Says U.S. to Intervene If Reds Enter Cuba

To Protect Security of Nation
U.S. May Act Unilaterally

WASHINGTON - President Kennedy served notice on communist foes and non-communist friends Thursday that the United States would back Cuba's foes if necessary for U.S. security.

Kennedy said the Soviet Union has "more than once" warned Moscow of a potential conflict, and that U.S. forces would be "prepared to act" if the United States" is threatened by the aggressors".

The President said he would act as necessary to protect U.S. security if Cuba's communists invaded the island. He did not specify what mini-war might result.

Reuters reported Thursday that the United States had informed the United Nations of the possibility of action if Cuba's communists invaded the island.

``Our actions will be in accordance with the policy and the interests of the United States,' ' he said.

``We believe it is our duty to protect the American people against any threat from the aggressor, and we will act accordingly,' he added.

Agitation

MIAMI, Fla. - Guerrillas invaders of Cuba appeared to be well-organized, well-equipped and well-prepared for battle, according to a military alliance.

The military alliance said Thursday that the guerrillas were well-equipped with machine guns, mortars, and other weapons.

``The guerrillas are highly trained and well-organized," the alliance said.

``We believe they are well-prepared for battle," the alliance added.

``Their tactics are well-planned and well-executed," the alliance noted.

Information on Conservative Club: Response to Questions

The Native* Abolition Film Distorti Value

We disagree with the club's point of view, but do not deny the members the right to their view. Our editorial opinions are stated as our point of view, just as the Conservative Club states its point of view. We adhere to Thomas Jefferson's words: "No government ought to be without censors and while the press is free no one will.

We have given the club the opportunity to express its views in editorial columns and have given a great deal of attention in our news space to the programs it sponsors.

The club spent $200 in State News advertisements, plus ads for the State Journal, plus fees for speakers. If the total club dues (based on $1 per term for each of the 26 members) are $76, the club still has $23 in the bank, either because the club is not paying the fees or one or two are giving them money.

Again, regardless of the amount of money the club has, we merely answered the questions of our readers in telling that funds for university organizations do not have to be stated openly. We do not care from where the money comes or how much the club gets.

Where Is the Questioning Student? Relaxing in a Secluded Arm Chair?

By CHARLES RICHARD and JOHN NICK

The American youth rests placidly in the wake of a long, hot summer. The devastating plagues of global disorders are moving with apathetic geographic areas as is a state of cultural and untimely.

The communist and American forces are prepared to clash again in the Middle East. The communist governments in Eastern Europe and West Germany have been on the brink of conflicts with America for several years, and now Cuba, only 90 miles from our southernmost bit- ter, almost stands alone in this area.

The most unexpected news source, traditionally, is the source of ruinous seeds. For example, a recent news article stated that the Viet Cong's chief of staff went on the campaign to win the sports pages. He yearned to win, to make a name for himself, his outward appearance, and the maneuvering boards of Cuba must account to the legions of our past.

The American student has become a Writer. The questioning and aroused intellectuals of this country, and many others, are satisfied with the relative isolation of the communist students. Writers and professors rightfully claim that students should discuss corresponding courses and issues as if their mention carries harmful after-effects.

Cuban Revolution Repeating Itself

By WILLIAM L. RYAN

Assault on Our Province by MIAMI, Fla. - Cuban history is repeating itself, and there could be more ominous signs of this in picturesque Havana.

The new Cuban revolutionary has been better educated than his predecessor, and he has not been a guerrilla or a small-scale insurrectionist. But he has a drive for freedom, and he has a determination to achieve it by peaceful means. The Cuban Revolution of 1959 had been a small-scale affair, and it was not a genuine national uprising.

Lost Faith 'Abolition' Film Distorts Value

In their highly publicized "Abolition" film, which is a continuation of the study of the Community Abolition film, the creators of the movie have tried to distort the true meaning of their work. The film presents a distorted view of the abolition movement, including the abolition of slavery, and the consequences of such actions.

