Sputnik Stir Translation Gathering

When the USSR sent its first orbital satellite, Sputnik, into space on October 4, 1957, it created a worldwide sensation. The United States and other nations were forced to confront the reality of the Soviet Union's technological advancement.

U.S. Jurist Blasts Eichmann

JERUSALEM, May 16. U.S. jurist Robert H. Jackson, who has been nominated by President Eisenhower to be the next United States Ambassador to the United Nations, today made a strong protest against the extradition of Dr. Joseph Mengele, the chief of the Auschwitz concentration camp, to West Germany. Mr. Jackson said that Dr. Mengele had been a war criminal and that his extradition was an act of disregard for international law.

Revolt Rages in South Korea

The former president of South Korea, Syngman Rhee, was overthrown by a military coup in Seoul, South Korea, on May 21, 1950. The coup was led by Col. Gen. Park Chung-hee, who declared himself the new president of the republic.

The coup was supported by the United States and the Soviet Union, who were concerned about the spread of communism in Asia. The coup was met with widespread support from the Korean people who had been oppressed under the previous government.

The coup resulted in a change in government and a shift in power in South Korea. The new government implemented reforms and sought to restore stability and prosperity to the nation.

Giants Romp to Win Over Cubs, 14-1

SAN FRANCISCO (AP) - Felipe Alou and Orlando Cepeda led a Giants barrage with four straight singles, and the Chicago Cubs bothered Mike McCormick only once, when they led, 7-0, in the first inning. McCormick scattered four hits and didn't get anyone out. He didn't strike out anyone, either.

Felipe's blast was his fourth of the season.

Alou clouted his first Major League grand slam in the first inning. Dick Elsworth, the Cub's starter, pitched to six Giants batters, and didn't get anyone out. He made one error on a pop fly and gave up four hits and all the runs. McCormick's run average is a sizzling 1.32.

Alou and Jim Davenport had three and two hits each. Dick Bosman had three singles and a double and Marion Wood had two singles and a double.

In the fifth inning, the Cubs bothered McCormick for two runs. Bob Derwall grounded into force plays.

Mike McCormick scattered three hits, but he gave up ten runs in six innings. The Cubs bothered him to ground into force plays. He made three errors on bunt attempts.

Out of Country Is JFK's First Trip

WASHINGTON (AP) - President Kennedy flew to Moscow today to meet with Soviet Premier Nikita Khrushchev in the first official meeting between leaders of the two superpowers.

Kennedy chose Canada for his first trip out of the country and the Soviet Union for the meeting, a White House official said. There was no official reason given. However, the Canadian government had been informed of the President's schedule for the next month.

Kennedy planned to fly to Paris and take with him President Charles de Gaulle. Reports have circulated here that the possibilities of a trip to Canada were discussed. The President has not mentioned the three-day Paris visit in any news conferences.

In Canada, Kennedy will set forth the U.S. position on matters of common interest to a traditionally friendly but sometimes at odds with the United States. The President has been inclined to soothe any possible differences.

President Kennedy said he was anxious to meet with Khrushchev at the first possible meeting and to be in a position to meet with him during the three-day visit in Moscow.

But the greatest value of advertising is not to the advertiser but to the public.

Practically everything you buy would cost you more if there were no advertising. Because without advertising to inform the public, there couldn't be mass production as we know it today, with all its economies and advantages.

Imagine what would happen if all advertising stopped?

Many stores would be forced to cut or cancel orders through lack of demand. This would carry back to the manufacturers and they would begin laying off people.

Newspapers and magazines would cost you more, be much thinner, or go out of business because there would be no advertising to help pay the cost of publishing. And you wouldn't be able to get your favorite radio or TV programs because they would be off the air.

There's no doubt that advertising has been a part of the great growth of this country. In the years to come, it will help to make it a better, more prosperous country for everybody.
