Dulles Cuts Short Vacation, Enters Walter Reed Hospital

Treatment Response Seen Poor

He Hopes Dulles Can Go to Geneva

WASHINGTON (AP)—John Foster Dulles returned to Walter Reed Army Hospital Sunday amid authoritative reports President Eisenhower has received discouraging word on the secretary of state's fight against cancer.

A high republican official said Eisenhower was informed several days ago that Dulles was not responding as well as had been hoped to massive radiation treatments he underwent before leaving for Florida ten weeks ago.

Looking haggard and underweight, Dulles arrived unexpectedly aboard the president's private plane, Columbine III, for what his doctors called a further period of medical observation.

He checked into the hospital immediately. Top aides were plainly worried about the prospect Dulles could ever return to his state department desk.

Eisenhower was reported to be very concerned about Dulles' condition after having been told the secretary would have to remain in Washington for additional treatments for abdominal cancer.

The president was quoted as saying that this was very disappointing to him but that he still believed there was a chance Dulles could continue to make himself available as an advisor for the Big Four Foreign Ministers conference opening at Geneva on May 11.

Dulles has shown an unusual ability to gain back from previous illnesses, including an operation nearly two years ago to remove a cancerous portion of his colon was removed.

In these circumstances, this Republican official predicted Eisenhower will not move in any way to replace Dulles as secretary of state unless Dulles himself tells the President that he feels incapable of carrying on.

If that should happen the odds are little doubt that Eisenhower would name Christian Herter, now the acting secretary of state, to the top post.

Herter apparently would be fully acceptable to the Senate, which would have to confirm his nomination.

Industrial Democratic senators said they had not been informed of any anticipated change in Dulles' status.

AOCSS to Hold Meeting in Union

The AOCSS will hold its first meeting of the spring term Tuesday evening at 7:30 in 32 Union. Prospective members will be recruited at that time and new officers will be nominated. Plans for a car wash and participation in the water carnival will also be discussed.

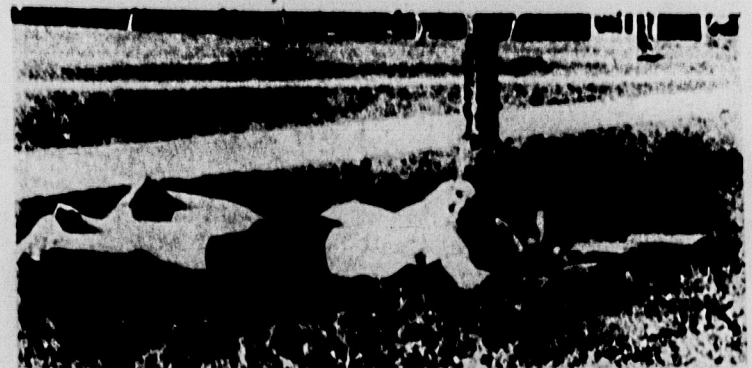

AOCSS gives local students an opportunity to work together in groups and to gain leadership in communities. New members are welcomed.

Auditions Slated For Senior Show

Auditions for the senior class touring show will be held Wednesday, 7:30-10 p.m. in room 43 Union.

The variety show will begin its tour later this term and visit about 10 institutions in the state, including Jackson prison and veterans hospital.

All students with talent are eligible to try out with the group.

WITH FLORIDA SUNTANS fading, these coeds are seeking the sun while studying outside Phillips Hall. They are (l-r) Nancy Stratton, Warren city freshman, Margaret Narmore, Lansing freshman, and Judy Knoll, Kalamazoo freshman.

Petitions Available For Offices

Deadline Nears For Applications

Petitioning for candidates for all-university offices ends Thursday at 5 p.m. Reinhard Schumann, elections commissioner, announced Sunday.

Primary elections will be held in all residence halls and in the Union for off-campus students April 23. Finals have been scheduled for April 30.

Office-holders to be elected in the annual spring balloting are: AUSG president, president, vice-president, secretary and treasurer of the senior, junior and sophomore classes and Student Congress representatives from each residence hall, fraternities, sororities, East Lansing, Lansing, rooms and married housing.

