## Ike, Dulles Confer on Satellites

### Macmillan Visits U. S. for Talks

WASHINGTON (AP)—President Eisenhower and Secretary of State John F. Dulles Tuesday outlined proposals for a western scientific pool they reportedly favor in the missiles and satellites race with Russia.

They discussed this during a 10-minute White House meeting to lay the groundwork for Eisenhower's conference starting today with British Prime Minister Harold Macmillan.

Macmillan, accompanied by his top scientific and foreign policy advisers, is due to arrive by plane this morning for three days of secret strategy talks.

The White House said the White House said Eisenhower-Macmillan talks would begin either this afternoon or after an informal White House dinner which would include only Dulles and British Foreign Secretary Selwyn Lloyd as observers.

White House Press Secretary James C. Hagerty declined to discuss the topics discussed by Eisenhower and Dulles during their advance strategy session today.

Dulles arranged to follow up by meeting with Lloyd at the State Department to lay down an agenda which also includes high-level review of Russia's nuclear threats.

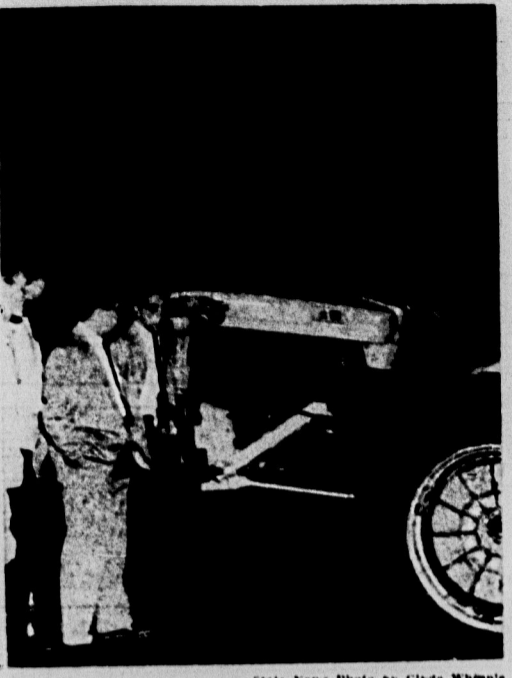

Authoritative officials reported that the Eisenhower-Dulles meeting dealt mainly with the scope of the Western scientific partnership that should be arranged in the wake of Russia's scientific advances.

Macmillan was reported to have given advance notice he wants a big British-American program which would involve dividing up specific scientific tasks as well as sharing each other's secrets.

Eisenhower and Dulles were reported undecided yet about the kind of scientific co-operation they consider necessary. They were reported highly sympathetic toward the British approach but somewhat worried about what the impact would be on other Atlantic Pact countries over such a special British-American deal.

Some officials were known to favor a British-American partnership, mainly because they felt Congress would be more willing to change existing laws to permit this. Congressmen might balk, they feared, if the administration proposed sharing scientific secrets with a number of Atlantic Pact allies which security arrangements might not be as strict.

The Eisenhower-Macmillan meeting, they agreed, will concentrate mainly on the problem of countering Russia's scientific moves to reassure the world the Soviet threat is not being underestimated.

Dr. Wesley Buchele, associate state engineer, demonstrates the experimental tandem tractor which provides twice the pulling power during Tuesday night's Ag Engineering open house.

## 525 Donations

### 'Blood Letting 101' Enters Third Day of Campaign

Roll up your sleeves, MSU and help save a life by donating a pint of blood to the Alpha Chi Omega-Spartan Women's League annual fall term blood drive.

"Blood Letting 101" will continue through Friday on the fourth floor of the Union at the following hours:

Wed. — 10:30 a.m.-3:30 p.m.  
Thurs. — 2 p.m.-8:30 p.m.  
Fri. — 10 a.m.-3 p.m.

All students receive a physical examination, including a blood test, at the headquarters in the Union before they may give blood. At least one doctor is on hand at all times, plus nurses and APO-SWL members to assist in the drive.

It is advisable to first register in the Union concourse before giving blood so that the flow of donors can be kept running smoothly, stated Bob DeBruyn, Zealand sophomore, APO chairman of the blood drive committee. However, if a potential donor is unable to register, he is urged to go immediately to the blood station.

Students donating will receive a certificate of completion in the form of a diploma for "Blood Letting 101," he added.

According to the American Red Cross, there is no longer any reason to wait four hours after eating before giving blood. Donors may now give after eating a normal meal, if desired.

Living units Tuesday donated 217 bottles of blood to the blood drive, bringing the total since Monday to 525 bottles. Living units are urged to send people even if they can't give; it will

## UB Talent File Auditions Slated

Auditions for the All-University Talent File will be held at 7:30 tonight in the Union Ballroom. The names of those trying out will be placed in a file for use in East Lansing and Lansing areas, as well as MSU.

All organizations on campus will have the right to use this file this year as a service of the Union Board.

## Elaborate Displays Planned

The Michigan State University campus will become a fantasyland Friday and Saturday in which gleeful giant Spartans commit various kinds of mayhem on Illinois Indians.

It's all in effigy, of course, and part of traditional Homecoming decorations erected by students in front of their dormitories, sorority and fraternity houses. The displays give the campus a holiday air unmatched at any other time of the year.

Highlight of the 48th Homecoming weekend will be the Spartans' football game against the University of Illinois, starting at 1:30 p.m. Saturday.

