Large Turnout Sets Blood Drive Record

A record of 7,931 units were donated Tuesday to the Blood Bank drive held from 8 a.m. to 8 p.m. at the Michigan State Fairgrounds and the Y.W.C.A. Each group made a significant contribution to the drive.

Three groups pushed the total for the blood drive. The University of Michigan and the Grand Rapids Rotary Club were the first to pass the 1,000 mark. The University of Michigan, with 1,022 units, led the drive for the second straight year.

Michigan State University was second with 1,000 units and the Grand Rapids Rotary Club was third with 986 units.

The total number of blood units collected was 2,265.

Minor Fights Continue

Communists Continue Cease-fire in Laos

THREE MAJOR areas showed signs of resumption of fighting in Laos today, as the fighters renewed their attacks.

Minor fights continued in the mountainous provinces of Quang Tri and Ha T'ien, where Communist forces have been active for several days.

In the central highlands, near the border with Vietnam, the Communists launched an attack on a Republican convoy, killing five men and wounding two.

The cease-fire agreement between the United States and the Communist bloc was announced on February 23.

Rebels Leave Algiers

PARIS, April 26—The rebels in Algiers, who have been fighting for independence from France for more than two years, announced today that they will leave the city. The French government confirmed this report, saying that the Algerian National Liberation Front (FLN) had been instructed to cease fighting.

The FLN had been rallying for independence since 1954 and had been responsible for numerous attacks on French forces.

The decision to leave Algiers was announced by the FLN's chief negotiator, Dr. Benno Cohn, who said that the FLN would continue its struggle for independence in the countryside.

The move is expected to bring peace to the region, which has been devastated by years of fighting.

German Jews Relate Eichmann Horrors

JERUSALEM 3—Gypsies who were held on the death rolls during World War II described them to a meeting of the American Spiritual Church who heard about them at the Eichmann trial.

The Gypsies, who were among the victims of the Holocaust, related their experiences to the American Spiritual Church, which was formed in Jerusalem by the American Zionists.

The Gypsies described the惨状 and suffering they endured at the hands of the Nazis, including forced labor, brutality, and mass executions.

Hannah Won't Take Feed Raise

Michigan State University faculty members voted overwhelmingly Thursday night to reject a 2.5 percent pay raise offered by the administration.

The vote, which was 1,025 to 580, was interpreted as a sign of continuing frustration among faculty members over salaries and working conditions.

Hannah, who was an important member of the faculty, said she would continue to fight for better terms for all faculty members.

Mercury Test Capsule Crashes

Man-in-Space Schedule Okay

CAPE CANAVERAL, April 26—An unmanned three-man Mercury space capsule crashed in the Atlantic Ocean near the Kennedy Space Center today, ending an unsuccessful attempt to send a man into space.

The capsule, which was scheduled to carry Alan Shepard into orbit, was destroyed when it crashed into the ocean.

Shepard, who had trained for the mission, was in the capsule at the time of the crash.

The crash was a setback for the Mercury program and the nation's space program in general.

In an interview, Shepard said, "This is a great disappointment to all of us, but we'll get back on track as soon as possible."
Panel of Experts to Review Foreign Students' Problems

Earlier this month, the State News produc*
ed an editorial on the need for understanding betwen foreign and United States teach*

ers on campus.

"The students from other nations have largey been ignored," said one. "They are uncom-
minated and misunderstood, and it is time the Americans in turn begin to understand the Ameri-
can students as well.

As pointed out, not only the foreign stu-
dents are being left out but also being gay is be-

ing the friendship and understanding of Ameri-
can students.

We know very little about the rest of the world. The foreign student knows very little about us, either.

We must learn to talk and understand each other."

Letters to the Editor

We Are to Blame

To the Editor:

Having read your fine story again about the suspension of Dr. Koch from the Michigan State University, I was surprised to find that I did not read the article with the same interest that I had when it was first printed.

There are several things that concern me about this situation. For one, why should a professor be suspended for expressing his views? It seems to me that there are many professors who have expressed views that are just as radical as those of Dr. Koch.

Another thing that concerns me is the fact that this is not the first time that a professor has been suspended for expressing his views. In fact, there have been many other cases where professors have been suspended for their views.

I think that this is a terrible thing, and I hope that something can be done to prevent it from happening in the future.

Sincerely yours,

Career Questionnaires Filled Out by Seniors

Why, when and how do college seniors make their career plans?

Questions will be answered during the next few weeks when seniors will be asked to fill out questionnaires covering various aspects of the planning of their career. The research is expected to help in the development of more effective services to college seniors.

Information

From the Michigan Daily reporting

The government of The Netherlands and the Municipality of Amsterdam, in cooperation with The United States-Rabbet Foundation, a private foundation creased by the U.S. government, has made a grant to the American orchestra, to assist in forming an orchestra in Amsterdam. The union of the orchestra will receive no financial support from the government, nor will it ever be a government agency.

A commission on both sales and circulation plus a percent of profits will be paid to interested persons who subscribe to the orchestra. The orchestra will be called "The Netherlands National Orchestra" and will have its permanent home in Amsterdam. It will make a tour of the United States, Canada and Japan this winter.

The Dutch government, the Municipality of Amsterdam, the Union of the Concertgebouw Orchestra and the University of Chicago are planning to return to campus next year.

certgebouw Orchestra of Am­
hsterdam when it makes an ap­
ppearance on campus today at 8:30 p.m. in the University audi­
tory. Under the baton of Eugene \nBeimim, the concertgebouw will perform the "Sym­
phony No. 5, Opus 67. This is the third of four­
continuous "Beethoven's Fidel­
itas." The first three even­
conscerts are actually performed on the concert stage rather than in the opera house. "EINE KLEINE Nacht­

New Campus Mag Needs Editor

The new college magazine, called "Chaff," which will go on sale in May, is now seeking a M.U. student to head the final edi­
tion. The board said the reduction and an operating deficit may result. The college's board of directors have provided enough funds to make up any deficit.

The board said that the reduction in the state's bonding program will not be a fault on subject matter. The magazine has an official connection with the uni­
dergraduate newspaper. The publication, how­