Petitions may be obtained in the elections office, 328 Student Services. Completed petitions are to be returned to this office as soon as possible.

Prospective candidates must have at least a 2.35 all-college average and meet specific requirements for each of the positions.

Members of the elections commission will be in the office to distribute and accept petitions and to answer questions Monday through Thursday, 11 a.m. to 5 p.m.

Six petitions have been turned in to date, from candidates for the following offices: AUSG president, senior class vice-president, Student Congress representatives from North Campbell (2), South Campbell and East Lansing.

All candidates, or their campaign managers, will meet Thursday at 7 p.m. in 328 Student Services.

Dr. LaPalombara Injured at Home

Dr. Joseph LaPalombara head of political science, was taken to a Lansing hospital by ambulance early Sunday evening after he had fallen in his home. X-rays were taken and his condition was listed as not serious.

He had been working in his home when the foot stool he was standing on slipped out from under him. He returned to his home Sunday.

Married Housing Office on April 21, 6:30 p.m.-9 p.m.

Olivia Health Center on April 22, 8:30 a.m.-11:30 p.m.

Anthony Hall on April 23, 2-5 p.m.

Spartan Village laundry on April 23, 6:30-9 p.m.

University Village laundry on April 23, 6:30-9 p.m.

Staff Urged To Utilize Chest X-ray

All faculty, staff, employees and student wives are urged to take advantage of the opportunity for a free chest x-ray.

Dr. Ralph Rubinkoff, Olin Health Center physician, is in charge of the Chest Disease Control Program which is sponsoring the chest x-ray drive.

In cooperation with the Ingalls County Chest Hospital, the mobile x-ray unit will be on campus next week. The location and hours of the mobile unit should be a convenience to those who take advantage of it.

All senior students are urged to obtain free chest x-rays from Olin Health Center before graduating, Rubinkoff said.

The Chest Disease Control Program of MSU has been limited only to students for the past two years. Many members of the faculty and staff of MSU had been reluctant because of possible damage of radiation.

The more recent techniques and shielding of x-rays should help overcome the concern of radiation, said Rubinkoff.

The conclusion drawn by a panel of leading medical men at the Michigan Tuberculosis Aven. Golden Anniversary was that "whatever hazard there is, in our opinion, the virtues of tuberculosis case finding considerably and tremendously outweigh the hazards of radiation."

The purpose of this chest x-ray survey is not only for tuberculosis, but for all chest diseases such as cancer, heart disease, and for other types of lung diseases.

The mobile x-ray unit will be at the following locations:

Married Housing Office on April 21, 6:30 p.m.-9 p.m.

Olivia Health Center on April 22, 8:30 a.m.-11:30 p.m.

Anthony Hall on April 23, 2-5 p.m.

Spartan Village laundry on April 23, 6:30-9 p.m.

University Village laundry on April 23, 6:30-9 p.m.

Child Badly Cut In Home Accident

Campus Police rushed a badly injured child to Sparrow Hospital at 8:30 Saturday night.

Gary Carlson, two and a half year old son of Mr. and Mrs. Robert Carlson of University Village, suffered bone-deep cuts in his left arm when he ran into and through a storm door in his home.

Mrs. Carlson called the campus police who applied a tourniquet to the boy's arm and rushed him to Sparrow Hospital where he received emergency treatment.

Gary was reported to be doing fine Sunday night.

LOOKS LIKE the State News photographer got ahead of the Red Cedar shore patrol to catch this couple strolling along the river's edge Sunday.

Tuesday Committee Invites Faculty to Talks On School Future

The Committee on the Future of the University is holding two evening meetings this week to provide opportunities for wide faculty participation in its deliberations. These meetings are scheduled for 7:30 p.m. in 292 Education Building.

On Tuesday discussion will center on problems of undergraduate education, including such subjects as the role of the Erie College, the academic advisor system, quality of instruction, and the training and recruiting of able and talented teachers.

On Thursday, problems of graduate education will be discussed, including suggestions on improving the present graduate program.

Faculty members who wish to present ideas and possible solutions in these problem areas may call the committee secretary on Ext. 3581 or write the committee at 292 Education Building.