Class reunions are to be staged on the stadium turf immediately following the game, with members of the various classes rallying around placards, according to Starr H. Kessler, director of alumni relations.

He estimated that 30,000 MSU alumni would attend the Illinois game and some of the other Homecoming events.

On Friday night there will be a Stag Smoker at Lansing's Hotel Olds, honoring members of the MSU athletic department. A pep rally and student spirit

# Terrorist Bombs Wound 13 GI's in Viet Nam Raid

## As French Premier Guy Mollet Agrees To Try Comeback

PARIS (AP)—Socialist Guy Mollet agreed Tuesday to try a comeback as premier. Prospects were good he would be able to form a cabinet ending a 22-day crisis.

Mollet was thrown out last May by the same Rightist groups that now agree to let him try again. He had set a postwar record for a French premier by staying in office 13 months.

President Rene Coty called in the man he had wanted all along and asked him to attempt the task of forming a government.

Mollet accepted after virtual assurance from Rightist Leader Antoine Pinay that his Conservative allies will not vote against him at a time when France is deep in a financial crisis.

The 52-year-old Socialist leader, who with Britain's Sir Anthony Eden planned the Suez attack a year ago, looked rather tired and preoccupied as he emerged from a meeting with Coty.

Mollet told reporters he could not refuse the president's request "in the present circumstances and because of the seriousness of the situation."

He arranged a meeting with caretaker Premier Maurice Bourges-Maunoury Tuesday night. He begins talks with party leaders Wednesday. He did not say when he expected to have his cabinet formed to go before Parliament.

Apparent solution of the crisis came none too soon for France. With the treasury nearly empty, fresh funds must be found to settle state bills at the end of this month.

Nationwide strikes against living costs have been called for next Friday. The United Nations is about to debate French-ruled Algeria. France is absent from vital British-U.S. talks in Washington.

But perhaps what spurred the politicians most was the angry reaction of the ordinary French voter.

## J-Students Set Meeting Tonight

Dr. Fred Siebert, new director of the School of Journalism, will be introduced to all journalism students at a get-acquainted "coffee hour," tonight at 7:30 in the fourth floor lounge of the university library.

The event has been arranged by a committee of journalism seniors and juniors.

Other faculty members have been invited to attend and the students are urged to take advantage of this opportunity to become acquainted with them.

## Wolverine Personnel Meeting Scheduled

A meeting is scheduled for the Wolverine promotional and office staff personnel at 6:30 tonight in 32 Union, according to Peter Zanghi, promotion manager.

## Elaborate Displays Planned

The Michigan State University campus will become a fantasyland Friday and Saturday in which gleeful giant Spartans commit various kinds of mayhem on Illinois Indians.

It's all in effigy, of course, and part of traditional Homecoming decorations erected by students in front of their dormitories, sorority and fraternity houses. The displays give the campus a holiday air unmatched at any other time of the year.

Highlight of the 48th Homecoming weekend will be the Spartans' football game against the University of Illinois, starting at 1:30 p.m. Saturday.

Class reunions are to be staged on the stadium turf immediately following the game, with members of the various classes rallying around placards, according to Starr H. Kessler, director of alumni relations.

He estimated that 30,000 MSU alumni would attend the Illinois game and some of the other Homecoming events.

Egyptian troops march through Cairo on way to board a ship for Syria. Egypt sent troops to Latakia, Syria, to defend against what the Syrians said was an impending invasion from Turkey. The United Nations has under debate proposals to investigate the tense situation along the Turkish-Syrian border.

## All-University Hop Follows Pep Rally

Following the Pep Rally this Friday night at the Band Shell, the Men's Inter-Residence Hall Council will sponsor the Homecoming Hop, an All-University record dance in the Lower lounge of Shaw Hall.

Dance chairman is sophomore Bob Burnett from East Shaw Hall. Publicity is being handled by sophomore Wes Hackett from Butterfield Hall.

No admission will be charged for this informal All-University dance which is stag or drag.

Sophomores Matt Surrill and Bruce Richardson from Rafter Hall and Brody Radio Service station manager, junior Pat Smith, from Bryan Hall each will spin records for an hour from 9-12. Brody Radio which serves four halls in the Brody Group from 7-12 each night, will make its turntables and records available for the Hop.

The Shaw Hall grill will remain open until the end of the dance. In order to add atmosphere, fires will be burning in the East and West lounge fireplaces.

There is a record dancer held at Shaw Hall every Friday night. East Shaw Hall has made the facilities available to MIRHC for this all-university function.

The Homecoming Hop is the product of a joint effort of MIRHC, Shaw Hall and Brody Radio Service, according to MIRHC president Henry Grubel.

## Coeds Get Special Pers for 'Rivalry'

AWS has granted 10:30 plus to coeds for the production of "Rivalry."

The Executive Council of Judiciary will meet with sorority dinner managers on Thursday at 7 p.m. in the AWS office.

## Explosions Also Injure Vietnamese

### Washington Says Reds Back Attack

SAIGON, Viet Nam (AP)—Terrorist bombs injured 13 U. S. servicemen and a Vietnamese Tuesday in the first anti-American outbreak in Viet Nam in two years.

The time bombs ripped a U. S. information agency (USIA) building, a military bus and a hospital.

The explosions scattered the bones of a Colombo Plan mix-up of Asian and Western nations in Saigon. Officials said the attacks were designed to embarrass President Ngo Dinh Diem's pro-American government.

