

Satellite Rocket Ready for Test

U. S.-Britain To Pool Resources

In Nuclear and Missile Research

WASHINGTON (AP)—The U. S. satellite rocket Vanguard apparently is poised for a test firing today.

Meanwhile this country's scientists and amateur observers are getting evening glimpses of the Russian rocket which hurled Sputnik aloft some 25 days ago.

Visual sources at the missile test center, Cape Canaveral, Fla., said a planned test firing of the Vanguard rocket's first stage engine was called off Monday because of a high wind blowing in from the Atlantic.

The firing of the 72-foot missile is a test only for the first stage of the engine planned to boost a U. S. satellite into space.

Scientists lined up their telescopes and cameras for some night sightings of the Russian rocket and the hard-to-see Sputnik itself, now trailing the larger rocket some 30 minutes in their dash across the sky.

The night trips will be across the East, the middle East and the West sections of the country. While the crossings have been made nearer and nearer flying times, U. S. scientists don't expect any good sightings until tonight.

Britain's Cabinet Monday authorized Prime Minister MacMillan to swap nuclear and space secrets with President Eisenhower as the starting point for a new allied program to meet the Soviet "Sputnik" challenge.

Government informants said the Cabinet also agreed MacMillan should discuss prospects with Eisenhower of a fresh approach to their talks beginning in Washington Wednesday.

But this approach would be considered only if the talks clear the way for supply of American nuclear weapons to Britain. This country has long balked at suspending H-Bomb tests because British stockpiles are way behind those of the Americans and Russians.

The informants said MacMillan has the approval of his colleagues to seek a stronger, more united British-American policy in the Middle East. Such a policy would supersede the Eisenhower doctrine, which Britain considers has failed to check the spread of Communism through the area.

Specifically MacMillan will ask the President to make greater use of British advice in handling the problems of the Middle East. He will argue that the country still wields a lot of influence among the Arab nations.

Prominent Men Receive Awards At Alum Dinner

Two prominent friends of Michigan State will receive honorary alumni awards in connection with the 48th annual Homecoming.

They are F. Granger Weil, executive vice president of the New York Times-Herald, and Howard Sober, Lansing businessman.

The awards are to be presented by President John A. Hannah at a formal dinner for 200 guests at the University of Illinois Saturday.

The dinner may attend place before to be staged on the campus immediately following the game.

Aircraft manufacturers reported more one billion dollars worth of aircraft parts and equipment in 1954.

This light streak in the heavens is Sputnik passing Down Under according to scientists who made this picture at the Australian Commonwealth Observers at Mt. Stromlo, near Canberra. The trail of the Russian satellite, running from lower left to upper right, is extended across the sky due to continued camera exposure to record the star-studded background for location, according to the Australian technicians.

Say 600 Delegates Ineligible

Teamsters Claim Illegal Vote, Challenge Hoffa's Presidency

WASHINGTON (AP)—Council for a group of protesting Teamsters members claimed Monday that well over 600 delegates to the Union's recent convention were seated illegally to rig the election of James R. Hoffa as president.

The attorney, Godfrey P. Schmidt, told Federal District Judge F. Dickinson Letts there "never was a group of more complicated year-olds ever gathered together anywhere."

Schmidt said at least 478 of the convention's total 1,734 delegates could be proved by their own admission to have been illegally seated, and another 123 could be proved improperly qualified under Union rules.

Judge Letts recessed argument in the case until this morning when he again will hear from Schmidt and Teamsters Union Attorney Martin O'Donoghue.

O'Donoghue said Monday Schmidt's use of Union Convention data obtained from the Senate's Rackets Investigating Committee was "a high handed piece of business."

Judge Letts refused to dissolve a week-old restraining order against Hoffa taking office. The court went ahead with argument.

Highway Staff To Attend Convo

Michigan State's Highway Traffic Safety Center will be represented at the 48th National Safety Congress and Exposition in Chicago this week by nine staff members. Participating in Congress programs are Gordon H. Sheehey, director of the center; Leslie E. Silvernale, asst. director; and Robert Nolan, driver education instructor.