Adoring Buddhists Greet Dalai Lama On Arrival in India Northeast Frontier

NEW DELHI (AP)—The Dalai Lama, Tibet's fugitive temporal and spiritual ruler, arrived at Bomdila in India's northeast frontier district Sunday and received a big welcome from adoring Buddhists.

Tibet followers jostled each other to get a glimpse of the god-king they believe to be a reincarnation of Buddha, and to touch his garments. People scooped up dust and leaves where he had trod, believing them to be healing balms for their illnesses.

The arrival of Bomdila, a 9,600-foot high Indian administrative center in the Hima-

East-West Tug-of-War Foreseen

In Approach Plan To Geneva Talks

LONDON (AP)—A diplomatic tug-of-war within the Western family is expected to come to a head in London Tuesday.

Delegates of the Western Powers meet there to decide on the approach for the coming East-West Foreign Ministers conference opening in Geneva May 11.

The lineup has Britain alone supporting some sort of accommodation with the communist world without announcement—a nasty word over here.

On the other side are West Germany and France, both strongly resisting a compromise approach. Both want a tough stand-fast policy in dealing with the Soviets. Anything less, they suggest, smacks of appeasement.

In the middle, somewhat in the role of a reluctant referee, is the United States, whose views are said to swing from the German and French stance but with a willingness to be swayed.

The British are reported to be thinking of a new regime for Berlin undertaken by the United Nations, a plan to re-orientation in central Europe and a suggestion that Europe and Germany should remain divided for an indefinite time to come.

Prime Minister Harold Macmillan's aids have spread the impression that Soviet Premier, Nikita Khrushchev may be willing to negotiate along these lines.

Polar Orbit Planned

WASHINGTON (AP)—The United States may attempt to launch two earth satellites this week—a polar orbiting discoverer and the first three-orbit Vanguard.

SMILING PRETTILY, Carol Nicholson, Le Roy, N.Y., sophomore, receives the trophy as the new Lambda Chi Alpha Junior 500 queen. Members of her court are (l-r) Nancy Johnson, Evergreen

To Reign Over Race Junior 500 Queen Announced

Carol Nicholson was named Lambda Chi Alpha Junior 500 queen at a banquet honoring the new queen and her court at the Lambda Chi Alpha house Sunday afternoon.

The 1959 queen and the four members of her court will reign over the 13th annual Junior 500 race scheduled for May 30.

Miss Nicholson, a sophomore from LeRoy, N.Y., is a member of Alpha Gamma Delta sorority, co-chairman of the Activities Carnival, a member of Fresh-Soph Council, active in AWS,

and a fifth course. The race originated in 1948 when the Lambda Chi's challenged other fraternities to a pushcart race. A year later the administration agreed to close off West Circle Drive for an hour. The event grew every year and is now being sponsored by other Lambda Chi chapters all across the country.

The four members of her court are Diane Anderson, Jean Cary, Nancy Johnson and Ellen McPeak.

Miss Anderson, a Kappa Alpha Theta pledge, freshman in elementary education from Lansing, is active in the Fresh-Soph Council and a member of Union Board.

Miss Cary, from Lansing has been honored by a number of

campus queen contests. In addition to being this year's Vets Sweetheart, she was a member of the Homecoming and Miss MSU courts.

Alpha Phi Nancy Johnson, majoring in retailing, is a junior from Evergreen Park, Ill.

Miss McPeak, a Kappa Alpha Theta pledge, is a freshman from Chagrin Falls, Ohio.

The Lambda Chi Junior 500 is an imitation in miniature of the Indianapolis 500 mile race which takes place on the same day. Last year, 40 campus living units entered their pushcarts in the annual spring term race around West Circle Drive.

Five relay runners take turns pushing their cart over the mile

Mixup Explained For Rush Parties This Weekend

As sororities and sorority rushes entered the final stage of rush this weekend before preference on Tuesday, some confusion marred the carefully arranged system of parties.

"To avoid any misunderstanding about party procedures during the party weekend, PanHel would like to explain that the sororities treated this part of rush in two different ways, both in accordance with PanHel ruling," said Sue Schiller, PanHel president.