Washington officials laid the attacks to Communist agents. No one was killed, but two of the American wounded were reported in serious condition. Eight of the U. S. wounded were flown to the Clark Field Military Hospital in Manila.

The bomb in the USIA library exploded during the siesta hour when the building was empty. The other explosions occurred only a few minutes apart in Union, Saigon's twin city.

An eyewitness reported about a dozen soldiers and officers, attached to the U. S. Military Assistance Advisory Group (MAAG) training South Viet Nam's army, had come out of the Metropolitan Hotel and had just entered a military bus. He added:

"They were seeing themselves when the rear of an explosion tore past my face, blowing out the hotel windows. One man on the bus steps was blown across the sidewalk. The bomb was placed in the engine of the bus and blew the inside out."

In the military hostel, the bomb had been hidden in a flowerpot. The explosion shattered one of the walls and damaged an automobile parked in front of the building. Four U.S. soldiers in the building were hurt.

In the Saigon USIA library, the bomb apparently had been secreted behind some books. A rising explosion ripped a gaping hole in the wall and destroyed desks, chairs and bookshelves.

President Diem was quick to express regret. The incident was embarrassing to his government, host to a ministerial meeting of the 21-nation Colombo Plan founded in 1950 by Britain and Australia to help southeast Asian nations improve their economies. The United States is a donor nation.

North Viet Nam was overrun in 1954 by Ho Chi Minh's Indo-Chinese Communists. The United States has been supporting the government in the south with separate financial and military programs.

U. S. authorities consider South Viet Nam one of the least anti-American countries in the world. But there is a huge refugee population of more than a half million from the north or near Saigon. It would not be difficult for agents from the north to execute a bomb plot.

Two years ago, Communists See VIET NAM, Page 3.

## Torch Marathon Sparks 'Spirit' For Homecoming

A torch marathon and bonfire will highlight the Homecoming pep rally planned by Spartan Spirit at 7:30 Friday night.

The rally will start off with a torch marathon down Grand River.

Auditor General William Szewanski will light the torch at the capitol. Both Lansing and East Lansing have approved the route of the marathon.

Billed as the top entertainment attraction at the handsbell this week will be the Gaylords, popular Detroit recording group. Athletic Director Biggie Munn, Coach Duffy Daugherty, team members, the cheerleaders, and the Activity Band will also be on hand.

## 'Senior of the Week' Petitions Due Today

All petitions for the "Senior of the Week" competition must be submitted by 5 p.m. today in the box at the Union desk.

Blanks for those who have not yet petitioned and wish to do so may still be obtained at the desk.

## Dr. Idzerda Talks In West Virginia

Dr. Stanley J. Idzerda, director of MSU's Honors College, is to be a guest panel speaker today at West Virginia Wesleyan College.

The panel, composed of leading educators from throughout the Eastern United States, will discuss "The Renaissance of American Idealism in Liberal Arts Education."

The program is part of a week's activities to be climaxed Friday by the inauguration of Wesleyan's 11th president, Dr. Stanley B. Martin.

## Harvard Graduate Praises Polygamy

**EDITORS NOTE:** The following column appeared in the New York Herald Tribune under the heading "In Praise of Polygamy." It was written by Francis T. P. Plimpton. "You may have heard something from New York, I was subjected to a most interesting experience, my wife read me the following article in this month's 'Harper's.' It is by a member of the class of 1917, by the name of Charles Wesley Cole, the president of his college. It is entitled 'American Youth Goes Monogamous.'

The article points to the condition of our nation, and it is a most lamentable state it is. It appears that each of our fasten upon one unfortunate female, and forsaking all others, bring her and her alone to each name, each on his part, each dance.

Further more, the hapless creature has to dance with you, and you alone, during the long hours of slow and mournful polka music, which, to appear to believe constitutes dancing.

This, I understand, is known as "going steady," and is not only of English grammar, but also of the most elementary principles of biology.

It is punctuated, according to your president, by a monotonous ceremony known as "pining," in which the female is accompanied by a miscellaneous jewelry to the accompaniment of solemn church chants. This of course leads, with the inevitability of a creek tripping, to matrimony.

Now, GENTLEMEN, since I am a lawyer you will not want me to neglect the legal aspects of your situation, and I am bound to say that they are serious. Suppose that one of you imports a young lady to these precincts, and let us further suppose that she is in the fine old legal phrase, "clothed with the public interest." What happens? The public interest, whether due to clothes or lack of clothes, is intense, but what do you do? Flouting that public interest you suppress all competition and tend to create a monopoly.

Needless to say, gentlemen, this is an unlawful restraint of trade and a flagrant and willful violation of the Sherman Act and perhaps of the Mann Act, subjecting you to servitude that is penal as well as matrimonial and to triple damage suits at the hands of your aggrieved competitors.

Gentlemen, such sad state of monotonous monogamy has not always prevailed in this farrest of colleges. In "the golden haze of (my) college days" (deathless phrase), a man who brought the same girl to every dance was rightfully regarded as a man without resources, without imagination, without elan vital.

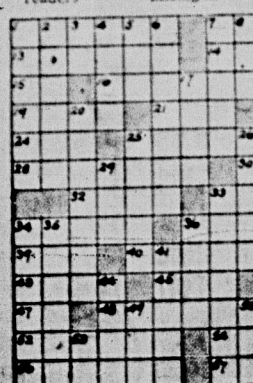

It was a matter of pride with us to provide ourselves and our friends and admirers with the spice of variety. For one dance, a charmer from Smith; for the next, a lithe damsel from Mount Holyoke; for the next, a lissome lass from Poughkeepsie; and, glorious climax, a debutante of glow and glamour from the ornolu ballroom of the now defunct Ritz Carlton. If we did any pinning it was to pin them in a corner and not for any purpose connected with the decorative arts.

