The action taken by the Board of Trustees Thursday was tragic both because it leaves many very worthwhile elements intact because there was no other course of action available.

The Board was left virtually with no choice...

"We must approve these proposals, for we have no alternative to approve," Warren Huff said. "But I want to make it clear that if these were any way I could, I would vote against the whole thing. It will mean forever curtailing any new equipment installations, and that is a serious matter."

The board could have drastically cut enrollment at Wayne State was forced to do. However, where is any other action possible such a move should not be made.

MICHIGAN STATE has a responsibility to supply students with a college education. No capable student should be kept out of college because of limited enrollment and MSCS must be prepared whenever possible to fulfill this obligation.

Obviously, MMS expansion is impractical and impossible. But the fact that some students may not be able to attend a university and spend a semester or year in service to this group, for other reasons whatever it can be done.

In effect, an immediate enrollment cut, however it is accomplished, will not meet all the enrollment criteria. MSCS will not admit all the qualified students. Employment may not be filled, but it is up to MSCS to determine who desirous college education. On paper, we are expected to fulfill this obligation.

UNNATURALLY, situations for academic departments could not be cut. Some professors are now working in departments do not even in order to meet staff reductions. If MSCS wants to keep good professors, it must provide more funds for more professors.

However, if the situation continues for the next few years, there will be a definite curbing of student enrollment. MSCS will not leave MSCS but the state of Michigan.

"It is unfortunate that in order to preserve the university, it will have to settle for fewer in-service students. It is a shame that such a move should not be made.

At the same time I would like to see the enrolment of students greatly increased. But this is the institution which holds the arms of students where they can get the best.

Enrollment cut...

The situation which the budget picture this year places MSCS in that it is unable to meet the needs of the university.

The legislators cannot buy its head in the same way it is in the same way. The survival of higher education is a problem which we cannot ignore any longer.

Letters to the Editor

The legislators have gone on strike. There is no reason to believe that it was left in the curriculum at the expense of residential education. Wayne State, Michigan is a state, is simply cutting expenses at the moment.

As for the "drumming" charge, this is ridiculous. We we cannot simply apply to a budget $27,000 smaller than this year. It was a grandstand move, a total attempt to balance income against expenses.

It is necessary for financial reason. But Miller ended a note of optimism, stating that an increase of $25,000 in the student hospital funds would keep the hospital open.

It is unfortunate because the fundamental of a university, MSCS should eliminate or cut the features which make this university distinctive.

The Board of Trustees was the one to see the whole thing. MSCS will not vote against the whole thing. The Board of Trustees was the one to see the whole thing. It will be a wrong which is just as bad as lacking professors salaries.

The university must eliminate in competition with other institutions and out-of-state colleges. It must call for money by an unnecessary effort.

This is the situation which the budget situation this year places MSCS in that it is unable to meet the needs of the university.

Michigan's Robin Dons Band Hat

Michigan's proud and cheery motto takes a new look this year as the official hat of the 1961 Michigan's Week organization after being designed by Governor John B. Swainson.

The symbol of Michigan, a robin, was saluted to the greatness of the world. Michigan's Week logo is pictured with a new steel band.

In previous years the proud and chesty Michigan's Week emblem will be used to the right of the robin. This year the Michigan's Week logo is pictured with a new steel band.

Michigan Week is sponsored by the Bureau of Social and Political Research.

Tareyton delivers the flavor of...

Here's one filter cigarette that's really different!

The difference is this: Tareyton's Dual Filter gives you a unique inner filter of ACTIVATED CHARCOAL, definitely proved to make the taste of a cigarette mild and smooth. It works together with the outer filter of ACCELERATED CHARCOAL to deliver the flavor element in the cigarette.

Tareyton delivers—smoke you enjoy—more taste of the best tobaccos.

Br. Lynn Harbicht, superintendant of public instruction, said: "All state-supported universities have received a fair share of the increase in state subsidies that has been given to the state's colleges in the last year.

Grand Rapids' Michigan University is among the institutions that have received a fair share of the increase in state subsidies that has been given to the state's colleges in the last year.

Van Hoosen Offers Relaxing, Gracious Living for Coeds

A big gay crowd paraded around the two-story residence hall which attracts MSU coeds to the Van Hoosen cooperative living unit. It is especially inviting in the spring and summer months, when people come around to enjoy their courtyards. The 32 apartments are taught in conjunction with the horticulture department.

MRS. LLOYD has been a housemother at Williams since its opening four years ago. She came to the university from Colorado Springs, where she was a housemother for two years and took up her first duties as a housemother at Williams.

The purpose of the organization is to promote an interest in horticulture. They have made flowers for hospitals, created a new field of nursing in which to specialize, and helped with the blood drive.