Some of the sororities treated Saturday and Sunday as two separate stages, while others considered both days as part of one stage," she continued.

"In either case rushes should take all invitations to preference into consideration," she said.

The sororities will contact the rushes today.

Hoffa Promises Aid

HARRISBURG, Pa. (AP)—James Hoffa, president of the powerful Teamster's Union Sunday promised full support of his organization in any strike by steelworkers.

Indiana Rebel Beats Cuban Firing Squad

Given 48 Hours To Leave Cuba

HAVANA (AP)—Alan Robert Nye of Whiting, Ind., was sentenced to death by a military court Sunday on a charge of plotting to kill Fidel Castro, but left Cuba a free man less than 12 hours later.

The three-officer court suspended the sentence against the 31-year-old Korean War veteran on condition that he leave this island nation within 48 hours. Nye took a plane for New Orleans at 3:30 p.m.

The tribunal said he will go before a firing squad if he ever returns to Cuba.

Grim and gaunt, Nye denied all the accusations against him. He was impassive as usual when he boarded the plane, which flew on to Chicago from New Orleans.

Nye departed after a dispute over the legal fee of his Cuban lawyer, young Arturo Quintana Cabrera.

Quintana claimed he had not been paid. Sullivan, however, said Quintana was paid half the fee and given a note for the rest, payable within a week.

The Cuban lawyer told newsmen the dispute was settled by intervention of Jules Dubois, Chicago Tribune correspondent, who assured him he would get the money. Quintana said that otherwise he could have had the plane delayed.

Talks Slated In Humanities

The humanities department will sponsor a student discussion group Tuesday night at 8:30 in 42 Union.

The meeting is in response to requests by interested students. The purpose of the group, to be known as a student symposium, is to discuss with other students and visiting speakers some of the issues raised in the humanities course. The symposium is not designed to be a tutoring group.

Membership is open to all students interested in helping to plan, organize and participate in discussions relating to material from the humanities course. The programs, time, frequency of meetings and invitations to speakers will be handled by students in consultation with a member of the humanities staff. For any further information contact Dr. Sweetland, associate professor of humanities.

Russia Trains Students to Spy

Replica of American Town Used for Training Center

STOCKHOLM, Sweden—The Russians are training more than 1,000 top students for spying in America at a center in the Ukraine constructed as an exact copy of a small American town, a Swedish army journal said Sunday.

The journal, called "Kontinental," said the students in the Soviet spy center, Wuzhuzha, live the life of an average American student. They eat their meals in canteen restaurants which could be anywhere in the United States, Chicago or San Francisco. The menu lists only American dishes.

The account gave these details: The station picture in Wuzhuzha shows only Hollywood movies, and the stores sell only American articles. The students use Ford or Chevrolet for traffic rules. They study history of the United States, original American schools and they talk about baseball and the latest scandals.

The first stage in the training is devoted entirely to study of American dialects which must be able to speak fluently.

Profs Meyer, Edinger Talk On Viewpoint

Two Michigan State professors of political science came to the University of the Pacific in Stockton, Calif., last week to discuss their views on Soviet spies.

Prof. Lewis Edinger and Prof. Albert Meyer, authors of a book, "The Soviet Spies," expressed their views on the subject. Edinger is a professor of political science and Meyer is a professor of political science. They spoke at a meeting of the American Political Science Association.

The speaker pointed out that in central Europe, more than in most areas of the world, we have been satisfied to stand pat and wait for Soviet moves. We have clung to positions assumed under different military and political circumstances without considering whether they still have validity and whether we are prepared to fight for them.

The real issue is not Berlin, the political scientists stressed, but the future of Central Europe. A settlement on Berlin should be viewed as a test case which might well be discussed apart from the larger issues of German reunification, nuclear inspection and disarmament, issues which have proven non-negotiable at present.

MSU Junior Places In Advertising Contest

Jean Branton, East Lansing junior, received third prize in a recent national advertising contest. The contest was sponsored among leading colleges by Robinson-Cox.

