Hannah's Seven Point Plan: Full Speed Ahead

The Board of Trustees enthusiasticallyViews the weight behind a concept to continue the
upward spiral of activity and recognition.

The program itself, which is the main beneficiary:
The students. The program is designed to
focus on the individual's growth, development,
and self-esteem. The program's success will
be measured by the students' uptake of
the opportunities offered.

The program is divided into seven points:
1. To create a diversified curriculum that
includes courses on a wide range of
subjects, including humanities, sciences,
and social sciences.
2. To offer a strong emphasis on
self-directed learning and independent
study.
3. To provide opportunities for students
to participate in extracurricular activities
and to develop skills in leadership.
4. To create opportunities for students
to engage in community service and
volunteer work.
5. To establish a strong support system
for students, including career services,
advising, and counseling.
6. To provide a diverse and inclusive
environment that celebrates differences
and promotes understanding.
7. To foster a culture of creativity and
innovation, encouraging students to
think critically and creatively.

The Board of Trustees encourages everyone
to participate in the program and to
make the most of the opportunities
offered. Thank you for your support.