Also attending are Edward Curtis, legal counsel; Theodore Forbes, asst. director of the center in charge of research; Beryl Langford, consultant; Walter Eaton, field representative; John Whitelaw, librarian; and Paul Blomgren, associat. prof. of general business.

Underwater Television Subject of Speech

Dr. Harold Barnes, member of the Millport Marine Laboratory, Millport, Scotland, will speak at 7:30 tonight in the Museum Auditorium on the use of underwater television for the study of marine ecology.

His visit is sponsored by the Department of Fisheries and Wildlife, the Museum and Agriculture Experiment Station.

Little Rock Soldiers Released

1,800 Remain On Active Duty

LITTLE ROCK, Ark. (AP)—Army officials here announced that the release of 8,700 Arkansas National Guardsmen, federalized in the Little Rock integration crisis, started Monday.

Only 1,800 guardsmen will be kept on active duty, the Army said.

The Arkansas Military District Public Information Office said it was estimated that the release of guardsmen would be completed by the end of this month.

Elements of the National Guard which will be kept on duty include units of the 138th Infantry Regiment, an aviation battalion and a replacement company.

The Army's announcement said men to be kept on active duty were being selected on an individual basis from the entire State National Guard.

President Eisenhower federalized the Guardsmen Sept. 24, the same day he ordered a contingent of about 1,000 paratroopers from the 101st Airborne Division to Little Rock from Ft. Campbell, Ky. About half of the paratroopers have returned to Ft. Campbell.

Absentees from Central High more than doubled over the weekend, but officials blamed the spread of illness and not any sudden increase in segregationist sentiment.

A spokesman said 170 students Monday stayed away from classes whose total enrollment is 1,863. Last Friday the absentee list was 230. A week ago Monday it was 238. Influenza-like ailments were held responsible for the increase.

The 200 absentees included two of the nine Negro students who quietly began a fifth week of attendance at the previously all-white school under protection of paratroopers and federalized National Guardsmen.

Another Ft. victim was Gov. Orval Faubus, who is opposing the Federal government in the dispute over integration of the school. Faubus, who has been ill at intervals for several weeks, went to his office briefly, but soon returned to his mansion.

The Rivalry Opens Monday

"The Rivalry," a new play by Norman Corwin will be presented in the Auditorium at 8:15 p.m. Monday. The play, appearing under the auspices of the Lecture-Concert Series, will feature Raymond Massey, Agnes Moorehead and Martin Gabel.

In this story of the Lincoln-Douglas debates, Mr. Massey will again assume his favorite role, that of Abraham Lincoln. Some of his movie credits include "Battle Cry," "East of Eden," and "Abe Lincoln in Illinois."

Agnes Moorehead, twice nominated for an Academy Award, will portray the wife of Stephen Douglas. Miss Moorehead is remembered for her role in such movies as "Johnny Belinda," "Show Boat," and her newest film, "Raintree County."

The role of the fiery Senator, Stephen Douglas, will be filled by Martin Gabel. Tickets for "The Rivalry," produced by Paul Gregory, may be obtained at Paramount News Shop, Lansing and the Union box office.

Art Professor To Show Slides

Dr. Martin S. Sorria, associate professor in art, will speak and show slides on Latin American and Spanish art at the Spanish club at 8 p.m. Tuesday in the International Center.

His slides will include paintings by Spanish and Latin American artists, architecture, and native dances and costumes.

Dr. Sorria has lectured in Europe and the Americas and has published several books, including "Painting in Latin America," which was published by the University of Buenos Aires.

Following the program will be dancing. A special Latin American refreshment will be served.

Final Examination Schedule for Fall 1957

The last day of classes for Fall Term is Tuesday, December 10, 1957. All final examinations will be given in accordance with the following schedule.