Participating students submitted original copy and layout for an advertisement introducing the company's new butane fueled table lighters.

Two Profs Receive Grants

Dr. Joseph Meyer, MSU, has received a grant from the National Academy of Sciences, National Research Council to attend the International Congress of Physiological Sciences, Buenos Aires, Argentina in August.

The professor in the physiology and pharmacology department plans to present a paper on "Effects of Neurohormones on Mammary Growth and Lactation."

The grant was made from funds contributed by the Federation of American Societies for Experimental Biology and the federal agencies.

Dr. James Hall has been awarded a \$12,000 grant from the National Science Foundation for a basic research project in chemistry.

Dr. Hall is investigating acetylene as a solvent and its possible practical use as a medium for inorganic reactions. The grant covers a three-year period.

Language in School Causes Controversy

Should a grade school child learn a foreign language?

No. At least not right now, according to the United States Department of Education.

Yes. There is no time like the present, believe the foreign language department members. Dr. George Jones, associate professor and Dr. Donald Yates, instructor.

Some of the points made by the English and foreign groups by Dr. Jones and Yates were:

(Point) The child would have to be motivated, eliminating the self-motivated classroom. It would be necessary to have one teacher in each class. (Reply) The self-motivated classroom may not be desirable but we must realize that we will have to deal with some of the most able elementary children who are trained to learn foreign languages. We already have specialists in such areas as music and physical education.

(Point) Teaching regular elementary school children to learn foreign languages is difficult and unlikely to occur. (Reply) This is not the right attitude to take. Besides, there is a strong move on to attract and train language teachers. The National Defense Education Act provides financial assistance.

(Point) Elementary children just are already crowded. Language teaching would have to displace some other subject. (Reply) We have been constantly redefining our curriculum to meet changing needs. Also, the five-and-a-half-hour school day could be lengthened to six hours.

(Point) Children do not have enough use for a foreign language to be motivated to learn it. (Reply) Unless the child is closed off from the world, there is motivation. Children often enjoy learning a new language just as they like to learn a second one. This language teaching is not supposed to be all fun. It calls for some work, as do other subjects.

(Point) No defensible approach to the choice of languages to be taught has been developed. (Reply) The obvious choices are French, Russian, Spanish and German. The important thing is to learn one language in order to make it easier to learn another.

Col. Barrett Named Project Head

Colonel Thomas Barrett, professor of Air Science, has been named Armed Forces Week Project Officer for the Lansing area. It was announced.

Armed Forces Week, May 9-12, began in 1956 and is intended to promote public interest in and understanding of the Armed Services.

Prof Reappointed To Committee

Dr. W. Wilkinson, professor of business administration, in charge of business writing courses in the department of insurance, law and real estate administration has been reappointed to the Research Committee of the American-Business Writing Association.

The committee's project for this year is an annotated bibliography of research in business writing since 1950.

Wilkinson will also speak at the Midwest regional meeting of the American-Business Writing Association in Kalamazoo, May 20-21 on "Common Shortcomings in Business and Technical Reports."

by
Dr. Joseph B. Gutstein

QUESTIONS:
If I were a celebrity I would feel that I have to wear contact lenses. Also I would like to be able to afford them. Since I am only a factory worker I believe I should stay with glasses. Don't you agree?

ANSWER:
No! People from walks of life wear contact lenses. Probably more factory workers than celebrities. Today more than four (4) million Americans wear contact lenses. They are definitely not all celebrities.

QUESTION:
I have seen my friend wear contact lenses. They seem so delicate and fragile. Wouldn't they be likely to break easily?

ANSWER:
Tiny, yes! But fragile no! With a modicum of good sense and good care, contact lenses can last for years and protect the patient's eyes while he or she is wearing them!

Atterberry Speeds to 440 Victory in Quantico Relays

While Atterberry, Michigan State's top middle distance runner, sped to a 55.9 victory in the 440 yard hurdles Friday afternoon at the Quantico Relays, the East's first major outdoor track carnival staged in the north.

Atterberry, a sensation as a freshman and sophomore, is ineligible to compete with the Spartans this term, due to his scholastic record.

