Steelmen Plan Profit Sharing

Industry Seeks to Avert Workers' July 1 Walkout

NEW YORK (AP)—The Steel Industry disclosed Wednesday it is considering a mutual aid pact to share profits if only some firms are closed down by a July 1 strike.

West Landon Wins Dorm Sing Again

West Landon won two-thirds of a traveling trophy Wednesday night as it placed first for the second year in the Inter-R Sing sponsored annually by WFC.

The 23 choir members sang "I Will Weave a Song for You" and "Praise to the Lord" under the direction of Kathryn Brown.

Seven dorms with a total of 142 women performed for an audience of over one hundred in the Music Aud.

New AUSG Congressmen Take Oaths

The newly elected student congress was sworn in by Chief Justice Dick Stoltz Wednesday night.

Bill Livingood, president, welcomed the new members and emphasized the need for cooperation in the coming "big year" especially between the executive and legislative branches.

Bryce Plapp, representing East Lansing, and Dave Gronauer, representing East Shaw, were nominated for vice-president and speaker.

For speaker pro-tem Diane DeMuro, representing sororities, and Charles Herbert, representing Lansing, were nominated.

Nominations for secretary included Nancy McClaurin, representing South Campbell, and Jane Bingham, representing sororities.

Senior Ball Open to All Says Chairman

Tickets are still available at the Union Desk for the Senior Ball, an all-university dance, to be held Friday, 9-12 p.m. in the Olds Hotel ballroom.

Joe Flanagan, chairman for the dance, wishes to clarify the point that this dance, though sponsored by the senior class council, is open to all students.

Membership for the '59 Club and the Outstanding Senior of the Year will be announced during the intermission. Both of these recognitions will be kept secret until that time.

Music for the evening will be provided by Bob Eberhart and his orchestra. Tickets are \$2.50 and the dance has been termed "dressed" rather than semi-formal.

SINGING HERE ARE SOME OF THE 23 choir members of West Landon who won first place in the Inter-R Sing for the second year in a row. The winners won two-thirds of the traveling trophy and if they win again next year will gain permanent possession of it. West Yakeley finished second and Mason was third.

Emmy Honors

Fred Astaire Waltzes Away With Record of Nine Awards

HOLLYWOOD (AP)—The old film of the movies, Fred Astaire, scored an amazing sweep in the TV academy awards last night for his once-telegenic "An Evening with Fred Astaire."

The movie dancer, collected the biggest number of Emmys in the Academy's 11 years.

The one-hour show, to which he devoted months of preparation, was named the best single performer and a half-dozen other awards went to other elements of the production.

Thus Astaire achieved in TV what he couldn't do in films.

He never got an Oscar for his performances, only an honorary one.

At the end of his many trips to the stage, he was emotionally overcome.

It was a great night for the old pros.

Lark Benny walked off with two awards as best actor in a comedy series and for the best comedy series.

Danah Shore, a repeat winner, was hailed the best actress in a musical series and her Saturday night show was tagged the best musical or variety series.

Julie Harris, the gentle Brigid Mary of "Little Moon of Alban," was selected for the best single performance by an actress.

Perry Mason did the honors for the private eyes, with Emma for Raymond Burr as best lead in a dramatic series and Barbara Hale as best supporting actress.

The gunslingers were represented by "Gunsmoke" as best western and Dennis Weaver—who plays the gippy deputy to Marshal Dillon—was named best supporting actor in a dramatic series.

Ann B. Davis scored a repeat as best supporting actress in a comedy series for her Scholastic on the Bow-Cummings Show.

One of Steve Allen's gang, Tom Poston, was named the best supporting actor in a comedy series.

Michigan State University honors scholarships have been awarded to 172 outstanding state high school seniors.

This is a new-type award, said Paul Bagwell, director of scholarships. "They were made to those students who, in our judgment, should be able to qualify at the end of their first year for Honors College."

Recipients of the honors scholarships were selected from students who recently completed for Alumni Distinguished scholarships and General Motors scholarships and whose scores were sufficiently high to recommend them for the next awards.