The time of the examinations for Basic College courses is given below. Examination rooms will be announced by the instructor during the last week of classes.

MORNING CLASSES			AFTERNOON CLASSES		
If your class meets these hours	Your exam time and date		If your class meets these hours	Your exam time and date	
MWF 8:00-10:00	Thursday, Dec. 12, 8:00-10:00		MWF 1:00-3:00	Wednesday, Dec. 11, 1:00-3:00	
MWTF 8:00-10:00	Friday, Dec. 13, 8:00-10:00		MWTF 1:00-3:00	Thursday, Dec. 12, 1:00-3:00

NO FINAL EXAMINATION MAY BE GIVEN AT ANYTIME OTHER THAN THE REGULARLY SCHEDULED TIME TABLE BY FACULTY ACTION.

The time of examinations in sections other than Basic College courses is determined by the department concerned. Examinations will be given in the same classrooms used for class meetings during the term.

If at least two of the days and hours follow the regular pattern, all students, instructors, and room schedules will automatically clear. In a few courses, at the request of the department concerned, the exam is held in some instance, students may encounter conflicts. In that event, the examination scheduled by the class meeting two hours each week will take precedence over the examination scheduled by the single hour lecture. The examination will be arranged between the student and the department requesting the special scheduling of its examination.

Study Awards Open in Mexico

American students who wish to study in Mexico during the academic year beginning March 1, 1958, may apply for one of 16 awards granted annually by the Mexican Government through the Mexico-U.S. Cultural Commission on Cultural Cooperation.

Preference is given to graduate students who will receive 1,250 pesos monthly and matriculation at the National University for the academic year. Junior and senior year college students are eligible for undergraduate scholarships, which offer 1,185 pesos a month and tuition.

Travel to Mexico City and funds for incidental expenses must be supplied by the grantee. Application forms may be secured from the Inter-American Department of the Institute of International Education.

Primary Votes Slated Thur.

Primary elections for the majority of positions in the freshman class, Fresh-Soph Council and Congress is slated for Thursday.

There are only three vacancies. They are seats in Congress from University Village (married housing) and East Lansing. Those vacancies will be filled by appointment.

There will be several automatic congressional vacancies because only the required number of applicants filed petitions. The living units so seating are Spartan Village, married housing candidate at large, Lansing, Rafter, Bryan, Emmons and Abbott.

Final elections only will be held in Fraternity, Buley, North Campbell, and Van Hise on halls.

The only requirement for voting in the elections is student ID. Voting will be conducted in all the living units and in the Union concourse for all-campus students.

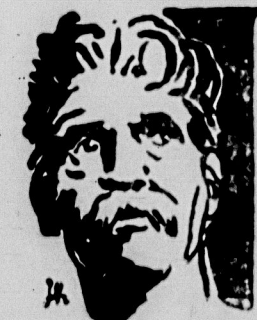

It is also necessary for students to fill out a registration slip. They will then get a vote card to vote in the final. If a student has two forms left in a class, he may vote with both.

Sorority Rush Signups Continue Until Friday

All women interested in sorority rush must sign up before Friday at the second floor Union Concourse. Signups are conducted 9-4 daily.

Frances Hopkinson, a signer of the Declaration of the Independent Women's League, was also a song writer.

Gridders Picked 8th By Football Experts

Oklahoma Regains Top Spot

Minnesota Drops Out of Top 10

By THE ASSOCIATED PRESS
The football experts who ranked Michigan State into a top position last week and reversed their choice Monday and put Oklahoma back on top and the Spartans down to eighth place.

Michigan State was one of the teams knocked out of a top ranking of the Associated Press poll of sports writers and broadcasters after last week's series of upsets. Minnesota dropped from fourth to 14th while Oregon State, Arkansas, ranked seventh and eighth a week ago, dropped to 15th and 16th.