In 1953, the flashy freshman broke a world record in the 440 yard run with a 1:03.3 performance at the Ohio State Relays.

Instead of sending more men to Quantico this year, Coach Evin Dietrich conducted a full-scale intra-squad meet Saturday morning in preparation for this Saturday's journey to Columbus, Ohio, and the OSU Relays.

Although Dietrich is not predicting that his team will win the Big 10 outdoor championship, the Spartans recorded a disappointing indoor season by almost speaking track number in pointing to the promise of better things in the future after watching the freshman team defeat the juniors 27-0.

The sophomore tied the record for the third place spot with a 21 second performance.

Accepting the opening event, the high jumper, the fresh complete dominated the field event. Freshman Mike Gerhart took top honors with a 6' 1" jump.

Highlighting his team's performance, Jim Pich won the 800 yard event with a 1:50.5 time. Pich was one of the few Spartans to win an event in the Michigan AAU during the indoor season.

Jack Ford, winner of the 100 and 200 yard dashes, and Sam Akpata, a Nigerian runner who topped the broad jump then set a record in the long-jump and jump, paced the remaining freshmen.

Ford won the dash events with times of 16.1 and 34.4 seconds respectively.

Akpata jumped 22' 6" to take top honors in the Big 10 event but looked his best in setting a new freshman record in the

WILLIE ATTERBERRY wins at Quantico . . .

he vaulted with a modest 17 performance and sweeping 100 hurdles events in times of 27.8 and 16 seconds flat.

Brian Castle, a junior who was ineffective during the indoor season due to sickness and injuries, won the 440 yard run in 50.9 and anchored the winning mile relay team, which sped to a 3:52.2 finish.

Scoutmaster Al Neumann won the event by turning in a 44.9 time but was edged out by both Castle and Sam Oakland in the 100 yard dash (16.1 and 15.9).

Sammy Eaddy, Neumann's captain of the indoor squad, won the special mile and a half event with a 1:05 checking

Football Drills Get Underway

Duffy Sees Five Hurdles To Rebuilding Success

The reshaping of a football team to lead MSU out of doldrums if wallowed in last season begins this afternoon at 3 when head football coach Duffy Daugherty calls 80 prospects together at the Secret Practice Field.

Many roadblocks stand in the way of an easy recovery from 1953 when State finished last in the Big 10 grid race.

First, there is the fact that only 24 of 80 gridlers are left-shoulders and then only six of them can be considered real veterans.

Second, 43 of the prospects are unfired sophomores, though promising.

Third, State does not have a quarterback which it knows it can count on to lead the team to success.

Fourth, how well has Blanche Martin's injured knee mended?

"The above question will be the biggest in camp all spring. If the knee, which was operated on after being injured at the conclusion of spring drills, last year, has healed properly, Duffy's task will be a little simpler.

The fifth roadblock is the biggest of all—the Spartan schedule, which Daugherty, the longest in the history, State must meet formidable foes as Michigan, Notre Dame, Ohio State, Iowa, Northwestern, Iowa, Indiana.

The Spartans have a record of their football with three new coaches revamped offense.

The new men and their assignments are Danny Brien, defensive coach, Calvin Ends coach, and Hank Bull, assistant freshman coach.

Emphasis is on a double back with a man in motion, the new offensive move. The city has already used the play with success in the Spartans last winter when, as coach of the East, he defeated the West.

Workouts will continue five weeks at a pace, drills a week on Monday, Tuesday, Thursday and Friday, reserved for rainouts.

In past years, rainouts had five practices a week, four weeks.

Drills end May 16 with the final team game.

The University of Michigan football team State's opponent this fall, also recruits today, its first under-coach, Chalmers "Bump" Egan, candidates are expected to be 100.

Tigers Spanked For Third Time

DETROIT (AP)—Red pitcher Rudy Ake and Bob Shaw put down bases-loaded threats in the seventh and eighth innings Sunday and the Chicago White Sox defeated the power-punch Detroit Tigers 5-3 for a sweep of their three game series.

Donovan received the credit for the victory and Frank Lary, who went the first seven innings for Detroit, took the defeat.