And, gentlemen, we did not shrink from fair competition, the life of trade. The American spirit of free enterprise had free play, and play it did. The lordly stag now, alas, almost extinct, was then monarch of all he surveyed, as he enjoyed what should be the inalienable rights of every young American male, the rights of life, liberty, and the happiness of pursuit.

Yes, those were great days, and I commend to you, gentlemen, the lessons of that glorious past. Let not these honored traditions fade! Undergraduates of the World, arise—you have nothing to lose but your silk and nylon chains!

## Letters To The Editor

### Alley-less Bowler Complains

**To the Editor:**  
I have heard a great deal about the facilities of this university and all of the great recreational facilities and especially about the facilities of the Union.

I tried to take advantage of some of the facilities Friday evening in the form of bowling. Some possibly people get to bowl first come, first served by a system of numbers. When I arrived at the bowling alley at 9 p.m., number 33 had just been called. My number was 41. Since only number 33 had been called by 9:30 I decided to go to the kitchen for a coke.

When I returned from the grill, I noticed that at least two lanes that I had watched before had changed hands and an alley that was previously not being used was now in use.

I also noticed that the group that had come in ahead of me and gotten number 40 was also bowling, but upon inquiry I found that only number 33 had been called. I waited for some time and another new alley opened up and still no number had been called.

When a group finally left, I noticed a young man go up to the counter, get his score sheet, and start to bowl but when I inquired at the counter as to what number was next I was told that number 36 was still next.

At this point I left because I decided that after waiting an hour and a half, seeing six alleys change hands and only two numbers having been called, there did not seem to be a chance for an honest person.

It is a pity that things are run here. I certainly am disappointed. In this way to the Union and the great recreational facilities of this university. As a university employee, I was thus disappointed and disappointed.

Name withheld by request

**Angels of Mercy?**

**To the Editor:**  
I have just returned from rushing my neighbor's little boy to the hospital. He was having convulsions. Olin, being the nearest place I could think of to receive medical help, is where we went.

The boy's breathing was irregular and he didn't seem to know that it was his father holding him. As we ran into Olin the child was living limp in his father's arms. We asked a nurse if any doctors were in and she said they were but we should take the boy to Sparrow because they could do nothing for him at Olin.

I thought part of the medical code was to save human life whenever possible. I am a doctor, but told us at Sparrow Hospital I wasn't sure the boy would live.

Don't the doctors at Olin know how to care for children or is there some college policy that says they can't save a life if it's not that of a college student?

Lester Osseward

### Interpreting the News

## Soviet Press Assails U. S.

By THOMAS F. WHITNEY

The Soviet propaganda machine day after day is feeding Russians a diet of rumors, commentary and scare headlines to convince them America and Turkey plan war on Syria.

"Cut short the intrigues of the aggressors," Pravda exhorts in an editorial. "Pravda's analysis of American schemes to invade Syria and demanding these and other things to occur about this or that subject of the Moscow press recently."

Here is the news as presented to Russian readers: The United States has been concentrating, since World War I, on the eastern Mediterranean, on the approach to Syria and sending large quantities of arms to Turkey.

Turkey is concentrating troops on the Syrian frontier in violation of the League of Nations.

The United States and Turkey have a fully elaborated plan for the invasion of Syria. Details of this plan were worked out by U. S. diplomat Leo Hesterson on his journey about the Middle East recently.

"Freedom-loving Middle Syria is feverishly preparing to repel the planned attack."

Freedom's Patron. The Soviet Union together with the entire peace camp stands ready to defend Syria against the planned attack. This has earned the would-be aggressors no hostility.

It is not known how seriously Russia as a whole are concerned with Syria. They have other things to worry about besides Syria, such as the war of nerves. But in the event they do read their press they are bound to have the impression that Syria is an important element of a Turkish invasion planned and sponsored by the United States.

And that, from the way of handling that the Soviet press handles, and unfortunately, propaganda of the Soviet Communist Party.

# Hoffa Still Barred From Position

## Judge Lets To Issue Injunction

Action Sets Stage For Court Battle

WASHINGTON (AP)—Federal District Judge F. Dickson Letts Tuesday extended his ban against James R. Hoffa's taking over as president of the Teamsters Union. This set the stage for a further court battle.

Letts capped two days of heated arguments between attorneys for the one and one-half million-member union and a 13-man, anti-Hoffa New York Teamsters group by announcing that he will sign a preliminary injunction this morning.

The injunction will continue, and the case is tried on its merits, a temporary ban which the 82-year-old judge had issued to keep Hoffa from succeeding Dave Beck in the union's top job.

The rank-and-file New York group claimed the recent Teamsters convention which named Hoffa president was rigged in Hoffa's favor. It had asked for the ban, and wanted the union put under court-appointed regulators pending a new election.

Letts said his injunction would also include "certain other provisions" besides keeping Hoffa from the presidency, but he did not specify what. He said he would confer with attorneys today on the date for a trial.

Christy Schmidt, attorney for the New York dissidents, said he will demand that the judge's order provide for a master in equity to supervise all major union decisions and money expenditures.

Schmidt said he will also ask Letts to name the master as an official mediator between the union and the court, and will request that the master be designated to hear complaints of union members against the leadership.