Oklahoma, winning its 44th consecutive game at the expense of Kansas, 47-0, returned to the top position of last year's poll after a 24-7 victory over Texas A. and M., moving up from 10th to second, received its first place votes but lost 108 points on a strong showing by second and third place teams. The Spartans had to work hard to avoid defeat, beating Texas A. and M. 21-7, winner of the 1957 national championship, and dropping to 11th place.

When Duke came back to Michigan after a 24-7 victory over Mississippi State, Michigan State, which had been ranked 10th, won the AP poll. The Spartans, who had been ranked 11th, were knocked out of the top 10 this week. The Spartans, who had been ranked 11th, were knocked out of the top 10 this week. The Spartans, who had been ranked 11th, were knocked out of the top 10 this week.

Rank	Team	Points
1	Oklahoma (89)	(4-0) 1,365
2	Texas A.M. (5)	(5-0) 1,108
3	Iowa (16)	(4-0) 998
4	Duke (10)	(5-0) 982
5	Auburn (11)	(4-0) 798
6	Mississippi (10)	(5-0) 691
7	Notre Dame (4)	(3-0) 588

Detroit Pistons Trim Squad, Release 2 Men

DETROIT (AP)—The Detroit Pistons Monday trimmed their squad by releasing guards Ed Bonanza and Johnny Kline. Bonanza, from Pratt Institute, had been invited to the team's early camp and stayed until the final cut before the season begins here Wednesday. Kline is a former Wayne State player.

Hank Greenberg is shown leaving a meeting of the Cleveland Indians board of directors last Wednesday in Cleveland after receiving the news that his contract would not be renewed. Board chairman William R. Daley, Cleveland industrialist, made the announcement ending Greenberg's eight-year career as Tribe general manager.

Richardson Wants to Slug It Out

Welch Milkman Underdog Against Willie Pastrano

LONDON (AP)—Willie Pastrano, the clever, fleet-footed heavyweight contender from America, Monday was rated a solid 2 to 1 favorite to give Dick Richardson, a slugging Welsh milkman, a boxing lesson in Harringway Arena tonight.

A capacity crowd of 11,000 will see the unusual spectacle of an American with a fancy boxing style, opposite a home lad with a wallop. Usually it is the other way around when an invader from across the Atlantic fights here.

Richardson, a six foot, three-inch, 200-pounder, depends almost entirely on the power in his right hand. The 23-year-old Welshman has compiled a 20-3 won-lost record, mostly against mediocre hometown and European opposition. He has stopped 17 rivals.

Despite his numerically impressive record, British fans aren't pinning much hope on Richardson, a pro only 2½ years. In his only major test against a "name" opponent, he was knocked out in the eighth round by Cuba's hulking Nino Valdes last Dec. 4.

"Maybe Dick will get lucky and hit him a good one," was the way the fight fans here say Richardson's chances.

He will find Pastrano a difficult target. The 21-year-old, six-foot, 188-pound invader from New Orleans and Miami Beach, is a hard man to catch in the ring. They call Pastrano a will of the wisp in the U.S. and not without good reason.

Pastrano, fourth ranking heavyweight contender, relies on a fast left jab, quick left and right combinations, and dancing feet. He moves around with the agility of a welterweight. He also can take a punch. Willie never has been stopped in 32 pro fights in six years. His record is 43-5-1 with eight knockouts.

Willie had tacked up an unbeaten streak of 22 over a three-year span, when he was out-punched by Ike Harris of Texas last June 11. He stopped George Peyton in the eighth round at Miami Beach Sept. 10. Pastrano was to have met Harris in a return bout in Miami Beach but the Texan was gashed over an eye in training and Peyton substituted.

British fight experts have been impressed with Willie's dazzling foot work and fast hands.

"Richardson won't see the way he goes," commented Ted (Kid) Lewis, the former welterweight champion after watching Pastrano spar. "He's got all the moves... a real workman."

Despite the rave notices for his opponent, Richardson was confident of victory.

"All I hope is that the guy will stand and fight and then the customers will get their money's worth," said Dick. "I shan't mess about trying to box him. I shall go and try to slug it out with him."