Honors scholarships cover the tuition fees for four years or 12 terms at MSU. The students are required to maintain a satisfactory grade level as prescribed by the university's scholarship committee.

Kappa Alpha Mu, national photo-journalism honorary, will hold its spring rush tonight at 7 in the publications darkroom, 261 Student Services.

Both men and women students who are interested in photo-journalism and have maintained a 2 point all-university scholastic average are invited to attend.

Directors and committee members are to be selected from among petitioners. Openings include Campus Chest, Public Relations, Personnel, Elections, Academic Benefits, Student Organizations, and Pep Rallies.

Other steering committee members are Bonnie Listello, Detroit sophomore; Betsy Wood-

ward, Richmond, Ind., sophomore; Ray Miller, Okemos junior; Olive Neumann, Jackson junior; Ellen Strong, Orchard Lake sophomore; Mitzie Kent, Detroit junior; Judy Bay, Detroit sophomore; Ken Kubilins, East Lansing junior; Jim Nelson, Genoa Pointe junior; Elaine Pyron, Detroit junior; Bruce Filmore, Pleasant Ridge senior, and Bob Rutkay, East Lansing junior.

Junior College Session Set

Community-junior college workshop taking up "The Curriculum in the Community College" will be held at MSU Aug.

College of Education workshop is based on the premise that a community college should be responsive to changes in higher education.

Topics of interest to community-junior college administrators, counselors and instructors. Included will be consideration of the participant's curricular problems and evaluations of academic problems of other institutions throughout the United States.

Dr. Clyde Blocker, dean of Flint Junior College, is director of the workshop.

No Blood!

"With only two days left in which to meet our 2,000 pint goal, Wednesday we experienced our smallest donations with a total of only 288 pints," reported Jon Schuster, chairman, Wednesday.

He added, "I sincerely hope that in the final two days that the off-campus and remaining living unit members will respond favorably so that our goal will be realized."

"We are especially weak in Greek and women's living units," he stated.

With only a little over 1,200 pints donated, a lot of tired blood will have to flow today and Friday to fulfill the 2,000 pint balance.

The Army regained its lead over the Air Force by a small margin and Phi Gamma Delta fraternity led all living units with a total of 72 percent of its members participating so far.

Others leading their group Wednesday are: sororities, Gamma Phi Beta, 4%; co-ops, Elsworth, 40%; men's dorms, Butterfield, 34%; and women's dorms, Phillips, 6%.

dustywide or partial, but concentrating on reaching a peace pact ahead of the deadline.

"We're not a strike-happy union," McDonald said. Otherwise, though, he steered clear of disclosing strategy should the union eventually decide on a walk-out. The union never has liked to have some of its members bear the brunt of a strike while others enjoyed continued earnings.

Cooper said the steel industry has watched the operation of a strike-aid plan adopted last fall by the nation's six major airlines when faced with a rash of strikes.

They reimbursed each other for extra profits earned while competitors were strikebound.

Water Carnival

Theme and continuity committee will notify Water Carnival unit chairman of the date to pick up theme folders.

U. S. Pact to Continue Red Neutrality Demand Brushed Off by Japan

OSAKA (AP)—Japan gave the United States a demand for neutrality, but move in the Communist campaign to win Asia's biggest industrial power away from the West.

Prime Minister Nobusuke Kishi and Foreign Minister Aichi Kamekura told a conference of prefecture governors that Japan's neutrality pact with the United States must be revised and re-affirmed to safeguard the nation.

It now appears to be the position Japan will take in reply to a note from Moscow Monday demanding that this island nation get rid of all foreign military bases and how to a policy of neutrality.

Kishi discussed the Soviet note with his cabinet and told prefectures he will send a formal reply to Moscow before leaving for Saigon May 12.

The security pact given the United States the right to maintain military bases here. It is the target of Communist attack.

International Relations Club To Plan Program

The International Relations Club will hold an organizational meeting to make plans for the coming year at 4 p.m. today in 34 Union.