Martin O'Donoghue, counsel for the union, declined comment until he sees what will be in Letts' new order. He indicated he may appeal the ruling in advance of the trial.

Schmidt and O'Donoghue traded verbal words in their court fight earlier in the day. Schmidt accused union Secretary-Treasurer John F. Fiochio of lying in his oath. O'Donoghue charged that Chairman John L. McClellan (D-Ark.) of the Senate Rackets Investigating Committee and Robert J. Kennedy, the committee chairman, had not done all that is demanded of them by the union president.

In Chicago, the Teamsters' executive board huddled in closed session for nearly three hours.

Letts said Hoffa made an admission that he had been involved in the union's financial problems. He said Hoffa had admitted that he had been involved in the union's financial problems.

### Accuses West of Scheming

## UN Launches Bitter Debate; Syria: 'Turks Ready Attack'

UNITED NATIONS, N.Y. (AP)—The United Nations launched a bitter Middle East debate Tuesday without waiting for the outcome of efforts by King Saud of Saudi Arabia to mediate the Syrian-Turkish crisis.

Syria declared anew that Turkey was about to launch an attack across the Syrian border, and accused the United States and other Western nations of trying to pit Arab countries one against the other.

The Soviet Union, vociferously supporting the Syrian position, declared that the world would be faced by "trifling events" if it failed to resolve the Syrian-Turkish crisis.

Turkey announced to the 22-nation General Assembly that Ministers of State Fatih Zulu was already on his way to Saudi Arabia, and asked that the debate be delayed.

But Ambassador Seyfollah Eain refused to press for a vote.

### Ag Board Names New Educational Staff Members

Appointment of Dr. Milosh Muntyan as assistant dean in charge of curriculum and instruction in the College of Education at MSU was made by the State Board of Agriculture at their October meeting.

Acting on recommendation from Dean Clifford E. Erickson, the board approved several changes within the College of Education, including transfer of the department of vocational education to the department of teacher education.

Dr. C. S. Brembeck was appointed professor and head of the department of education and William H. Hawley was appointed professor and head of the department of teacher education.

These changes are a part of the streamlining of the organization of the College of Education, according to Dean Erickson, and will take effect Nov. 1.

## Unfairness With Union Revealed

### Senate Hearing Uncovers Plots

WASHINGTON (AP)—An official of Morton Frozen Foods, Inc., told the Senate Rackets Investigating Committee Tuesday he worked secretly to keep a union out of Morton's plant at Webster City, Iowa, then encouraged the efforts of another union.

Other witnesses testified the union union. The Bakery Workers' union in Army post contact with Morton's. And the company official, Keith Brown, testified wages would have been considerably higher than they are now had the organizing drive of the first union been successful.

One of the other witnesses, Mrs. Phyllis Rine, testified she was requested to resign as secretary to the general manager of the Webster City plant after she conspired with the Rackets Investigating Committee.

"You think you lost your job simply because you cooperated with this committee?" asked chairman Sen. John L. McClellan (D-Ark.).

"I honestly don't know," she replied.

Burns, former general manager at Webster City, said Morton hired Nathan W. Shefferman, a Chicago consultant who figured in earlier committee hearings to block the 1953 drive of the Bakery Workers.

He said Shefferman agents also were used by Morton to help the Bakery Workers sign up plant employees a year later.

He noted that after the Bakery Workers drive failed, the Webster City plant became part of the big Continental Baking Co. He said Continental had contracts throughout the country with the Bakery Union.

The committee recently investigated a corruption charge against Bakery Union officials. The union faces suspension from the AFL-CIO which has called it corruptly administered.

When the Bakers first tried to organize at Webster City, Burns said they had difficulties. He said Continental decided to send in a Shefferman agent to help the union.

Sharpshooting six-year-old Bill Moore, 45 inches high, displays a 47 1/2 inch long diamond-back rattlesnake which he shot and killed last Monday north of Mathis, Texas.

### Safety Director To Address Vets

LEF Arthur Brandt, director of campus public safety, will be the speaker at the Vets Club meeting tonight at 7:30 in the Music Auditorium.

In addition the color films of the MSU football team will be shown with football player Joe Carruthers providing the narration.

# Cagers Preparing for Opener

The season opener is more than five weeks away but Michigan State's Big 10 co-champion basketball squad already is busy in preparation for it.

Captain Forney Anderson has 21 athletes in daily workouts at Jen's Gym as he readies for his fourth season here at Michigan State. The squad members are on a strict "time schedule" designed to have them set to open against Butler University here Saturday, Dec. 7.

The Butler game will be the first of eight non-league contests for the Spartans preceding the opening of Big 10 play the first week in January.

Included in the working group are five lettermen from the 1956-57 club that enjoyed a tremendous season. That unit capped a great comeback by winning a share of the conference crown and then going on to finish fourth in the NCAA championship series.

The lettermen are center assistant John Green, forwards Don Anderson and Larry Heston, center Chuck Beneke and

guard Dave Scott. Several promising newcomers also are in the group, including forwards Hance Walker and Lance Olson, and guard Larry Fanning.

At this stage of workouts, Anderson has his squad doing a lot of running to build up the legs and endurance and also concentrating on free throw shooting.

By the end of the week, he plans to have the team working a full two hours a day and getting into the other phases of the game.

## Spieser-Moore To Sign Today

DETROIT (AP)—The manager of Light Heavyweight boxer Chuck Spieser said Tuesday he and Archie Moore's co-managers will sign today for a title fight between Spieser and Moore in Detroit "early in January."

