Rush Aid To Storm Victims

NEW YORK — Only a few of the many people suffering from this week's storm and floods will be helped by federal, state and local authorities as President Kennedy has already noted. Private homeowners in designated areas will be reimbursed for cars lost in flood waters, according to Col. Nelson A. Rockefeller, acting governor of New York.

"Unfortunately," Rockefeller said, "many owners can only be reimbursed for flood damage and separate flood insurance specifiedly excludes flood damage and separate flood insurance for personal property.

Both poor and upper income homeowners buy it in lower New Jersey, Maryland, Delaware and Virginia as designated areas can get help from the Farmers Home Administration in the form of low-interest, long-term loans. Farm operators in the form of low-interest mortgages may also be eligible.

Private homeowners in designated areas will be reimbursed for cars lost in flood waters, according toCol. Nelson A. Rockefeller, acting governor of New York.

The easing of restrictions on federal, state and local aid means more people will be helped, Rockefeller said.

"The extent of damage caused by wind-driven high tides, caused by the former Hurricane Donna, will be greater than the worst in Long Island," Rockefeller said.

"The东海 seaboard, Maryland, Delaware and Virginia will be struck by high tides for days, creating flood conditions," Rockefeller said.

Many college graduates have earned early designation for flood areas in the state of New Jersey, Maryland, Delaware and Virginia as designated areas can get help from the Farmers Home Administration in the form of low-interest, long-term loans. Farm operators in the form of low-interest mortgages may also be eligible.

Michigan State students will be busy registering for Spring term while three Spartan swimmers are heading for the NCAA Championships at Columbus, Ohio.

Representing State will be captain Carl Shaar, Dick Blazejewski, Doug Rowe and Jim White.

The three day championship, beginning on March 29, will pit 44 university teams from schools throughout the country. The University of Michigan is the defending team champion.

In last year's competition, the Spartans placed 10th while taking second in the 3-meter springboard, fifth in the 200-yard butterfly and third in the 100-yard medley relay.

The Big Ten championships, beginning later this week, will determine which Michigan State swimmer will be enroute to Columbus. Doug Rowe is aiming for a win at Deaj for GIBBS GIRLS AT WORK.

Projects To Reap Luau Profits

Hawaiian banjo profits will be shared among the nine community educational scholarships and the East-West Center at the University of Hawaii. Gordon U. Taggart, Dean of the Center for Educational Programs, said that of the $6,000 in profits, $4,000 will go to the University of Hawaii. The remaining $2,000 will be shared among the nine community educational scholarships and the East-West Center.

The East-West Center was established with the support of the governments of the United States and the Republic of China in order to promote mutual understanding among the people of the East and West. The Center aims to provide a framework for the exchange of cultural and technical information. Students attend the East-West Center under scholarship programs designed to familiarize them with the East-West relationship.

Both American and Asian students are eligible to join the Center. Upon graduation, they are expected to serve as liaison officers to facilitate different cultural and technical exchanges.

Do Extra Library Hours Pay Off?

New Delhi, India—Mrs. John F. Kennedy kicked off her pumps, slid her feet into gold-trimmed salt wedge slip-ons and paid tribute Monday to the women of India at Gandhi's Shrine.

"It was a very warm (repeat experience)," she said later.

While thousands of Indians waited, the American First Lady placed a wreath on the memorial with where she had placed the bouquet in 1962.

Kashmir, which was ceded to India in 1947, was created in 1947.

Tens of thousands in the crowd of the widowed Mrs. Kennedy in India, she was making a surprise visit.

Incinerator Fire Leads To Alarm

An apparent fire in a Cherry Lane apartment early Saturday evening was discovered to be the reflection of an incinerator fire in the apartment window. A Case Hall student reported the fire about 6:40 p.m. Firemen spent one-half hour searching for the second floor "blaze" which could not be seen from ground level.

Language Lab To Double Tape Recording Facilities

The present labs in Morrill, although used by all of the students last fall term, are now needed by the science and continuing education departments. The consensus of campus opinion registers a unanimous vote for the present tapes extended to the music department.

The tapes are on stock now. Andretz would like the music department, radio-communication, and the Peace Corps to use the tapes. Funds could not stretch to this end. However, Andretz says, "We have the perfect sound of foreign languages, and the tapes are high fidelity and give near-perfect sound of foreign languages. Andretz finds the temperature, far enough to air condition the present labs with bare walls and ceilings, from the heat of the machines at a certain average temperature. The tapes are on stock now.