The group is affiliated with the Carnegie Foundation for International Peace, and members participate by presenting papers on American foreign policy. The 1959 theme of the national group is "U.S. Involvement in World Progress."

A delegate from the MSU club will be sent to the national conference in California this summer.

Japan must become neutral in the East West cold war.

"The first step on the program is to isolate Japan," one diplomatic informant said. "If Japan can be neutralized the task of taking over the rest of free Asia will be simplified."

The latest note warns Japan of dire consequences in continuing Western ties. The warning is directed at Kishi's conservative government. The opposition socialists oppose the pact in public—but not always in private.

The socialists reflect a deep desire in Japan not to become involved in an East West struggle, especially any shooting war.

But many of the nation's leaders, including the usually neutral minded socialists, have been outraged by Red Chinese aggression in Tibet. A Red trade of fensive against Japan and efforts to influence Japanese politics with formal notes and threats at times of local and national elections.

The imposition of the economic system in Red China has also shocked many Japanese, who view it as a destroyer of traditional family life, so they are cooler here.

As to new weapons, Japan will be able to veto the sharing of nuclear weapons on the spot. Japan is the only nation to feel the wrath of atomic bombs in war and the public wants no nuclear weapons stored anywhere in this island nation.

As to the second point, Tokyo is aware that U.S. troops move north from bases here in some such crisis as fighting in Formosa Strait might see Japan open to attack.

MSU has extended the facilities of its campus to an area covering the entirety of Central Michigan through the medium of WMSB-TV.

It all started a little less than two months ago, March 13, to be exact, when MSU's educational TV station began broadcasting on channel 10.

WMSB-TV is not just an ordinary educational TV station, however. It is a unique, pioneering venture in the field of television.

What makes WMSB-TV unique is the fact that it shares time on the same channel with a commercial station (WJLN-TV). This is the first and only such station in the country.

WMSB-TV broadcasts from the quarters, originally occupied by WKAR-TV, which went off the air June 28, 1958.

WKAR made its debut in January, 1954. It broadcast on the UHF ultra high frequency channel 60 which required a special television adapter to be seen on ordinary TV sets.

By 1958, the Federal Communications Commission had awarded a VHF channel 10 to MSU. This meant that soon MSU's educational programs could be seen on regular TV sets.

Now, that it is on the air, WMSB-TV offers the facilities of MSU and the community to some 1,782,000 people living in the local coverage area. It serves two other purposes as well.

The studios are used by students planning to enter television and other related fields. Here, they gain theoretical and on-the-job training.

California Prof. Language Head

Dr. Stanley Townsend, former professor of German at the University of Southern California, has been appointed head of the department of foreign languages.

The appointment, effective September, 1959, was approved by the Board of Trustees at its March meeting.

Dr. Townsend will succeed acting department head Stanley Howell, according to Dean Lloyd Ferguson of the College of Science and Arts.

Howell took the post last fall to replace Dr. Herman Thurston, who retired at that time.

SIR WINSTON CHURCHILL has his hands full as he rides with President Eisenhower from the National Airport to White House in presidential bubbletop limousine. The cane Churchill is holding along with hat and glasses, is gold striped Churchill arrived at Washington Monday for a three day visit.

Programs on VHF Channel WMSB Offers MSU Facilities

By ROAN MILLAR

MSU has extended the facilities of its campus to an area covering the entirety of Central Michigan through the medium of WMSB-TV.

It all started a little less than two months ago, March 13, to be exact, when MSU's educational TV station began broadcasting on channel 10.

WMSB-TV is not just an ordinary educational TV station, however. It is a unique, pioneering venture in the field of television.

What makes WMSB-TV unique is the fact that it shares time on the same channel with a commercial station (WJLN-TV). This is the first and only such station in the country.

WMSB-TV broadcasts from the quarters, originally occupied by WKAR-TV, which went off the air June 28, 1958.

WKAR made its debut in January, 1954. It broadcast on the UHF ultra high frequency channel 60 which required a special television adapter to be seen on ordinary TV sets.