The signing will take place this afternoon in the offices of the Michigan Boxing Commission. Joe Spieser, brother and manager of the fourth-ranked contender, said he will sign for his brother and that Jack (Doc) Kearns and Charley Johnston will sign for Moore.

"It's not necessary for the fighters to sign at all," said Joe Spieser. "Archie agreed to our terms and the fight is on."

## IM Results

- And God said, "Let there be rain," and so it did. Hence, all IM football games were cancelled Tuesday night. But fear not, for ye old IM office shall reschedule them all.

## Frick Approached

MONTREAL (AP)—The International Baseball League approached Baseball Commissioner Ford Frick about the Brooklyn franchise but "We were told we couldn't go in there," International League President Frank Shaughnessy said Tuesday.

Shaughnessy said he had told Bill McDonald of Miami Beach, owner of Tampa in the Florida State League, "That we'd like to see you in there (Brooklyn), but the commissioner said we couldn't go."

McDonald had expressed interest in operating an international league franchise in Brooklyn, said Shaughnessy.

Five days ago when the subject of a new Brooklyn franchise was mentioned, Frick told the Associated Press the matter of territorial rights in the New York area would be tabled until the Giants and Dodgers have come to an agreement with the Pacific Coast League.

"Until the Giants have completed their move to San Francisco and the Dodgers to Los Angeles nothing will be done," said Frick. "After they move, there will be a 15 day waiting period and then New York will become American League territory under terms of the present rule."

"It would take the consent of the American League clubs to permit a team from another league to invade that territory," the Commissioner added.

## Jersey City Seeks Tenant

JERSEY CITY, N.J. (AP)— Parks Commissioner Bernard J. Berry said Tuesday he has offered three National League baseball teams the use of Roosevelt Stadium.

Berry said he has sent letters to the presidents of the Philadelphia, Cincinnati and Pittsburgh clubs asking if they would be interested in using the 25,000-seat stadium either permanently or part time.

None has answered as yet.

The commissioner said Jersey City is interested in having a major league team here permanently. But if that isn't possible, he added, the city will seek a part-time arrangement.

The Brooklyn Dodgers were part-time tenants of the stadium for two years before their transfer to Los Angeles.

Last week the International League declared its intention to return to Jersey City. The league had several ball clubs here, the last one in 1950.

## Nationwide Gridiron News

By the Associated Press

### Oosterbaan Through?

CHICAGO — The Sun-Times reported Tuesday "on excellent authority" that Bennie Oosterbaan will step down as Michigan's head football coach at the end of the present season.

In Ann Arbor, Coach Oosterbaan said, "There's nothing to it, either now or in the foreseeable future."

"It is reported on excellent authority," said the newspaper, "that Bennie's mind already is made up, that he'll forsake the coaching ranks at the close of the 1957 campaign to become assistant to Athletic Director H. O. (Fritz) Crisler. His successor is to be Chalmer's (Bumps) Elliott, imported from Iowa this year as backfield coach."

"Neither Oosterbaan nor Crisler will confirm the report," continued the story. "But if Oosterbaan, already crushed, 35-6 by intra-state rival Michigan State, fails to regain the Little Brown Jug from the Gophers at Minnesota Saturday, his course may be dictated."

"There is nothing wrong with Oosterbaan's record at Michigan. But as one person close to the situation expressed it, 'Bennie's had it. Ten Big 10 seasons is a tough grind for any coach. And there are many who think it time another man ought to take a turn at it.'"

### 11 Remain Undefeated

Eleven major college football teams still can boast all winning records with about half the season left. Last week's epidemic of upsets took a heavy toll on the unbeaten, and untied elevens.

An Associated Press survey Tuesday showed that the major schools with perfect slates included only Duke, Mississippi, Texas A&M, with five victories each, Oklahoma, Dartmouth, Auburn, Iowa, Arizona State, Texas Western and Drake, with four wins each, and Notre Dame with three.

### Ivy League's Best

NEW YORK — Frank Finney, pinpoint-passing Brown quarterback, strengthened his hold on the Ivy League ground-gaining lead last Saturday when he paced Brown to a 20-7 victory over Pennsylvania.

Official Ivy League statistics released Tuesday show Finney in first place in total offense, forward passing and scoring. In addition, Brown, with a 2-2 league record, has three of the five leading pass receivers, two of the top five punters and the No. 2 rushing back.

Finney, who produced 144 yards by passing and running against Penn, leads in total offense with 428 yards on 77 plays. He has completed 24 of 50 passes for 334 yards and has scored 18 points, but hasn't thrown a touchdown pass.

### And Here at MSU

By MARY HUFF

The annual Powder Puff Bowl football game, between Delta Gamma and Gamma Phi Beta sororities, has been scheduled for Saturday, Nov. 16. The game, always a rugged contest, will be played on Old College Field at 10 a.m.

Due to a traditional agreement that team practice cannot begin until two weeks before the game, teams have not yet been chosen.

Halftime entertainment at the affair will feature the crowning of Miss Powder Puff, selected from fraternity entries. Each campus fraternity sends one of its members to vie for the coveted title.

The game, in which only coeds are allowed to play, will be open to all spectators.

# Football Roundup - Past and Present

Bob Winters, Utah State University quarterback, shows passing form which has put him at lead of nation's aerial ground games with 43 completions in 40 attempts for a gain of 577 yards in four games.