Pastrano's trainer, Angelo Dundee, said that Willie might give him that opportunity.

"I know Willie is more of a boxer than the average American heavyweight," said Dundee, "but any big man can punch. My boxer is no exception."

Batting Averages Benefit

Thomas, Wertz Smash Most Sacrifice Flies

NEW YORK (AP)—Frank Thomas of Pittsburgh and Vic Wertz of Cleveland produced the most sacrifice flies among Major League batsmen in the 1957 baseball season.

Statistics compiled by the Associated Press disclosed Monday that Thomas hit 12 sacrifice flies to top the National League. Wertz was high in the American League with 11.

Thomas' batting average benefited six points from the regulation which does not charge an official time at bat for a sacrifice fly. The "Pirates" slugged would have batted 294 instead of 290 if the sacrifice fly rule was not in effect.

The regulation had been raised from the rule books in 1929 but was revived in 1934. As a result players averages have profited from the rule for the past four seasons.

Wertz also was indebted to the change. The Indians' first baseman finished with a .282 mark rather than .276 under the old rule.

Minnie Miroski of Chicago and Al Pihlak of Baltimore also showed the proficiency in the sacrifice fly department with nine each. If the sacrifice fly had counted as time at bat, Miroski would have hit .304 instead of .294 and Pihlak .237 rather than .228.

The Carl's Stan Musial, the Orioles' Ray Jablonski and the St. Louis' Stan Musial, the National League batting champion benefited six points (.376 to .370).

Boston's Ted Williams, who won the American League batting title with a .344 average, had two sacrifice flies. Counting them as times at bat, his average would have been .386.

"Big Digger" Gil Hodges had more using the sacrifice fly as a springboard to the select 200 circle. Hodges had six run-producing fly balls and wound up with a .293 average.

According to the rules committee, a later is credited with a sacrifice fly when, with fewer than two outs, he hits a fair fly ball which is caught and the runner scores after the catch.

Catcher Del Crumhall of the Milwaukee Braves, played only two seasons of minor league ball.

It is understood that officials of the PCL regard the present Phoenix Municipal Stadium as unsuitable for a PCL club, but might be willing to accept the stadium for one or two seasons if the city will assure that a better park will be available in the near future.

Can give the league assurance of suitable stadium facilities.

Harriers Prepare for Nittany Lions

By LARRY WROBLEWSKI State News Night Editor

Michigan State's harriers will have their hands full when they compete against Penn State's Nittany Lions Saturday morning at 10:30 at Old College Field.

This year's Penn State squad is a vast improvement over last year's outfit which won four of five dual meets, placed third in the ICA championships and seventh in the NCAA meet.

Already this season the sophomore dominated team has chalked up wins over Navy (22-23) and Cornell (28-25).

The only loss suffered by the Nittany Lions last year was to Cornell.

Against Cornell, Ken Moran and Schoenebeck finished in a dead heat for first place, while Wertz and Leas finished fifth.

Filling the fifth man spot will be either Joe Thompson, Charlie King, George Jones, Sam White or Jack Williams, none of which have finished higher than ninth place in any dual meet.

One other "hawk" Head Coach Earl Schlademan will supply with a host of talented distance runners who should render top notch performance.

Since the home squad is scheduled to run 12 runners in a dual, Coach Schlademan will probably have a host of talented distance runners who should render top notch performance.

Heading the list of the highly-touted Spartans is Furdys and Capt. Henry Kennedy, Bob Wheeler, Bob Lake, Dave Lean, Jack Crowell, Tony Smith, Ken Datoe, Jim Carr, Jim Moran, Bob Hughes and Avid Lindholm.

Once again the Kennedy brothers will battle it out for the team, who is to take first place honors. Since the Michigan AAU meet Furdys steadily has lowered his individual time and is presumed favorite to finish first.

Henry has retained much of his strength and should be at the front of the pack next at the meet.

