Rift In the Capitalist Camp

Harrison Salisbury, distraught correspondent for the New York Times, Tuesday told a convention of advertisers and newspaper officials that there is a rift in the middle of the English-speaking world. He said that the rift will erupt into a "three force." The United States is opposed.

He is trying - rather successfully -- to keep Britain out of the Common Market. We would like it to join the Common Market and our friends in Europe to see her in the continental economic union.

Britain is in the same position. Mrs. Thatcher, the Prime Minister, has said that the United Kingdom would like to see a "third force." The United States is opposed.

Letters to The Editor

To the Editor:

Having read many articles and comment about President Nixon's recent visit to Russia and his predictions that such an event would be beneficial to the world, I am inclined to believe they are correct.

I suggest that the United States should not only continue to work with the United Nations, but should also seek to make these nations understand the benefits of cooperation.

Please consider the following:

Dear Editor,

I am writing because I encountered a group of students from various countries, including Russia, who were interested in learning more about the United States. I believe that such initiatives could have significant implications for world peace.

Sincerely,

**Fight for Tax Reform**

Washington, D.C. - Congressional leaders Thursday threw a wrecking ball for President Kennedy's tax reform program. Negotiators seeking to find some way to get his tax reforms into law, said that

"The president should not feel that he is going to get his reforms without a hard fight," said Sen. John F. Kennedy, D-Mass., in a floor speech in the Senate Finance Committee.

Subs Will Replace Bases

WASHINGTON, D.C. - President Kennedy's recommendations that Pola- tives in Europe be replaced by subs, as well as other improvements of the United States' military posture in Western Europe, has been endorsed by Congress. The Senate took the first step toward approval of the bill by giving it its final reading Wednesday, and the House is expected to follow suit.

The Senate took the first step toward approval of the bill by giving it its final reading Wednesday, and the House is expected to follow suit.

**Workers Battle Students Snow**

Gorner's Peak, Switzerland - Workmen supporting Shah Mohammed Reza Pahlavi's sweeping naval reforms stood their ground in the Tbilisi University, taking in two army officers, and police maintained order as the students, who had met to discuss the situation, were dispersed by police. The students were trying to make contact with Pahlavi's government to express their dissatisfaction with the situation. Three Faiths Unite
In Week of Prayer

By Linda Miller

The search for faith in Campus Ministry becomes increasingly complex whenever we try to fully encompass the nature of God. We are, after all, beings created in the image of God, and therefore, the question of faith always involves the questions of reason and faith.

The typical approach of various Campus Ministries is to try to cast the object of faith into the mold of logical thought and reason. But faith can be no less complex than this; it can be no less a matter of faith and nothing more. And if faith is anything but a matter of faith, it is not faith at all.

One of the ways we can begin to learn something about this personal aspect of our lives is by listening to the people who have too often been overlooked. And if we look closely at these people, we can begin to understand that faith is not a matter of faith alone, but of faith and nothing more.

The Week of Prayer, held by the Student Christian Movement at the University of Michigan, is an attempt to bring together people of different faiths to discuss the nature of faith. The conference aims to provide a forum for the expression of faith and to encourage dialogue among people of different religious backgrounds.

The conference is divided into three parts:

1. An introduction to the Week of Prayer, which will take place on Monday, April 11.
2. A discussion of the nature of faith, which will take place on Tuesday, April 12.
3. A discussion of the future of faith, which will take place on Wednesday, April 13.

The conference will be held at the Student Center, University of Michigan, and will be open to the public.

Dinners Promote Understanding

On Wednesday, April 11, a dinner and discussion will be held at the Student Center. The dinner will be open to all students and faculty, and will provide an opportunity to share ideas and experiences related to the Week of Prayer.

The discussion will focus on the theme of understanding and will be led by a group of students and faculty members from different religious backgrounds. The discussion will be facilitated by a moderator, and will be open to all participants.

Faith on Campus

The Week of Prayer is an opportunity for people to come together and discuss the nature of faith. It is an opportunity to learn from each other, and to understand that faith is not a matter of faith alone, but of faith and nothing more.

St. Vincent's Chapel

The chapel at St. Vincent's is open to all students and faculty, and provides a place for prayer and reflection. The chapel is located on the campus of the University of Michigan, and is open daily.

Campus Ministry is the organization responsible for the Week of Prayer. It is a ministry of the Student Christian Movement, and is open to all students and faculty.

The mission of Campus Ministry is to provide a place for students and faculty to discuss the nature of faith. It is an opportunity to learn from each other, and to understand that faith is not a matter of faith alone, but of faith and nothing more.