Minnesota back Bobby Cox (12) got into this fix in final quarter against Illinois Saturday as he tried to recover a dropped pass. Illinois tackle Ron Nietupski, left, skidded under Cox, Illinois, the supposedly underdog in the contest, jolted Minnesota, 34-13. The Illini meet the Spartans here Saturday.

Frank Geremia, Notre Dame tackle, has been named Lineman of the Week in the poll by the Associated Press. Geremia, a junior from Sacramento, Calif., was named for his work in the Notre Dame victory over Army Oct. 12.

## Starts at Left End Williams Outhustled Them All

When the Michigan State preseason guess at a three-deep lineup for this fall was published last August, big 238-pound end Sam Williams was rated higher than third string.

By the time the first game of the season rolled around in fact by the end of the first week of fall practice Williams was playing on the first team.

Sam outhustled Tony Koller and Bob Jewett to earn the starter's job at left end.

Spartan fans all over the country heard of Sam as early as 1953. When the name Sam Williams, end, Michigan State, appeared in newspapers as a Los Angeles Rams draft choice, readers asked, "Who's Sam Williams?"

Williams entered State in 1949 and left to join the navy after playing six weeks with the freshman team. He thus was eligible for the pro draft when his class graduated in 1953. Scouts noticed him while he was playing football at Pensacola Naval Air Station.

After the first four games of the current season State fans are no longer asking, "Who's Williams?" He's that 6-3 hunk of football player that makes State's left end a head end street for opposing traffic.

In the two top flankers, Dave Kaiser and Williams, the Spartans have one of the finest offensive-defensive end combinations in the nation.

Kaiser, whom Duff Daugherty rated as one of the best all-around ends in the country as a sophomore, is just a shade ahead of big Sam in pass receiving this season. In the first four games Sam caught eight passes for 149 yards to 12 for 180 the Dave. Williams has the edge in scoring with three touchdowns to Kaiser's one.

Williams' great defensive play continued over into this season. He was a thorn in the side of Michigan backs in the Spartans' 38-6 romp over their ancient

SAM WILLIAMS reached top fast

into his own defensively in the final contest of the season against Kansas State.

In that game with the Wildcats, Williams broke through three times to throw Kaiser, State backs for a loss. Sam kicked off twice. Once he booted 46 yards and came down field to tackle the ball carrier after he had picked up only five yards.

Williams' great defensive play continued over into this season. He was a thorn in the side of Michigan backs in the Spartans' 38-6 romp over their ancient

ivals. He also scored against the Wolverines, as he did against California and Purdue.

Spartan fans might be relieved to find Dave Kaiser gone from his flanker post next season but they will get no relief on the left end. Williams is only a junior and he will be back to harass the opposition again in 1954.

The 6-3 veteran is married and he and his wife live on the State campus.

## In Wake of Big 10 Upsets Rose Bowl Race Wide-Open

### Schedule Gives Edge To OSU.

Play 7 Big 10 Tilt To Spartan's Six

CHICAGO (AP)—Two upsets last week put a curve in the Rose Bowl race—in Big 10 football but, if a team were to be assigned the driver's seat at this time, it could be Ohio State.

When a lone Purdue knocked off unbeaten and top-ranked Michigan State 29-19 and Illinois, 24-13, Homecoming week of four-year-old Minnesota, the first in the Rose Bowl series, a human respect for OSU was highly favored to represent the Big 10 at Pasadena in the New Year's classic and the very much in contention.

Minnesota was a slight likely choice simply because it faced an unprecedented schedule of playing eight straight conference games.

Ohio State always was considered but did not have prime status after being jolted by Texas Christian in its season opener.

Iowa, the only unbeaten team in Big 10 play along with Ohio State, may resist for the championship but is ineligible to enter in the Rose Bowl after appearing there last season.

At this point, Michigan, Wisconsin and Illinois also must be considered since each has lost only one conference game.

With the exception of Indiana and possibly Northwestern, the Big 10 has exceptional balance this season. More upsets are bound to come.

On the basis of the forthcoming schedule, Ohio State appears in the best position. The driver's seat, however, easily could be the hot seat.

Since the Big 10-Pacific Coast Conference bowl series was started in 1947, only twice has the Big 10 representative not been a champion or co-champion.

Northwestern finished second in the title campaign in 1948 and defeated California 20-14 at Pasadena. Michigan State was runner-up in 1953 and edged UCLA 17-14.

The only Big 10 loss in the series was in the 1953 game when Wisconsin was dropped by Southern California. The Badgers had shared the Big 10 crown with Purdue and won the bowl trip on a vote.

Ohio State has defeated Illi-

New York Giants' end Bob Schmeidler grabs a pass in the end zone, despite defensive efforts of Pittsburgh Steelers' back Fred Brune in the first period at Yankee Stadium Sunday. The 16-yard pass was thrown by quarterback Chuck Conerly. Giants won, 35-0.

nois and Indiana and has five more conference games remaining starting with Wisconsin Saturday and following with Northwestern, Purdue, Iowa and Michigan. The Buckeyes, who trimmed California 17-14 in the 1956 Rose Bowl and USC 20-7 in 1955, have a break in that they don't play Michigan State or Minnesota.

Ohio State also has the advantage over Michigan State of playing a seven-game Big 10 slate, one loss from here out would leave the Buckeyes with a 6-1 record. The Spartans have only a six-game slate, could finish at best with 5-1.

Seven-game schedules also are played by Michigan, Wisconsin and Illinois — each of whom have one defeat.

