after a week of violence in which scores lost their lives.

Alvarez in a radio broadcast said stabilization of the peso is not an easy task, but "the economy in general is rehabilitated."

He said Luis Morales Gomez, whom he replaced as finance minister Saturday, had obtained 25 million dollars from the international monetary fund to stabilize the peso, asked the export-import bank in Washington for 100 million dollars to finance new industries, and arranged with commercial banks in the United States for loans of 30 million dollars to pay commercial debts.

Colombians continued to celebrate the overthrow of Rojas, who was ousted by the combined opposition of the Roman Catholic Church, political parties, the business community, and the people after being through a haphazard constituent assembly for another four years as the nation's chief of state.

Ex-President Laureano Gomez, in exile in Spain since Rojas overthrew him in 1953, was officially invited to return, Rojas is in Bermuda en route to exile in Spain.

In Southeastern Michigan's Oakland County there are over 400 inland lakes—all within a 60 mile radius of Detroit—Michigan's largest city.

Life Can Be . . .

DISLIKES SLATE

FOND DU LAC, Wis. (AP)—A woman voter walked into a polling place, looked around the room and asked somewhat impatiently:

"Do I have to vote?"

"You don't have to vote," a member of the election board informed her, "but you're foolish if you don't."

"There isn't a soul on the ballot I'd want to vote for," the visitor remarked and stalked off.

IT'S FOR REAL! by Chester Field

TO BE OR NOT TO BE? Philosopher Berkeley did insist That only things we see exist. But if what's real is what I see, When I'm not looking, who is me?

MORAL: You know it's real when it's the BIG, BIG pleasure of Chesterfield. More full-flavored satisfaction from the world's best tobacco. PLUS King-size filter action . . . a better tobacco filter because it's packed smoother by ACCU-RAY!

Chesterfield King has everything!

The Michigan State News

Sen. John Kennedy, Democratic senator from Massachusetts, was named as a winner of a Pulitzer Prize in biography for his book titled "Profiles in Courage," a study of some of the great figures in U.S. Senate history.

Mackie Gives New Policy

LANSING (AP)—John C. Mackie, who will take over the state highway commission July 1, announced Sunday he will eliminate seasonal load limits on Michigan highways "where common sense and sound engineering analysis indicate they can be lifted."

Mackie said the decision was reached at a weekend conference of Democratic party leaders at Haven Hill, near Milford.

The new policy, Mackie said, "does not affect the maximum load restrictions which are set by law and which apply to all trucks at all times of the year."

Mackie said he would not hesitate to impose restrictions where they appear necessary to protect older pavements.
