**Campbell Asks Action**

*Unified Effort Needed To Reemyap A U.S. Image*

All University Council Governor, Larry Campbell, called on the council to make a "united effort" to describe the programs and projects and carry them out to the world.

He spoke to the group at a cabinet meeting Monday. "A U.S. is not a 'do nothing' production," Campbell said. "We aren't putting across the programs we ought to."

He added that the council has been grossly inactive in this regard.

The goal of the council is to create a "united effort" to carry out the plans.

Bulgarian Pilot Spy, Italy Says

ROME — Italy said Monday there were "indications" that a U.S.-built jet plane from Communist Bulgaria was on an assigned spying mission when it crashed in this country Sunday.

A statement by the Italian Defense Ministry said further investigation will be conducted to establish whether the already existing individuals of a true and proper case of aerial espionage can be further substantiated.

The statement and investigator are examining aerial photographic apparatus and other equipment almost the plane that crashed near a secure North Atlantic Treaty Organization (NATO) missile base in Northern Italy, when two passes over the base.

The Bulgarian pilot, St. Mitri Madurov, probably survived the crash, according to the Italian statement.

In case of the wake-up that appeared to be similar to an American U-2 spy plane downed in Russia, leading to the release of more than 100 Americans in East Germany, the Bulgarians tried to escape.

**GDP For Adding 4.4 To Senate**

The controversial bill of economic growth in a market- based economy, as it is called, is expected to be passed by a Senate committee Tuesday.

Bulgarian authorities have reiterated that the plane was a true and proper case of aerial espionage, and indicated that they will investigate the case further.

Scientific Settlers

Found Plants Sexy

By JAY BLINICK

Amering's colonial scientists weren't short on ways to claim the world of science. This is demonstrated by the display of colonial books and scientific instruments at the third floor of the Library. Presented by Robert E. Wilkinson, a doctoral candidate in the history of science, the exhibit is part of his personal collection, which, at its core, is a search of colonial scientific work. Early colonials can be credited with a lot of important discoveries.

Poltoratsky
To Discuss Soviet Press

Dr. Nicholas Poltoratsky, associate professor in the foreign language department, is to speak on the Soviet press, its purpose, scope and style, at the Bostonian Club Wednesday at 7 p.m. in St. Thomas.

Poltoratsky has served as editor and editor of numerous Russian newspapers and magazines. He has taught Russian at St. Thomas and directed the Soviet press problems for a research associate at the Brooklyn College.

In form, writing and report, the Siberian press resembles the mainland more. The Soviets have the same file of light, as in the exhibit.

Well, Jack tried to get more money. "There's a new friend of mine," he said. "His name is Happy Jack. He's a Marlboro-less and miserable, but he's trying hard."

``Good lad!'' cried Old Man Sigafoos. "You have pleased your father very much."

``Thank you, Father,'' said Jack. "I have tried to work hard and save money."