By 1958, the Federal Communications Commission had awarded a VHF channel 10 to MSU. This meant that soon MSU's educational programs could be seen on regular TV sets.

Now, that it is on the air, WMSB-TV offers the facilities of MSU and the community to some 1,782,000 people living in the local coverage area. It serves two other purposes as well.

The studios are used by students planning to enter television and other related fields. Here, they gain theoretical and on-the-job training.

Programs are produced and broadcast in knowledge for distribution to other TV stations and schools as well as school, national and public service organizations.

The Central Michigan TV classroom and university lectures, some giving class credit, include programs and the arts, many years of which are student performance.

Local panel discussions with

personalities of local, national, and international fame play an important part in regular WMSB programming.

The MSU network compares with WMSB-TV being the MSU network with Chet Hunter and David Brinkley.

Editorial advice from other stations, feature early personalities as Edward R. Murrow.

MEETING DR. STRINGER (left), of the Ingham County Chest Hospital are Don Huber (right), co-chairman of the Greek Week Community Project, and Bill Swirles, publicity chairman. Dr. Stringer has been advising the project leaders on an airwide campaign next week designed to encourage local residents to safeguard against tuberculosis by getting chest X-rays.

THE BROOKLYN CENTER LONG ISLAND UNIVERSITY SUMMER SESSION

College students in New York for the summer can afford the opportunity to earn as many as 18 credits with accelerated classrooms at the Brooklyn Center.

Four week Summer Sessions beginning June 6 and July 20, provide a choice of subjects in the College of Liberal Arts and Science, the College of Business Administration and the Graduate School.

The Brooklyn Center offers the kind of personalized education traditionally provided by small campus colleges—but at a point in New York City easily reached by all suburbs. Classes are small.

Applications for the Summer Session are now being accepted. Write, please, to your Office of Admission, L. I. U., Brooklyn Center, 485 Flatbush Avenue East, Brooklyn 5, N. Y. Phone: L. Lines 2-9100. Registration may be completed by mail.

Day and Evening Classes
Long Island University is a private, non-sectarian institution affiliated with the Middle States Association.

Future Bowl Trips Seem Unlikely

By JIM WALLINGTON
WILL MICHIGAN STATE go to the Rose Bowl again? It doesn't appear likely after Wisconsin indicated Monday that it will vote against the renewal of the Rose Bowl football contract at the conference meeting May 28-29.

Four other Big 10 schools have indicated that they will vote against the bowl pact. Five schools, including MSU, should vote in favor of the bowl.

Injuries Plague State 9

Radatz, Monezka Bruised

Both Expected To Play Friday

By CAROLYN VALONE

A couple of injuries plagued the Spartan baseball squad this week, but Coach John Kops expects that neither of them are serious.

Star pitcher Dick Radatz left the Notre Dame game Tuesday at the beginning of the fourth inning when he was hit in the face with the ball during infield practice. The big Mene has a bad bruise, but Kops says it was a glancing blow.

Kops expects Radatz to be in shape to start Friday's game when State hosts Wisconsin. The big right-hander now has an admirable 3-1 record.

Another victim at South Bend is Monezka, who was hit in the chest by a pitch during the game. The pitcher has a bruise on his chest, but Kops says it is not serious.

In Tuesday's game, which they lost 3-1, the Spartans had seven hits, all singles. Notre Dame only garnered six hits but they included a homer and a double.

State hit well against Wayne State and the first game was a high-scoring affair. The Spartans had seven hits, including a homer and a double. The game was a close one, with State winning 3-2.

Big 10 Standings

Team	W	L	T	Pct.
Illinois	5	1	0	.833
Minnesota	5	1	0	.833
Ohio State	4	2	0	.667
Wisconsin	4	2	0	.667
MICH. STATE	3	3	0	.500
Indiana	3	3	0	.500
Michigan	2	4	0	.333
Northeastern	1	4	1	.200
Purdue	1	4	1	.200
Iowa	1	5	0	.167

Michigan State's basketball team defeated Michigan 103-91 in a game that set a new all-time MSU scoring record for a single game. The old mark of 102 points was established against Iowa College in 1922.