Do You Think for Yourself? (THIS TEST WILL GIVE YOU A CLUE!)

- If your parents exhibited "baby pictures" of you to a friend, would you be (A) embarrassed? (B) merely interested in your friend's reaction? (C) just plain annoyed?
- You are making a speech—and suddenly find you have a large hole in your clothes. Would you (A) excuse yourself and leave? (B) pretend you didn't know the hole was there and finish the speech? (C) cover up the hole with a handkerchief?
- Would you rather have the characteristics of (A) U.S. Grant? (B) Thomas Edison? (C) J.P. Morgan?
- You have taken your date to dinner and find you haven't money to tip the waiter as well as take your date home. Would you (A) ignore the waiter? (B) take him aside and tell him you'll tip him next day? (C) tip him and walk your date home?
- Mathematics is your poorest subject, yet you are fascinated by the idea of being an atomic physicist. Would you (A) try to overcome your difficulties with math? (B) pick an easier occupation? (C) ask yourself if it's physics you like or its glamour?
- Your roommate is a nice person, but suddenly takes to smearing an ability to foretell the future. Would you (A) notify the authorities? (B) ignore the whole thing? (C) give him tests to prove to him he's wrong?
- Do you believe the maxim "It's a long lane that has no turning" is (A) a complete non sequitur? (B) a well-known fact? (C) an allusion to a common phenomenon?
- Would you rather have as a birthday present (A) something expensive? (B) something long-lasting? (C) something beautiful?
- In choosing a filter cigarette, would you (A) pick one that (A) claims it filters best? (B) merely says it tastes good? (C) gives you a thinking man's filter and a smoking man's taste?

If you're the kind of person who thinks for yourself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

If you have checked (B) in three out of the first four questions, and (C) in four out of the last five . . . you think for yourself!

IN CARTER drops a bunt down the third line in the second Albion game Saturday. The Spartan outfielder beat out the roller for a hit as he attempted to sacrifice a runner to second.

Home Opener Spartans Cop Twin Bill; Beat Albion, 1-0, 11-5

Spartans opened their home baseball season Saturday by taking a twin bill from the Britons of Albion in a doubleheader. The Spartans won the first game, 1-0, and the second, 11-5.

Don Prowant and Craig Van Sciver of the Spartans who went three innings and Roy Durovic and Dave Allhouse of Albion.

In the bottom of the eighth the Spartans combined two walks and an error to bring the run that gave them the final victory.

Van Sciver got credit for the win.

The second game, a seven-inning affair, looked for a while like it would be more of the same. Neither team could buy a hit or combine enough errors to give the opposition a lead into the seventh inning in the opening inning.

Left Haines started for the Spartans with Jerry Masteller going for the Britons. Both pitched four innings of flawless ball.

The game ended in the fifth inning when Albion erupted for five hits. These, along with a

State error, were enough to bring home five runs and send Babios to the showers in favor of Mike Sinks

Not to be outdone, the Spartans came roaring back in the bottom of the inning. Masteller walked out to first baseman Pat Sadowski with a pitch and walked Jerry Lamanski to lead the bases. The Albion shortstop then batted a ball hit by Sinks to left Monerak crisp home.

After the visitors retired the next two batters, rightfielder Al Lapides walked to force in Sadowski with the second run. Cleanup hitter Dean Look also drew a pass, forcing Lamanski in and sending Masteller to the locker room.

Before the inning was over, two more pitchers had seen action and the Spartans had four more runs. In the inning seven runs scored on just two hits, five walks, a hit batsman and an error.

In the sixth frame the Spartans added four more tallies on three hits and a pair of walks. State's two pitchers struck out nine batters in the contest, yielding only one walk. Albion's five batters fanned one and walked 11. Sinks was the winner.

The Spartans go against Wayne State in a single home tilt Wednesday at 4 p.m.

Tennis Meeting

Tennis coach Stan Drozda has announced a meeting for all freshman interested in playing tennis this afternoon at 3 in 215 Men's IM building.

Michigan State's Faculty Kennedy, the NCAA cross country champion, is captain-elect of the 1959 Spartan barrier squad. The second straight year he has been so honored.