If Wheeler could equal Ted Datoe's performance, the Spartans should land the first three placements.

Werner, who is seeking to erase the memory of that meet and to challenge the Spartans.

However, to pose as a threat Werner must succeed to find a fifth man to run with Capt. Fred Kerr, Juniors Ed Moran, Cito Schoenebeck and sophomore Dick Englebrink.

These four members carried Penn State to its early season victories.

In the Navy meet Kerr captured first place honors, with Moran second, Englebrink fourth, and Schoenebeck fifth.

The time is rich as usual in the fall. At frat house or sorority or some college hall.

THE GUYS AND GALS will be having a ball. To capture the most of this evening of pleasure.

Here A DANCE BAND through our secretary-treasurer.

LANSING FEDERATION OF MUSICIANS IV 2-5311

Richard Wants DeWitt Memorial

MONTEREAL (AP)—Montreal's Richard of the Montreal Canadiens who scored his 100th goal in National Hockey League play Saturday night, Monday he hoped to start the Dick DeWitt Memorial Trophy with the puck.

DeWitt, who died earlier this year, was the Rocket's first NHL coach when Richard broke in here in 1947. He coached the Canadiens through the 1954-55 season, then took over the Chicago Black Hawks.

Freshman Basketball

All those interested in freshman basketball are asked to attend a meeting in Jenison gym at 6:45 Tuesday.

Pistol Club

Tuesday is the final day for signing up in the Spartan pistol club. A club meeting is scheduled for 7 p.m. at the pistol range in Dem Hall. Those interested are urged to attend.

Can give the league assurance of suitable stadium facilities.

It is understood that officials of the PCL regard the present Phoenix Municipal Stadium as unsuitable for a PCL club, but might be willing to accept the stadium for one or two seasons if the city will assure that a better park will be available in the near future.

Elizabeth Receives Ticker Tape Parade

NEW YORK (AP)—Queen Elizabeth II, as excited as a little girl on her first trip to the big city, got a welcoming ovation Monday when she arrived here.

The petite sovereign took it all in with a big grin and a slight smile.

"Isn't it exciting?" she said to Gov. Averell Harriman.

With Harriman at her side, she rode up Broadway in President Eisenhower's bubble-topped limousine. They went at a brisk pace—too brisk for many among the onlooking throng who cried, "slow down — we want to see her."

Elizabeth and her husband, the dashing Prince Philip, did the royal treatment for their one-day stay in New York before flying back to London Monday night.

They arrived at Stapleton State Island aboard the royal train dispatched by the Baltimore & Ohio railroad from Washington. Harriman greeted the Queen and they crossed by ferryboat to the battery.

From then on it was a hectic 14-hour ticker tape parade to city hall and her suite at the Waldorf-Astoria Hotel, a look at New York from atop the Empire State Building, a visit to United Nations Headquarters, a luncheon and a ball.

Finally, shortly after midnight, it was all over. They flew home aboard the same Royal Air Force DC7C which brought them Oct. 12 to her

Appointments Made Board of Agriculture Announces Changes

Four appointments, five foreign project appointments and assignments, eight promotions and new designations and six leaves of absence were approved Friday by the State Board of Agriculture.

Appointments were approved as follows:

Roger W. Wescott, associate professor of social science, Jan. 1, 1958; John H. Fenton, assistant professor of political science, Sept. 1, 1958; Robert J. Housh, instructor of mechanical engineering, Feb. 1, 1958; Marcell S. Maxwell, associate professor of sociology and anthropology and museum curator, Oct. 16.

Foreign project assignments were approved by the Board:

Arthur E. Saffalin, consultant, Viet-Nam Project, effective Nov. 9; Horace C. King, administrative assistant, International Programs, Oct. 28; Helen E. Riggs, secretary, Viet-Nam Project, Sept. 17, 1957 to Oct. 31, 1959.