The film attempts to depict the abolition movement as a failure, portraying its leaders as ineffective and misguided. It suggests that the abolition of slavery was not necessary and that the United States should have continued to enslave African Americans.

The film also portrays the abolitionists as cruel and brutal, depicting their actions as more violent and aggressive than they actually were.

In conclusion, the "Abolition" film is a distorted representation of the abolition movement and fails to accurately convey the true history of the abolition movement and the struggle for emancipation.
During the coming weeks, the Placement Bureau will be working on the final arrangements for the upcoming career days and making final preparations for the coming year. The bureau will be moving to its new location in Room 205 in the Union Building on September 1.

The Placement Bureau is responsible for coordinating the career days and providing students with information about job opportunities. The bureau works closely with employers to ensure that students are matched with the right jobs.

The bureau is also responsible for maintaining a database of job openings and providing students with information about the application process. The bureau works with students to help them prepare for interviews and to develop their job search strategies.

Overall, the Placement Bureau plays a critical role in helping students navigate the job market and find rewarding careers.

Executive to discuss collective bargaining.

Will there be another major strike at MSU? The answer to this question is not available under the current system of collective bargaining. Some of the questions which will be discussed include:

1. Collective Bargaining Committee: Who will represent the faculty in the negotiations?
2. Contract Negotiations: What are the key issues to be addressed in the upcoming negotiations?
3. Impact ofStrike: What is the expected impact of a strike on the academic and administrative functions of the university?

Bills Die in AUSG From Lack of Quorum

The last meeting of the 20th Student Congress ended on a discouraging note, with a series of bills and constitutional amendments not only shelved but re-introduced by the new Congress, if it wants to amend legislation similar to that proposed.

The bills, 20 and 241, had been approved by the Senate but delayed in the House. The Senate was at a standstill at the finish.

Some of the bills that were killed included one to establish a Traffic Appeals Court, a Shadow College, and a Deanship of Safety.

Budget Cut May Close Oakand

The Department of Music told budget headquarters Thursday that it may have to close the new building that Mrs. Eunice M. Miller, of the University of Michigan, announced would be built for the music department if funds are not found.

Anticipating an enormous increase in tuition this year, MEUCU already has requested a new building, and if funds are not found, the university may have to close the new building.

Most of the increase in tuition will go to new faculty members, but the university will also have to pay for the new building.

MUSU has requested a $1.00 increase in tuition for the coming year, and has already approved a $1.00 increase in tuition for the current year. MEUCU said it would have allowed for a $1.00 increase in tuition for the coming year, but it would have been already approved for a $1.00 increase in tuition for the current year.

If funds are not found, MEUCU will have to close the new building.

Art Department Sponsor Special Summer Session

People with artistic talent can experience the artist's way of life through a summer session at Leland. The Art Department will sponsor a special summer session at Leland, near Traverse City, in July and August.

This summer session will mark the 50th session of the Leland Summer Art School, which is sponsored by the Art Department of the University of Michigan.

Professor Erling Brauner, of the art department and director of the program, said that the school is scheduled to make similar requests next year.

House Passes Kennedy Bill On Undergraduate Studies

More foreign students - 4,000 in the U.S. and 20,000 in the U.S. - are expected to enroll in U.S. universities.

The number of foreigners in the U.S. is expected to quadruple within 16 years, according to the U.S. immigration law.

Most of the increase is expected to come from Asia, Africa and Latin America.

The law offers the first two years of instruction at U.S. universities for foreign students.

Regular academic credit in the U.S. will be given to these students, while doing work on campus.

The law is expected to increase the number of young people from many countries who are expected to enroll in U.S. universities.

President Kennedy has asked that the bill be passed by Congress.

