Phillis Phillips told students Friday morning that her "kinds of activities which are pleasing to the students and that aren't going to be much fun later on." Phillips also said that the meeting "is a good opportunity for students to express their feelings and to discuss the problems of the university." Phillips is a senior at Michigan State University and is a member of the AUSG editorial board.

WASHINGTON, D.C.—President Kennedy met with congressional leaders Monday night, the overall secrecy of the meeting has led to nationwide speculation that the Kennedy administration has something big in the offing. Following are the only facts made available to the public concerning the meeting from which the press was barred.

Charges Plot To Force Teachers Into Unions

L. C. E. Bixel, president of the American Federation of Teachers, said in an interview that the meeting "is a good opportunity for students to express their feelings and to discuss the problems of the university." Bixel is a member of the AUSG editorial board.

Grads Frown Upon AUSG

Dorm Spirit Growing

The growth in dorm spirit over the past two years—and especially this year—has been so extensive that some semblance of smallness is being preserved with the University... and the dormitories.

There are plenty of examples which show that dorms have adopted names of six-year-olds.

In the fall of 1969, there were 10 dormitories: East and West. Now there are 341. Dormitory numbers will continue the project.

Case Hall was an addition to the project. The number of students in Christmas 1969 was 1,344.

Several women's dorms have adopted the names of famous persons. South and North Campbells Hall last year had a "Double Night" dinner complete with entertainment to the husb... and the others.

All these projects and parties required group participation and members of the dorms freely of their time and talents.

Fraternity Scholarship Stressed

(Educator's Note: This is the expanded version of a series of talks for an educational program in the University on the subject of Michigan State News, East Lansing, Mich.)

Jim Chandler, Men's Hall Association president, attributes the growth in spirit to two things: good dorms and the division of all the dorms into "houses."

"All men's halls but East and West have adopted names of their..."

"... and the men identify personally with them.

The coed dorms situation seems to have generated more interest. The 10 dormitories have adopted names of famous persons.

Their interest is shown in the work that the sisters with their every project and function that they choose..."
May Reform AUSG

Calcutta of AUSG

I am not a part of this discussion.

Dear Sir,

I have been progressively more and more dissatisfied by the administration of the college. I feel that it is a Home of Fun and not a Home of Study. I feel that the students are not being held responsible, and this is why the college is slipping. I feel that much of the students' time is being wasted on partying.

I believe that the college administration should be more serious and more responsible.

Sincerely,

Gary Bradds Nets 31 To Keep Bucks On Top

By JOHN VAN GLEISON

COLUMBUS, Ohio — It was the first time in 103 years that Ohio State's basketball team had ever lost to Michigan State. The Buckeyes, who had previously won the first 15 games during the second half of the season, ran into a cold spell to lose the first game of their Big Ten schedule.

Ohio State's win over the Buckeyes was its first of the season. The Buckeyes had played the previous two games and were tied for first in the Big Ten at 5-0.

The win was the 31st for Ohio State head coach John Van Gleson, who has been with the team for 15 years.

Wilson Dorm Swim Kings

Ag new very much like last season, another Ohio State player, Gary Bradds, led the Buckeyes to victory over the Michigan State Spartans, 87-74.

Bradds scored 31 points to help Ohio State to its first win of the season. He also became the 196th individual swimmer in the record books.

The outstanding performance of Bradds, who scored the winning points in the Buckeyes' 10-9 victory over the Spartans, was the third of five Big Ten victories. The Buckeyes won their 10th straight Big Ten meet.

Bradds, who scored 12 points in the victory, was followed by Ron Moore of Wilson and Steve Stewart of West Shaw, who each scored 11 points. They were also followed by West Shaw and Ron Moore, who each scored 10 points.

Bradds, who scored 10 points, was followed by Ron Moore of Wilson and Steve Stewart of West Shaw, who each scored 11 points. They were also followed by West Shaw and Ron Moore, who each scored 10 points.

Inland Steel Company, East Chicago, Indiana,

The Inland Steel Company, East Chicago, Indiana, is a two-color striped button-down shirt designed and tailored by Eagle Shirts inners and sold everywhere by fine men's stores.

Many of them admire our shirts so much they sell them under their own names. High praise indeed, and we should like to reciprocate by advertising their (our) shirts. But it's hard to know just where to start.

Obviously we can't say things like "None Genuine Without This Label" when they are all quite genuine, you know. And it would be silly to say "Try An Eagle Shirt Today!" when it is likely you already have a draw.

So all we can suggest is that you send in for your Eagle label. Write Eagle Shirts inners, Quakertown, Pennsylvania; Attention Miss Afflerbach.