Foreign project assignments were approved by the Board:

John E. Ryan, assistant professor of political administration and public safety, assigned to the Viet-Nam Project, Sept. 12, 1957 to Oct. 31, 1959.

The following promotions and new designations were approved:

Conrad Gray, promoted from instructor to assistant professor of Sociology, Sept. 1; Ronald R. Larson, promoted from instructor to assistant professor of general education, Sept. 1; Dr. C. C. Killingsworth, designated full time director of the Labor and Industrial Relations Center, Aug. 31; Josephine Lee, designated assistant dean of home economics, Oct. 1.

John L. O'Donnell, assistant professor of general business, designated acting director of the Bureau of Business and Economic Research, replacing Leland E. Traywich, Oct. 18; Cole S. Brembeck, designated professor and head of the department of foundations of education.

William Hagley, named professor and head of the department of teacher education, Milton Munivan, named assistant dean of education in charge of curriculum and instruction.

Substantial leaves of absence were approved for Eugene P. Whiteside, professor of soil science, March 16 to June 15, 1958 for study and writing of a book on soils; Melvin S. Lovelace, assistant professor of journalism, Jan. 1 to March 31, 1958 to complete textbook.

Eugene Kempf, professor and head of nursing education, April 1 to June 31, 1958, for study and travel at other universities; Arnold L. Williams, professor of English, Jan. 1 to

Dr. Hansen Heads Chem. Department

A biochemistry professor, who recently returned from a mission to the mid-east surveying the nutritional status of the Turkish forces, will be the new head of the department of agricultural chemistry.

He is Dr. R. Gaurth Hansen, 37, now at the University of Illinois. On Nov. 1, Dr. Hansen will succeed Dr. E. J. Miller, who will retire from administrative duties after 42 years service. During his long tenure at Michigan State, Dr. Miller has written more than 40 scientific articles and has a number of patents to his credit.

At the University of Illinois a professor of biochemistry since 1950, Dr. Hansen's principal work has been in the dairy field. From 1948 to 1950 he taught in the college of medicine at the University of Utah at Salt Lake City.

Born on a Utah farm, Hansen attended Utah State and later received his B.S. degree in chemistry at the University of Wisconsin in 1944. His M.S. and Ph.D. degree were earned in biochemistry, also at the University of Wisconsin.

Dr. Hansen is a member of the American Society of Biochemists, American Dairy Science Association and of Sigma Xi, honorary science scholastic group.

The principal region of foreign trade of the United States is the Western Hemisphere, half of whose exports-imports being with Canada and Mexico.

Other leaves: Alice M. Harrison, instructor in business education and secretarial studies, Jan. 1 to March 31, 1958 to complete thesis; Gordon R. Schlupp, Branch County Agricultural Agent, Nov. 1, 1957 to Oct. 31, 1958 to continue assignment in Kenya.

This is the reason why William Kran keeps his pet dog, whose proudest possession is a rack of antlers, indoors at West Point, Calif., during hunting season.

Seeks Unification Coty Tries Persuasion To End Political Crisis

PARIS (AP)—President Rene Coty sought by personal persuasion Monday night to get bitterly opposed French political-factions together in the interests of forming a new government.

The need to end the three-week-old crisis was clear.

Coty was armed for his talks with a pessimistic economic report presented to him by ex-Premier Robert Schuman, a former Finance minister who spent the weekend consulting financial experts.

He first asked Schuman himself to form a government coalition on Schuman's Popular Republican (MRP) party. Schuman refused, saying no government could live in the present circumstances.

But not who knew the economic situation were not laughing.

Shortage of currency to finance the imports needed by French industry threatened economic apathy at the end of the year. Unemployment was just behind. The treasury was bleeding away. Prices still mounted.

This was the 286th day France has had without a government since the Fourth Republic was formed in 1946.

The Socialists favor right economic controls, a freeze on prices, higher taxes and reorganization of the Algerian Home Rule Bill, on which Premier Maurice Bourges-Maunoury's government fell Sept. 30. They spearheaded Pinay's defeat when they voted against his bid for investiture as premier last Friday.