RON MESCALL ... stays unbeaten despite Spartan loss ...

Irish Hand Netters First Home Loss

By LARRY MILLER

The Hotchkiss Smith team was beaten by the Brown-Heimbecker combination 8-4 7-5. Schornberg Ralph defeated Sasser-Hoffman 8-0 8-1 and Pizzenhoff Mescall lost to Bender-Sixers 8-1 6-1.

Today the Spartans take on Big 10 opponent Northwestern in their third straight home meet at 7:30 p.m. The Wildcats are playing under a new coach, Clare Rickson, for the first time in 29 years.

Bill Hotchkiss, MSU's No. 1 singles player, started the afternoon by losing to Maxwell Brown of the Irish 8-1 9-7 and this was followed by four more Notre Dame victories.

Robertson Disclaims Pro Rumor

CINCINNATI (AP)—Oscar Robertson, the University of Cincinnati's great basketball player, said today he was getting tired of denying that he intended to quit school and join the Harlem Globetrotters' professional team.

"I have denied that 30 times and I am not going to do it a 31st time," he told Tom Eicher, director of sports publicity at the university.

"I intend to finish my school," he added.

Eicher pointed out that Robertson stayed at the university during the spring vacation to catch up with work that had piled up during basketball tournaments.

"If he had any intention of leaving, he certainly would not have stayed at school during the vacation week," Eicher said.

The report, which crops out every once in a while, came up again Tuesday. At that time, Abe Saperstein, owner of the Globetrotters, denied he had attempted to sign the "Big O."

And in Indianapolis, Robertson's mother, Mrs. Osnell Robertson, said:

"He's not 21 and he can't sign without my knowing it."

She added that she wants him to finish his education.

Comeback Trail: Thinclads' Aim

By DARWIN BENNETT

A COMEBACK is a phrase familiar to all sports fans. According to Webster, it means "a return to a former condition or position."

The Spartans' track team, which lost several meets and played a distant second in a triangular meet, is now looking for a comeback.

Coach Fran Detrich, who has coached the Spartans since entering the Western Conference, said the team's performance during the season was disappointing.

The team's performance during the season was disappointing, but Detrich is confident they can make a comeback.

The team's performance during the season was disappointing, but Detrich is confident they can make a comeback.

Spartan ROTC Rifle Teams Gain Second, Third Place

MSU Army and Air Force ROTC rifle teams placed second and third in the annual Inter-Spartan ROTC rifle league tournament held Saturday in DeWitt Hall.

The University of Michigan Army ROTC rifle team placed first in the tournament, totaling 1,474 points out of a possible 1,500. MSU Army ROTC placed second with 1,407 and the MSU Air Force ROTC with 1,397. The MSU Air Force ROTC won the individual trophy for the meet.

The Spartans' Air Force ROTC rifle team, which scored 283 out of a possible 300, placed second in the tournament.

The Spartans' Army ROTC rifle team, which scored 278 out of a possible 300, placed third in the tournament.

For 14 Years Printing Firm Admits Paying Labor Extortion

WASHINGTON (AP)—A New Jersey firm which prints Sunday newspaper supplements has paid a convicted labor extortionist and his relatives nearly \$260,000 to shield it from labor troubles, Senate investigators were told Wednesday.

Executives of the Neo Gravure Printing Co., Weehawken, N.J., testified \$131,439.95 went to Harold Gross over the past 14 years, since his release from prison. On top of that, they said, they have paid a total of \$128,126.95 to certain of Gross' relatives.

The company officials said they were forced to put these relatives on the payroll along with Gross, now a Teamster Union official in Miami but still drawing payments from Neo Gravure. Charles Cheneck, vice president of the firm, said Gross does no actual work for Neo Gravure but is paid to assure labor peace.

An investigator for the Senate subcommittee said other payments to Cornelius Noonan, president of a New York Longshoremen's Union local, brought the total to \$307,136.80.