Upsets lurk all along the way for the contenders. Saturday's

### American Boxer Tops Englishman

LONDON (AP)—Willie Past-rano of New Orleans, a magnificent boxer with lightning hands, jabbed Britain's Dick Richardson into a blood-dripping wreck Tuesday night to win a solid 10-round decision in a heavyweight bout.

### Spartans Drop to 8th Iowa, Buffs, Utah Tops on Offense

Iowa, Colorado and Utah are the leading offense teams in college football and Saturday's Colorado-Oklahoma game shapes up as a head-on meeting between two of the most potent attacks in the college game.

After a near-record romp against Kansas State last week, the Colorado Buffs moved into the lead among major college teams in rushing and third in total offense. Unbeaten Oklahoma, which came close to the Buffs' figures in whipping Kansas, now is 10th in total offense and sixth in ground attack.

Tuning up for the effort to stop the Souther winning streak at 44 straight, Colorado ran for 476 yards and passed for 169 in its 42-14 victory over Kansas State. The 647-yard total was just one short of the season's one-game high, made by Iowa against Utah State.

Oklahoma, national leader in rushing and total offense for the past two seasons, gained 511 yards—418 by rushing—in its 47-0 victory over Kansas.

Iowa's defying Big 10 champions gained only 336 yards in beating Wisconsin, 21-7, far below their season average. But Michigan State, after leading in total offense for only one week, fared even worse in losing to Purdue and slipped to second place in the overall standings.

Iowa now shows an average of 455.5 yards per game in total offense, compared to 449.3 for Michigan State and 431.2 for Colorado.

In rushing, Colorado has a 333.2 yards per game average—

up from 297 the week before—while Michigan State, on top a week ago, dropped to eighth place at 284.5 after gaining only 115 yards on the ground against Purdue.

Two southern teams, Mississippi and Duke, are Colorado's nearest rushing rivals with averages of 328.8 and 322.0 yards per game.

Iowa also retained the major college scoring lead although the 21 points against Wisconsin was well below its 39.5 per game average. Then came Mississippi at 34.2, Wisconsin, 33.8, Oklahoma, 33.5 (up from 10th place); Ohio State and Arizona State, each 31.5; South Carolina, 31.3; Michigan State and Minnesota, each 30.3, and Boston University, 30.

## Brownell Discusses Little Rock

### Urges Reliance On World Court

HARTFORD, Conn. (AP) — Atty. Gen. Herbert Brownell Tuesday night listed the Little Rock school difficulty with previous instances in which he said various U. S. Presidents have had to take firm measures to "dispel defiance of the federal law."

Obedience to Supreme Court decrees, Brownell added, "is the sturdy foundation upon which our country's stability, success and freedom have long rested." The Attorney General made his first public statement about Little Rock's racial integration troubles in a speech prepared for the Connecticut State Bar Assn.

Mostly, Brownell expanded on a theme he advanced before the American Bar Assn. in London last July—that there must be increasing reliance on international law and the World Court at The Hague to settle disputes between nations.

He went on to say that a pattern for settling world controversies could be found in the history of this country, whose individual states have had many and sometimes bitter quarrels over boundary lines, water rights and debt claims.

"In each case," Brownell said, "the Supreme Court was called on to settle the dispute in such a way as to establish justice between them. In each controversy the judgment of the court was obeyed however much a state disagreed with it," he added.

"There have, unhappily, been a few instances which have called the use of sanctions to vindicate the paramount authority of the federal constitution." The Attorney General said Shays' Rebellion of debtors in New England in 1786 prompted congress in 1792 to authorize the President to use military force "to put down unlawful obstruction against the authority of the United States."

## Two Scientists To Give Talks

Two members of MSU's department of physics and astronomy will present papers before scientific meetings this week.

Dr. Harry M. Bendler will give a paper before the Michigan Chapter of the American Crystallographic Assn. meeting Friday at the General Motors Technical Center in Detroit. His topic is "Moire Patterns in Electron Micrographs."

Dr. Walter H. Tanntula will present an invited paper Thursday at a meeting of the American Acoustical Society in Ann Arbor. His talk concerns "Acoustically Induced Transitions Between Nuclear Spin Levels."

## Feuds Delay Formation Of Adenauer Cabinet

BONN, Germany. (AP) — Konrad Adenauer, 81, was elected to his third term as West German Chancellor Tuesday, but feuding among his supporters delayed formation of his cabinet.

The lower house (Bundestag) formally re-elected Adenauer for another four years 274-192. There were nine absences. His confirmation had been a foregone conclusion ever since his Christian Democratic Party won an absolute majority in the lower house in the Sept. 15 general election. He has held office without a break since 1949, when the West German Republic was founded.

The remaining business — announcement of Adenauer's cabinet and presentation of the new government's program to Parliament — did not go so smoothly. Differences arose over who should hold some posts, and especially over the future of former Finance Minister Fritz Schäffer. The chancellor put off the announcement of his cabinet and program until next Tuesday.

A leading Christian Democrat, Will Rasner, told newsmen the chief obstacle to forming a cabinet was Schäffer's failure to accept of referee Adenauer's offer to move him upstairs to become chancellor with responsibility for federal assets.

Marita Lindahl, 18, of Finland, a statuesque blonde who is a pediatricist by profession, wears crown and robes after being chosen Miss World in London contest last Monday. She's 5 feet 7 1/2 inches, weighs 136 pounds and is contoured 37-22 1/2-37.
