TOPICS AT FORD HOUSE PLANT WALKOUT — In contrast to earlier years when a UAW strike at the Ford Motor Co. produced mass picketing and hundreds of picket signs, this was the scene today at the Rouge plant. New U.S. Policy Needed In Berlin

By RAY PRAET

Present inability of the Western allies to consummate any proposals regarding the future status of Berlin would seem to indicate that a U.S. policy is now needed in Berlin. Administration policy toward the whole GDR situation has been stated as being medicines for the West German Government, which is not the case. This policy has been primarily directed toward the Western powers, and is intended to achieve the reduction of the German states—possibly including Poland, to the former German boundaries. The political and military situation is dire, and it must be recognized that the GDR is no longer a viable portion of the free world. The West will have to adopt a new policy in Berlin which will consist of a comprehensive plan to deal with the GDR situation.

U. S. Drafts Doctors, Calls Up Reservists

WASHINGTON — The Pentagon defended today's decision to draft 734 doctors, dentists and veterinarians to lend their expertise to the armed forces, saying that no one would be taken from the reserve unless absolutely necessary.

This special call is necessary to meet the requirements of the war and will not affect the training of medical personnel from the reserve. The last time the Pentagon called reservists was in June when it called for 400 doctors, 350 for the Army and 50 for the Navy.

The Air Force and Navy have not called any medical personnel from the reserve. The last time the Pentagon called reservists was in June when it called for 400 doctors for the Navy and Air Force. It did so because there had not been enough volunteers. That was before the Berlin crisis and before the German buildup, officials said.

Previously, doctors had not been drafted since 1952. It has been on reservists that the military has been able to draw in times of war. Officials said it was time to replace the doctors, dentists and veterinarians who had been drafted.

McGara New Chief

CLEVELAND (AP)—The signing of Bob McGara as manager of the Cleveland Indians was the new dipper in a series of mid-season changes made by the franchise. The Indians finished second in 1960 and are in contention for the pennant this season. When he was handed his new contract, McGara said: "I feel good. I'm looking forward to the challenge and the pressure that comes with the job." McGara is the youngest manager in major league baseball, but the Indians believe he will succeed. McGara, known as "the bobblehead," is a young, tough leader who has a reputation for getting the most out of his players.