The committee was told Gross got \$4,000 a year between 1957 and 1958 for seeing to it that jurisdictional labor disputes didn't prevent delivery of the American Weekly Supplement to the Journal American. The cost of this was passed on to the American Weekly, Cheneck said.

William Hillbrand, Neo Gravure's treasurer, swore he paid a total of \$43,750 to Gross and Noonan to arrange deliveries of supplements to the New York Times and the Mirror during a 1948 truck strike called by the Teamsters'. Neo Gravure executives said the entire cost was tacked to the two newspapers.

German Shepherd To Demonstrate Leader Dog Role

The weekly meeting of the Students Chapter of the American Veterinary Medical Association will be held tonight, in 147 Giltner.

The speaker is Paul Knowles, representative of the Rochester Leader Dog School.

Color slides and demonstrations of techniques used in training the dogs and educating their owners will be shown. Janie, a German shepherd who has already participated in 150 demonstration programs, will accompany Knowles.

Air Force Tests 3 New Missiles

A new Hound Dog air-to-ground missile, a rocket designed to test equipment for the project aimed at putting a man in space, and a Thor IRBM were fired Thursday off the east and northwest coasts of Florida.

The Hound Dog was launched successfully from a B-52 jet.

Strontium 90

Worldwide Radiation Danger Increases With Bomb Tests

WASHINGTON (AP)—A government scientist testified Wednesday that nuclear weapons tests cannot be continued indefinitely at levels of recent years without causing dangerous worldwide radiation.

Dr. Wright Langham, biologist at the Atomic Energy Commission's Los Alamos, N.M., scientific laboratory, said it is probable that radiation caused by tests already conducted eventually will reach 10 percent of the maximum permissible dose as calculated by one authority.

Langham testified at hearings being conducted by the radiation subcommittee of the Senate House Atomic Energy Committee.

The world's three nuclear powers—the United States, Great Britain and Russia—now are engaged in talks at Geneva on a possible halt to future nuclear bomb tests.

However, Langham said that if no other tests are held, the average worldwide amount of Strontium 90 in the bones of human beings would reach seven micromicrocuries per gram of calcium by the time all of the fallout from nuclear explosions has reached the earth. He estimated this would be 100 times more than 1957.

Strontium 90 is a long-lived

Exhibit Entries

Scientific exhibits in the Engineering Exposition have been announced that they must reach entries by Tuesday, approximately 4 p.m. today. All forms must be placed outside the Society representative booth by 10 p.m.

radioactive substance produced in nuclear explosions. It tends to enter the bone structure of humans who may drink milk or eat vegetables in which it is present. In sufficient quantities, it causes bone cancer.

The highest dose such a dose would be 10 percent of the maximum permissible dose as calculated by one authority.

Geographer Talks Tonight As Consultant

Dr. Charles C. Davis, distinguished visiting professor in geography, will give a public lecture Monday in the Natural Science Lecture Hall.

The lecture is "The Geographer as a Consultant." Davis is a member of the National Geographic Society and has been director of the Mississippi River Valley Development Commission since 1954.

The lecture is a continuation of the study and research of Davis, which is the subject of his book, "The Geographer as a Consultant." It is a study of the geographer's role in the development of a region.

by the International Committee on Radiation Protection as the maximum permissible level. A typical U. S. National Committee has set 500 microcuries as the maximum, however.

Langham said that if the average dose on a worldwide basis reached one-tenth of the maximum permissible dose, there would be some locations where the amount would be dangerous.

Dr. Conrad Straub of the Tall Sanitary Engineering Center, U. S. Public Health Service, Cincinnati, presented figures to the subcommittee showing a wide variance in strontium 90 concentrations in milk over the country.

A panel of government scientists agreed that the United States has not been singled out for extra heavy doses of radiation fallout from the strontium 90.

The Valley is a member of the science spring from Peoria Southern Illinois University where he has been director of the Mississippi River Valley Development Commission since 1954.