Iowa, Gophers Face State in Big 10 Play

By Bruce Fabickl
State News Sports Writer

In recent years the Spartans have shown off in a track meet wrapped up quickly. Losing the meet by only four points to Ohio State in the 1960 season, the Spartans faced a challenge. In the Big 10 meet they again met Ohio State. This time, however, they beat the Buckeyes 86 to 71, ending their season and defeating Big Ten and NCAA Champions Ohio State. The match was held in Ann Arbor, Michigan in a weekend full of big events to open the conference campaign.

Iowa, victorious in ten of nine exhibition matches, faces a singles game to open the season. Iowa’s victory over Illinois earlier this year was their first. The road to victory was not easy, as the Hawkeyes were faced with a tough Illinois team. The match was held in Champaign, Illinois.

The Gophers against State in a race, the first of the season. The match was held in Minneapolis, Minnesota in a weekend full of big events to open the conference campaign.

Both are pitching veterans with links to ongoing big 10 meets. This match is expected to be a heated battle, with both teams having a strong lineup. The match will be held in Minneapolis, Minnesota.

OFF TO ITS BEST START ever, the University of Iowa track and field team gets underway in a season which should be a championship year. The team will compete in the Ohio State Relays this weekend.

The Relays will be held on Saturday and Sunday, March 30th and 31st, at Ohio State University. The meet will feature over 600 athletes from over 20 universities across the country.

The 1961 outdoor season of Michigan State's varsity sports will be a very powerful one. Among these are a few of Detroit Lions football, University of Michigan basketball, and Michigan State's track and field team. These teams figure strongly in the Big Ten, and Young. These boys figure to play a strong role in the Big Ten this year.

Opening of Spacious New Knapp's Draws Crowd

It's surprising how the opening of a "giant package store" can draw such a crowd.

THE CROWD flowed into the store and spread throughout the store as the people waited for the package to be opened.

The package was the new J. W. Knapp downtown store, at the corner of M.A.C. and Alber, and the building was done in modern and white colors.

The long awaited opening of East Lansing's newest store was at 11 a.m. when Miss N. M. Kent, President of the store, cut the ribbon over the main door.

MAYOR GORDON THOMAS, speaking before 200 people at the new store, officially welcomed Knapp's to East Lansing.

Knapp's will benefit from the new store.

Miss N. C. G. Gonson, general manager of Lansing Knapp's, said that the community had been enthusiastic about the opening.

The store is located on W. Knapp St. and will be a major contributor to the city of East Lansing.

While thanking the local businesses for the welcome, Miss Gonson said that the community of Knapp's will benefit from the opening.

The inside of the store is spacious. The building is done in modern and white colors, with all windows adorned with flowers.

The main floor, on which men's and women's clothing is located, also includes jewelry and accessory departments.

The second floor is devoted to the child's department, consists of children's clothing, departmental furnishings and a precious shop.

The third floor is located by the light in the ceiling, which provides enough light to keep the store's three floors bright.

The whole store will add more enjoyment.

The people visiting the store on opening day were enthusiastic about the store and the other restaurants.

Many were there, either to look, or to purchase things.

One woman, dressed in a blue suit, said that it was the best store she had seen.

ONE CREDIT, exactly looking over the variety of dresses, turned to a friend and said:

"You'll be here for hours so we can see what they have for you mother." And the woman turned to her friend and said:

"I think that for hours we can see what they have for you mother.

And that's how most of the people felt. There was so much to see that you couldn't have "shop" all night and still have stayed for more.

THE STORE'S HOURS will conform to the rest of the business establishments of East Lansing.

Miss Gonson asked Mr. Knapp to thank all the employees for making the opening a success.

The store is open from 9 a.m. to 9 p.m. on weekdays and 9 a.m. to 5 p.m. on Saturdays.

The new East Lansing store is located at 305 W. Washington, Michigan.

We give you a world of thanks for joining us on opening day at our new East Lansing Store.

It was wonderful of you to come and join us in our gala grand opening of our new East Lansing store. You're wonderful... and we want to go on record as saying so right now! It is our sincerest wish that you will return again and again. But for now, all we can say is... Thank you!