Meet a Young Executive on the Champs Elysees

(SHE COULD BE YOU!)

Not long ago this young lady was a college senior. Today she handles the responsibility and the duties of an executive in one of the world's largest organizations. Today she is stationed in Paris as an officer in the Women's Army Corps.

Her professional and social life is busy and exciting - a happy balance.

On duty, this young executive occupies a position requiring education, initiative and intelligence. She commands the high regard and traditional respect of all Army soldiers.

Off duty, she enjoys the leisure time. Free evenings and weekends play bridge, attend parties, and perhaps she'll attend evening classes at the Sorbonne. Or make a skiing trip to St. Moritz. Or spend a holiday on the French Riviera. Whatever she does, she'll find a world of fun!

Of course, her assignment duty calls her to Paris. It might have been Heidelberg, Honolulu, Tokyo, or even New York or Los Angeles.

But wherever this young lady goes, her uniform will be her passport to a wonderful world of opportunity. Because she began her career as an executive... an officer in the Women's Army Corps.

She could be you... this young executive on the Champs Elysees.

Special...1959 Summer Program for Juniors:

Want a special preview of Army life? Why not see it for yourself this summer? If you qualify for this limited program, you'll receive 4 weeks of orientation training during the summer of 1959—without any commitment. The sole purpose of this program is to help you decide—with confidence—if you want to apply for a commission after you graduate. If you're interested, today is the day to mail the coupon. There's no obligation.

Olin Traffic Regulations Coordinated

The question of whether a traffic signal should be installed at the intersection of Olin and Michigan streets is being considered by the Michigan State University Police Department.

The Michigan State University Police Department is currently reviewing the traffic situation at the intersection of Olin and Michigan streets.

We had been giving this problem consideration even before the Michigan State University Police Department was established.

'Higher Education' Talk to Hi-life Last of Canadian-American Seminars

The 1959 Canadian-American Seminar series at Michigan State University comes to a close tonight with a discussion of higher education in the two nations.

The seminar series, which has been held at Michigan State University for several years, provides an opportunity for Canadian and American educators to discuss higher education in their respective countries.

The seminar series, which has been held at Michigan State University for several years, provides an opportunity for Canadian and American educators to discuss higher education in their respective countries.

Deer Pose Farm Problem

Some of Michigan's finest agricultural areas may be about to be invaded by deer.

Charles Shick, extension wildlife management specialist at MSU, reports that deer have been multiplying and are now fairly common in most of the agricultural counties in southern Michigan.

While it's nice to see the deer, a large number of them could create serious problems for southern Michigan residents, Shick cautions.

Nuclear Agreement

MOSCOW (AP) - The United States and the Soviet Union have agreed to a nuclear test ban treaty.

The agreement, which was signed in Moscow, prohibits nuclear tests in the atmosphere, in outer space, and underwater.

EVER THINK ABOUT SELLING LIFE INSURANCE?

COY G. FREUND, JR.

Most of the 100 members of our Agency never had considered it prior to meeting me. Yet the 40 who have done so have more than 2 years of experience in monthly income last year. Five men who came with no experience are now Equitable Agency Managers. Some had previous life insurance experience. Most of them had no previous selling experience.

And we are very proud of them. They were carefully and scientifically selected. They were skillfully trained by our staff of 11 Equitable Managers. They were adequately financed during their learning years. And they are backed with nation wide magazine and TV advertising. The Equitable Life Assurance Society, celebrating its 100th Anniversary this year, is the world's 5th largest corporation.

We are told that our Detroit Agency is the 3rd largest producing life insurance organization in America, the 1958 production totaled at more than \$20 million dollars.

If you're willing to work and eager to grow in a professional career with no limitation on income and plenty of management opportunities, we would be glad to meet you and explore your possibilities in a solid life time endeavor.

We're a going concern, and we're growing. We're prepared to make the necessary investment in high caliber, ambitious men who are eager to achieve success in a professional enterprise devoted to serving people.

If you're interested in our Detroit organization, drop us a line at 1415 Parkview Building, Detroit 16, Michigan, and we'll be glad to meet you.