Poultry Teacher Sojourns at State

Dr. Morley A. Jull, one of the nation's foremost poultry specialists, will be a distinguished visiting professor here winter term.

While with the MSU poultry husbandry department, he will conduct a seminar on various phases of poultry breeding for graduate students, staff and faculty members.

Dr. Jull is a member of the Poultry Hall of Fame, the highest honor conferred by the industry and has served the industry as teacher, author and administrator for nearly 30 years.

Small Game Season Claims 30 Injuries

At least 30 persons were injured by shotgun pellets Monday in the barrage of shooting that opened Michigan's small game season.

The Flint City Commission, meeting Monday night, called for the setting up of a "buffer zone" along the outskirts of municipalities to prevent hunters from firing in populated areas.

PLACEMENT BUREAU OFFERINGS FOR THE FOLLOWING MAJORS	
OCTOBER 25	
EMPLOYERS	
Joy Mfg. Co.	Mech. & Ind. Engineers.
Minneapolis-Honeywell Regulator Co.	Mech. & Ind. Engineers.
Minneapolis-Honeywell Regulator Co.	Mech. & Ind. Engineers. Only December graduate will be interviewed.
Boeing Airplane Co.	Elect., Mech. & Civil Engineers. Also, Mathematics & Physics majors.
The Glidden Co.	Gen. Bus., Secretarial Sci. & Accounting majors.
Federal Electric Corp., a Div. of International Tel. & Telegraph Jet Propulsion Lab. (Div. of Calif. Inst. of Tech.)	Elect., Mech., Chem. & Metallurgical Engineers. Also, Physics & Math majors.
Wheeling Steel Corp.	Elect., Mech., Chem. & Metall. Engrs.
Westinghouse Electric Corp., Atomic Power Division	Ph.D. Chemists.
Lacle Co., Div. of Union Carbide Corp.	Chemical, Mech., Elec., Civil & Ind. Engineers. Also, Physics & Chem. majors.
Alton Box Board Co.	Mech. & Civil Engineers for Production, Gen. Bus. & Mech. Engineering majors for Purchasing, Acctg. & Finance majors for Acctg. Work.
	Chemistry for Research, Development & Quality Control Gen. Bus. & Lab. Arts majors for Sales.
	OCTOBER 28
Lockheed Aircraft Corp., Georgia Division	Math., Civil & Elec. Engrs. Ph.D. Chemists.
The Procter & Gamble Co.	Elect. Engineers, B.S. Mech. Engineers, Ph.D.-Physicists.
General Telephone Labs., Inc.	

New Wolverine Deadline Date

Organizations wishing space in the 1958 Wolverine must sign their contracts today, according to Jennings Bird, Organization editor.

The deadline has been extended to take care of those organizations which have not been contacted by the Wolverine.

Any organization wishing coverage for the first time must also make their arrangements today.

State Board Recognizes New Institute

An Institute for Extension Personnel Development was approved Friday by the State Board of Agriculture, governing body of the university.

The Institute will give active leadership in the training of extension workers throughout the nation.

Students in the new institute will enroll either in the College of Agriculture or College of Home Economics. The program offers a master of science degree in either college.

The institute also offers a minor field in extension for those interested in a doctor of philosophy degree.

Dr. Paul A. Miller, director of the Michigan Co-operative Extension Service, believes the institute type of organization will make possible a study program built around outstanding courses throughout the university.

This will make it possible for extension workers from different states and foreign countries to share experiences during the study program.

This strengthens the program Michigan State has offered in extension education for the past seven years which has resulted about advances in professional development in the Michigan Extension Act.

In 1947 only six per cent of the agricultural agents had earned advanced degrees. Currently more than 40 per cent of the agricultural agents have M.S. or M.A. degrees. During this period of time more than 230 different agricultural, 4-H Club or home demonstration agents have completed some work toward advanced degrees.
